

Youth Parents and Pregnant Youth in DFPS Conservatorship Fiscal Year 2022

Pursuant to Family Code, Section 264.017 (11), the Department of Family and Protective Services (DFPS) is providing the following data on the number of children:

- Who are a parent while in DFPS managing conservatorship;
- Born to a parent in DFPS managing conservatorship who are placed in DFPS managing conservatorship; and
- Who are pregnant while in DFPS managing conservatorship.

Statute requires this report to be submitted to the Legislature and for the department to publish the report electronically to the public not later than February 1 of each year. The fiscal year 2022 report will be posted online by 2/1/23 at:

http://www.dfps.state.tx.us/About_DFPS/Reports_and_Presentations/CPS/default.asp

Table 1. Fiscal Year 2022 Youth Who are Pregnant or Parenting

Category	Number
Youth parents who were in DFPS conservatorship and the parent of a child ¹	187
Children born to youth parents while in DFPS conservatorship and who were also placed in DFPS conservatorship ¹	82
Pregnant youths in DFPS conservatorship ²	386

Youth Parents and Pregnant Youth in DFPS Conservatorship

The number of youth parents who were in DFPS Conservatorship and a parent of the child includes mothers and fathers who were under the age of 18. The count excludes youth in DFPS Conservatorship who are parents of a child without DFPS's knowledge of parenting a child (male youth who may not know he has a child or DFPS may not be aware of the youth having a child in the past).

The number of children born to a youth parent while in DFPS conservatorship only includes those infants born in fiscal year 2022 and subsequently placed in DFPS conservatorship.

The Health and Human Services Center for Analytics and Decision Support provided the data for the number of pregnant youth while in the managing conservatorship of DFPS by utilizing Paid Medicaid encounters for inpatient hospital, outpatient hospital, and professional services selected for female clients, under the age of 19 years, enrolled in STAR Health (Medicaid managed care plan code 1E) during state fiscal year 2022. Encounter codes were used for procedures associated with pregnancy-related services.
