## **Executive Summary**

### Introduction

The Texas Department of Family and Protective Services (DFPS) serves the state's children, youth, families, and people who are elderly or have disabilities.

The 2011 Annual Report and Data Book is an overview of the department's programs, services, performance, and accomplishments, plus a comprehensive statistical explanation of DFPS services. This report covers the fiscal year beginning September 1, 2010 through August 31, 2011. This report and additional information can be found on the department's website at <u>www.dfps.state.tx.us</u>.

#### Mission

The mission of DFPS is to protect children and people who are elderly or who have disabilities from abuse, neglect, and exploitation by involving clients, families, and communities.

#### Vision

The Texas Department of Family and Protective Services:

- Is recognized for innovative, effective services.
- Builds strong, effective partnerships with clients, communities, providers, and state leaders.
- Provides effective leadership that is accountable for its actions and communicates openly with clients and stakeholders.
- Supports staff members who are highly motivated, diverse, ethical, well-trained, and professional.

#### Values

- We protect the unprotected.
- We involve clients, families, and communities in decision making.
- We provide quality services.
- We are innovative and strive for excellence.
- We are ethical and accountable.
- We promote diversity.
- We value our staff.

#### **DFPS Staffing and Structure**

The DFPS Commissioner is appointed by the Executive Commissioner of the Texas Health and Human Services Commission and directs 10,621 employees in 353 local offices. These offices are located in 11 regions and a state headquarters in Austin. DFPS has four major programs: Child Protective Services (CPS), Adult Protective Services (APS), Child Care Licensing (CCL), and Prevention and Early Intervention (PEI), which is administered as part of CPS.

A nine-member council is appointed by the Governor and confirmed by the Senate. The council makes recommendations on the department's rules and policies and provides a venue for public input.

For more information on staffing, see: DFPS Data Book, pages 1, 7, 23, 29, 75, 91 and 109 under "Expenditures and Total Average Filled Full Time Equivalent (FTE) Staff," "Worker Demographics," and "Supervisor Demographics."

#### **Texas Abuse Hotline**

State law requires anyone who believes a child is being abused or neglected, or an adult who is 65 years or older or who has a disability is being abused, neglected, or exploited, must report it. These reports are handled by Texas Abuse Hotline (1-800-252-5400), which is operated by DFPS' Statewide Intake program. The 24-hour hotline receives reports of suspected abuse or neglect from across the state. Reports can also be made online through a secure website at https://www.TxAbuseHotline.org.

DFPS manages a separate hotline for reporting abuse in state-operated facilities and facilities operated by community providers that serve adults and children with mental illness or intellectual disabilities. These facilities and providers are managed by the Texas Department of Aging and Disability Services (DADS) and the Texas Department of State Health Services (DSHS).

To report abuse, neglect or exploitation in these facilities and programs, the public should contact 1-800-647-7418.

Reports meeting the statutory definitions of abuse and neglect are investigated after intake caseworkers have assigned a priority based on the level of risk to the alleged victim. Intake caseworkers also notify law enforcement agencies of reports involving children.

For more information on Statewide Intake and In-

take of Reports, see: DFPS Data Book, pages 1-5, 12-13, 38, 127-133 (APS), 134-139 (CPS).

#### **Emergency Resource Rooms**

In emergency resource rooms caseworkers can get emergency supplies or special items such as diapers, cleaning supplies, clothes, and small furniture to meet the needs of their clients. 233 resource rooms, called "Rainbow Rooms" by CPS and "Silver Star Rooms" or

"Bridge Rooms" by APS, served 68,170 clients in FY 2011.

For more information on Rainbow Rooms, see Giving Texas Children Promise in the Child Protective Services section.

#### DFPS Volunteers

Though dedicated and skilled, DFPS caseworkers rely on communtaction and awareness to assist families struggling with abuse, neglect,

and exploitation. In FY 2011, over 3,000 DFPS volunteers and volunteer groups worked over 135,000 hours, side by side with employees.

Trained DFPS volunteers:

- Deliver prevention and intervention services.
- Promote policies and programs that build healthy families.
- Expand a network of community resources that support and nurture DFPS clients.
- Make unique contributions to those Texans least able to protect themselves.

#### **Office of Consumer Affairs**

The Office of Consumer Affairs (OCA) was created in 1993 to handle complaints and legislative inquiries relating to DFPS programs. The purpose of the complaint process is to address the concerns of DFPS clients, their families, other stakeholders, and the public in a fair and unbiased manner. OCA also documents and shares the results of their reviews with

DFPS state and regional administrators to help improve the quality of services. Individuals may contact the OCA by calling a toll number (1-800-720-7777), through the DFPS website, or by email at OCA@DFPS.state.tx.us.

OCA handled 3,783 complaints, 16,430 general inquiries, and 787 legislative inquiries in FY 2011. OCA found that 7.3 percent of complaints and concerns were valid.

# **Adult Protective Services**

#### Responsibilities

The responsibilities of Adult Protective Services (APS) are to:

- Investigate reports of abuse, neglect, and exploitation of adults in the community who are 65 or older or who have disabilities and to provide or arrange for protective services as needed.
- Investigate reports of abuse, neglect, and exploitation of individuals receiving services in state-operated facilities and in state contracted community settings that serve adults and children with mental illness or intellectual disabilities.

#### **2011 Accomplishments and Initiatives**

#### **Regional Reviews**

In FY 2011, APS State Office staff met with staff in the Dallas area and in El Paso to review program performance, learn about best practices, and better understand the unique challenges faced by frontline workers. The results of these reviews were used to improve APS policy and casework practice. Other areas of the state will be reviewed in coming years.

#### **Improvements to Investigations**

In FY 2011, APS continued its effort to improve the timeliness and efficiency of facility investigations. The Department of Justice settlement with the State of Texas in 2009 required that APS complete investigations in State Supported Living Centers (SSLCs) and the Rio Grande State Center (involving people with intellectual disabilities) within 10 days, rather than 14 or 21 days. As one of the steps taken to address this, APS began working with the Texas Department of Aging and Disability Services to locate APS investigators at State Supported Living Centers. The goal is to reduce travel time and cost, and improve access to center staff and clients. In FY 2011, APS also trained facility investigators to enter witness statements on their tablet computers. This eliminates the time spent scanning handwritten statements and paraphrasing them.

### Improvements to In-Home Investigations and Services

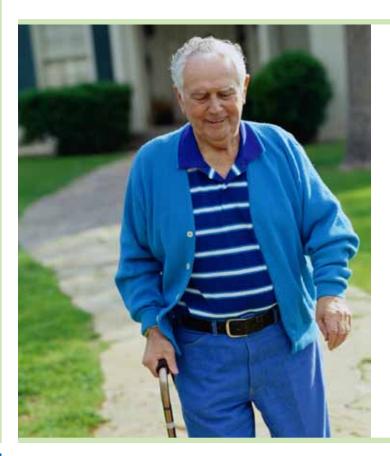

In FY 2011, APS leveraged the knowledge and experience of frontline, in-home investigation staff by holding focus groups across the state. The groups addressed a wide range of casework issues with attention on regional differences in practice and client circumstances. APS workgroups studied the responsibilities of supervisors. APS used feedback from the workgroups to streamline and clarify APS policy and regional practice.

#### **Public Awareness**

APS continued its public awareness campaign called "It's Everyone's Business" during FY 2011. The goals of the campaign are to raise awareness about the problems of adult abuse, neglect, and exploitation, enlist community collaboration and support, and increase awareness of APS programs. The campaign targets the general public, law enforcement, judicial partners, and organizations that provide services to vulnerable adults.

May is Elder Abuse Awareness Month. In May 2011, APS partnered with community agencies to promote education and awareness of elder abuse. Regional conferences, local media campaigns, and state and county proclamations highlighted the importance of protecting vulnerable adults.

In October 2010, the It's Everyone's Business campaign focused on financial exploitation with the theme of "If it's not your money, it's a crime." Regions worked

with community partners, including law enforcement agencies, district attorneys, and banking institutions to provide education and awareness about financial exploitation of the elderly. To

learn more about APS public awareness activities and download information on elder abuse and exploitation, visit <u>http://www.EveryonesBusiness.org</u>.

#### **Texas Partners for Adult Protective Services**

Texas Partners for Adult Protective Services is the statewide APS-affiliated non-profit organization that helps improve the lives of APS clients by developing resources and providing assistance to local boards that support APS. Local Texas Boards:

- Sponsor community events to raise funds to purchase items for APS clients.
- Assist APS staff with educating the public and other service providers about elder abuse issues.
- Provide expertise as speakers for community events and training.
- Sponsor APS staff with recognition and appreciation events.
- Stock and maintain emergency resource rooms in APS offices, giving APS caseworkers easy access to basic necessities for clients in need.

#### **APS Conference**

APS held its 27th Annual APS Conference in San Antonio during October 2010. The conference offered three general sessions and 39 workshops. Workshops included Financial Exploitation of Individuals who are Elderly or have Disabilities, Improving Service Delivery Planning for APS Clients, and Detecting Deception and Obtaining the Truth During Interviews. Every year, the APS Conference gives staff the chance to network and to learn from and with others who serve, treat, and represent victims of abuse, neglect, or exploitation. The annual conference is a major national training event that offers continuing education credits to social workers.

#### **APS Programs**

Two program areas serve APS clients: In-Home Investigations and Services, and Facility Investigations.

As the population of adults who are elderly or have a disability continues to grow, so does the need for protective services. APS workload increased in both the In-Home and Facility programs in 2011. Many of these individuals live alone and depend on others for care.

#### For more information on Texas population demographics, see: DFPS Data Book, pages 10-11, 125-130.

#### **In-Home Investigations and Services**

The largest APS program area is In-Home Investigations and Services. The In-Home program investigates allegations of abuse, neglect, and exploitation of the elderly or adults with disabilities who reside in their own homes or in unlicensed room-and-board homes.

APS also investigates allegations of exploitation involving vulnerable adults living in nursing homes who may be financially exploited by someone outside the facility. State law requires anyone who believes that an elderly person or adult with a disability is being abused, neglected, or exploited to report it. Reports are made to the DFPS hotline at 1-800-252-5400 or online at <u>https://www.TxAbuseHotline.org</u>.

An investigation begins with initial contact by phone

or in person with a person who has reliable and current information about the alleged victim within 24 hours of receiving a report. If the allegation is confirmed, APS may provide or arrange for emergency services to alleviate abuse, neglect, or exploitation. These services may include short-term shelter, food, medication,

# You can tell, her heart is really in it.

Thankful client says, "You need many employees like her."

### Glenda Scott,

### an APS client, and Sharon Hernandez, her caseworker

The record heat in the summer of 2011 was tough on all Texans but paying sky-high electric bills was especially hard on people who are elderly or have disabilities and live on limited incomes.

"Some of our clients had \$800 to \$1,000 electric bills," says APS Investigator Sharon Hernandez (right). "When you are on a fixed income, it is tough keeping up. They went to other agencies for help but they were out of funds."

Glenda Scott (left) not only had trouble paying for utilities, groceries, and medication but she also had high medical bills due to a brain tumor, a recent surgery, and other problems. She didn't know where to turn until she was referred to Adult Protective Services.

"When I first got her as a client, she was doing okay but then she needed surgery and broke her arm," says Hernandez. "She couldn't do what she needed to do even with some help from her grandson." Hernandez arranged for Scott to get help with cooking, cleaning, and other homemaking duties.

Scott is very thankful for Sharon Hernandez. A retired fraud investigator, Scott had worked with social workers in the past. "You need many employees like Sharon," says Scott. "She's not only a caseworker, she's a good person, a friend, and young woman you can rely on. APS is fortunate to have workers like her. She's not there just for a paycheck -- her heart is really in it. You can feel the warmth in her. Thank you, Sharon Hernandez. May God bless you in every area of your life."

After earning a bachelor's degree in psychology, Sharon worked with children for a year before joining APS four years ago. "I'm really glad I have a chance to work with this population. They have a different perspective on life. They've experienced so much that we haven't. I learn from all my clients and really enjoy it."

"She's not only a caseworker, she's a good person, a friend, and young woman you can rely on. APS is fortunate to have workers like her."

health services, financial assistance for rent and utility restoration, transportation, and minor home repair. APS works in partnership with other social service agencies to provide resources to vulnerable adults. APS also works closely with the Texas Department

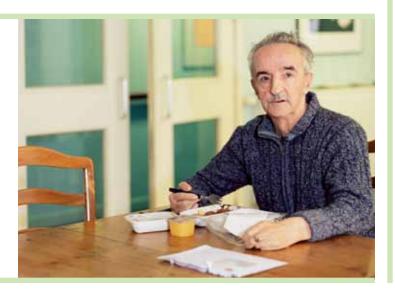

of Aging and Disability Services (DADS) on cases that require coordination and referral for guardianship services. APS investigators or DFPS intake caseworkers may notify law enforcement at any point during an investigation if they suspect allegations of abuse, neglect, or exploitation constitute a criminal offense.

For more information, see: DFPS Data Book, pages 12-21, 125-130.

#### **Facility Investigations**

APS is responsible for investigating abuse, neglect, and exploitation of people receiving services in stateoperated facilities and in state contracted community settings that serve adults and children with mental illness or intellectual disabilities. Investigations are conducted in:

State-supported living centers, state hospitals, and the Rio Grande State Center (some components).

- Community mental health and mental retardation centers.
- Privately-operated intermediate care facilities for people with intellectual disabilities.
- Home and community-based waiver programs.

APS starts an investigation after the DFPS Abuse Hotline receives an allegation. It notifies the facility or provider agency within one hour and notifies law enforcement and the Health and Human Services Commission Office of Inspector General (OIG) within one hour if necessary. APS completes the investigation, makes a finding for each allegation, and sends a report to the provider as well as law enforcement and

OIG if necessary. The provider is responsible for taking appropriate steps to protect their clients. APS also determines if the perpetrator meets the criteria for being added to the Employee Misconduct Registry, which bars

people from certain types of jobs that involve working with people with disabilities (this is also the case for certain types of in-home cases). DFPS will send the name of the confirmed perpetrator to the registry after due process is satisfied.

For more information, see: DFPS Data Book, pages 23-27, 131-133.

# **Child Care Licensing**

#### Responsibilities

The responsibilities of Child Care Licensing (CCL) are to:

- Regulate all child-care operations and child-placing agencies to protect the health, safety, and wellbeing of children in care.
- Establish and monitor operations and agencies for compliance with licensing standards, rules, and law.
- Inform parents and the public about child care, including the histories of specific homes, child-care operations, and child-placing agencies in complying with minimum standards of care.
- Provide technical assistance to child-care providers on meeting licensing standards, rules, and laws.

#### **2011 Accomplishments and Initiatives**

#### **Scope of Child Care**

The child-care industry is a significant and growing part of the Texas economy. Child care is one of the top 20 fastest growing industries in the state. It contributes about 1.9 percent of all new jobs in Texas and enables over half a million parents to work, while providing a secure and stimulating environment for Texas' children.

#### **Improving Texas Child Care**

In 2009 and 2010, CCL began a series of initiatives and invested \$4 million in federal economic stimulus funds

to enhance high-quality day-care programs for infants and toddlers. In 2011, CCL completed the plan for improving the quality of infant and toddler child-care programs. Some of the initiatives completed in 2011 are listed below:

- Technical Assistance Library–CCL created a centralized resource library for staff to share with those caring for infants and toddlers in regulated childcare settings. This library enhanced CCL's proactive approach to protecting children. The library lets staff provide technical assistance information to providers during an inspection. The library is continuously updated and has more than 137 documents. The library is available to everyone via the DFPS website.
- Tutorials–Working with AgriLife Texas Cooperative Extension (a part of the Texas A&M University system), CCL developed online tutorials for child-care providers, parents, caregivers, and CCL staff that focus on the healthy and safe care of infants.
- Advanced Instructor-led Training –AgriLife Texas Cooperative Extension developed advanced training for caregivers and other professionals working with infants and toddlers. This instructor-led training was made available statewide. It focuses on basic health, safety, nutrition, safe sleep practices, continuity of care, quality care environments, and the social, emotional, and cognitive development of infants and toddlers.
- Public Awareness Campaigns: There were two CCL campaigns featuring Radio and TV public service announcements, social media, and news media coverage.
  - Don't Be in the Dark–To educate the public on the importance of selecting regulated day care and improving communication with caregivers. <u>www.DontBeInTheDark.org</u>.
  - Baby Room to Breathe To educate public and child caregivers on ways to minimize the risk of Sudden Infant Death Syndrome (SIDS) and cosleeping deaths and improve the health, safety, and development of infants and toddlers. <u>www.BabyRoomToBreathe.org</u>.
- Pre-Application Online Course In July 2011, CCL released an online pre-application course that is an introduction to becoming a child-care provider. The course is for prospective licensed, registered, and listed child-care homes.

# Not just a babysitter!

# Nathalie Contreras, a child-care provider in Katy, visits with her Licensing representative, Christie Ayala

Child Care Licensing staff in Houston hosted their 5th annual training conference on June 11, 2011. The conference included training sessions in English, Spanish, and Vietnamese. A total of 419 child care providers attended - 258 for the English sessions, 91 for the Spanish, and 70 for the Vietnamese.

Among those who attended was Nathalie Contreras, who has been providing child care at her own home since 2006. "I get trainings from other sources but the information I receive at CCL conferences is something I can readily apply at my home child care," she says. "The information on the state's minimum standards helps me understand the requirements and then I tell parents to help them understand their role."

One of the topics Contreras found most beneficial was a session on

preparing for possible emergencies or disasters. "The training was useful not only for my child care but for my family, too!" she says. "Now, I am more prepared to develop emergency disaster preparedness plans for my child care and my family. I am also notifying parents of the plan, which includes telling them where we will meet in case of an emergency." This fiscal year, Collaborative for Children/Workforce Solutions co-sponsored some of the emergency disaster trainings to over 480 child care providers.

Contreras says everyone in child care needs to remember they are professionals and that this job is not just about money. "Children often spend more time in child care than with their parents," she says. "They need to learn about things like setting limits. I need to ensure their developmental needs are met to help them and their families. Child care providers should treat children in their care like their own children. And when dealing with Child Care Licensing, you need to be upfront and don't hide anything."

She also helps educate parents. "Being a child care provider is not just babysitting, changing diapers, and feeding children," says Contreras. "This is a profession that requires patience and I want to help children develop academically. I set routines for the children to keep them focused."

Each year, CCL staff in Houston work hard on every aspect of the conference. Since 2007, over 1,669 child-care providers have received free training at these conferences, totaling 12,664 classroom hours.

Child care provider says, "Being a child care provider is not just babysitting." Additionally, CCL continued its oversight of residential operations by holding enforcement team conferences for residential treatment centers. The conferences review the facility's inspections and investigations and are designed to identify risk and begin strategies for reducing risk. In FY 2011, staff completed 108 enforcement team conferences in residential treatment centers.

#### **Legislative Initiatives**

The 81st Texas Legislature passed Senate Bill 68, which requires DFPS to regulate certain programs for children not previously regulated by CCL. These include many skills or sports-based after-school programs and day care in environments such as domestic violence and homeless shelters. As a result, Child Care Licensing began regulating three new types of care in FY 2011:

- Before- and after-school care programs
- School-age/skills-based programs
- Temporary shelters providing child day-care services

CCL developed two new classes of standards to address the unique needs and services offered by these providers. Chapter 744 of the Human Resources Code focuses on school-age and before- or after-school programs, and Chapter 743 contains standards specific to (Temporary) shelter-care programs.

Senate Bill 68 also changed the main child-care law for Texas, Chapter 42 of the Human Resources Code, to refer specifically to "general residential operations" instead of "child-care institutions." In the past, "child-care institution" referred both to general residential operations and residential treatment centers. The wording was changed so all residential facilities are now called "general residential operations." While residential treatment centers are now a subset of general residential operations, their requirements have not changed. In FY 2011, CCL defined some other groups:

- All residential treatment centers.
- All operations offering child-care services only.

These operations do not provide emergency care or treatment services. They may provide a transitional living program.

- All operations offering emergency-care services (short-term basis). These operations may also provide respite care and are more commonly known as emergency shelters.
- All operations offering multiple services or any combination of treatment or programmatic services under the same license. This is the category for all operations that do not fit into one of the first three categories.

#### **Building Partnerships**

CCL continues building and strengthening connections with community partners and other agencies and programs. Examples include the Texas Department of Public Safety, Texas Department of State Health Services, Texas Workforce Commission, AgriLife Texas Cooperative Extension (a part of the Texas A&M University system), the Texas Department of Assistive and Rehabilitative Services Division of Early Childhood Intervention, the Texas Association for the Education of Young Children, the Texas Licensed Child Care Association, the Texas Education Agency, the Texas Department of Agriculture, the State Fire Marshal's Office, and 2-1-1 Texas.

#### **CCL Services**

CCL is responsible for protecting the health, safety, and well-being of children who are not in the immediate care of their families while they attend or reside in regulated child-care operations and homes and while in the process of being adopted.

Chapters 42 and 43 of the Texas Human Resources Code require CCL to develop licensing standards for regulated operations and homes, as well as policies and procedures for enforcing those standards. CCL is responsible for inspecting child-care operations and investigating reports alleging violations of licensing standards or abuse, neglect, or exploitation of children in care. CCL also licenses child-care administrators and child-placing agency administrators. CCL provides technical assistance and training to potential applicants and child-care providers about complying with licensing standards. CCL also provides parents and other consumers with information about the types of child-care available, locations of child-care operations and homes in Texas, and the results of licensing inspections and investigations.

#### **Regulating Child Care Operations**

CCL regulates three categories of child-care operations. They are listed family homes, registered childcare homes, and licensed operations (licensed childcare centers and homes, 24-hour residential care, and child-placing agencies).

#### **Listed Family Homes**

Listed family homes provide child care on a regular basis (at least 4 hours per day, 3 or more days a week,

for more than three consecutive weeks) in the providers' own homes for one to three unrelated children. Providers go through an application process that includes a criminal background check and getting a certificate. Listed family home providers must be at least 18 years old. However, there are no minimum standards and no orientation or training is required. Listed family homes are only inspected if DFPS

receives a report alleging child abuse or neglect or violations of certain health and safety standards. CCL also investigates reports of homes that are not properly listed or registered.

#### **Registered Child-Care Homes**

Registered child-care homes provide care in the homes of providers for as many as 6 children younger than age 14 and as many as 6 additional school-age children. The number of children allowed in a home is determined by the ages of the children. No more than 12 children, including the provider's children, can be in care at any time. Providers are required to go through an application process that includes completing an orientation class and criminal background checks. DFPS issues a registration certificate after licensing inspectors complete an on-site inspection to ensure providers are meeting the minimum standards. Registered homes are inspected every one to two years. CCL also inspects them if it receives a report of child abuse or neglect or violations of standards.

#### **Licensed Operations**

All licensed operations must follow published standards and are routinely monitored and inspected. The application process includes completing an orientation class and criminal background checks. CCL issues a license after completing on-site inspections to ensure providers are meeting minimum standards. Licensed operations are inspected every 5 to 12 months or more often if there are reports of alleged child abuse or neglect or violations of state standards. Licensed operations include Day Care and 24-Hour Residential Care.

#### **Child Day Care**

- Licensed child-care homes provide care for less than 24 hours per day for seven or more children younger than age 14 in the caregiver's residence.
- Child-care centers provide care for seven or more children younger than age 14, for less than 24 hours per day, but at least two hours a day, three or more days a week, in a location other than the caregiver's residence.

#### 24-Hour Residential Care

- Foster family homes provide 24-hour care for 6 or fewer children younger than age 18.
- Foster group homes provide 24-hour care for 7 to 12 children younger than age 18.
- General residential operations provide 24-hour care for 13 or more children younger than age 18 and may provide various treatment or programmatic

services. Residential treatment centers, a subset of general residential operations, provide care exclusively for children requiring treatment services for emotional disorders.

- Child-placing agencies are people or organizations other than a child's natural parent or guardian who plan for placement of a child or place a child in a child-care facility, foster home, or adoptive home.
- Maternity homes provide 24-hour care for four or more minor and/or adult women in the postpartum period.

For more information, see: DFPS Data Book pages 78-105

#### **Annual Report of Licensing Violations**

CCL uses licensing standards to protect the basic health and safety of children in out-of-home care. The goal is to appropriately and consistently enforce minimum standards for all types of operations statewide. Consistent enforcement aims to increase compliance

by child-care operations and provide stronger protections for children. The regulation of child-care facilities and childplacing agencies routinely presents two challenges for licensing staff and permit holders alike: consistent interpretation of minimum standards; and consistent enforcement decisions and actions.

CCL analyzes trends in violations both

statewide and regionally to get a better idea of the technical assistance providers will need in the future.

#### **Child Care Violation Trends**

The DFPS Data Book includes a Statewide Trends Table of the top 10 standards deficiencies for day-care operations, based on an analysis of standard violations in FY 2011. Regional trend data is available upon request.

For information on statewide trends, see: DFPS Data Book page 89.

#### **Residential Care Violation Trends**

DFPS also publishes a Statewide Trends Table of the top 10 standards deficiencies for residential-care

operations, which is also derived from analyzing standard violations during FY 2011.

There is no regional analysis for residential-care operations because Residential Child Care Licensing (RCCL) is a statewide program.

For information on statewide trends, see: DFPS Data Book page 105.

#### **Addressing Violation Trends with Technical Assistance**

It is important to note that these violations were cited in various types of inspections. Some were cited during unannounced, routine monitoring inspections. Some were cited after a complaint about a specific incident. Others were cited during targeted, follow-up inspections. CCL puts emphasis on giving technical assistance to providers to help them comply with licensing standards. In addition, the data is shared with all management staff and field trainers to promote awareness of the need to provide targeted technical assistance to providers in an effort to improve compliance.

#### **Quality Assurance**

CCL reviews cases and uses analyses by the DFPS Performance Management Division to identify trends and develop recommendations for training, program structure, policy, and practice. This improves the quality and consistency of monitoring and investigations. CCL staff review compliance history information that indicates a higher risk of harm to children and provide objective recommendations to ensure the safety of children in care. CCL uses an automated quality assurance and performance management system to obtain measurable feedback on employee casework.

#### Training

To enhance the quality of child-care regulation, a broad range of CCL staff across the state received almost 15,000 hours of training and work-related professional development. Topics included child development, automation support, regulation and inspection of operations, and health and safety issues. At the same time, CCL staff provided more than 79 training events for almost 10,712 caregivers. Those topics included minimum standards, health and safety, infant and toddler needs, guidance, discipline, staff-to-child ratios, and child development. During the same period, CCL conducted 405 orientation sessions for 4,117 people. These sessions give an overview of the licensing process, including steps for completing an application and obtaining a permit to operate in Texas.

#### Responsibilities

The responsibilities of Child Protective Services are to:

- Conduct civil investigations of reports of child abuse and neglect.
- Protect children from abuse and neglect.
- Promote the safety, integrity, and stability of families.
- Provide permanent homes or living arrangements for children who cannot safely remain with their families.

#### **2011 Accomplishments and Initiatives**

#### **Child and Family Services Review**

The Child and Family Services Review is used to measure and improve state child welfare systems and is administered by the U.S. Department of Health and Human Services. The review monitors how states comply with federal requirements for child protection, foster care, adoption, family preservation and family support, and independent living services. This includes an analysis of statewide data, a statewide assessment, an onsite review, and a program improvement plan period. Each review evaluates seven outcomes involving child safety, permanency, and well-being. DFPS completed its last review in March 2008 and received a final federal report in March 2009. DFPS developed a program improvement plan that was federally approved and took effect on April 1, 2010 and will end March 31, 2013.

The plan includes these objectives:

- Strengthen critical decision-making skills, particularly involving safety.
- Enhance the capacity to place children in foster care in appropriate homes or settings closer to their families and communities.
- Remove barriers to finding permanent homes for children, especially when they remain in state care but parental rights are not terminated.
- Strengthen practices for family-based safety services (in-home services).

#### Foster Care Redesign

Since January 2010, DFPS has been working on an initiative to improve outcomes for children and youth living in foster care. The official name is "Improving Child/ Youth Placement Outcomes: A System Redesign" but it is that is commonly known as Foster Care Redesign. The goal of the project is to create ongoing, communitybased placements that will meet the needs of children and youth in the least restrictive settings.

The project has been guided by the Public Private Partnership, which is composed of 26 representatives including foster youth alumni, the judiciary, providers, trade associations, advocates, and DFPS staff. The partnership got input from many stakeholders, evaluated foster care models in other states, and analyzed Texas data. The partnership recommended a new foster care model to the DFPS Commissioner in December 2010. The proposed changes included how DFPS procures, contracts, and pays for foster care and other services for children in state care and their families.

DFPS endorsed the recommendations and the 82nd Texas Legislature passed Senate Bill 218, directing the department to put the new foster care model in place. In August 2011, DFPS issued a request for proposals for implementing the first stage of Foster Care Redesign in two designated areas of the state. DFPS intends to award contracts for those areas in early 2012.

For more information on the Foster Care Redesign model and status of implementation, please visit the Foster Care Redesign webpage: <u>http://www.dfps.state.</u> <u>tx.us/Child\_Protection/Foster\_Care/redesign.asp</u>.

#### **Fostering Connections Act**

The Fostering Connections to Success and Increasing Adoptions Act of 2008 promotes finding permanent homes (permanency) for children and youth. The act emphasizes adoption, care by relatives, and transition services for young adults who have aged out of care. One result was the start of the Permanency Care Assistance program in FY 2011. This is a new option for youth who would otherwise grow up in foster care because going home or being adopted are not viable options. In FY 2011, the legal custody of 204 children had been transferred from DFPS to relatives or close family friends who receive monthly financial support. More information about Fostering Connections is available on the DFPS public website at <u>www.dfps.state.tx.us</u>.

#### **Enhanced Family Centered Safety Decision Making**

Child safety remains a priority as CPS continues to enhance its family-centered approach in delivering services, usually to families with their children still at home or temporarily staying with relatives.

The department's goal is to help its staff make sound safety decisions for children. This multi-year, quality improvement initiative will help staff:

- Better identify when children are safe or unsafe.
- Better understand what family changes must occur to keep children safe and match them with the right services.
- Better understand safety as it relates to permanent homes.
- Build a culture that supports families.

In FY 2011, CPS expanded training to more staff and focused on clarifying the difference between safety and risk; protective capacities; and safety plans vs. family plans. The Texas Children's Justice Act Project also gave DFPS a grant to train staff on the importance of collecting sufficient information before making decisions about a family.

#### **Disproportionality**

CPS has been striving since 2004 to reduce the disproportionate representation of African-American and Native-American children in the child welfare system. In FY 2011, each DFPS region had at least one dedicated staff member and there were 14 regional advisory committees promoting collaborative partnerships to address disproportionality. This initiative promotes a cultural shift within DFPS and partnerships with other entities that affect the lives of children and families. Many view Texas as a national model in addressing this issue. While it is a society-wide issue, DFPS remains committed to helping eliminate disparities for all children and families.

#### **Fatherhood Initiative**

CPS made concerted efforts in FY 2011 to more effectively engage fathers in the child welfare system. Since 2009, CPS has had a Fatherhood Initiative and a dedicated position to help increase permanent living solutions for children in foster care and encourage fathers or the paternal family members to be engaged in their children's well-being. The initiative

includes other organizations such as the American Humane Association, Office of the Attorney General, Court Appointed Special Advocates (CASA), Texas Center for the Judiciary, Supreme Court Permanent Judicial Commission for Children, Youth, and Families, National Fatherhood Initiative, and the North Texas Fatherhood Initiative.

#### Public Awareness to Decrease Accidental Child Deaths

In recent years, CPS collaborated with other DFPS programs and Health and Human Services agencies to increase public awareness of three causes of accidental child deaths: water fatalities, hyperthermia, and co-sleeping.

An average of 81 children drowned each year since DFPS began tracking these deaths in 2005. DFPS identified 76 water fatalities in 2005, 70 in 2006, 63 in 2007, 82 in 2008, 113 in 2009 and 84 in 2010, and 79 in 2011 as of August 31, 2011. Texas led the nation in hyperthermia (hot car) deaths with 6 in 2011. In FY 2011, CPS worked with Child Care Licensing on its annual "See and Save" public awareness campaign on preventing drowning and hot car deaths (<u>www.SeeAndSave.org</u>).

In FY 2011, CPS investigated 168 child deaths that involved a child sleeping with an adult or older child. This is a decline from the 178 co-sleeping fatalities in FY 2010. In FY 2011, DFPS ran TV and Radio spots, engaged both social media and the news media to increase the public's awareness of safe sleep practices for infants an the risks of co-sleeping. In FY 2011, all CPS caseworkers and supervisors completed an interactive web-based training called "Safe Sleep 360" that was developed in tandem with the Texas Department of State Health Services. A safe sleep training curriculum is available to the public at <u>www.ltsUpToYou.org</u>. This resource was created for anyone who works with parents, grandparents, or caregivers of infants.

#### **Abuse and Neglect Fatalities**

It is a heart-breaking tragedy whenever a child dies because of abuse or neglect, and CPS has developed both internal and external mechanisms to review these fatalities. citizen review teams, child fatality review teams, CPS child safety specialists, regional CPS child death review committees, and the state Child Safety Review Committee all review child deaths. While each entity reviews child deaths for unique purposes, a common goal is to help identify the causes of child fatalities and develop strategies, programs, and training to reduce the rate of preventable child deaths as well as provide intervention services to families and children at risk.

For more information on child abuse and neglect fatalities, see DFPS Data Book, page 155.

#### **Investigation and Placement Services**

#### Investigations

State law requires anyone who believes a child is being abused or neglected to report the situation so that CPS can investigate. Interviewing children, parents, and others who know about the family is an important part of a CPS investigation. These interviews help determine if child abuse or neglect occurred, if the children are safe, and to assess the risk of further harm to the child. It is critical to child safety and to families that investigations are completed in a timely manner.

If needed, CPS caseworkers may refer families for services in the community, such as individual or family therapy, parenting classes, medical assistance, mental health services, or programs offering financial assistance for utilities, rent, or child care.

If there is concern about the continued safety of a child, the caseworker may refer the family for family-based safety services. These services are provided in

the home and help make sure children are healthy and safe. When safety for the child cannot be ensured, CPS may petition the court to have the child removed from the parents' custody and placed into foster care. For additional information on family-based safety services and foster care, see the sections below.

For more information on CPS investigations and

investigation process, see: DFPS Data Book, page 29, example flow chart and pages 39-47.

#### **Family-Based Safety Services**

When child safety can be reasonably assured, CPS provides in-home services to help stabilize the family and reduce the risk of future abuse or neglect. Family-Based Safety Services (FBSS) can help avoid the need to remove children from their homes or make it possible for the children to return home by strengthening the family's ability to protect their child and reduce threats to their child's safety. FBSS include family counseling, crisis intervention, parenting classes, substance abuse treatment, domestic violence intervention, and day care. Most children getting these services continue to live at home while CPS works with their families. In some cases, children may live elsewhere temporarily, usually with relatives or close family friends, until it is safe for them to return home.

For more information on in-home services, see: DFPS Data Book, pages 48-49 and 71.

#### **Family Group Decision Making**

Family Group Decision Making is a collection of practices used to work with and engage children, youth, and families on safety, planning services, and decision making.

Family Team Meeting is a rapid response to address critical child safety and placement concerns. They are used to ensure child safety in the earliest stages of CPS involvement. Family Team Meetings engage the family, community members, and other caregivers to help make critical decisions about child

protection, safety, placement, and permanent living arrangements.

- Family Group Conference is a process where families join relatives, friends, and others to develop a plan to ensure children are safe, cared for, and protected from future harm. The family group is given a lot of decision-making authority and responsibility.
- Circles of Support are youth-driven meetings to develop a plan for older youth to transition from foster care to adulthood and to connect youth to caring adults who will support them. For more information on Circles of Support, see "Services for Foster Youth Transitioning out of Care".

For more information, see: DFPS Data Book, pages 72-73.

#### **Foster Care**

When children cannot live safely with their own families, CPS may petition the court to remove them from their homes. They may be placed temporarily with relatives, a foster family, an emergency shelter, or a foster care facility. These caregivers provide a safe, nurturing environment for children in CPS care. Foster families receive a daily reimbursement for the costs of caring for children. CPS and foster parents are required to arrange all educational, medical, dental, and therapeutic services needed by the child. Some children have emotional or other needs that are hard to address in a foster home. So, sometimes they live in specialized group homes, residential treatment centers, or other facilities. If parental rights are intact, CPS provides services to the parents until the family is reunited, or the courts approve or another permanent living arrangement for the children. The court has ongoing oversight while a child is in foster care.

For more information on foster care and other placements: DFPS Data Book, pages 50-58, 62-67, and 156-173.

#### **Kinship Care**

DFPS and the courts must consider temporary placements with relatives when removing children from their homes for their safety. DFPS asks parents to provide contact information for relatives and close family friends who may be able to care for their children. DFPS notifies relatives to explain their options and tell them about the support they can receive from the state to help care for children. Kinship caregivers may also provide permanent homes by adopting or accepting legal responsibility for children. For generations, extended families have helped rear children when parents are having a difficult time. Kinship care gives children more stability and a connection to family when they cannot live with their birth parents.

For more information on Kinship Care, see: DFPS Data Book, pages 52 and 68.

#### **Adoption**

When a child cannot safely return home, the court may terminate the parents' rights, making the child available for adoption. The number of DFPS children who were adopted increased significantly from FY 2005 to FY 2011. One major factor was the number of kinship adoptions, which includes adoptions by relatives and others with significant, longstanding relationships with the children or families. Kinship adoptions in Texas have more than doubled since 2005 and now account for about 40 percent of DFPS adoptions. 4,635 DFPS children were adopted in FY 2011. DFPS approves adoptive homes and also contracts with licensed, private child-placing agencies to increase the number of parents available to adopt children in foster care. U.S. Department of Health and Human Services has recognized DFPS for increasing adoptions each year since 1999.

For more information on adoption, see: DFPS Data Book, pages 52, 56-62, 64-65, 162-167 and 204-209.

# **Older kids need love too!**

Leah Garcia, adopted at age 17, never gave up hope she would find her "forever family"

For thousands of Texas children without permanent, loving homes, the wait to be adopted may be long and discouraging. No matter their age, most of these children still hold out hope that someday, someone will open their heart and give them a family they can call their own.

17-year-old Leah Garcia has a great smile and a wonderful personality to match. Yet since entering foster care at age 12, she spent years asking herself, "Why can't I get adopted? Why haven't I been picked? Am I that bad of a person? What is going on that no one wants me?"

"Once I hit 16 years old, I figured no one would want me because I was almost old enough to go out on my own," she says. "I prayed to God to give me a sign to have hope. My caseworker said she would find someone."

Child Protective Services Adoption Caseworker Susan Brezina of Corpus Christi says Leah's story weighed on her heart. "Leah saw kids in her foster home get adopted but nobody picked her, nobody loved her. I told her I was going to find her an adoptive family–whatever it took. She didn't believe me and at one point, I think she gave up hope. I told her I knew it would be hard but I would keep trying. And, I told her that once she found an adoptive home, I hoped she would advocate for other teenagers who are also looking for loving homes."

Brezina says the fear of rejection for older children is a major hurdle. "Just think back to when you were a teenager. Can you even imagine having to live in a stranger's house and having them watch everything you do? It's a tough sell to get teens to take that leap of faith and trust a family to love them and not reject them. But, when it works, it's magic."

Finally, Leah found her family at an adoption recruitment event, and her life changed forever. "I had always been interested in adopting children," says her adoptive father. "We had two children but my wife had complications during her last pregnancy. We wanted a girl but I didn't want to put my wife through that again. That's how we got into adoption."

Leah never thought she would finally find her forever family. " I didn't even know I was going to find parents at the recruitment event--I thought it was just to take pictures," says Leah. "I just went there and acted like myself, like I usually do, and that's when I met the people who would become my adoptive parents. I asked God, please let it be them."

Now that she has a family of her own, Leah spreads the word about the joys of adopting older children, speaking at Rotary Club meetings and adoption recruitment events. "I care and want to speak out for the older kids," says Leah. "Any time someone calls, I am ready to go. I tell other kids there's someone out there for them. I tell people that older kids need love too, someone they can depend on."

Her adoptive dad says his family is truly blessed to have Leah. "She's really made an impact on our family. She and our boys are really close. If you were to spend a day with our family, you'd think they'd she's been part of our family for the longest time. Give those older kids a chance. You'll never know. Leah's been a real blessing."

#### Youth adopted at age 17 says, "I tell people older kids need love too."

#### **Texas Adoption Resource Exchange**

The Texas Adoption Resource Exchange (TARE) website (<u>www.AdoptChildren.org</u>) is an important recruitment tool for prospective foster and adoptive homes. Integrated with the "Why Not Me?" campaign, the website's most prominent feature is its photo-listing of Texas children awaiting adoption. TARE also includes children's profiles and videos.

DFPS added new features to the website at the end of the fiscal year to give families more information and to streamline the process. Families can now register and create a free profile where they can upload a family photo and save their adoption preferences. They can ask about specific children and get quick updates on the status of their inquiries. Profiles include information on whether a family's home has been screened and approved. Those who are not registered can do basic searches and learn how to become a foster or adoptive home.

TARE also offers a toll-free, nationwide Adoption and Foster Care Inquiry Line (1-800-233-3405). The information from these calls is forwarded to local CPS staff to follow up with prospective families. More information on Foster Care and Adoption is available on the TARE website at <u>www.AdoptChildren.org</u>.

#### **Adoption Support Services**

Adopted children who have suffered abuse or neglect often need help coping with these experiences and the loss of their birth families. CPS contracts with private agencies to provide postadoption services to adopted children and their families. Some of these services include case management, mental

health services, therapeutic services to children and families, parent training, and support groups.

For more information on adoption support services, see: DFPS Data Book, pages 69, 174-179.

#### Services for Foster Youth Transitioning Out of Care

#### **Circles of Support**

Circles of Support is a process to support and help youth, age 16 and older, to develop a plan for when they become young adults and leave state care. It is based on Family Group Decision Making, so youth drive the process (see pages 15-16). Circles of Support includes broad participation by the youth's support network, which often includes foster or kinship caregivers, teachers, siblings, pastors, and other relatives. These meetings are required for youth 16 and older, although they may begin as early as 14years of age. 3,099 Circles of Support were conducted in FY 2011.

For more information, see: DFPS Data Book, page 72-73.

#### **Health Care Benefits**

Texas provides health care to youth who age out of foster care up to the month of their 21st birthday. These youth get health care benefits through STAR Health, which is a form of Medicaid. Youth can continue to receive health care benefits up to age 23 in some circumstances but must be enrolled in an institution of higher education. STAR Health includes a medical home for each child, coordination and management of services, 24-hour nursing and behavioral health help-lines, and monitoring of psychotropic medication.

#### Youth Transitioning to DADS Guardianship

When a youth aging out of DFPS care needs long-term care or support into adulthood because of an incapacitating disability, the department refers that youth to the Texas Department of Aging and Disability Services

(DADS) for guardianship services. This process begins when a youth turns age 17. If a court appoints DADS as guardian, DADS assumes the main responsibility for the youth when the youth turns 18 or when the court makes its ruling. DFPS may continue to provide foster care for young adults even if they receive DADS guardianship services.

#### **Preparation for Adult Living**

The Preparation for Adult Living (PAL) program helps youth in foster care make the transition to adulthood more successfully. PAL services include independent living assessments, financial help for a limited time, and training in such areas as financial management, job skills, educational planning, and interpersonal skills. A statewide Youth Leadership Council meets quarterly to review policies and practices. The council submits recommendations to DFPS to improve services for children and youth.

For more information on Preparation for Adult Living, see: DFPS Data Book, page 73.

#### **Extended Foster Care**

Most foster youth leave state care after their 18th birthday. But youth can stay in extended foster care through age 21 or 22, depending on their circumstances while, they pursue a high school diploma or GED. They can also remain in extended foster care:

- To attend college or a vocational or technical training program.
- To participate in a program or activity that promotes or removes barriers to employment.
- To work at least 80 hours a month.
- If they can't perform the activities above due to a documented medical condition.

Prior to FY 2011, the program was funded by the state. Thanks to legislation passed by the 81st Texas Legislature, the program was expanded and qualified for federal funding on October 1, 2010.

#### **Return to Care**

Youth ages 18 to 20 who have aged out of foster care may return to care:

- To attend high school or complete a GED course (up to age 22).
- Attend a vocational or technical program (up to age 21).
- Return on a break from college or a technical or vocational program for at least one month but no more than four months (up to age 21).

#### **Education and Training Vouchers**

The Education and Training Voucher (ETV) program provides financial assistance to eligible youth after they leave CPS care to help them with school expenses such as rent, computers, day care, and transportation. Youth who receive Permanency Care Assistance after age 16 are eligible for this program. The program supplements the state's Preparation for Adult Living program, as well as a tuition waiver program at statefunded universities, colleges, junior colleges, and vocational schools. The ETV program served 1,410 youth in academic year 2010-2011.

#### **State Tuition and Fee Waiver**

Since 1993, former foster-youth and certain adopted youth have been exempt from paying tuition and most fees at state-funded colleges, community colleges, universities, and vocational schools in Texas. Later, the law was amended to extend this benefit to all youth adopted from DFPS or those whose permanent managing conservator (legal responsibility) is not their parent. The program has grown significantly since 73 students received waivers in the program's first year. According to the latest data from the Texas Higher Education Coordinating Board, 2,764 former foster and 453 adopted youth used the waiver in academic year 2009-2010.

#### **Transition Centers**

Transition centers are clearinghouses for many DFPS partner agencies to serve youth (ages 151/2 to 25) who are preparing to age out or have already aged out of foster care. These centers are separately funded, privately operated, and supported by partnerships between DFPS, their providers, and the Texas Workforce Commission. The centers provide PAL services, employment readiness, job search classes and assistance, and mentoring. Partner agencies provide other services including substance abuse counseling, housing assistance, and leadership development trainings and activities. Texas had 14 transition centers across the state by the end of FY 2011. Centers are located in Abilene, Austin, Beaumont, Central Texas (Belton, Killeen, and Temple), Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Kerrville, Lubbock, San Angelo, San Antonio, and Tyler. More information is available at www.TexasYouthConnection.org.

#### **National Youth in Transition Database (NYTD)**

The National Youth in Transition Database (NYTD) is a data collection system created by the federal Administration for Children and Families to track independent living services and to learn how successfully states prepare youth to move from state care into adulthood. Texas surveys youth when they reach age 17 and then surveys some youth again at age 19 and 21. DFPS surveys a new group of 17 year olds every third year.

DFPS redesigned <u>www.TexasYouthConnection.org</u> and added a secure online survey in FY 2010 to collect this data. In FY 2011, Texas collected data for NYTD

Period A from October 1, 2010 to March 31, 2011 and NYTD Period B from April 1, 2011 to September 30, 2011. DFPS will continue to collect data in future years as well as develop a NYTD policy and a manual for Preparation for Adult Living manual for staff.

#### Texas Youth Connection

The Texas Youth Connection website is a resource

for youth in foster care, alumni of foster care, or youth seeking general tips and information. This website was designed with input from youth and offers information and resources for education, finances, personal records, diversity, health, employment opportunities, food, housing, books, stories, hotlines, contacts and other information. More information is available at www.TexasYouthConnection.org.

#### **Texas Youth Hotline**

The Texas Youth Hotline serves youth under 21 years of age, including those who have aged out of the foster care system. Youth may contact this statewide hotline at 1-800-98-YOUTH for crisis counseling, information, and referrals. The hotline can help young adults locate services available in their communities.

#### **Working with Partners**

#### **Foster Parents and Child Placing Agencies**

Thousands of children are in the legal custody of DFPS due to being victims of abuse and neglect. Foster parents and private child-placing agencies help DFPS support these children through a close collaborative partnership. DFPS supports foster and adoptive parents by providing federal funds to the statewide Texas Council on Adoptable Children and the Texas Foster Family Association. DFPS also provides federal funds to local foster parent associations. These funds help in the education, training, and retention of foster and adoptive parents so they can better meet the needs of children.

#### **Child Welfare Boards**

CPS is administered by the state but many counties provide some funding for foster children's needs. Child Welfare Boards exist in more than 200 of the 254 counties in Texas. They provide significant support to enhance the care and services to foster children and their families.

CPS works with the Texas Council of Child Welfare Boards (TCCWB), a statewide network of more than 2,000 volunteers appointed by county commissioners'

courts, to develop resources, programs, and strategies to enhance services for vulnerable children and families. Leaders of regional councils meet with CPS twice a year for educational programs and to share information and strategies that promote the safety and well being of children.

#### **Giving Texas Children Promise**

Children across Texas are helped by three innovative community partners programs developed by Giving Texas Children Promise (GTCP) (formerly Greater Texas Community Partners). These programs are Rainbow Rooms, the Adopt-a-Caseworker Program, and the Purchasing Partnership Program.

- Rainbow Rooms are emergency resource centers to help meet the critical needs of abused and neglected children. Rainbow Rooms provide car seats, clothing, shoes, underwear, baby formula, school supplies, and safety and hygiene items to children entering foster or relative care as well as children living in poverty in their own homes who are being assisted by FBSS caseworkers.
- The Adopt-a-Caseworker Program connects CPS caseworkers with individuals, churches, businesses, and organizations who help meet the needs of the children involved with CPS.
- The Purchasing Partnerships Program obtains drastically reduced prices on many essential items stocked in the Rainbow Rooms across Texas.

These unique partnerships support 150 Rainbow Rooms and 2,202 adopted caseworkers at various sites across Texas.

#### **Texas Supreme Court**

Once children are removed from their homes, courts play a critical role in determining their future and make the final decisions on what happens to them. No child enters or leaves foster care without a court order. A judge decides where the child will live and for how long. Every day, Texas courts decide whether a child goes home or to live with a relative, visits a sibling, or becomes eligible for adoption. In November 2007, the Supreme Court of Texas created the Permanent Judicial Commission for Children, Youth, and Families (Children's Commission) to improve child protection courts and seek better outcomes for children and families involved in the child-welfare system. Commission membership includes judges, elected officials, attorneys, and staff from DFPS and the Texas Health and Human Services Commission, and other organizations.

In October 2010, the Children's Commission's Education Committee identified guiding principles for improving the education outcomes for children and youth in foster care. These principles serve as the blueprint for the commission's subcommittees and workgroups as they develop recommendations that will be considered in January 2012. Topics include:

- School-readiness.
- Education stability for children and youth in foster care.
- Barriers and challenges that prevent children and youth from being successful in school.
- Ensuring youth in foster care take advantage of opportunities for education and training.

#### **Parent Collaboration Group**

The statewide Parent Collaboration Group is a partnership between DFPS and parents who have successfully navigated the CPS system. The group is made up of regional parent representatives. It meets quarterly and helps CPS improve its policies and practices. Since its creation in FY 2002, the group has developed parent support groups in each CPS region. These support groups help parents learn about and

navigate the child welfare system.

# **Prevention and Early Intervention**

#### Responsibilities

The responsibilities of Prevention and Early Intervention are to:

- Work with Texas communities to develop services to prevent child abuse and neglect, delinquency, running away, and truancy.
- Plan, develop, and administer a comprehensive, unified approach to delivering prevention services to avoid fragmentation and duplication.
- Make prevention and early intervention services more accountable by demonstrating the effectiveness or public benefit of programs.

#### **2011 Accomplishments and Initiatives**

#### **Interagency Collaboration**

PEI continued to lead the Interagency Coordinating Council (ICC) for Building Healthy Families during FY 2011 through a memorandum of understanding adopted by the council's 11 member agencies in FY 2010. In FY 2011, the agencies continued work on several of the recommendations they submitted in a final report to the Texas Legislature in December 2009. These included PEI releasing a Request for Proposal for one-stop shop where the needs of families with multiple issues could be met. PEI also began exploring implementing different contracting methods.

#### **PEI Services**

PEI contracts with community-based agencies and organizations to provide services to prevent the abuse, neglect, delinquency, and truancy of Texas children. Services are voluntary and provided at no cost to participants. However, all services are not available in all Texas communities. To find out if services are available in your community, look for Prevention and Early Intervention on the DFPS website at <u>www.dfps.state.tx.us</u>.

For more information, see: DFPS Data Book pages 107-115 and 222-227.

#### **Community Youth Development (CYD)**

The CYD program contracts with community-based organizations to develop juvenile-delinquency prevention programs in ZIP codes with high juvenile crime rates. Approaches used by communities to prevent delinquency have included mentoring, youth-employment programs, career preparation, and alternative recreational activities. Communities prioritize and fund specific prevention services according to local needs. CYD services are available in 15 targeted Texas ZIP codes. In FY 2011, 19,731 youth received services through the CYD program.

#### Services to At-Risk Youth (STAR)

The STAR program contracts with community agencies to offer family crisis intervention counseling, shortterm emergency respite care, and individual and family counseling. Youth as old as age 17 and their families are eligible if they experience conflict at home, truancy or delinquency, or a youth who runs away from home. STAR services are available in all 254 Texas counties. Each STAR contractor also provides universal child abuse prevention services, ranging from local media campaigns to informational brochures, and parenting classes. In FY 2011, 30,168 youth received services through the STAR program.

#### **Statewide Youth Services Network**

These contracts make community and evidence-based juvenile delinquency prevention programs available to youth ages 10-17 in each DFPS region. In FY 2011, 5,720 clients received services through Statewide Youth Services Network funded programs.

#### **Texas Families: Together and Safe**

Texas Families: Together and Safe funds evidence-based, communitybased programs to alleviate stress and promote parental competencies and behaviors that increase the ability of families to become selfsufficient and successfully nurture their children.

The goals of the program are to:

- Improve and enhance access to family support services.
- Increase the efficiency and effectiveness of community-based family support services.
- Enable children to stay at home by providing preventative services.
- Increase collaboration among local programs, government agencies, and families.

In FY 2011, 2,114 families received services, including 2,110 families in which the primary caregiver received services.

#### **Texas Runaway and Youth Hotlines**

The toll-free Texas Runaway Hotline and the Texas Youth Hotline offer crisis intervention, telephone counseling, and referrals to troubled youth and families. Volunteers answer the phones and interact with callers facing a variety of problems including family conflict, delinquency, truancy, and abuse and neglect issues.

- Texas Runaway Hotline <u>www.TexasRunaway.org</u> or 1-800-580HELP.
- Texas Youth Hotline <u>www.TexasYouth.org</u> or 1-800-98YOUTH.

#### **Community-Based Child Abuse Prevention**

The Community-Based Child Abuse Prevention program builds community awareness of prevention services, strengthens community and parental involvement in child abuse prevention efforts, and encourages families to use the services available to them. This program funds a variety of community-based organizations to provide child abuse and neglect prevention services. These programs include the Relief Nursery, Family Support, Rural Family Support programs, Fatherhood and Leadership for Effective Parenting and Multidisciplinary Approach to Prevention, as well as various special initiatives and public awareness campaigns as noted in other sections of this report. In FY 2011, 461 families received services through CBCAP

funded programs.

#### Tertiary Child Abuse Prevention

Through this program, children who have been abused or neglected (or are at-risk of the same) receive a variety of volunteer, commu-

nity-based prevention, intervention, and other services after they leave CPS care. The goals of the program include reducing child maltreatment and the number of families re-entering the Child Protective Services (CPS) system. The program also strives to improve the quality and availability of services for children

after they leave CPS care and to enhance a statewide network of child abuse prevention programs. In FY 2011, 44 families received services through the Tertiary Child Abuse Prevention program.

#### **Family Strengthening**

A variety of Family Strengthening services are available statewide that have been proven to effectively increase family protective factors. These services are provided to increase the resiliency of families and prevent child abuse and neglect. These programs must also foster strong community collaboration to provide a continuum of family services. In FY 2011, 938 families received services through the Family Strengthening program.

#### **Youth Resiliency (YR)**

Youth Resiliency programs provide services proven to increase protective factors for youth. A variety of services are available across the state to increase youth resiliency and prevent juvenile delinquency. These programs must foster strong community collaboration to provide a spectrum of services for participating youth. In FY 2011, 1,162 clients received services through the Youth Resiliency program, including 1,066 children who were at risk.

#### **Community-Based Family Services**

This program serves families who are investigated by CPS but whose allegations are unsubstantiated. Services include home visits, case management, and additional social services to foster a safe and stable home environment. In FY 2011, 280 families received services through the Community-Based Family Services program.

# Bullying takes many forms.

#### Jessica Larson and Sarah Walters are counselors at STARRY, an agency funded by DFPS.

Child abuse prevention is everyone's business and no single entity can prevent it alone. That's why DFPS funds programs in communities across Texas to help battle child abuse using local approaches and resources.

For example, a Round Rock agency named STARRY has a program that combats bullying. Bullying takes many forms and in recent years cyber-bullying has been on the rise. This form of bullying often goes unreported, leaving its victims angry, sad, and embarrassed.

According to STARRY, national statistics count nearly 3 million students who report experiencing some form of bullying each year. More than one in three young people say they have experienced online bullying.

"It's a lot easier to be a bully these days because you don't have to say mean things to someone's face," says Jessica Larson (left), the STARRY counselor who helps lead her agency's cyber-bullying presentations. "Now youth are creating websites dedicated to slandering someone. You can't always pick out the one who is doing the bullying anymore."

Larson and her co-presenter, STARRY Counselor

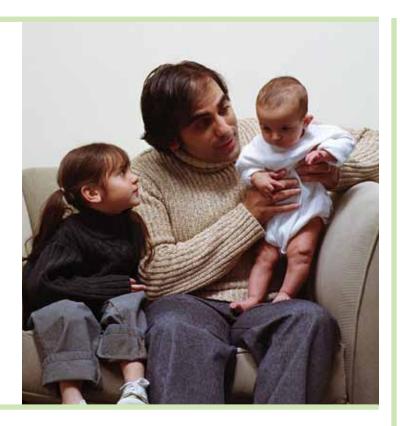

# Abuse-prevention counselors say, "You can't always spot a bully."

Sarah Walters, have suggestions for parents and students dealing with bullying. "We tell youth and children, first, before you take action, take five minutes to breathe. You don't want to react in the heat of anger," says Walters. "Walk away and tell an adult. If dealing with text message bullying, you can contact your phone provider and get the messages blocked. If dealing with a website, you can contact the internet provider and report the abuse. They will then take action."

Larson recommends action if there is continuing bullying that begins to take the form of physical threats. "Go to the police," she says "Physical threats of any kind are serious. And, if you are a student with a friend who is a bully or is being bullied, tell someone. You can make a difference."

The STARRY Cyber-bullying program is available to groups, educators, civic leaders, and others. STARRY provides free individual and family counseling as well as programs geared toward pre-teen and teenage students and focused on solutions. STARRY also provides services to youth in the DFPS Services to At-Risk (STAR) program and has an emergency shelter for children who have been removed from their homes by due to abuse or neglect.

"STARRY prizes the opportunity to work with DFPS," says Richard Singleton, executive director of STARRY. "We share a collegial, collaborative relationship and have a long history of partnering to preserve and protect families. We look forward to continuing to work together in the important work of helping Texas families."

#### **PEI Child Abuse Prevention Special Initiatives**

In FY 2011, DFPS created the fourth annual prevention calendar for Texas families titled "Help Me Grow Up to Be…The Very Best of Me." The calendar gave parents and other caregivers practical advice on soothing a fussy baby, potty training, water safety, bullying, chores, and more. The calendar's messages are consistent with prior assessments of the most effective strategies for prevention outreach. These assessments indicate the best approach is to directly target families with user-friendly outreach materials that give parents tools they can use to strengthen their parenting skills.

PEI distributed nearly 500,000 calendars to about 1,000 agencies, contractors, and partners across Texas, including:

- More than 250 social-service providers.
- Licensed child-care facilities, child welfare boards, and child advocacy centers.
- Elementary and secondary schools and Head Start programs.
- Women, Infants, and Children (WIC) offices in many locations.
- Local churches and medical facilities.

English and Spanish versions of the calendar were made available for free download at <u>www.ltsUpToYou.org</u>. The calendar was endorsed by the Texas Pediatric Society and the Texas Chapter of the American Academy of Pediatrics.

#### **Partners in Prevention Training Conference**

Each year, DFPS hosts the Annual Partners in Prevention Training Conference in Central Texas. The conference brings together social service professionals, advocates, educators, law enforcement professionals, child-care professionals, community leaders, and faith leaders interested in improving programs and sharing expertise. The conference is open to prevention and early intervention agencies that contract with DFPS and other prevention service providers and interested parties. The conference was planned in collaboration with the Texas Department of State Health Services, Texas Department of Assistive and Rehabilitative Services, Texas Youth Commission, Texas Education Agency, Texas Health and Human Services Commission, Center for Substance Abuse Prevention, Texas Department of Aging and Disability Services, Texas Juvenile Probation Commission, and the Texas Workforce Commission. About 300 people attended the Partners in Prevention Conference in October 2010.

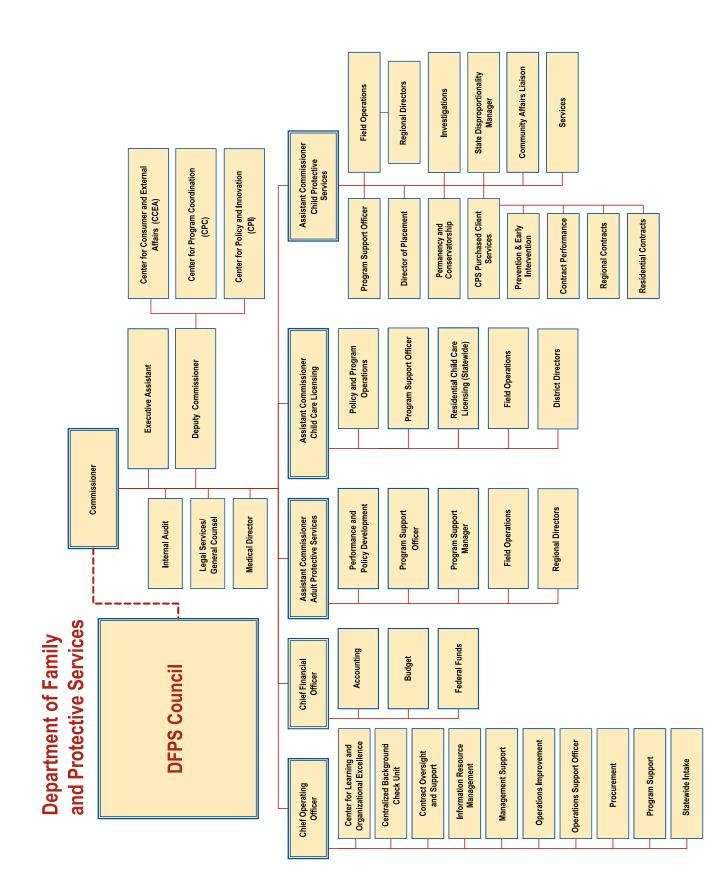

#### **Public Awareness Campaigns**

During FY 2011, PEI and other DFPS divisions carried out public awareness campaigns targeting child safety. Those efforts included the "Room to Breathe" campaign, an effort to address factors associated with Sudden Infant Death Syndrome (SIDS) and other unexplained infant death. PEI's conducted community-based outreach on safe infant sleeping that was developed in collaboration with the Texas Department of State Health Services. As part of this effort, PEI distributed a fact sheet titled "Safe Sleep for Babies" and infant onesies and magnets. In July 2010, PEI delivered a train-the-trainer curriculum on safe infant sleep to three target counties to make information available through trusted community partners. In FY 2011, PEI made the curriculum available statewide. More on this campaign may be found at www.BabyRoom-ToBreathe.org or www.BebeEspacioParaRespirar.org.

### DFPS 2011 Data Book

The Data Book is a descriptive statistical resource of the services provided to the people of the State of Texas by the Texas Department of Family and Protective Services (DFPS) for fiscal year 2011 (September 1, 2010 through August 31, 2011).

Information in this book covers the most frequently asked statistical questions about DFPS programs. Our hope is that it will be beneficial in answering these questions and serve as a continuous resource.

The Data Book provides information in several types of charts using different time intervals and it provides county, regional, and statewide totals. Due to rounding of calculations, some percentages may not add to 100%.

When comparing data from one time period to another, please keep in mind that DFPS has undergone major changes over time. There have been re-alignments, major policy changes, and automation of case management and reporting that have all influenced the data. In some cases this can make direct comparisons across the years misleading.

Note: The information contained in this printed book is subject to change. For the most recent version please see the online version at <u>http://www.dfps.</u> <u>state.tx.us/About/Data\_Books\_and\_Annual\_Reports/default.asp</u>

#### DFPS Mission, Vision and Values

#### **DFPS Mission**

The mission of The Texas Department of Family and Protective Services is to protect children, the elderly, and people with disabilities from abuse, neglect, and exploitation by involving clients, families and communities.

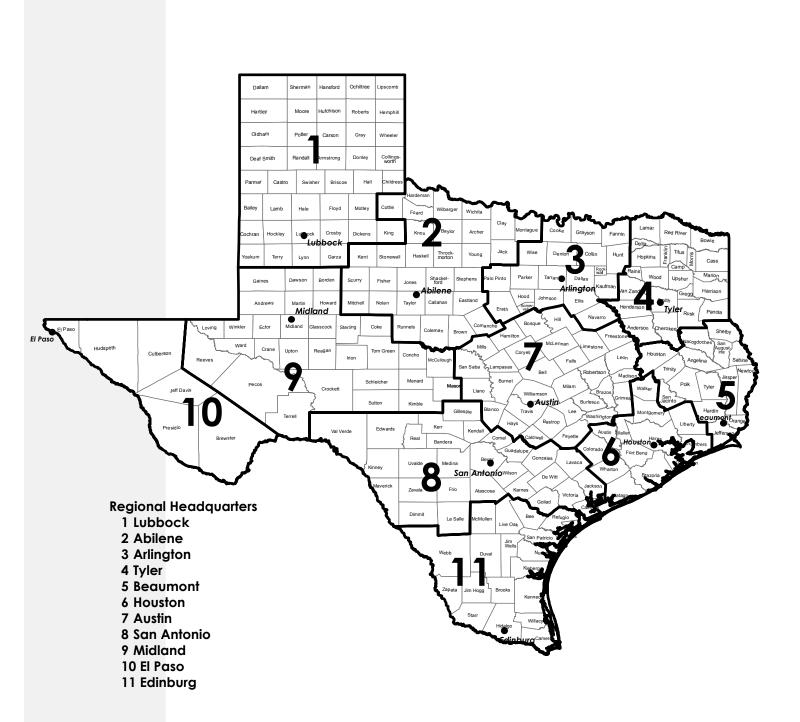

#### **DFPS Vision**

The Department of Family and Protective Services:

- Is recognized for innovative, effective services;
- Builds strong, effective partnerships with clients, communities and state leaders;
- Provides effective leadership that is accountable for its actions and communicates openly with clients and stakeholders; and
- Supports staff who are highly motivated, diverse, ethical, well trained, and professional.

#### **DFPS Values**

- We protect the unprotected.
- We involve clients, families and communities in decision-making.
- We provide quality services.
- We are innovative and strive for excellence.
- We are ethical and accountable.
- We promote diversity.
- We value our staff.

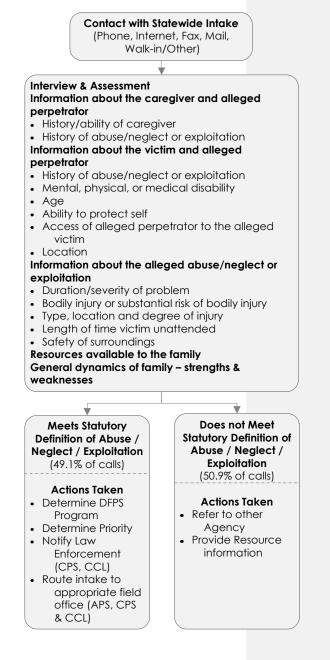

### DFPS Regional Boundaries and Regional Office Locations

### SWI Statewide Intake Overview

Statewide Intake serves as the "front door to the front line" for all DFPS programs. As the central point of contact for reports of abuse, neglect and exploitation of vulnerable Texans, SWI staff are available 24 hours a day, 7 days per week, 365 days per year.

<b>Total Average Filled</b>	l Full Time	e Equivalent

Texas Department of Family and Protective Services

#### Legal Responsibility for Statewide Intake

#### **Statutory References**

Federal: Social Security Act State: Texas Family Code, Human Resource Code

#### **Major Functions**

- Centralized point of intake for child abuse and neglect, abuse, neglect or exploitation of the elderly or adults with disabilities, clients served by DSHS or DADS employees in State Hospitals or State Supported Living Centers, and children in licensed child-care facilities or treatment centers for the entire State of Texas.
- Open 365 days a year, twenty-four hours a day, seven days a week.
- Able to receive information via phone, Internet reporting system, fax or mailed correspondence.
- Responsibility to assess information received to the definitions of possible abuse, neglect or exploitation for each program served and to prioritize and route the information to the correct destination workload.
- Information and Referral Service as warranted or when information received does not meet statutory definitions.
- Generate Law Enforcement Notifications and route to the correct law enforcement jurisdiction for CPS and CCL programs.
- Ensure confidentiality of IMPACT history and reporter identity.
- Serve as an Expedited Background Check function for CPS by checking criminal and IMPACT history to aid field staff during emergency removals.
- Quality Assurance unit to review complaints, random call monitors and assist in development of policy, procedure and best practice.
- Point program for identifying problems with IMPACT rollouts.

- Provide daily reports on call volume per application; hold times per application, etc.
- Integrate hardware and software upgrades to phone and computer systems to reduce hold times and improve efficiency.
- Use of an IEX Workforce Management System to schedule shifts, breaks and meal times for intake workers in order to maximize efficiency.
- Telstrat Engage call recording system utilized to record phone calls for Quality Assurance and legal requirements.
- Employee Development Unit leads all training for new and tenured staff

#### Challenges

- Respond to ever increasing number of phone calls, Internet reports, fax and mailed correspondence while keeping hold times to 8.7 minutes or less while maintaining a high quality of intakes.
- Increase number of bilingual staff.
- Reduce turnover.

#### **Total Phone Calls - All Calls**

Fiscal Year	Total Calls	Calls Handled	Calls Abandoned*	Average Time to Abandon	% Abandoned
2008	621,623	405,159	216,464	7.4	34.8%
2009	638,747	429,551	209,196	6.9	32.8%
2010	647,537	468,272	179,265	6.2	27.7%
2011	642,320	492,885	149,435	5.4	23.3%

\*An abandoned call is a call that disconnects after completing navigation of the recorded message, but prior to being answered by an intake specialist.

### APS Adult Protective Services In-Home Overview

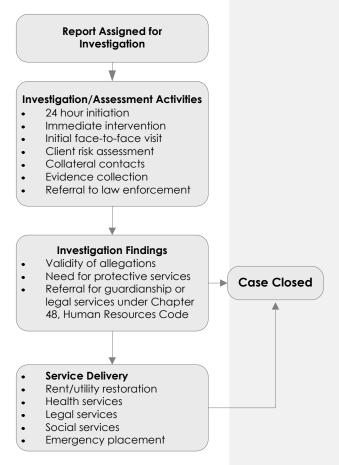

The mission of Adult Protective Services is to protect the elderly and adults with disabilities from abuse, neglect, and exploitation by investigating and providing or arranging for services necessary to alleviate or prevent further maltreatment.

APS serves persons who are reported to be abused, neglected, or exploited, and age 65 or older or age 18-64 with a disability.

Total Average Filled Full Time Equivalent (FTE) Staff				
Caseworkers	564.6

#### Legal Responsibility for Adult Protective Services

#### **Statutory References:**

Federal: Title XX, Social Security Act State: Human Resources Code, Chapters 40 and 48 Texas Family Code, Title V Health and Safety Code, Chapter 532 and Chapters 591-595

#### **Major Provisions:**

- Mandatory reporting of abuse, neglect, and exploitation of adults who are elderly (defined as age 65 and older) or adults with disabilities
- Receipt and investigation of all reports (unless patently false); initiation of investigations within 24 hours of receipt of report
- Responsibility for referring reports to other state agencies when DFPS is not the appropriate investigating agency
- Provision or arrangement of services needed to prevent or alleviate abuse, neglect, and/or exploitation
- Enhancing and developing community resources in an effort to increase awareness of abuse, neglect, and exploitation and to address increasing needs of APS clients
- Responsibility for referring adult victims of abuse, neglect and/or exploitation to the Department of Aging and Disability Services (DADS) for guardianship services when these persons appear to lack the capacity to consent to services, there is no other potential guardian available, and guardianship is the least restrictive alternative that will ensure the person's safety and well-being
- Assessment of factors that may indicate an adult's possible lack of capacity to consent to services and pursuit of a medical or mental health evaluation, if indicated
- Using the least restrictive alternative in the provision of protective services
- Authority to seek court orders when necessary to gain access to the individual, to prevent interference with the provision of voluntary protective services, to access records or documents, and to initiate and provide emergency protective services (e.g., a removal), including after-hours and on holidays without a court order
- Requirement to notify law enforcement if APS removes a person from their home under a court order and their home will be left unattended.
- Requirement to notify law enforcement if APS suspects that a person who has been abused, neglected, or exploited in a manner that constitutes a criminal offense
- · Confidentiality of case records
- Requirement to make referrals to the Employee Misconduct Registry for certain validated perpetrators

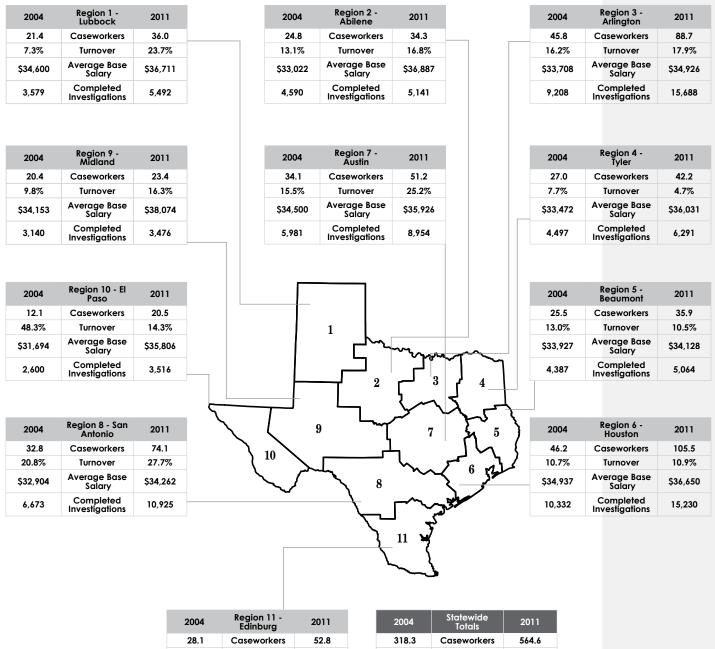

#### **Other Programmatic Information:** Factors Contributing to Abuse, Neglect, and Exploitation:

- Rapidly growing population of older adults
- · Growing number of younger adults with disabilities
- Alcohol and drug dependency
- Poverty
- Lack of affordable housing and high costs of utility bills
- · Inadequate access to health care and costly medications
- · Toxic family relationships
- Dependence of family or others on the income of older adults and adults with disabilities
- · Violence as a coping mechanism in society
- Physical and mental stress of caregiving in traditionally nonviolent, caring households
- Denial of benefits, such as SSI and Medicaid, to some immigrants

#### Challenges:

- · Affordable and safe housing
- Waiting lists and other limitations in the availability of inhome care and home health care
- Shortage of resources to serve persons denied long-term care and other benefits
- Gaps in surrogate decision-making processes for incapacitated persons in hospitals, nursing homes, and community-based settings
- Inadequate community services for persons with a mental illness, including those discharged from state hospitals
- Lack of statewide access to preventative or early intervention services such as long-term case management for older adults and adults with disabilities who are at risk, but not yet experiencing abuse, neglect, or exploitation
- Hiring and maintaining skilled frontline caseworkers and supervisors
- Specialized geriatric social work training is not keeping pace with the ever-increasing number of older Americans

### Non-Purchased Client Services Delivered for APS In-Home Cases by Region Fiscal Year 2011

Note: Clients in validated cases may receive more than one service.

**Social Casework** - Actions taken by the caseworker to provide assistance to a victim of abuse, neglect or exploitation, in such areas as counseling/education, assistance with benefits, and mediation. These actions may include referrals to community organizations that provide direct services to the client.

**Other Government Agency** - This term is used to describe services that were provided by another government agency. For example, the client was referred to the Social Security Administration, or the

Texas Department of Aging and Disability Services in order to resolve abuse, neglect or exploitation.

**Legal** - Legal actions that are taken as a result of Adult Protective Services involvement. An example would be Emergency Order for Protective Services.

### APS Adult Protective Services Facility Investigations Overview

The Adult Protective Services Facility Investigations Program investigates reports of abuse, neglect, and exploitation of persons with disabilities (children and adults) receiving services in state operated and/or contracted settings that serve adults and children with mental illness, mental retardation, or other types of developmental disabilities. Investigation results are sent to the facility or program administrator for appropriate action.

#### Statistics FY 2011

Completed Facility Investigations	10,981
Confirmed Facility Investigations	1,355

#### Most Common...

- Person reporting abuse/neglect/exploitation Institutional Personnel (29.4%)
- Allegation confirmed Neglect (56.9%)
- Facility setting investigated State Supported Living Centers (39.3%)

#### Legal Responsibility for Adult Protective Services

#### **Statutory References:**

Federal: Title XX, Social Security Act State: Human Resources Code, Chapters 40 and 48 Texas Family Code, Title V Health and Safety Code, Chapter 532 and Chapters 591-595

#### **Major Provisions:**

- Mandatory reporting of abuse, neglect, and exploitation of persons receiving services in state-operated mental health and mental retardation facilities (State Hospitals, State Supported Living Centers, and Rio Grande State Center) and/or state contracted settings (Community MH and MR Centers, Home and Community-based Services programs, Texas Home Living Waiver Program, and privately-operated Intermediate Care Facilities for Persons with Mental Retardation (ICFs/MR))
- After an allegation is reported to the DFPS Abuse Hotline, APS initiates investigations by notifying the facility or provider agency within one hour. APS also notifies law enforcement and the Health and Human Services Commission Office of Inspector General (OIG) within one hour, if necessary.
- Refer reports to other state agencies when DFPS is not the appropriate investigating agency
- Notify OIG(Office of Inspector General) and local law enforcement if APS has cause to believe a crime may have been committed
- · Report findings to the facility or provider
- Make referrals to the Employee Misconduct Registry of certain confirmed perpetrators
- Confidentiality of case records

#### Other Programmatic Information:

### Factors Contributing to Abuse, Neglect, and Exploitation:

- Physical Conditions/Quality of Care
- Lack of facility/ provider training, policy or procedures
- Staff burnout
- Staff shortages that lead to staff stress
- Inadequate case manager planning for behavioral concerns or plans of care
- Physical and mental stress of familial care giving in foster care settings

#### Challenges:

- Meeting Department of Justice requirements including commencement of investigations, prior case history searches, and 10 day investigation timeframes in State Supported Living Centers and Rio Grande State Center
- Requests by Law Enforcement or OIG that APS stop its investigation until they have finished
- Staff shortages in facilities affecting access to staff for interviews
- Lack of training and policy in place for community providers
- · Inability to find private space to conduct interviews
- Increase in number of intakes with fewer investigators to conduct investigations

#### Completed Facility Investigations by Source of Report Fiscal Year 2011

#### Statistics FY 2011

Texas State Child Population	6,663,942
Children, Alleged Victims	297,971
Children in Confirmed Investigations	98,435
Children Removed	17,108

#### The Child Protective Services Vision is "Children First: Protected and Connected".

**The Mission of Child Protective Services** is to protect children and to act in the children's best interest. To seek active involvement of the children's parents and other family members to solve problems that lead to abuse and neglect.

#### The Values are

- Respect for culture
- Inclusiveness of families, youth and community
- Integrity in decision making
- Compassion for all
- Commitment to reducing disproportionality

#### Most Common...

- Person reporting abuse/neglect
- School Professional (17.7%)
- Allegation confirmed

Neglectful Supervision (65.0%)

• Confirmed perpetrator of abuse/neglect

Relationship: Parent (78.2%)

Gender: Female (56.2%)

Age: Age 26-35 (38.3%)

• Characteristic of confirmed victim

Age: Age 1 to 3 (24.8%)

Gender: Female (51.7%)

#### Legal Responsibility for Child Protective Services

#### **Statutory References**

Social Security Act Texas Family Code Human Resources Code Child Abuse Prevention and Treatment Act Indian Child Welfare Act Adam Walsh Act

#### **Major Provisions**

- Definitions of abuse and neglect of children
- Mandatory reporting of suspected abuse or neglect of children
- Prepare and disseminate statistics by county relating to CPS in an annual report made available to the legislature and general public
- Responsibility for receiving reports of suspected abuse or neglect of children
- Responsibility for thorough investigation of a report of child abuse or neglect allegedly committed

by a person responsible for a child's care, custody or welfare

- Responsibility to assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child
- Take action to protect abused and neglected children from further harm
- Establish review teams to evaluate department casework and decision-making related to investigations of child abuse or neglect
- Employ Child Safety Specialists to conduct staff reviews and evaluations of cases determined to involve high risk, monitor cases with multiple referrals, and approve decisions and assessments related to investigations that involve a high risk to the health or safety of a child

- Work with children and their families, providing services to prevent further abuse, help alleviate the effects of the abuse suffered, prevent removal of the child from the home, and provide reunification services when appropriate for the return of the child to the home
- When necessary, secure appropriate court orders and take possession of a child if there is an immediate danger to the physical health or safety of the child or the child has been a victim of neglect or sexual abuse and that continuation in the home would be contrary to the child's welfare
- Make reasonable efforts to secure the return of the child
- Develop a service plan in conference with the child's parents to determine return of the child to the child's parents, termination of parental rights and placement of the child for adoption, or because of the child's special needs or exceptional circumstances continue the child's care out of the child's home
- Provide substitute care for children until the problems have been sufficiently resolved
- Provide permanent placement for children who cannot safely return to their home
- Establish a database of all verified foster homes willing to accept foster care placement of a child in care
- Recruit potential adoptive parents for children whose parents have had their parental rights terminated
- Requirements for frequency and location of contact with children in substitute care
- Requirements for conducting criminal background and central registry checks of foster and adoptive parents

The federal Fostering Connections to Success and Increasing Adoptions Act of 2008, requires DFPS to:

- Provide written notification to maternal and paternal grandparents and other adult relatives regarding a child's removal and placement in state custody and support options.
- Ensure youth aging out of state care have a Transition Plan developed within 90 days of turning 18 or the date leaving CPS extended foster care.
- Seek to have education stability for children in DFPS custody.
- Have a health oversight and coordination plan.

- Keep siblings in custody placed together. If this is not possible, the state must provide for frequent visitation or other ongoing interaction between the siblings, unless the state shows frequent visits or other interaction would be contrary to the safety or well-being of any of the siblings.
- Make eligibility changes for the Title IV-E adoption assistance program to promote adoption of children with special needs.
- Provide information about Adoption Tax Credits during training for adoptive parents.

The federal Fostering Connections to Success and Increasing Adoptions Act allows and the Texas Legislature supported:

- Establishing a relative guardianship subsidy program. For Texas, this will be a subsidy program called the Permanency Care Assistance program for relatives taking permanent managing conservatorship of a child. This program is intended to provide an additional option for children and youth who might otherwise remain in kinship foster care. It is not intended to be a long term foster care program.
- Allowing youth aging out of care to stay in extended foster care for a variety of reasons until they turn 21.
- Extending adoption assistance benefits and Permanency Care Assistance benefits until the youth turns 21 if the adoption assistance agreement or Permanency Care Assistance agreement was signed after the youth turns 16.
- Authorizing federally recognized tribes to apply for IV-E funding directly.

		Trends

#### Federal Outcomes Used to Assess Child Welfare Services

#### Safety Outcomes

- Safety Outcome 1: Children are, first and foremost, protected from abuse and neglect.
- Safety Outcome 2: Children are safely maintained in their homes whenever possible and appropriate.

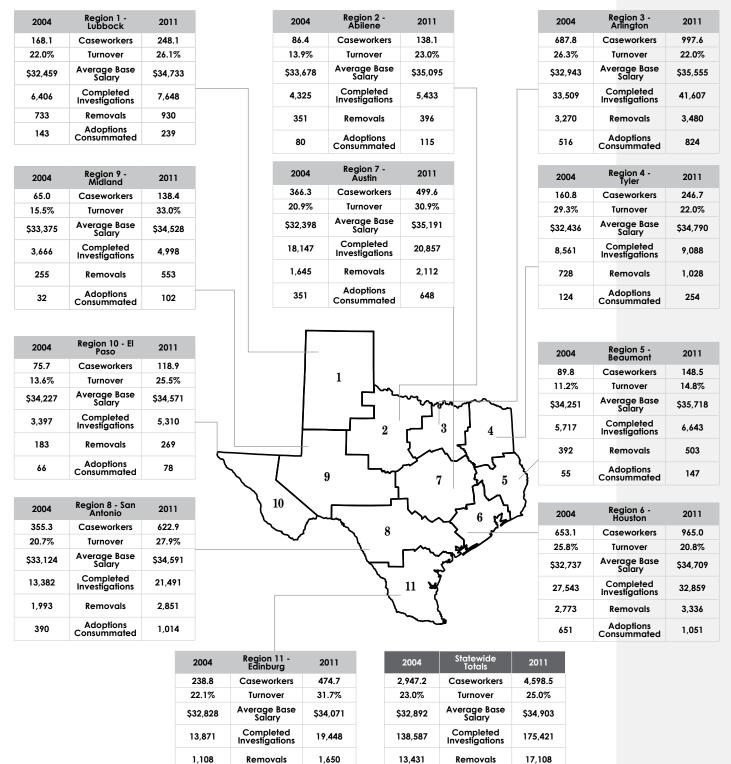

#### **Permanency Outcomes**

- Permanency Outcome 1: Children have permanency and stability in their living situations.
- Permanency Outcome 2: The continuity of family relationships and connections is preserved for children.

#### Well-Being Outcomes

- Well-Being Outcome 1: Families have enhanced capacity to provide for their children's needs.
- Well-Being Outcome 2: Children receive appropriate services to meet their educational needs.
- Well-Being Outcome 3: Children receive adequate services to meet their physical and mental health needs.

#### CPS Daily Caseload Fiscal Year 2010

Texas Child Population Ages Birth through 17 Years Fiscal Year 2011

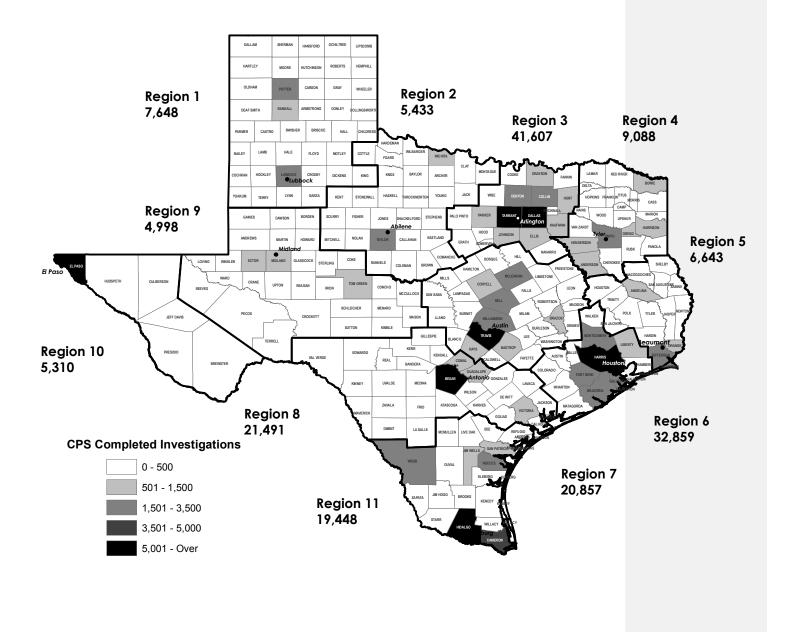

State Total: 6,663,942

Population Data Source: Texas State Data Center, University of Texas (San Antonio). Based on Census 2000 data.

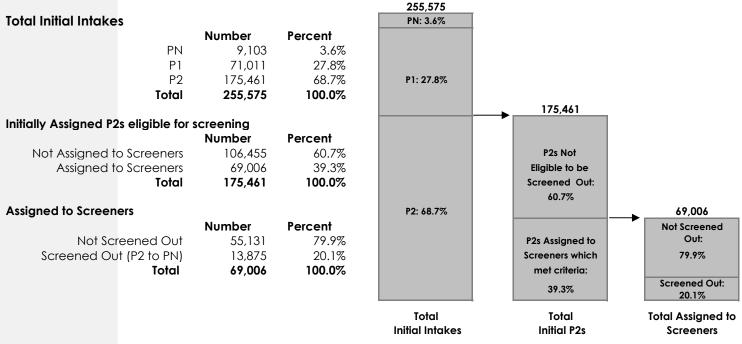

#### Child Protective Services Completed Investigations Fiscal Year 2011

State Total: 175,421

Note: 39 investigations did not have the county designated.

#### CPS Total Initial Intakes and Screened Out Cases Fiscal Year 2011

Note: When a case is a P2, all alleged victims are age 6 or older, and there is not currently an open case, a formal screening occurs. The purpose of the formal screening is to determine if CPS intervention is warranted. There may be eligible P2s not assigned to screeners. A PN is assessed when a situation appears to involve abuse or neglect, and a key piece of information from a specific identified person is needed in order to determine if an assignable allegation exists

#### Number of Completed Investigations Where Family Violence\* Was Indicated in the Risk Assessment

Fiscal Year	Number of Complete Investigations	Family Violence Indicated	Family Violence Not Indicated
2008**	165,010	49,871	115,139
2,009	165,444	54,143	111,301
2,010	169,583	54,842	114,741
2,011	175,421	56,068	119,353

\* Family violence risk is determined by a positive response to one of two questions on the risk assessment: (1) Has any person in the home ever been a victim of family violence, and (2) Has any person in the home ever been a perpetrator of family violence \*\* The questions about family violence were not part of the risk assessment for a complete fiscal year until FY2008

#### Case Action for Risk Indicated Completed Investigations Fiscal Year 2011

Open to Services	25,827	95.7%
Not Open to Services	1,159	4.3%
Total	26,986	100.0%

Note: Only investigations with a risk finding of "Risk Indicated" can be opened for further services. Opened for services is defined as services provided after the investigation was completed.

#### **Child Abuse/Neglect Allegation Dispositions**

*The categories used to record the findings of initial assessment/investigation of child abuse neglect are defined as: Confirmed Investigations* 

• **Reason to believe** – Based on preponderance of evidence, staff concluded that abuse or neglect occurred. **Unconfirmed Investigations** 

- **Ruled out** Staff determined, based upon on available information, that it is reasonable to conclude that abuse neglect has not occurred.
- Unable to complete Before staff could reach a conclusion, the persons involved in the report moved, could not be located or refused to cooperate.
- Unable to determine Staff concluded that none of the other dispositions were appropriate.

# Number of Children Removed from Home as a Result of a CPS Abuse/Neglect Investigation

\*Removals from Family Based Safety Services includes Family Preservation and Family Reunification. Note: The data presented in this chart have been modified to more accurately report where a removal occurred and therefore will not match prior data books.

#### Point of Prevalence\* for Children Entering Substitute Care Fiscal Year 2011

\* Point of prevalence is the number of children entering substitute care per 1,000 children in the region.

# Where are children in DFPS care? Of the 28,463 children in DFPS substitute care on August 31, 2011:

#### 17,183 children were in Foster Care

#### 11,797 children were placed in Child Placing Agency (CPA) Foster Homes

Foster homes are families who accept foster children into their homes. These foster homes are recruited, trained, verified and managed by private CPAs. DFPS has contracts with over 100 CPAs.

The majority of CPA foster homes are verified to provide *therapeutic* foster care services.

**508** of these children were place in Kinship Verified Foster Homes

# 2,147

# children were placed in **DFPS Foster Homes**

These are families who accept foster children into their homes and are recruited, trained, verified and managed by DFPS. The majority provide *basic* foster care services.

**223** of these children were place in Kinship Verified Foster Homes

782

children were placed in **Basic Child Care** These are typically cottage and campus type settings meeting basic child needs

### 1,509

children were placed in Residential Treatment Centers

An RTC is a very structured setting for children with serious emotional disturbance or mental health issues.

# 553

children were placed in Emergency Shelters These are intended for stays of less than 30 days.

#### 395

children were placed in

**Other types of foster care** such as camps, maternity homes hospitals, juvenile detention, ICF-MR, HCS homes, state schools & hospitals.

#### 11,280 children were in other types of Substitute Care

#### 9,858

# children were placed in **Kinship Care**

DFPS supports eligible relative caregivers by assisting with initial costs of accepting a child and through ongoing case management.

# 472

children were in pending adoptions in **CPA Adoptive Homes** 

#### 554

#### children were placed in Other Substitute Care

which includes independent living programs, unauthorized absences and court ordered placements.

#### Notes:

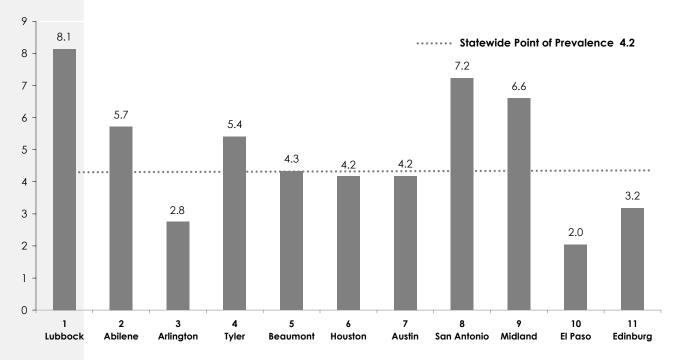

A. The 28,463 children includes 588 youth over the age of 18 in foster care, but who have "aged-out" of the legal conservatorship of DFPS.

B. There are a total of 30,204 children in DFPS legal responsibility. 2,329 are in the legal conservatorship of DFPS but **not** in substitute care; the majority of these children are in a reunification stage and are living with their families of origin.

Parental Rights Terminated (One Parent)	526	2.0%	397	1.4%	396	1.3%
Possessory Conservatorship****	41	0.2%	34	0.1%	37	0.1%
Total	26,463	100.0%	28,893	100.0%	30,204	100.0%

\* Care, Custody and Control - In some counties in Texas, this type of custody is given at an Ex Parte Hearing rather than appointing a temporary managing conservator. This provides legal authority for DFPS to ensure a child's safety and meet a child's basic needs for shelter, food, and education.

\*\* Temporary Managing Conservatorship - TMC is awarded to DFPS as a result of a court hearing and written order and continues until a judge issues another order changing the legal status. It authorizes DFPS to act in the child's best interest and has exclusive rights including the following and others: designating the primary residence of a child, make decisions concerning the child's education, consent to marriage or enlistment in the armed forces.

\*\*\* Permanent Managing Conservatorship - PMC is awarded to DFPS as a result of a court hearing and written order. PMC authorizes DFPS to act in the child's best interest and have the rights of a Managing Conservator on a permanent basis.

\*\*\*\* Possessory Conservatorship - The court appoints a parent as Possessory Conservator who is not appointed as a sole or joint managing conservator, unless this appointment is not in the best interest of the child. Possessory Conservators are provided with visitation orders, unless access would endanger the child physically or emotionally.

#### Children in DFPS Legal Responsibility by Living Arrangement at End of Each Fiscal Year

#### Average Monthly Number of Children and Young Adults, FTEs\* in Paid Foster Care by Service Levels Fiscal Year 2011

	Number of Children &	
Service Level	Young Adults	Number of FTEs
Basic	11,338	10,047
Child Specific**	40	36
Emergency Shelter	978	612
Intense	291	258
Moderate	3,551	3,246
Psychiatric Transition	17	12
Specialized	2,737	2,490
	18,952***	16,701
Unduplicated Count	18,446	

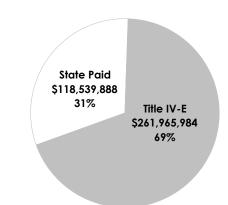

Note: Calculations exclude children where cost of care was not covered by Title IV-E or state paid foster care. \* An FTE is calculated by dividing the number of paid foster care days in the month by the number of days in a month.

\*\* Child Specific contracts do not have an actual level of care.

\*\*\* Duplicated count due to changes in service levels during the month.

Note: For HHSC 24-Hour Residential Child Care Facilities Rates go to http://www.dfps.state.tx.us/PCS/rates\_childcare\_reimbursement.asp

Foster Care Expenditures by Source Fiscal Year 2011 Total Expenditures: \$380,505,872

#### Title IV-E Foster Care Program Description

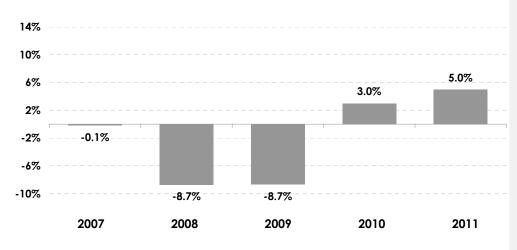

The Foster Care Program helps States to provide safe and stable out-of-home care for children until the children are safely returned home, placed permanently with adoptive families or placed in other planned arrangements for permanency. Funds are available for: monthly maintenance payments to eligible foster care providers; administrative costs to manage the program; training staff and foster parents; foster parent recruitment; and other related expenses.

State Paid Foster Care may be funded with Federal Block Grant (TANF)

Fiscal Year	State Paid Children in Foster Care**	State Paid Young Adults* in Foster Care**	Title IV-E Children in Foster Care	Title IV-E Young Adults* in Foster Care	Total Children & Young Adults in Foster Care***	% Change from Previous Fiscal Year

### 72 Child Protective Services

**Family Group Decision Making (FGDM)** is a part of the CPS process to be family-centered. The goal is to enhance safety, permanency, and well-being for children by providing direct services and support services to their caregivers, whether biological or through affinity. FGDM describes a variety of practices to work with and engage families in problem solving, including Family Team Meetings (FTM), Family Group Conferences (FGC), and Circles of Support (COS):

- **Family Team Meeting (FTM)** is designed as a rapid response to child safety and placement concerns and is used to achieve positive outcomes for children in the earliest stages of interaction between CPS and families.
- Family Group Conference (FGC) is a process where families join with relatives, friends, and others in the community to develop a plan to ensure children are cared for and protected from future harm. This broader constellation of "family" convenes with information providers/community supports and CPS caseworkers in a unique partnership that empowers the "family group" with a high degree of decision-making authority and responsibility.
- **Circles of Support (COS)** is a youth-focused, youth-driven meeting with the primary purpose of developing a plan for older youth to transition from foster care to adulthood. It may be used for other purposes as well. It includes broader participation of the youth's support network.

# Preparation for Adult Living (PAL) Services Youth Ages 16 through 20

The Transitional Services Program includes Preparation for Adult Living (PAL) program services to help youth aging out of foster care prepare for adult life, and assist with the initial transition to adult living. PAL services ensure that DFPS foster youth and those aging out of care receive the tools, resources, supports, and personal and community connections they need to become self-sufficient adult. Supportive services and benefits are provided to eligible youth ages 16 to 21, and in some cases up to age 23 for certain educational/vocational needs, to assist when they leave foster care.

Note: 567 youth who were not served in FY 2011 received services prior to FY 2011.

# DCL Child Day Care Licensing Overview

The Texas Department of Family and Protective Services is granted its authority to regulate child-care facilities and child-placing agencies by the Texas Legislature in Chapter 42 of the Texas Human Resources Code.

The purpose of regulation is to protect a group or class of children by establishing and enforcing statewide minimum standards.

# Legal Responsibility for Child-Care Licensing

Day Care and Residential Care: Statutory References Social Security Act Human Resources Code, Chapters 40, 42, and 43 Texas Family Code, Title 5 Texas Government Code Texas Health and Safety Code, Chapter 249 Texas Administrative Code, Title 40

### **Major Provisions:**

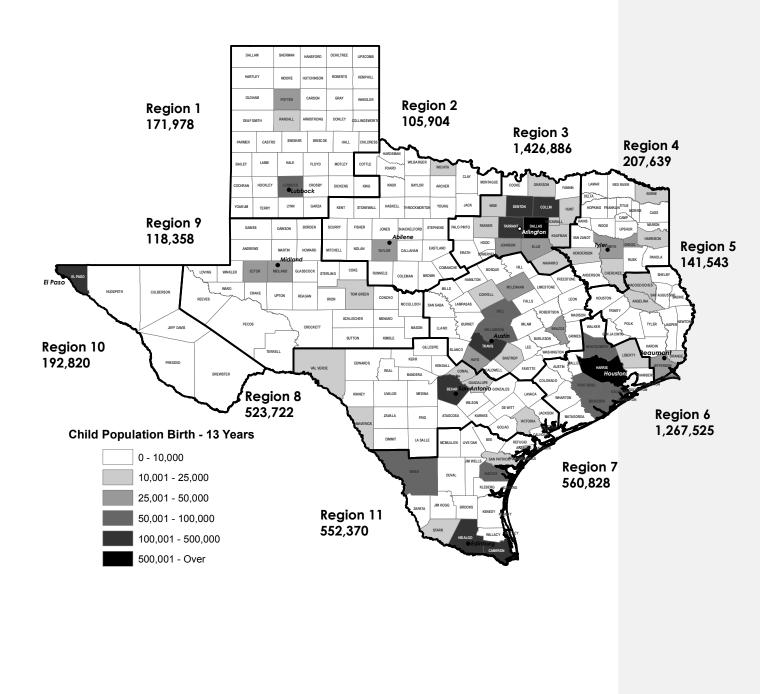

- Develop minimum standards to promote the health, safety, and well being of children in out-of-home care.
- Inspect child-care operations to ensure they maintain compliance with minimum standards.
- Investigate allegations of abuse/neglect, investigate violations of standards or the law and ensure appropriate enforcement actions are taken.
- Conduct criminal background checks and DFPS Central Registry checks on all adult staff or caregivers, other adults and youth ages 14 to 18 who will be in regular or frequent contact with children in child-care operations.
- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with Licensing standards.
- Educate the general public about choosing regulated child-care and inform them of the childcare options in Texas through media campaigns and by maintaining an online database of child-care providers, including information regarding each operation's compliance history.
- Enforce regulatory requirements for all child-care providers, including illegally operating child-care providers.

### Other Programmatic Information: Challenges

- Consistently enforcing adherence to minimum standards across the state.
- Developing cooperative, professional, and effective relationships with child-care operations resulting in increased compliance and stronger protection for children.
- Providing technical assistance to all child care operations, especially focusing on those struggling to maintain compliance with standards.
- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

### Texas Child Population Ages Birth through 13 Years Fiscal Year 2011

State Total: 5,269,573

Population Data Source: Texas State Data Center, University of Texas (San Antonio). Based on Census 2000 data.

\* Only includes deficiencies where administrative review was upheld or waived.

\*\* As described in FY 2011.

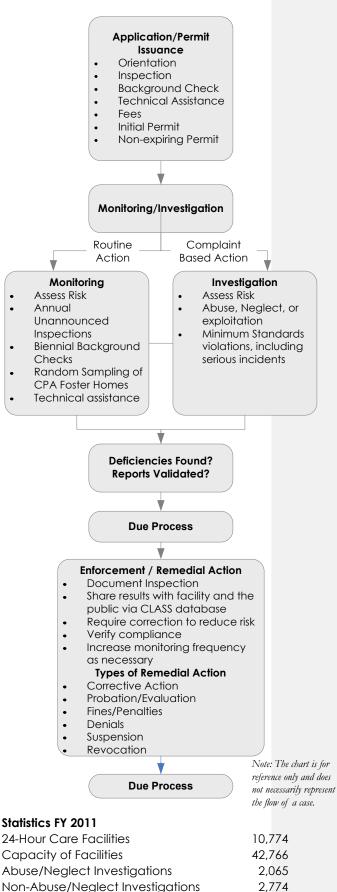

Note: Does not include assessment deficiencies.

# RCCL Residential Child Care Licensing Overview

The Texas Department of Family and Protective Services is granted its authority to regulate child care facilities and child placing agencies by the Texas Legislature in Chapter 42 of the Texas Human Resources Code.

The purpose of regulation is to protect a group or class of children by establishing and enforcing statewide minimum standards.

group or class of children by est	-
enforcing statewide minimum st	andards.

### Legal Responsibility for Child-Care Licensing

Day Care and Residential Care: Statutory References Social Security Act Human Resources Code, Chapters 40, 42, and 43 Texas Family Code, Title 5 Texas Government Code Texas Health and Safety Code, Chapter 249 Texas Administrative Code, Title 40

### **Major Provisions:**

- Develop minimum standards to promote the health, safety, and well being of children in out-of-home care.
- Inspect child-care operations to ensure they maintain compliance with minimum standards.
- Investigate allegations of abuse/neglect, investigate violations of standards or the law and ensure appropriate enforcement actions are taken.
- Conduct criminal background checks and DFPS Central Registry checks on all adult staff or caregivers, other adults and youth ages 14 to 18 who will be in regular or frequent contact with children in child-care operations.
- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with Licensing standards.
- Educate the general public about choosing regulated child-care and inform them of the childcare options in Texas through media campaigns and by maintaining an online database of child-care providers, including information regarding each operation's compliance history.
- Enforce regulatory requirements for all child-care providers, including illegally operating child-care providers.
- Conduct inspections of a random sample of agency foster homes.
- Conduct annual enforcement team conferences to thoroughly review operations.

### Other Programmatic Information: Challenges

- Consistently enforcing adherence to minimum standards across the state.
- Developing cooperative, professional, and effective relationships with operations resulting in increased compliance and stronger protection for children.
- Providing technical assistance to all child care operations, especially focusing on those struggling to maintain compliance with standards.
- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

### Inspections in Residential Child Care Licensing Operations

Note: RCCL inspects agency foster homes for two reasons (1) to conduct an investigation; or (2) to determine whether the CPA managing the foster homes is compliant in its verification, monitoring and management of the foster home and the children in care. Foster home inspections for the latter purpose are periodically selected at random from across the state from the DFPS database for inspection.

9	748.3301 (i)	Physical Site-Equipment and furniture must be safe for children and must be kept clean and in good repair	50	0.9
10	749.2593(a)(3)	Supervision-The caregiver is responsible for ensuring each child's safety and well being, including auditory and/or visual awareness of the child	49	0.8

\* Only includes deficiencies where administrative review was upheld or waived.

\*\*As described in FY 2011

Note: Does not include assessment deficiencies.

# Legal Responsibility for the Division of Prevention and Early intervention

Federal: Title XX, Social Security Act			
Federal	Federal: Title IV-B, Part 2, Social Security Act		
State:	Texas Family Code, 264.301 also Chapter		
	265 – created through SB1574 below		
State:	Senate Bill 1574, 76th Legislature		
State:	Human Resources Code, 40.0561		

The Division of Prevention and Early Intervention (PEI) was created to consolidate prevention and early intervention programs within the jurisdiction of a single state agency. Consolidation of these programs is intended to eliminate fragmentation and duplication of contracted prevention and early intervention services for at-risk children, youth, and families.

- **Community Youth Development (CYD)**-The CYD program contracts with community-based organizations to develop juvenile delinquency prevention programs in ZIP codes with high juvenile crime rates. Approaches used by communities to prevent delinquency have included mentoring, youth employment programs, career preparation, youth leadership development and recreational activities. Communities prioritize and fund specific prevention services according to local needs. CYD services are available in 15 targeted Texas ZIP codes.
- Services to At-Risk Youth (STAR)-The STAR program contracts with community agencies to offer family crisis intervention counseling, shortterm emergency respite care, and individual and family counseling. Youth up to age 17 and their families are eligible if they experience conflict at home, truancy or delinquency, or a youth who runs away from home. STAR services are available in all 254 Texas counties. Each STAR contractor also provides universal child abuse prevention services, ranging from local media campaigns to informational brochures and parenting classes.
- Texas Families: Together and Safe-TFTS funds evidence-based, community-based programs designed to alleviate stress and promote parental competencies and behaviors that increase the ability of families to become self-sufficient and successfully nurture their children. The goals of TFTS are to: improve and enhance access to family support services; increase the efficiency and effectiveness of community-based family support services; enable children to remain in their own

homes by providing preventative services, and to increase collaboration among local programs, government agencies, and families.

- Community-Based Child Abuse Prevention-The CBCAP program seeks to increase community awareness of existing prevention services, strengthen community and parental involvement in child abuse prevention efforts, and encourage families to engage in services that are already available. CBCAP funds a variety of contracts with community based organizations to provide child abuse and neglect prevention services. These include the Relief Nursery, Family Support and Rural Family Support programs, as well as various special initiatives and public awareness campaigns.
- Family Strengthening A variety of Family Strengthening services, available across the state, have been evaluated and proven to effectively increase family protective factors. These services are designed to increase the resiliency of families and prevent child abuse and neglect. Programs must also foster strong community collaboration to provide a continuum of family services.
- Youth Resiliency Youth Resiliency Programs provide services proven to increase protective factors for youth. A variety of services are available across the state designed to increase youth resiliency and prevent juvenile delinquency. These programs must foster strong community collaboration to provide a continuum of services for participating youth.
- Community Based Family Services This program serves families who were investigated by CPS but whose allegations were unsubstantiated, through community and evidence-based services. Services include home visitation, case management, and additional social services to provide a safe and stable home environment.
- Tertiary Child Abuse Prevention Communitybased, volunteer-driven prevention, intervention,

and aftercare services are provided for children who are or have been, or who are at risk of being, abused and/or neglected. The goals of the program include reducing child maltreatment and the number of families re-entering the Child Protective Services system. Additional goals are to improve the quality and availability of aftercare services for abused children and enhance a statewide network of tertiary child abuse prevention programs.

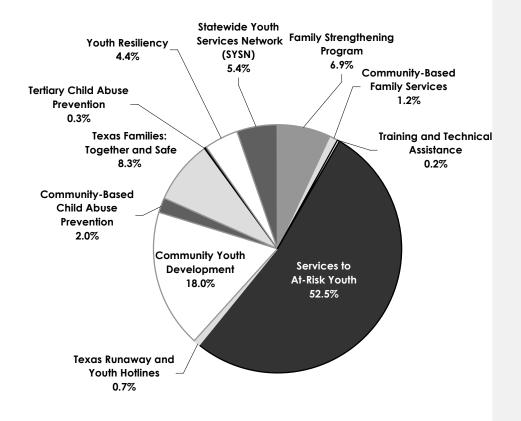

- Statewide Youth Services Network- The Statewide Youth Services Network contracts provide community and evidence-based juvenile delinquency prevention programs focused on youth ages 10 through 17, in each DFPS region.
- Texas Youth and Runaway Hotlines-The toll-free Texas Runaway Hotline and the Texas

Youth Hotline offer crisis intervention, telephone counseling, and referrals to troubled youth and families. Volunteers answer the phones and interact with callers facing a variety of problems including family conflict, delinquency, truancy, and abuse and neglect issues. The program increases public awareness through media efforts that may include television, radio, billboards and other printed materials.

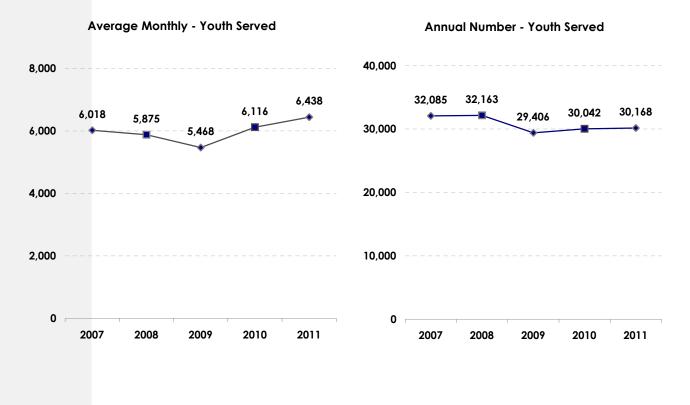

#### Prevention and Early Intervention - Expenditures and Staffing as of 12/29/2011

# Texas Youth and Runaway Hotlines Incoming Calls by Fiscal Year

Fiscal Year	Texas Youth & Runaway Hotlines	Forwarded from STAR Program	Total Calls
2007	21,714	13,834	35,548
2008	19,363	11,913	31,276
2009*	13,072 **	0	13,072**
2010*	12,940	0	12,940
2011*	9,757	0	9,757

\*In prior fiscal years calls were forwarded from STAR program when STAR program operators were absent or unavailabe. Begining in fiscal year 2009, the STAR program was required to have staff available at all times so calls were no longer forwarded and therefore not included in the Runaway Hotline counts.

\*\*Fiscal Year 2009 call data from the Youth hotline 1-800-98YOUTH is incomplete and missing due to a reporting malfunction (number was omitted from Vendor's online reporting system).

Program	Subject (i.e., Primary Service)	Description	Primary Payment Type(s)	Number of FY 2011 Contracts	Number of FY 2011 Contractors	•	enditures (as of 12/29/2011)
	Claims Processing	Contracted check writing services for the purpose of processing payment to persons and entities having delivered goods or services to eligible clients.	FS	1	1	\$	4,587,115.68
	Counseling	Counseling for APS clients.	FS	31	30	\$	9,472.66
	Extermination	Treatment of a residence with commercial sprays to remove roaches, ants, spiders, silverfish, fleas, and earwigs, and other insect pests. May include treatment for rodent problems.	FS	3	3	\$	9,151.91
	Heavy Cleaning	Restoration of a safe living environment by clearing trash, debris, accumulated grime, insects, rodents, animal feces, and dead animals from inside or outside a client's home. Does not include normal housekeeping or home maintenance services.	FS	31	28	\$	275,142.27
	Medical and Mental Health Assessments	Contracted home or office visits by a physician, psychiatrist, registered nurse, or other health professional to evaluate a client's capacity to consent, mental health condition, and need for treatment. May also include home and/or office visits by a psychologist to evaluate the client's mental status and competency. The service must include provision of a written assessment, consultation to the caseworker, and court testimony.	FS; NA	16	15	\$	268,714.59
	Money Management	Paying bills, budgeting, and managing financial affairs for a client who needs assistance with these tasks. This must include services of a representative payee, who is accountable to the source of income (Social Security or Veteran's Administration).	FS	5	5	\$	11,087.70
APS	On-going Service Support	Services provided by a community agency staff to ensure the health and safety of clients and provide access to available community services. Services include, but are not limited to, arranging for and transporting clients to medical appointments, assisting clients with payment of bills, and financial management, contacting resources to obtain emergency assistance, and assisting clients with applications for Food Stamps, Social Security, and other benefits. On- going support services cannot be used for the initiation of the investigation, initial face-to-face visit, collateral investigative contacts, assessment, or service plan development.	CR; FS	10	9	\$	80,863.15
	Personal Assistance Care	Regular, non-skilled, non-technical service provided in a client's home by a licensed home and community support services agency. Tasks performed for the client may involve basic tasks, which include personal care, housekeeping, meal preparation, and other activities of daily living; high-risk clients may also need assistance with transferring into or ot of bed, chair, or toilet, eating, getting to or using the toilet, taking self-administered medication, preparing a meal, etc. Additionally, if the caseworker determines that there is a high likelihood that the client's health, safety, or well-being would be jeopardized if the services were not provided on a single given shift, and if no one else can be identified by the caseworker as being capable or willing to provide the needed assistance, services for high-risk clients may be required outside normal work hours.	FS	39	36	\$	396,329.66
	Program Direct Purchases (PDPs)	Individual purchase orders less than \$2,000 issued to service providers who do not have an existing contract with the Department.	FP	95	92	\$	664,383.92
	Purchase Order for Placement Services (POPS)	Emergency short term residential care.	RBP	114	100	\$	385,731.32
	Transportation	Transportation of a client to and from medical appointments, placements, or community agency or governmental offices to secure resources. Depending on the impairment of the client, transportation may be provided by ambulance, taxi, or private automobile with escort.	FS	1	1	\$	14,709.00
APS TOT	AL			346	320	\$	6,702,701.86

\* Subcategory of Unconfirmed investigation

Only includes children who received post-investigation services

Children removed from home as a result of a completed investigation without regards to any concurrent open family stages, a subset of total children entering substitute care.

This table addresses Texas Family code S261.004, subsections (b) (2) and (4) (B through F) respectively. Note: See "CPS Children in Care During the Fiscal Year 2011" p. 150-155, for total removals.

\* Children in foster care is by living arrangement and will not equal children in paid foster care.

\*\* Point of Prevalence: Rate of annual number of children in DFPS legal responsibility in Fiscal Year 2011 per 1,000 children in the child population.

\*\*\* Substitute care and foster care include children ages 0 to 20. Children age out of DFPS legal responsibility at age 18 but may remain in foster care. Youth ages 18 and over who are in foster care are counted in substitute care.

Population Data Source: Texas State Data Center, University of Texas (San Antonio) - based on Census 2000 data

CBCAP - Community-Based Child Abuse Preventon FSP - Family Strengthening Program TFTS - Texas Families: Together and Safe

### Definitions

#### Adult Protective Services Program

**Abuse (In-Home)** - The negligent or willful infliction of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical or emotional harm or pain by a caretaker, family member, or other individual with whom the person who is elderly or disabled has an ongoing relationship.

Adult - A person 18 or older, or an emancipated minor.

Aged or Elderly Person - A person 65 or older.

Allegation (In-Home) - An assertion that a person who is elderly or who is an adult with a disability is in a state of, or at risk of, harm due to abuse, neglect, or exploitation.

**Allegation (Facility Investigations Program)** - A report by an individual that a person receiving services in a state operated and/or contracted setting that serves children and adults with mental illness or mental retardation has been or is in a state of abuse, neglect, or exploitation.

**Alleged Perpetrator - (In-Home)** A person who is reported to be responsible for the abuse, neglect or exploitation of a person who is elderly or who is an adult with a disability.

Alleged Perpetrator- (Facility Investigations Program) - Staff employed in a state operated and/or contracted setting that serves persons with mental illness or mental retardation who is reported to have abused, neglected or exploited a person served in a state operated and/or contracted setting.

Alleged Victim - (In-Home) An elderly person or an adult with a disability who has been reported to adult protective services staff to be in a state of or at risk of abuse, neglect, or exploitation.

Alleged Victim (Facility Investigations Program) - A person served who is alleged to have been abused, neglected, or exploited.

#### APS - Adult Protective Services

**APS In-Home -** The term used to refer to investigations and service delivery related to abuse, neglect, and exploitation of persons who are elderly and adults with disabilities who generally live in non-institutional settings, such as private homes, small foster homes, and legally unlicensed room and board facilities. APS in-home caseworkers investigate exploitation in licensed facilities when the alleged perpetrator is not affiliated with the institution and has an ongoing relationship with the alleged victim. In previous years Adult Protective Services in-home cases have been referred to as "community" cases. To avoid confusion with investigations in community facility centers, the title "community" is no longer used when referring to the APS in-home program area.

**APS Facility Investigations Program -** Investigations conducted by APS related to abuse, neglect, or exploitation of persons with disabilities served by state operated mental health and mental retardation facilities and/or state contracted settings.

**Capacity to Consent -** Having the mental and physical ability to understand the current problems and the services offered and to accept or reject those services, knowing the consequences of the decision.

**Caretaker** - A guardian, representative payee, or other person who by act, words, or course of conduct has acted so as to cause a reasonable person to conclude that he has accepted the responsibility for protection, food, shelter, or care for a person who is elderly or an adult with a disability.

**Client (In-Home)** - A person who is elderly or an adult with a disability who has been determined in a validated finding to be in need of protective services.

Confidentiality - Records relating to the department's protective clients are not open to public inspection.

**Confirmed (Facility Investigations) -** There is a preponderance of credible evidence to support that abuse, neglect, or exploitation occurred.

**Court-Authorized Entry -** To carry out an investigation of reported abuse, neglect, or exploitation, the court may authorize the department to enter the premises of an elderly person or an adult with a disability.

**Designated Perpetrator - (In-Home)** A person who has been determined in a validated finding to have abused, neglected or exploited an elderly person or an adult with a disability.

**Designated Perpetrator (Facility Investigations Program) -** Staff working in a state operated and/or contracted setting serving persons with mental illness or mental retardation who has been determined in a confirmed finding to have abused, neglected or exploited a person served in a state operated and/or contracted setting.

**Designated Victim (In-Home)** - An elderly person or an adult with a disability for whom a finding of self-neglect or suicidal threat or abuse, neglect, or exploitation by a caretaker, family member or person with an ongoing relationship has been validated.

**Designated Victim (Facility Investigations Program) -** A person served who has been abused, neglected, or exploited.

Developmental Disability - A severe, chronic disability of an individual that:

- results from a mental and/or physical impairment;
- begins before age 22;
- is likely to be life-long;
- results in major limitations in three or more areas of everyday functioning (self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency); and
- reflects the individual's need for special services that are individually planned and coordinated.

**Disabled Person -** A person with a physical, mental, or developmental disability that substantially impairs the person's ability to provide adequately for the person's care or protection and who is 18 years of age or older or under 18 years of age and who has had the disabilities of minority removed.

**Purchased Client Services (PCS)** - Purchased client services provided in accordance with §48.002(5) of the Human Resources Code, includes, but is not limited to, emergency shelter, medical and psychiatric assessments, in-home care, residential care, heavy housecleaning, minor home repairs, money management, transportation, emergency food, medication, and other supplies. Specific purchased client services are only provided if those specific services are not available through other state and local resources. A person who is elderly or an adult with disabilities is eligible to receive purchased client services from Adult Protective Services in accordance with §§48.002(5) and 48.202 of the Human Resources Code when a service plan has been developed by the department under these sections that indicates that purchased client services are needed to remedy abuse, neglect, or exploitation. All other available resources must be used where feasible before emergency client services are initiated.

**Emancipated Minor -** A person under age 18 who has the power and capacity of an adult. This includes a minor who has had the disabilities of minority removed by a court of law or a minor who, with or without parental consent, has been married.

**Emotional or Verbal Abuse (In-Home) -** Any use of verbal communication or other behavior to humiliate, intimidate, vilify, degrade, or threaten with harm.

**Emotional or Verbal Abuse (Facility Investigations Program) -** Any act or use of verbal or other communication, including gestures to curse, vilify or degrade a person served by a Facility facility or program, or threaten a person served with physical or emotional harm. The act or communication must result in observable distress or harm to the person served by a facility or program, or be of such nature that a reasonable person would consider it harmful or causing distress.

**Exploitation (In-Home)** - The illegal or improper act or process of a caretaker, family member, or other individual who has an ongoing relationship with a person who is elderly or disabled using the resources of the person who is elderly or disabled for monetary or personal benefit, profit, or gain without the informed consent of the person who is elderly or disabled.

**Exploitation (Facility Investigations Program) -** The illegal or improper act or process of using a person served by a facility or program or the resources of a person served by a facility or program for monetary or personal benefit, profit, or gain when the alleged perpetrator is an employee, agent, or contractor.

Facility - State Supported Living Centers (SSLC), State Hospitals, privately operated ICFs/MR, and the Rio Grande State Center.

**Facility Non-Institutional Settings -** Home and Community-Based Waiver (HCS-W) services, Texas Home Living Waiver program and Community Facility Centers. Community Centers may contract to provide a number of services including Intermediate Care for Persons with Mental Retardation (ICF-MR), home and community-based services (HCS) and adult day programs.

**False Reports -** A person commits an offense if the person knowingly or intentionally reports information that the person knows is false or lacks factual foundation. Such an offense is a Class B misdemeanor.

**Immunity** - A person filing a report, participating in an investigation, testifying, or participating in any judicial proceeding arising from a petition, report, or investigation is immune from civil or criminal liability. A person, including an authorized department volunteer, medical personnel, or law enforcement officer, who participates in an investigation or the provision of services is also immune as long as the person is acting in good faith.

**Incapacitated Person -** An adult individual who, because of a physical or mental condition is substantially unable to provide food, clothing, or shelter for himself or herself, to care for the individual's own physical health, or to manage the individual's own financial affairs; a missing person; or a person who must have a guardian appointed to receive funds due the person from any governmental source. (A minor is also a legally incapacitated person.)

**Incidence of Maltreatment -** Ratio of the number of validated APS in-home cases in a geographic area to the total population in that area of persons who are elderly and persons who have disabilities.

**Inconclusive (Facility Investigations) -** There is not a preponderance of credible evidence to indicate that abuse, neglect, or exploitation did or did not occur due to lack of witnesses or other available evidence.

**Information Management Protecting Adults and Children in Texas (IMPACT) -** The browser-based software application by which Adult Protective Services (APS) and Child Protective Services (CPS) staff document cases.

**Intake Priorities (In-Home)** - In establishing priorities, the department defines the time frames for beginning an investigation and for conducting a face-to-face interview with the alleged victim. Adult Protective Services' priorities are based on the degree of severity and immediacy of the alleged harm to the individual.

**Priority I** - APS reports that allege the victim is in a state of serious harm or is in danger of death from abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within 24 hours of the department's receipt of a Priority I report, which may include, but is not limited to, the following:

- 1. Serious injuries. Examples: spinal injury, fractured ribs puncturing lung, head injury, severe burns, broken hip, internal injuries.
- 2. Lack of life-sustaining medication.
- 3. Serious threats by caretaker to harm or kill alleged victim.
- 4. Lack of basic physical necessities severe enough to result in freezing, starvation, or dehydration.
- 5. Need for immediate medical attention to treat conditions that could result in irreversible physical harm, e.g., unconsciousness, acute pain, severe respiratory distress, gangrene, hemorrhaging, severe malnutrition.
- 6. Suicide threats or attempts unless there is clearly no immediate danger to the alleged victim.

- 7. Sexual abuse when there is danger of repeated abuse.
- 8. No caretaker is available; the alleged victim is unable to perform critical personal care activities, and his needs cannot be met by community care services.

**Priority II -** APS reports that allege the victim is abused, neglected, or exploited and as a result is at risk of serious harm. The caseworker must attempt a face-to-face visit with the alleged victim within three calendar days of the department's receipt of a Priority II report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 4. Priority II reports may include, but are not limited to, the following:

- 1. Critical need for mental health or medical treatment. Examples: suicidal but no immediate danger, overly aggressive behavior, open bedsores or other open wounds, malnutrition, sprains, fractures, or disease or illness of an acute nature.
- 2. Falling or being pushed, hit, or scratched, which is reported to have resulted in bruises, other injuries, or severe mental anguish.
- 3. Inadequate attention to physical needs. Examples: insufficient food or medicine.
- 4. Illegal or improper use of alleged victim's income or resources to the degree that alleged victim is unable to meet basic subsistence needs or is threatened with substantial loss of income or resources.
- 5. Unreasonable confinement.
- 6. Sexual abuse of the alleged victim by the caretaker, but clearly no immediate danger of repeated abuse.
- 7. Caretaker has threatened physical violence that would cause harm to the alleged victim.
- 8. Living conditions that pose a serious health or safety hazard. Examples: fecal contamination, dead animals, major structural damage to shelter.
- 9. Imminent eviction from a nursing home because the alleged victim's representative has failed to use the alleged victim's income to pay for his care.
- 10. Threatened loss of caretaker when the alleged victim is dependent for basic needs.

**Priority III** - Consists of all other APS reports that allege the victim is in a state of abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within seven calendar days of the department's receipt of a Priority III report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 8. Priority III reports may include, but are not limited to, the following:

- 1. Verbal or emotional abuse. Examples: harassment, cursing, degrading remarks, intimidation.
- 2. Marginal care or threatened withdrawal of care by caretaker when the alleged victim needs some assistance with his basic activities of daily living.
- 3. Falling or being pushed, hit, or scratched when such actions are not reported to result in bruises, other injuries, or severe mental anguish.
- 4. Need for mental health or medical treatment that is not urgent. Examples: mild depression, delusional thinking that is not dangerous to the alleged victim or others, poor nutrition, or disease or illness that is not acute.

**Priority IV** - APS reports that allege exploitation when there is no danger of imminent impoverishment or deprivation of basic needs. The caseworker must attempt a face-to-face visit with the alleged victim within 14 calendar days from the date the department receives a Priority IV report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 15. Priority IV reports may include, but are not limited to, the following:

- 1. Lack of appropriate contribution to food and shelter expenses by household members.
- 2. Misuse of a nursing home resident's personal needs allowance by someone who is not affiliated with the nursing home. (If the alleged perpetrator is an employee of the nursing home, the report is referred to the Texas Department of Aging and Disability Services.)

- 3. Improper use of income or resources but the alleged victim's needs are still met.
- 4. Exploitation that is not ongoing and is not likely to recur.

#### Intake Priorities for Facility Investigations Program -

**Priority I -** Priority I reports have a serious risk that a delay in the investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by an act or omission that caused or may have caused serious physical or emotional harm. Priority I reports include, but are not limited to: death, sexual abuse, serious physical abuse injury, serious verbal or emotional abuse, or incitement to harm self or others. The investigator must attempt a face-to-face contact with the alleged victim within 24 hours of receipt of the report by the department.

**Priority II -** Priority II reports have some risk that a delay in investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by act or omission that caused or may have caused non-serious physical injury, or emotional harm not included in Priority I. Priority II reports include, but are not limited to, the following: non-serious physical injury, non-serious verbal/emotional abuse, and/or exploitation. The investigator must attempt a face-to-face contact with the alleged victim within three calendar days of receipt of the report by the department.

**Priority III -** Priority III reports allege maltreatment that would otherwise be classified as Priority I or II but the alleged incident occurred more than 30 days prior to the date of the report and there is no known or perceived risk. The investigator must attempt a face-to-face contact with the alleged victim within seven calendar days of receipt of the report by the department. Investigations in SSLCs and the ICF/MR component of the Rio Grande State Center can only be PI or PII.

**Institution -** An establishment that furnishes, in one or more facilities, food and shelter to four or more persons who are unrelated to the proprietor of the establishment and provides minor treatment under the direction and supervision of a physician licensed by the Texas State Board of Medical Examiners, or other services that meet some need beyond the basic provision of food, shelter, and laundry.

**Invalid (In-Home)-** based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or exploitation did not occur.

Least Restrictive Alternative - An action or service that protects a client while allowing personal autonomy to the fullest degree possible.

**Neglect (In-Home)** - The failure to provide for one's self the goods or services, including medical services, which are necessary to avoid physical or emotional harm or pain or the failure of a caretaker to provide the goods or services.

**Neglect (Facility Investigations Program)** - When the alleged perpetrator is a mental health or mental retardation employee, agent, or contractor, neglect is defined as a negligent act or omission by any individual responsible for providing services to a person served by a facility or program, which caused or may have caused physical or emotional injury or death to a person served or which placed a person served at risk of physical or emotional injury or death. Neglect includes, but is not limited to, the failure to:

- 1. establish or carry out an appropriate individual program plan or treatment plan for a person served, if such failure results in a specific incident or allegation involving a person served by a facility or program;
- 2. provide adequate nutrition, clothing, or health care to a specific person served in a residential or inpatient program; or
- 3. provide a safe environment for a specific person served, including the failure to maintain adequate numbers of appropriately trained staff if such failure results in a specific incident or allegation involving a person served by a facility or program.

**Objection to Medical Treatment -** Medical treatment may not be ordered for clients who object to treatment on religious grounds.

**Physical Abuse (Facility Investigations Program) -** When the alleged perpetrator is an employee, agent, or contractor, physical abuse is defined as:

- 1. an act or failure to act performed knowingly, recklessly, or intentionally, including incitement to act, which caused or may have caused physical injury or death to a person served;
- 2. an act of inappropriate or excessive force or corporal punishment, regardless of whether the act results in a physical injury to a person served; or
- 3. the use of chemical or bodily restraints on a person served not in compliance with federal and state laws and regulations.

**Protective Services (In-Home)** - The services furnished by the department or by a protective services agency to a person who is elderly or who has a disability and has been determined to be in a state of abuse, exploitation, or neglect. These services may include social casework, case management, and arranging for psychiatric and health evaluation, home care, day care, social services, health care, and other services consistent with chapter 48 of the Human Resource Code. Protective services are provided in In-Home cases and to recipients of HCSW services.

**Reporter -** A person who makes a referral to Adult Protective Services staff about a situation of alleged abuse, neglect, or exploitation of a person who is elderly or has a disability.

**Sexual Abuse (In-Home) -** Any involuntary or non-consensual sexual conduct including conduct that would constitute an offense under Section 21.08, Penal Code, or Chapter 22, Penal Code.

**Sexual Abuse (Facility Investigations Program) -** any sexual activity, by a mental health or mental retardation employee, agent, or contractor, including but not limited to:

- 1. kissing a person served with sexual intent;
- 2. hugging a person served with sexual intent;
- 3. stroking a person served with sexual intent;
- 4. fondling a person served with sexual intent;
- 5. engaging in with a person served:
  - sexual conduct as defined in the Texas Penal Code, §43.01; or
  - any activity that is obscene as defined in the Texas Penal Code, §43.21;

6. requesting, soliciting, or compelling a person served to engage in:

- sexual conduct as defined in the Texas Penal Code, §43.01; or
- any activity that is obscene as defined in the Texas Penal Code, §43.21;
- 7. in the presence of a person served:
  - engaging in or displaying any activity that is obscene, as defined in the Texas Penal Code §43.21; or
  - requesting, soliciting, or compelling another person to engage in any activity that is obscene, as defined in the Texas Penal Code §43.21;
- 8. committing sexual exploitation as defined in §711.15 of this title (relating to "How is sexual exploitation defined?") against a person served;
- 9. committing sexual assault as defined in the Texas Penal Code §22.011, against a person served;
- 10 .committing aggravated sexual assault as defined in the Texas Penal Code, §22.021, against a person served; and
- 11. causing, permitting, encouraging, engaging in, or allowing the photographing, filming, videotaping, or depicting of a person served if the employee, agent, or contractor knew or should have known that the resulting

photograph, film, videotape, or depiction of the person served is obscene as defined in the Texas Penal Code, §43.21, or is pornographic.

**Unable to Determine (In-Home) -** a preponderance of the available evidence is insufficient to support a finding of Valid or Invalid.

**Unconfirmed (Facility Investigations Program) -** there is a preponderance of credible evidence to support that abuse, neglect, or exploitation did not occur.

Unfounded (Facility Investigations Program)- evidence gathered indicates that the allegation is spurious or patently without factual basis.

Valid (In-Home) - based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or exploitation occurred.

#### **Child Protective Services Program**

**CPS Abuse and Neglect Definitions**-The principal governing legislation for CPS investigations is Chapter 261 of the Texas Family Code (TFC). The TFC definitions of abuse or neglect investigated by CPS are:

**Physical Abuse** - Physical injury that results in substantial harm to the child, or the genuine threat of substantial harm from physical injury to the child, including an injury that is at variance with the history or explanation given and excluding an accident or reasonable discipline by a parent, guardian, or managing or possessory conservator that does not expose the child to a substantial risk of harm; failure to make a reasonable effort to prevent an action by another person that results in physical injury that results in substantial harm to the child; the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in physical injury to a child; or causing, expressly permitting, or encouraging a child to use a controlled substance as defined by Chapter 481, Health and Safety Code.

**Sexual Abuse -** Sexual conduct harmful to a child's mental, emotional, or physical welfare, including conduct that constitutes the offense of indecency with a child under Section 21.11, Penal Code, sexual assault under Section 22.011, Penal Code, or aggravated sexual assault under Section 22.021, Penal Code; failure to make a reasonable effort to prevent sexual conduct harmful to a child; compelling or encouraging a child to engage in sexual conduct as defined by Section 43.01, Penal Code; causing, permitting, encouraging, engaging in, or allowing the photographing, filming, or depicting of the child if the person knew or should have known that the resulting photograph, film, or depiction of the child is obscene (as defined by the Penal Code) or pornographic; or causing, permitting, encouraging, engaging in, or allowing a sexual performance by a child as defined by 43.25, Penal Code.

**Emotional Abuse** - Mental or emotional injury to a child that results in an observable and material impairment in the child's growth, development, or psychological functioning; causing or permitting the child to be in a situation in which the child sustains a mental or emotional injury that results in an observable and material impairment in the child's growth, development, or psychological functioning; or the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in mental, or emotional injury to a child.

**Neglectful Supervision -** Placing the child in or failing to remove the child from a situation that a reasonable person would realize requires judgment or actions beyond the child's level of maturity, physical condition, or mental abilities and that results in bodily injury or a substantial risk of immediate harm to the child; or placing a child in or failing to remove the child from a situation in which the child would be exposed to a substantial risk of sexual conduct harmful to the child.

**Medical Neglect -** Failing to seek, obtain, or follow through with medical care for a child, with the failure resulting in or presenting a substantial risk of death, disfigurement, or bodily injury or with the failure resulting in an observable and material impairment to the growth, development, or functioning of the child.

**Physical Neglect -** Failure to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child, excluding failure caused primarily by financial inability unless relief services had been offered and refused.

**Refusal to Assume Parental Responsibility -** Failure by the person responsible for a child's care, custody, or welfare to permit the child to return to the child's home without arranging for the necessary care for the child after the child has been absent from the home for any reason, including having been in residential placement or having run away.

**Abandonment** - The leaving of a child in a situation where the child would be exposed to a substantial risk of physical or mental harm, without arranging for necessary care for the child, and a demonstration of an intent not to return by a parent, guardian, or managing or possessory conservator of the child.

**Children in Foster Care -** All children in DFPS' legal responsibility who are in a placement paid by DFPS or other public facility. These placements include foster homes, foster group homes, institutions, residential treatment facilities, and juvenile facilities. This is a subset of Children in Substitute Care.

**Children in Substitute Care -** Children in Substitute Care - Children under 18 years of age in DFPS' legal responsibility who are removed and placed outside their own home (home of origin). This includes foster homes, institutions, foster group homes, residential treatment facilities, hospitals, adoptive homes, juvenile facilities, kinship care placements, and independent living arrangements. Also included are the youth who age out of DFPS' legal responsibility and continue in foster care placements to complete vocational training by age 19 or to graduate from high school before they turn 22 years old.

**Kinship care-** The term used to describe those situations in which children, who are no longer able to live with their own parents, are cared for by relatives or other people known as "fictive kin" that have a significant relationship with the child or the child's family, such as a God Parent or family friend.

**Verified Kinship Caregiver (Foster Parent)** - A verified kinship caregiver is licensed or verified as a foster parent to provide 24-hour residential care for a child, in accordance with Chapter 42 of the Human Resources Code and related regulations. Verification as a foster parent is offered by either DFPS through the CPS Foster and Adoptive Home Development program (FAD); or a private child-placing agency.

**Strengthening Families Initiative (SFI)** - The Strengthening Families Initiative is a specific Family-Based Safety Services program designed to offset certain poverty-related factors related to child abuse and neglect. It utilizes federal TANF funds to provide benefits and services to eligible families working with CPS to avoid having their children removed from the home and that speeds the reunification of children with their families. Components include monetary benefits (maximum \$250) and goods and services (maximum \$3,000) provided to families during the life of a case to help meet the child's needs, maintain child safety, relieve stress of the family and enhance family strengths and functioning.

**Children in the Legal Responsibility of the Texas Department of Family and Protective Services -** All children for whom the courts have appointed the Texas Department of Family and Protective Services legal responsibility by temporary or permanent managing conservatorship or other court ordered legal basis. These children may be residing in an out-of-home placement or may have been returned to their own home (home of origin). When there is an immediate danger to the physical health or safety of a child, the Texas Family Code(TFC) provides three options for intervention by DFPS into a family: (1) emergency removal of the child from the home prior to obtaining a court order; (2) removal of the child after obtaining an ex parte order; or, (3) removal of the child after notice and hearing. Within 14 days from the date the child is taken into possession, a Full Adversary Hearing is held at which time the child is either returned home or if there is a continuing danger, temporary orders for managing conservatorship are issued. Within 12 months from the order appointing DFPS as the child's temporary managing conservator, the court must either return the child to the parent and dismiss the suit, appoint a parent, relative, or DFPS as managing conservator on a permanent basis, or grant a-one-time extension of the lawsuit, not to exceed 180 days.

**CPS Investigations of Child Abuse and Neglect -** The agency is required by state law to conduct civil investigations of reports of suspected child abuse or neglect. The objectives of the investigation are to ensure child safety, determine whether abuse or neglect occurred, determine whether children are at risk for abuse or neglect in the future, provide child or family needed safety services and refer the family to services available in the community, if needed. At the conclusion of the investigation, staff must assign a disposition to each allegation to specify conclusion regarding the occurrence of abuse or neglect. The dispositions that staff must use are: Reason to Believe, Ruled Out, Unable to Complete, or Unable to Determine.

**Intake Priorities -** To establish time frames for investigations, CPS assigns each report of child abuse and neglect to one of two priority groups. The level of identified risk and child safety concerns determine the priority assigned. Initial assessment regarding the immediacy of risk and severity of harm to the child are based on information provided by the reporter and other available information about the alleged perpetrators, child vulnerability, prior history, specific nature of the harm, and whether the harm has occurred.

The two priority groups are as follows:

**Priority I -** Intake reports that concern children who appear to face an immediate risk of abuse or neglect that could result in death or serious harm. CPS must initiate the investigation within 24 hours of receiving a

Priority I report.

**Priority II -** All reports of abuse or neglect that are not assigned as Priority I are assigned as Priority II. These are reports that contain allegations of abuse or neglect in which there does not appear to be an immediate threat of serious harm or death. CPS must initiate the investigation within 72 hours of receiving a Priority II report. The initial priority may be changed if information gathered during the intake stage indicates that the abuse or neglect is either more or less serious than originally reported.

**Service Level -** DFPS seeks to place each child in the department's conservatorship with a foster caregiver who is well qualified to meet the child's needs. To achieve this, the department participates in a statewide system for classifying the needs of children and the capabilities of foster caregivers in four Service Levels:

#### a) What is the description of the Basic Service Level?

The Basic Service Level consists of a supportive setting, preferably in a family, that is designed to maintain or improve the child's functioning, including:

- (1) routine guidance and supervision to ensure the child's safety and sense of security;
- (2) affection, reassurance, and involvement in activities appropriate to the child's age and development to promote the child's well-being;
- (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
- (4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals, on an as-needed basis, to help the child maintain functioning appropriate to the child's age and development.

#### b) What is the description of the Moderate Service Level?

- (a) The Moderate Service Level consists of a structured supportive setting, preferably in a family, in which most activities are designed to improve the child's functioning including:
  - (1) more than routine guidance and supervision to ensure the child's safety and sense of security;
  - (2) affection, reassurance, and involvement in structured activities appropriate to the child's age and development to promote the child's well-being;
  - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
  - (4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals to help the child attain or maintain functioning appropriate to the child's age and development.
- (b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require intermittent interventions from a skilled caregiver who has demonstrated competence.

#### c) What is the description of the Specialized Service Level?

- (a) The Specialized Service Level consists of a treatment setting, preferably in a family, in which caregivers have specialized training to provide therapeutic, habilitative, and medical support and interventions including -
  - (1) 24-hour supervision to ensure the child's safety and sense of security, which includes close monitoring and increased limit setting;
  - (2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;
  - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
  - (4) therapeutic, habilitative, and medical intervention and guidance that is regularly scheduled and professionally designed and supervised to help the child attain functioning appropriate to the child's age and development.

(b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require regular interventions from a caregiver who has demonstrated competence.

#### d) What is the description of the Intense Service Level?

- (a) The Intense Service Level consists of a high degree of structure, preferably in a family, to limit the child's access to environments as necessary to protect the child. The caregivers have specialized training to provide intense therapeutic and habilitative supports and interventions with limited outside access, including -
  - (1) 24-hour supervision to ensure the child's safety and sense of security, which includes frequent one-toone monitoring with the ability to provide immediate on-site response.
  - (2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;
  - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child, to maintain a sense of identity and culture;
  - (4) therapeutic, habilitative, and medical intervention and guidance that is frequently scheduled and professionally designed and supervised to help the child attain functioning more appropriate to the child's age and development; and
  - (5) consistent and frequent attention, direction, and assistance to help the child attain stabilization and connect appropriately with the child's environment.
- (b) In addition to the description in subsection (a) of this section, a child with developmental delays or mental retardation needs professionally directed, designed and monitored interventions to enhance mobility, communication, sensory, motor, and cognitive development, and self-help skills.
- (c) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs requires frequent and consistent interventions. The child may be dependent on people or technology for accommodation and require interventions designed, monitored, or approved by an appropriately constituted interdisciplinary team.

#### Permanency Goal Definitions - Permanency goals for children must be one of the following:

- 1) **Family Preservation -** identifies a child's own home as the safe and permanent living situation toward which CPS services are directed, without removing the child from the home.
- 2) **Family Reunification -** identifies that the child was removed from his or her home and that with CPS assistance, the family appears able and willing to reduce the risk of abuse or neglect enough for the child to return home and live there safely for the foreseeable future.
- 3) Alternative Family Placement with Long Term Commitment indicates that the child has been removed from the home, family reunification is not appropriate, and a family has been found or is being sought as follows:
  - (A) adoption and care by a relative;
  - (B) permanent conservatorship and care by a relative;
  - (C) adoption and care by an unrelated family;
  - (D) permanent conservatorship and care by an unrelated family;
  - (E) care by a foster family with DFPS having permanent conservatorship;
  - (F) care in some other family arrangement with DFPS having permanent conservatorship;
  - 4) Another Planned Living Arrangement with Support of a Family indicates that the youth has been removed from the home, family reunification or another higher ranking permanency goal is not appropriate, and CPS will provide services directed toward:
    - (A) preparation for independent living, for youth who are at least 16 years old and have no developmental disability; or

(B) preparation for adult living with community assistance in the most integrated setting, for youth who are at least 18 years old and who have a developmental disability.

**Recidivism -** Refers to the re-occurrence of child abuse or neglect involving confirmed victims where the second incidence occurs within six months of the first incidence.

**Reports of Child Abuse and Neglect -** The agency receives many reports of children who are in situations that are not optimal for their growth or development, but do not appear to involve child abuse or neglect as defined by law. Only the reports that appear to meet the statutory definition of abuse or neglect are required by state law to be investigated by the agency.

**Risk Assessment of Child Abuse/Neglect -** CPS workers investigate allegations of abuse and neglect and make assessments regarding risk. The terms "at risk" and "not at risk" are conclusions regarding whether there is a reasonable likelihood that the child will be abused or neglected in the foreseeable future. The decision to provide services is based on the assessment of risk, not on the disposition of the allegations. Risk assessment is a casework process in which the worker explores individual and family functioning associated with the recurrence of abuse or neglect, and individual and family strengths and resources associated with protective capacities. There are four possible risk findings:

- No Significant Risk Factors No significant risk factors were identified in the family's current situation or history.
- Risk Factors Controlled Risk factors were identified; however, family strengths and available resources are sufficient to provide for the safety of the child without CPS assistance.
- Risk Indicated Risk factors were identified, and there are not sufficient family strengths and available resources to manage the risk conditions without CPS assistance.
- Risk Assessment Not Applicable- This finding is documented if the investigation involved school personnel or an only child who died, or the investigation was administratively closed or given a disposition of "unable to complete".

By using a risk-based system for provision of services, CPS is able to identify children in need of protection and direct its resources to those most in need.

#### **Child Care Licensing Program**

#### Daycare

- Licensed Child-Care Centers
- Licensed Child-Care Homes
- Registered Child-Care Homes
- Listed Family Homes
- 24-Hour Residential Care
- Foster Family Homes
- Foster Group Homes
- General Residential
- Child-Placing Agencies
- Maternity homes

#### **Definitions:**

**Abuse** - An intentional, knowing, or reckless act or omission by someone working under the auspices of an operation that causes or may cause emotional harm or physical injury to, or the death of, a child served by the operation. See the Texas Family Code, §261.401(a)(1) and DFPS Rules, 40 TAC, §§745.8553 745.8557.

Administrative Review - An informal review meant to give certain individuals or operations the opportunity to dispute a specific Licensing decision or action.

**Adverse Actions -** A type of remedial action that Licensing may impose to address a deficiency. This action may require closure of an operation or the addition of permanent restrictions or conditions to a permit. The four types of adverse actions are - denial, adverse amendment, suspension, and revocation.

**Application Process -** The application process for licensed and registered operations involves a pre-application interview, inquiry meeting, or orientation; the submission of the application materials; public notice and hearing requirements for residential child-care operations; reviewing the application for compliance with minimum standards, rules and statutes; accepting the application as completed or returning it if incomplete; and the decision to issue or deny. Listed homes are not required to attend a pre-application interview or orientation.

**Background Checks -** Searches of different databases that are conducted on an individual. There are three types of background checks: criminal history checks conducted by the Department of Public Safety for crimes committed in the State of Texas, criminal history checks conducted by the FBI for crimes committed anywhere in the U.S., and central registry checks conducted by DFPS. The central registry is a database of people who have been found by Child Protective Services, Adult Protective Services, or Licensing to have abused or neglected a child or vulnerable adult. Background checks are conducted on child care providers, foster and adoptive parents (and their household members), and child-placing staff. Background checks are also conducted on employees at licensed operations as well as at registered and listed family homes. Rules are in place to dictate which types of background checks are required of each person. For more information about these requirements, see 40 Texas Administrative Code §§.745.615.

**Before or After-school Program -** A type of licensed center that provides care before or after or before and after the customary school day and during school holidays, for at least two hours a day, three days a week, to children who attend pre-kindergarten through grade six.

**Branch Office** - Office space used by a child-placing agency (CPA) separate from the main office or Texas headquarters for the CPA. A branch office is at a location other than the location for which the CPA is licensed/certified. A branch office operates under the license issued to the CPA and performs many of the same functions as the main office of the CPA.

Capacity - The maximum number of children that a permit holder may care for at one time.

**Care Types -** The type of care offered by a licensed center or general residential operation based on the months, days, and hours of operation, the ages of the children in care, or the services provided. Care types for Licensed Centers include Child Care Program, Before or After School Program, School Age Program, and Temporary Shelter Program. Care types for General Residential Operations include Child Care Services Only, Emergency Care Services Only, Multiple Services, or Residential Treatment Center. This information reflects the law that was in effect through August 31, 2011.

**Caregiver -** A person whose duties include the supervision, guidance, and protection of a child or children.

**Central Registry -** A subset of data within the IMPACT system of people who have been found by CPS, APS, or CCL to have abused or neglected a child or vulnerable adult.

**Child-Care Administrator -** A person who supervises and exercises direct control over a general residential childcare operation, and who is responsible for the operation's program and personnel, regardless of whether he or she has an ownership interest in the operation or shares duties with anyone.

**Child-Care Facility -** An establishment subject to regulation by Licensing that provides assessment, care, training, education, custody, treatment, or supervision for a child who is not related by blood, marriage, or adoption to the owner or operator of the facility, for all or part of the 24-hour day, whether or not the establishment operates for profit or charges for its services. A child-care facility includes the people, administration, governing body, activities on or off the premises, operations, buildings, grounds, equipment, furnishings, and materials.

**Child Care Licensing (CCL)** - The division within DFPS that regulates child day care operations, residential child-care operations, other child-care activities, and the licensing of child-care administrators and child-placing agency administrators.

Child Care Licensing Law - Chapter 42 of the Human Resources Code.

**Child-Placing Agency (CPA)** - A person, including an organization, other than the parents of a child who plans for the placement of or places a child in a child-care operation, foster home or adoptive home. A CPA is a licensed residential child-care operation that verifies and regulates its own foster homes and approves adoptive homes subject to DFPS minimum standard rules.

**Child-Placing Agency Administrator** - A person who supervises and exercises direct control over a child-placing agency and who is responsible for the operation's program and personnel, regardless of whether he or she has an ownership interest in the operation or shares duties with anyone.

**CLASS** - Child Care Licensing Automation Support System. A case-management computer application used by DFPS licensing staff and is the system of record for many licensing activities.

**Complete Application -** A packet of materials submitted by an applicant that contains all of the documentation required to apply for a permit.

**Corrective Action -** A type of remedial action that Licensing may impose to help an operation improve compliance without requiring it to close. The two types of corrective actions include evaluation and probation. Corrective actions are not imposed on listed family homes.

CPA Adoptive Home - A person or persons approved by a CPA to adopt a child or children.

**CPA Foster Family Home -** A home verified by a child-placing agency to provide care for six or fewer children up to the age of 18 years. The Child-Placing Agency issues verifications, inspects, and may investigate its homes to ensure compliance with minimum standards. Also known as an agency foster family home.

**CPA Foster Group Home -** A home verified by a child-placing agency to provide care for seven to 12 children up to the age of 18 years. The child-placing agency issues verifications, inspects, and may investigate its homes to ensure compliance with m minimum standards. Also known as an agency foster group home.

Deficiency - Any failure to comply with a minimum standard rule, law, specific terms associated with a permit, or

H

condition of a remedial action. Also referred to as a violation.

**Director -** An adult designated to have daily, on-site responsibility for a licensed day care facility, including maintaining compliance with the minimum standards and licensing laws.

e-Application - An electronic version of the application for a permit to operate a child-care operation.

**Enforcement Team Conferences -** A conference held to thoroughly review the investigations and inspections of a child-placing agency and all of its agency homes to monitor and enforce compliance by the child-placing agency with rules and standards. Enforcement Team Conferences also began for residential treatment centers starting in fiscal year 2011.

**Evaluation -** A type of corrective action in which a corrective action plan is imposed that may include conditions beyond the minimum standard rules and the basic permit requirements. During the evaluation period, inspections are conducted more frequently to assist the operation in meeting conditions, improving compliance, and assessing risk to children in care.

**Exempt from Regulation -** Certain facilities or programs can operate legally without receiving a permit from Licensing. A facility or program exempt from regulation is not required to comply with Licensing's statutes and rules.

Follow-Up Inspection - Inspections that include evaluating individual standards, conditions, or restrictions, rather than evaluating an entire subchapter of minimum standards

**Foster Family Home (Independent) -** A licensed operation that provides residential child-care for six or fewer children up to the age of 18 years. An independent foster family home is not affiliated with a CPA but is monitored and regulated directly by the DFPS Licensing Division. See CPA foster family home for a home verified (monitored and regulated) by a child-placing agency (CPA).

**Foster Group Home (Independent) -** A licensed operation that provides residential care for seven to 12 children up to the age of 18 years. An independent foster group home is not affiliated with a CPA but is monitored and regulated directly by the DFPS Licensing Division. See CPA foster group home for a home verified (monitored and regulated) by a child-placing agency (CPA).

**General Residential Operation -** A residential child-care operation that provides child care for 13 or more children under age 18 and may provide various treatment services or programmatic services. Residential Treatment Centers, a subset of general residential operations, provide care exclusively for children requiring treatment services for emotional disorders.

Illegal Operation - An operation that provides child care that is subject to regulation, but does not have a permit.

**IMPACT** - Information Management Protecting Adults and Children in Texas, a case-management computer application used by DFPS staff. IMPACT is the statewide automated child welfare information system (SACWIS) for Texas.

**Inspection -** The physical presence of licensing staff at an operation to determine an operation's compliance with the child-care licensing law and DFPS rules. Inspection Types: Monitoring, Investigation, Follow-up, Other, and Sampling. See specific definitions in this section.

**Investigation -** An action conducted by licensing staff when a report is received alleging a violation of the minimum standards/law or abuse/neglect. An investigation is conducted to determine the validity of the allegations and to ensure the protection of children in care.

**Investigation Inspection -** Inspections that include the investigation of reports alleging abuse, neglect, violation of the law, violations of administrative rule, minimum standard rules, or a combination of these

**Issuance -** The Licensing division issues a permit to an operation after it determines that an operation or home has met minimum standards and is approved to operate as a child-care operation.

Licensed Child-Care Center - An operation providing care for seven or more children under age 14 for less than 24

hours per day at a location other than the permit holder's home. A licensed center may also be referred to as a daycare center and includes the care types Child Care Program, Before or After-School Program, School-Age Program, and Temporary Shelter Program.

**Licensed Child-Care Home -** A child day-care operation that is licensed. The primary caregiver provides care in the caregiver's own residence for children from birth through age 13. The total number of children in care varies with the ages of the children, but the total number of children in care at any given time, including the children related to the caregiver, must not exceed 12.

**Listed Family Home -** Listed Family Homes provide child care on a regular basis (at least 4 hours per day, 3 or more days a week, for 3 or more consecutive weeks) for one to three unrelated children. The total number of children in care at any given time, including the children related to the caregiver, must not exceed 12. Care is provided in the caregiver's home. Providers are required to go through an application process that includes a criminal background check and issuance of a certificate. Listed family home providers must be at least 18 years old. However, there are no orientation classes or training requirements for listed family homes. Until 9/1/2011, listed family homes currently were not routinely inspected; however, reports alleging more than 3 children are in care or reports alleging abuse or neglect of children in care were investigated by CCL.

**Maternity Home** - A licensed operation that provides care for four or more minor and/or adult women and their children during pregnancy and/or during the six-week postpartum period.

**Minimum Standard Rules -** The rules from Title 40 of the Texas Administrative Code which serve as the minimum requirements that a permit holder must meet to maintain their permit and which are enforced by DFPS to protect the health, safety, and well-being of children. These include all rules in 40 TAC Chapters 727, 743, 744, 746, 747, 748, 749, and 750.

**Monetary Actions -** A type of remedial action. These actions are fines or penalties that Licensing may impose as provided by the Human Resources Code, §42.075 and §42.078. There are two types of monetary actions - administrative penalties and civil penalties.

**Monitoring Frequency -** The interval between routine inspections at a child-care operation. The Licensing division determines how frequently to inspect an operation based on risk assessment factors focused on the health, safety, and well-being of children in care.

**Monitoring Inspection** - Inspections that include evaluation of at least one entire subchapter of the applicable minimum standards and may include evaluation of additional individual laws, administrative rules, or minimum standard rules, or any conditions or restrictions.

**Neglect -** Neglect is an act or omission that constitutes a breach of a duty by a person working under the auspices of an operation that causes or may cause substantial emotional harm or substantial physical injury to a child. See the Texas Family Code §261.401, DFPS Rules, 40 TAC, §§745.8553, 745.8555, and 745.8559.

**Operation -** A person or entity offering a program that may be subject to regulation by Child Care Licensing. An operation includes the building and grounds where the program is offered, any person involved in providing the program, and any equipment used in providing the program. The term "operation" is used to refer to any entity providing child care and is usually accompanied by a qualifier to describe the type of care being referenced (for example, "illegal operation" or "daycare operation").

**Other Inspection -** Inspections conducted for purposes other than determining compliance with pre-identified minimum standards.

Permit - A license, certificate, registration, listing or any other written authorization granted by Licensing to operate a child-care facility, child-placing agency, general residential operation, listed family home, registered home or maternity home. This also includes a Licensed Administrator's permit.

**Probation -** A type of corrective action in which Licensing imposes a corrective action plan that is more restrictive and intense than an evaluation corrective action plan. It may include conditions beyond the requirements of the

minimum standards and the basic permit requirements. During the probationary period, inspections are conducted more frequently to assist the operation in meeting conditions, improving compliance, and assessing risk to children in care.

**Provider -** A person or entity associated with an operation. This term generally implies a degree of responsibility for the operation, and refers to applicants, operations that are subject to regulation, or permit holders.

**Registered Child-Care Home -** Registered Child Care Homes provide care in the caregiver's home for up to 6 children under age 14, and may also take in six additional school-aged children before and/or after the customary school day. The number of children allowed in a home is determined by the ages of the children. No more than 12 children can be in care at any time, including children of the caregiver. The application process requires that a provider complete an orientation class and receive clearances on background checks. A registration certificate is issued after CCL staff completes an on-site inspection to ensure the provider is meeting minimum standards. Registered homes are inspected by CCL at least once every 2 years or if a report is received related to child abuse/neglect or standards violations.

**Remedial Actions -** An action Licensing may impose if an operation is deficient in a minimum standard, rule, law, a specific term associated with the operation's permit, or a condition of evaluation, probation, or suspension. There are four types of remedial actions: corrective, adverse, judicial, and monetary.

**Report -** An expression of dissatisfaction or concern about an operation, made known to DFPS staff, that alleges a possible violation of minimum standards, rules, law, or abuse/neglect, and that involves potential risk to a child or children in care.

**Reporter -** The person who reports to DFPS an expression of dissatisfaction or concern that alleges a possible violation of minimum standards, rules, law, or abuse/neglect, and that involves potential risk to a child or children in care.

**Residential Child-Care - (**24-Hour Residential Child-Care) The care, custody, supervision, assessment, training, education, or treatment of an unrelated child or children up to the age of 18 years for 24 hours a day, that occurs in a place other than the child's own home. See DFPS Rules, 40 TAC, §745.35.

**Residential Treatment Center (RTC)** - A general residential operation that exclusively provides care and treatment services for emotional disorders for 13 or more children up to the age of 18 years.

**Sampling Inspection** - Licensing inspects a percentage of agency foster homes annually to determine compliance with applicable law, rules, and minimum standards, and to ensure that the child-placing agency is appropriately managing the foster home. The homes inspected are selected through a random sampling process, and the inspections are called "sampling" inspections.

**School-Age Program -** A licensed center that provides supervision along with recreation or skills instruction or training, and may provide transportation before or after the customary school day, for at least two hours a day, three days a week, to attending pre-kindergarten through grade six. A school-age program may also operate during school holidays, the summer period, or any other time when school is not in session.

**Self-Report -** An account from an operation of a serious incident that occurred at the operation. All regulated operations are required to make reports to Licensing about certain types of incidents that could pose a risk to children in care.

**Small Employer Based Child-Care -** A child-care facility that is operated by a small employer to provide care to not more than 12 children of the employer's employees and is located on the employer's premises. A "small employer" means a corporation, partnership, sole proprietorship, or other legal entity that employs fewer than 100 full-time employees.

**SOAH -** The State Office of Administrative Hearings is the state agency that conducts administrative hearings to satisfy a child-care provider's rights to due process regarding either a substantiated finding of abuse/neglect or a remedial action.

Suspension - A temporary closure of an operation that may be voluntary or involuntary. Voluntary suspensions are

usually at the request of an operation, and licensing staff must inspect the operation prior to reopening to ensure compliance with standards. Involuntary, or emergency, suspension is imposed by Licensing for a maximum of 30 days based on serious and immediate risk of harm to children.

**Team Inspections -** Inspections that are conducted by at least two licensing staff. At least one of the unannounced annual inspections of a 24-hour residential child-care facility must be conducted by a team of at least two CCL monitoring staff. Other operation types may also have team inspections. Whenever possible, members of the inspection team are from different CCL units, to facilitate objectivity, and consistency in regulation.

**Technical Assistance -** Training, information, and consultation that licensing staff offer to a permit holder, applicant, and operation employees to help them comply with the minimum standard rules and applicable law.

**Temporary Shelter Care Providing Child Care**- A child-care program at a temporary shelter, such as a family violence or homeless shelter, providing care for seven or more children under age 14 while the resident parent is away from the shelter. The child care program operates for at least four hours a day three days a week.
