

DFPS 2014 Data Book

The Data Book is a descriptive statistical resource of the services provided to the people of the State of Texas by the Texas Department of Family and Protective Services (DFPS) for fiscal year 2014 (September 1, 2013 through August 31, 2014). Data as of November 7, 2014 unless otherwise noted.

Information in this book covers the most frequently asked statistical questions about DFPS programs. Our hope is that it will be beneficial in answering these questions and serve as a continuous resource.

The Data Book provides information in several types of charts using different time intervals and it provides county, regional, and statewide totals. Due to rounding of calculations, some percentages may not add to 100%.

When comparing data from one time period to another, please keep in mind that DFPS has undergone major changes over time. There have been re-alignments, major policy changes, and automation of case management and reporting that have all influenced the data. In some cases this can make direct comparisons across the years misleading.

Note: The information contained in this printed book is subject to change. For the most recent version please see the online version at http://www.dfps.state.tx.us/About/Data_Books_and_Annual_Reports/default.asp

Legal Responsibility for Statewide Intake

Statutory References

Federal: Social Security Act

State: Texas Family Code, Human Resource Code

Major Functions

- Centralized point of intake for child abuse and neglect, abuse, neglect or exploitation of people age 65 or older or adults with disabilities, clients served by DSHS or DADS employees in State Hospitals or State Supported Living Centers, and children in licensed child-care facilities or treatment centers for the entire State of Texas.
- Open 365 days a year, twenty-four hours a day, seven days a week.
- Able to receive information via phone, internet reporting system, fax, or mailed correspondence.
- Responsibility to assess information received to the definitions of possible abuse, neglect or exploitation for each program served and to prioritize and route the information to the correct destination workload.
- Information and Referral Service as warranted or when information received does not meet statutory definitions.
- Generate Law Enforcement Notifications and route to the correct law enforcement jurisdiction for CPS and CCL programs.
- Ensure confidentiality of IMPACT history and reporter identity.
- Provide background check function for CPS caseworkers after office hours if caseworkers do not have system access to complete their own check for emergency removals.
- Quality Assurance unit to review complaints, random call monitors and assist in development of policy, procedure and best practice.
- Point program for identifying problems with IMPACT rollouts.
- Provide daily reports on call volume per application; hold times per application, etc.
- Integrate hardware and software upgrades to phone and computer systems to reduce hold times and improve efficiency.
- Use of an IEX Workforce Management System to schedule shifts, breaks and meal times for intake workers in order to maximize efficiency.
- Telstrat Engage call recording system utilized to record phone calls for quality assurance and legal requirements.
- Employee Development Unit leads all training for new and tenured staff

Challenges

- Respond to ever increasing number of phone calls, Internet reports, fax and mailed correspondence while keeping hold times to 8.7 minutes or less while maintaining a high quality of intakes.
- Increase number of bilingual staff.
- Reduce turnover.

APS

Adult Protective Services In-Home Overview

The mission of Adult Protective Services is to protect people age 65 and older and adults with disabilities from abuse, neglect, and financial exploitation by investigating and providing or arranging for services necessary to alleviate or prevent further maltreatment.

APS serves persons who are reported to be abused, neglected, or financially exploited, and are age 65 or older or age 18-64 with a disability.

Legal Responsibility for Adult Protective Services

Statutory References:

Federal: Title XX, Social Security Act
State: Human Resources Code, Chapters 40 and 48
Texas Family Code, Title V
Health and Safety Code, Chapter 532 and Chapters 591-595

Major Provisions:

- Mandatory reporting of abuse, neglect, and financial exploitation of adults who are age 65 or older or adults with disabilities
- Receipt and investigation of all reports (unless patently false); initiation of investigations within 24 hours of receipt of report
- Responsibility for referring reports to other state agencies when DFPS is not the appropriate investigating agency
- Provision or arrangement of services needed to prevent or alleviate abuse, neglect, and/or financial exploitation
- Enhancing and developing community resources in an effort to increase awareness of abuse, neglect and financial exploitation, and address increasing needs of APS clients
- Responsibility for referring adult victims of abuse, neglect and/or financial exploitation to the Department of Aging and Disability Services (DADS) for guardianship services when these persons appear to lack the capacity to consent to services, there is no other potential guardian available and guardianship is the least restrictive alternative that will ensure the person's safety and well-being
- Assessment of factors that may indicate an adult's possible lack of capacity to consent to services and pursuit of a medical or mental health evaluation, if indicated
- Using the least restrictive alternative in the provision of protective services
- Authority to seek court orders when necessary to gain access to the individual, to prevent interference with the provision of voluntary protective services, to access records or documents, and to initiate and provide emergency protective services (e.g., a removal), including after-hours and on holidays, without a court order
- Requirement to notify law enforcement if APS removes a person from their home under a court order and their home will be left unattended
- Requirement to notify law enforcement if APS suspects that a person has been abused, neglected, or financially exploited in a manner that constitutes a criminal offense
- Confidentiality of case records
- Requirement to make referrals to the Employee Misconduct Registry for certain validated perpetrators

Other Programmatic Information:

Factors Contributing to Abuse, Neglect, and Financial Exploitation:

- Rapidly growing population of older adults
- Growing number of younger adults with disabilities
- Alcohol and drug dependency
- Poverty
- Lack of affordable housing and high costs of utility bills
- Inadequate access to health care and costly medications
- Toxic family relationships
- Dependence of family or others on the income of older adults and adults with disabilities
- Violence as a coping mechanism in society
- Physical and mental stress of caregiving in traditionally non-violent, caring households
- Denial of benefits, such as SSI and Medicaid, to some immigrants

Challenges:

- Affordable and safe housing
- Waiting lists and other limitations in the availability of in-home care and home health care
- Shortage of resources to serve persons denied long-term care and other benefits
- Gaps in surrogate decision-making processes for incapacitated persons in hospitals, nursing homes, and community-based settings
- Inadequate community services for persons with a mental illness, including those discharged from state hospitals
- Lack of statewide access to preventative or early intervention services, such as long-term case management, for older adults and adults with disabilities who are at risk, but not yet experiencing abuse, neglect, or financial exploitation
- Hiring and maintaining skilled frontline caseworkers and supervisors
- Specialized geriatric social work training is not keeping pace with the ever-increasing number of older Americans

Note: Clients in validated cases may receive more than one service.

Social Casework - Actions taken by the caseworker to provide assistance to a victim of abuse, neglect or financial exploitation, in such areas as counseling/ education, assistance with benefits, and mediation. These actions may include referrals to community organizations that provide direct services to the client.

Other Government Agency - This term is used to describe services that were provided by another government agency. For example, the client was referred to the Social Security Administration, or the Texas Department of Aging and Disability Services in order to resolve abuse, neglect or financial exploitation.

Legal - Legal actions that are taken as a result of Adult Protective Services involvement. An example would be Emergency Order for Protective Services.

APS

Adult Protective Services Facility Investigations Overview

The Adult Protective Services Facility Investigations Program investigates reports of abuse, neglect, and exploitation of persons with disabilities (children and adults) receiving services in state operated and/or contracted settings that serve adults and children with mental illness, intellectual disabilities, or developmental disabilities. Investigation results are sent to the facility or program administrator for appropriate action.

Major Provisions:

- Mandatory reporting of abuse, neglect, and exploitation of persons receiving services in state-operated mental health and intellectual and developmental disability facilities (State Hospitals, State Supported Living Centers, and Rio Grande State Center) and/or state contracted settings (Community Centers, Home and Community-based Services programs (HCS), Texas Home Living Waiver Program, and privately-operated Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF-IID))
- After an allegation is reported to the DFPS Abuse Hotline, APS initiates investigations by notifying the facility or provider agency within one hour
- APS notifies law enforcement and the Health and Human Services Commission Office of the Inspector General (OIG) within one hour, in certain settings
- Notify OIG (Office of Inspector General) and local law enforcement if APS has cause to believe a crime may have been committed
- Refer reports to other state agencies when DFPS is not the appropriate investigating agency
- Report findings to the facility or provider
- Make referrals to the Employee Misconduct Registry of certain confirmed perpetrators
- Confidentiality of case records

Other Programmatic Information:

Factors Contributing to Abuse, Neglect, and Exploitation:

- Physical conditions/quality of care
- Lack of facility provider training, policy or procedures
- Staff burnout
- Staff shortages that lead to staff stress
- Inadequate case manager planning for behavioral concerns or plans of care
- Physical and mental stress of familial care giving in foster care settings

Challenges:

- Meeting Department of Justice requirements including commencement of investigations, prior case history searches, and 10 day investigation timeframes in State Supported Living Centers and Rio Grande State Center
- Requests by law enforcement or OIG that APS stop its investigation until they have finished
- Staff shortages in facilities affecting access to staff for interviews
- Lack of training and policy in place for community providers
- Inability to find private space to conduct interviews
- Increase in number of intakes with fewer investigators to conduct investigations
- Reviewing and documenting video surveillance

The Child Protective Services Vision is “Children First: Protected and Connected”.

The Mission of Child Protective Services is to protect children and to act in the children’s best interest. To seek active involvement of the children’s parents and other family members to solve problems that lead to abuse and neglect.

The Child Protective Service Values are

- Respect for culture
- Inclusiveness of families, youth and community
- Integrity in decision making
- Compassion for all
- Commitment to reducing disproportionality

Most Common...

- **Person reporting abuse/neglect for completed investigations**

Legal Responsibility for Child Protective Services

Statutory References

Social Security Act
Texas Family Code
Human Resources Code
Child Abuse Prevention and Treatment Act
Indian Child Welfare Act
Adam Walsh Act

Major Provisions

- Definitions of abuse and neglect of children
- Mandatory reporting of suspected abuse or neglect of children
- Prepare and disseminate statistics by county relating to CPS in an annual report made available to the legislature and general public
- Responsibility for receiving reports of suspected abuse or neglect of children
- Responsibility for thorough investigation of a report of child abuse or neglect allegedly committed by a person responsible for a child’s care, custody or welfare
- Responsibility to assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child
- Take action to protect abused and neglected children from further harm
- Establish review teams to evaluate department casework and decision-making related to investigations of child abuse or neglect
- Employ Child Safety Specialists to conduct staff reviews and evaluations of cases determined to involve high risk, monitor cases with multiple referrals, and approve decisions and assessments related to investigations that involve a high risk to the health or safety of a child
- Work with children and their families, providing services to prevent further abuse, help alleviate the effects of the abuse suffered, prevent removal of the child from the home, and provide reunification services when appropriate for the return of the child to the home
- When necessary, secure appropriate court orders and take possession of a child if there is an immediate danger

to the physical health or safety of the child or the child has been a victim of neglect or sexual abuse and that continuation in the home would be contrary to the child's welfare

- Make reasonable efforts to secure the return of the child
- Develop a service plan in conference with the child's parents to determine return of the child to the child's parents, termination of parental rights and placement of the child for adoption, or because of the child's special needs or exceptional circumstances continue the child's care out of the child's home
- Provide substitute care for children until the problems have been sufficiently resolved
- Provide permanent placement for children who cannot safely return to their home
- Establish a database of all verified foster homes willing to accept foster care placement of a child in care
- Recruit potential adoptive parents for children whose parents have had their parental rights terminated
- Requirements for frequency and location of contact with children in substitute care
- Requirements for conducting criminal background and central registry checks of foster and adoptive parents

The federal Fostering Connections to Success and Increasing Adoptions Act of 2008, requires DFPS to:

- Provide written notification to maternal and paternal grandparents and other adult relatives regarding a child's removal and placement in state custody and support options
- Ensure youth aging out of state care have a Transition Plan developed within 90 days of turning 18 or the date leaving CPS extended foster care
- Seek to have education stability for children in DFPS custody
- Have a health oversight and coordination plan
- Keep siblings in custody placed together. If this is not possible, the state must provide for frequent visitation or other ongoing interaction between the siblings, unless the state shows frequent visits or other interaction would be contrary to the safety or well-being of any of the siblings
- Make eligibility changes for the Title IV-E adoption assistance program to promote adoption of children with special needs
- Provide information about Adoption Tax Credits during training for adoptive parents

The federal Fostering Connections to Success and Increasing Adoptions Act allows and the Texas Legislature supports:

- Establishing a relative guardianship subsidy program. For Texas, this is a subsidy program called the Permanency Care Assistance program for relatives taking permanent managing conservatorship of a child. This program is intended to provide an additional option for children and youth who might otherwise remain in kinship foster care. It is not intended to be a long term foster care program.
- Allowing youth aging out of care to stay in extended foster care for a variety of reasons until they turn 21.
- Extending adoption assistance benefits and Permanency Care Assistance benefits until the youth turns 21 if the adoption assistance agreement or Permanency Care Assistance agreement was signed after the youth turns 16.
- Authorizing federally recognized tribes to apply for IV-E funding directly.

Federal Outcomes Used to Assess Child Welfare Services

Safety Outcomes

- Safety Outcome 1: Children are, first and foremost, protected from abuse and neglect.
- Safety Outcome 2: Children are safely maintained in their homes whenever possible and appropriate.

Permanency Outcomes

- Permanency Outcome 1: Children have permanency and stability in their living situations.
- Permanency Outcome 2: The continuity of family relationships and connections is preserved for children.

Well-Being Outcomes

- Well-Being Outcome 1: Families have enhanced capacity to provide for their children's needs.
- Well-Being Outcome 2: Children receive appropriate services to meet their educational needs.
- Well-Being Outcome 3: Children receive adequate services to meet their physical and mental health needs.

Notes About CPS Data

Caseloads

Average daily caseloads are calculated using the methodology set forth by the Legislative Budget Board (LBB). For each type of caseworker, (Investigation, Family-Based Safety Services, Substitute Care, Foster/Adoptive Home Development and Kinship), the LBB methodology counts the number of open stages. Caseworkers may have more than one type of stage on their workload.

Intake and Investigation

An intake or investigation represents a report of abuse or neglect and can involve multiple children.

- The data on completed investigations does not include investigative stages that were administratively closed or merged into another investigation.
- All completed investigations have a case disposition and a risk finding.
- A case disposition reflects the finding on the allegations of abuse or neglect and can include any of the following:
 - **Confirmed Investigations**
 - Reason to believe – Based on preponderance of evidence, staff concluded that abuse or neglect occurred.

Unconfirmed Investigations

- Ruled out - Staff determined, based on available information, that it is reasonable to conclude that abuse or neglect has not occurred.
 - Unable to complete – Before staff could reach a conclusion, the persons involved in the report moved, could not be located or refused to cooperate.
 - Unable to determine – Staff concluded that none of the other dispositions were appropriate.
- A risk finding reflects whether there is a reasonable likelihood of abuse or neglect in the immediate or foreseeable future. Only those investigations that are identified as risk indicated are eligible to be opened for family preservation or conservatorship services.

Children in DFPS Custody, Substitute Care and Foster Care

- DFPS custody includes all children under the age of 18 over whom DFPS has legal custody, regardless of their placement. This includes children living with relatives, in foster care or on a trial home visit with their parents.
- Substitute care includes all children who are living in a DFPS out of home placement. It does not include children in DFPS custody who are living with their parents on a trial home visit. But unless specifically noted, it does include youth over 18 who are in extended foster care but are not in DFPS custody (because they are legal adults).
- Foster care is a subset of substitute care and includes all children living in a verified foster care placement. It includes children living with relatives who are verified foster parents but does not include children living with relative caregivers who have not been verified as foster parents.
- Paid foster care is a subset of foster care and includes all children living in a verified foster care placement where the state is making foster care payments.

Race and Ethnicity

As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012 DFPS adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race and ethnicity in 2012 and after is not directly comparable to race and ethnicity data in 2011 and before.

Note: When a case is a P2, a formal screening occurs when all alleged victims are age 6 or older and there is not currently an open case. The purpose of the formal screening is to determine if CPS intervention is warranted. There may be P2s that are eligible for formal screening but were not assigned to screeners. A PN is assessed when abuse or neglect is suspected and a key piece of information is needed in order to determine if an assignable allegation exists, or when a situation involves past abuse/neglect. As of Feb. 1 2013, all PNs are being formally screened.

Reasons for an investigation to be risk indicated but not opened for ongoing services include the family was unwilling to participate in family preservation services and formal legal intervention was not an option, or the family moved and, despite CPS' best efforts, CPS could not locate them to provide services.

Child Abuse/Neglect Allegation Dispositions

The categories used to record the findings of initial assessment/investigation of child abuse/neglect are defined as:

Confirmed Investigations

- **Reason to believe** – Based on preponderance of evidence, staff concluded that abuse or neglect occurred.

Unconfirmed Investigations

- **Ruled out** – Staff determined, based on available information, that it is reasonable to conclude that abuse or neglect has not occurred.
- **Unable to complete** – Before staff could reach a conclusion, the persons involved in the report moved, could not be located or refused to cooperate.
- **Unable to determine** – Staff concluded that none of the other dispositions were appropriate.

Where are children in DFPS care?

....of the 28,523 children in DFPS substitute care on August 31, 2014...

16,961 children were in Foster Care

11,882
children were placed in
**Child Placing Agency
(CPA) Foster Homes**

Foster homes are families who accept foster children into their homes. These foster homes are recruited, trained, verified and managed by private CPAs. DFPS has contracts with over 100 CPAs.

The majority of CPA foster homes are verified to provide *therapeutic* foster care services.

695 of these children were placed in Kinship Verified Foster Homes

755
children were placed in
Basic Child Care

These are typically cottage and campus type settings meeting basic child needs

1,635
children were placed in
**Residential Treatment
Centers**

An RTC is a very structured setting for children with serious emotional disturbance or mental health issues.

640
children were placed in
Emergency Shelters

These are intended for stays of less than 30 days.

467
children were placed in
Other types of foster care

such as camps, maternity homes, hospitals, juvenile detention, ICF-IID, HCS homes, state schools & hospitals.

1,582
children were placed in
DFPS Foster Homes

These are families who accept foster children into their homes and are recruited, trained, verified and managed by DFPS. The majority provide *basic* foster care services.

400 of these children were placed in Kinship Verified Foster Homes

11,562 children were in other types of Substitute Care

10,415
children were placed in
Kinship Care

DFPS supports relative caregivers by assisting with initial costs of accepting a child and through ongoing case management.

197
children were in pending adoptions in
DFPS Adoptive Homes

465
children were placed in
Other Substitute Care

which includes independent living programs, unauthorized absences and court ordered placements.

485
children were in pending adoptions in
CPA Adoptive Homes

Notes:

A. The 28,523 children includes 615 youth over the age of 18 in foster care, but who have "aged-out" of the legal conservatorship of DFPS.

B. There are a total of 30,153 children in DFPS legal responsibility. 2,245 are in the legal conservatorship of DFPS but not in substitute care; the majority of these children are in a reunification stage and are living with their families of origin.

* Care, Custody and Control - In some counties in Texas, this type of custody is given at an Ex Parte Hearing rather than appointing a temporary managing conservator. This provides legal authority for DFPS to ensure a child's safety and meet a child's basic needs for shelter, food, and education.

** Temporary Managing Conservatorship (TMC) - is a court ordered legal relationship between a child and a parent or nonparent. If a judge appoints DFPS as Temporary Managing Conservator, the court will order DFPS to exercise specific rights and duties, which include but are not limited to the right to have physical possession of the child, the duty of care, control, and protection of the child, the right to designate the primary residence of the child, and the right to make decisions concerning the child's health-care and education. Generally, TMC continues for up to 12 to 18 months at which time the judge issues a final order returning the child home, appointing an individual or DFPS as a Permanent Managing Conservator, and/or terminating parental rights thereby making the child eligible for adoption.

*** Permanent Managing Conservatorship (PMC) - is the status a court awards to DFPS in a final order. DFPS can be awarded PMC with or without termination of the rights of the child's parents. The rights and duties of a PMC are typically the same as those of the TMC; however, as the PMC, DFPS continues to exercise those rights until the child is adopted, until PMC is transferred to a suitable individual, or the child becomes a legal adult at age 18.

**** Possessory Conservatorship - Although uncommon, DFPS may be appointed Possessory Conservator (PC) in certain situations. As PC, DFPS has more limited rights and duties with respect to the child, as enumerated in the court's order naming DFPS as PC.

Title IV-E Foster Care Program Description

The Foster Care Program helps States to provide safe and stable out-of-home care for children until the children are safely returned home, placed permanently with adoptive families or placed in other planned arrangements for permanency. Funds are available for: monthly maintenance payments to eligible foster care providers; administrative costs to manage the program; training staff and foster parents; foster parent recruitment; and other related expenses.

State Paid Foster Care may be funded with Federal Block Grant (TANF).

For children who cannot reunify and for who adoption has been ruled out, the Permanency Care Assistance (PCA) Program provides a monthly subsidy to relatives and fictive kin that take legal custody as a permanent managing conservator and have been a verified foster care provider for the child for at least 6 months. The PCA subsidy is similar to an adoption subsidy.

Family Group Decision Making (FGDM) is a part of the CPS process to be family-centered. The goal is to enhance safety, permanency, and well-being for children by providing direct services and support services to their caregivers, whether biological or through affinity. FGDM describes a variety of practices to work with and engage families in problem solving, including Family Team Meetings (FTM), Family Group Conferences (FGC), and Circles of Support (COS):

- **Family Team Meeting (FTM)** is designed as a rapid response to child safety and placement concerns, and is used to achieve positive outcomes for children in the earliest stages of interaction between CPS and families.
- **Family Group Conference (FGC)** is a process where families join with relatives, friends, and others in the community to develop a plan to ensure children are cared for and protected from future harm. This broader constellation of “family” convenes with information providers/community supports and CPS caseworkers in a unique partnership that empowers the “family group” with a high degree of decision-making authority and responsibility.
- **Circles of Support (COS)** is a youth-focused, youth-driven meeting with the primary purpose of developing a plan for older youth to transition from foster care to adulthood. It may be used for other purposes as well. It includes broader participation of the youth’s support network.

* As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.

Preparation for Adult Living (PAL) Services Youth Ages 16 through 20

The Transitional Services Program includes Preparation for Adult Living (PAL) program services to help youth aging out of foster care prepare for adult life, and assist with the initial transition to adult living. PAL services ensure that DFPS foster youth and those aging out of care receive the tools, resources, supports, and personal and community connections they need to become self-sufficient adults. Supportive services and benefits are provided to eligible youth ages 16 to 21, and in some cases up to age 23 for certain educational/vocational needs, to assist when they leave foster care.

Note: 907 youth who were not served in FY 2014 received services prior to FY 2014.

Child Day Care Licensing Overview

The Texas Department of Family and Protective Services is granted its authority to regulate child-care facilities and child-placing agencies by the Texas Legislature in Chapter 42 of the Texas Human Resources Code.

The purpose of regulation is to protect a group or class of children by establishing and enforcing statewide minimum standards.

Social Security Act
Human Resources Code, Chapters 40, 42, and 43
Texas Family Code, Title 5
Texas Government Code
Texas Health and Safety Code, Chapter 249
Texas Administrative Code, Title 40

Major Provisions:

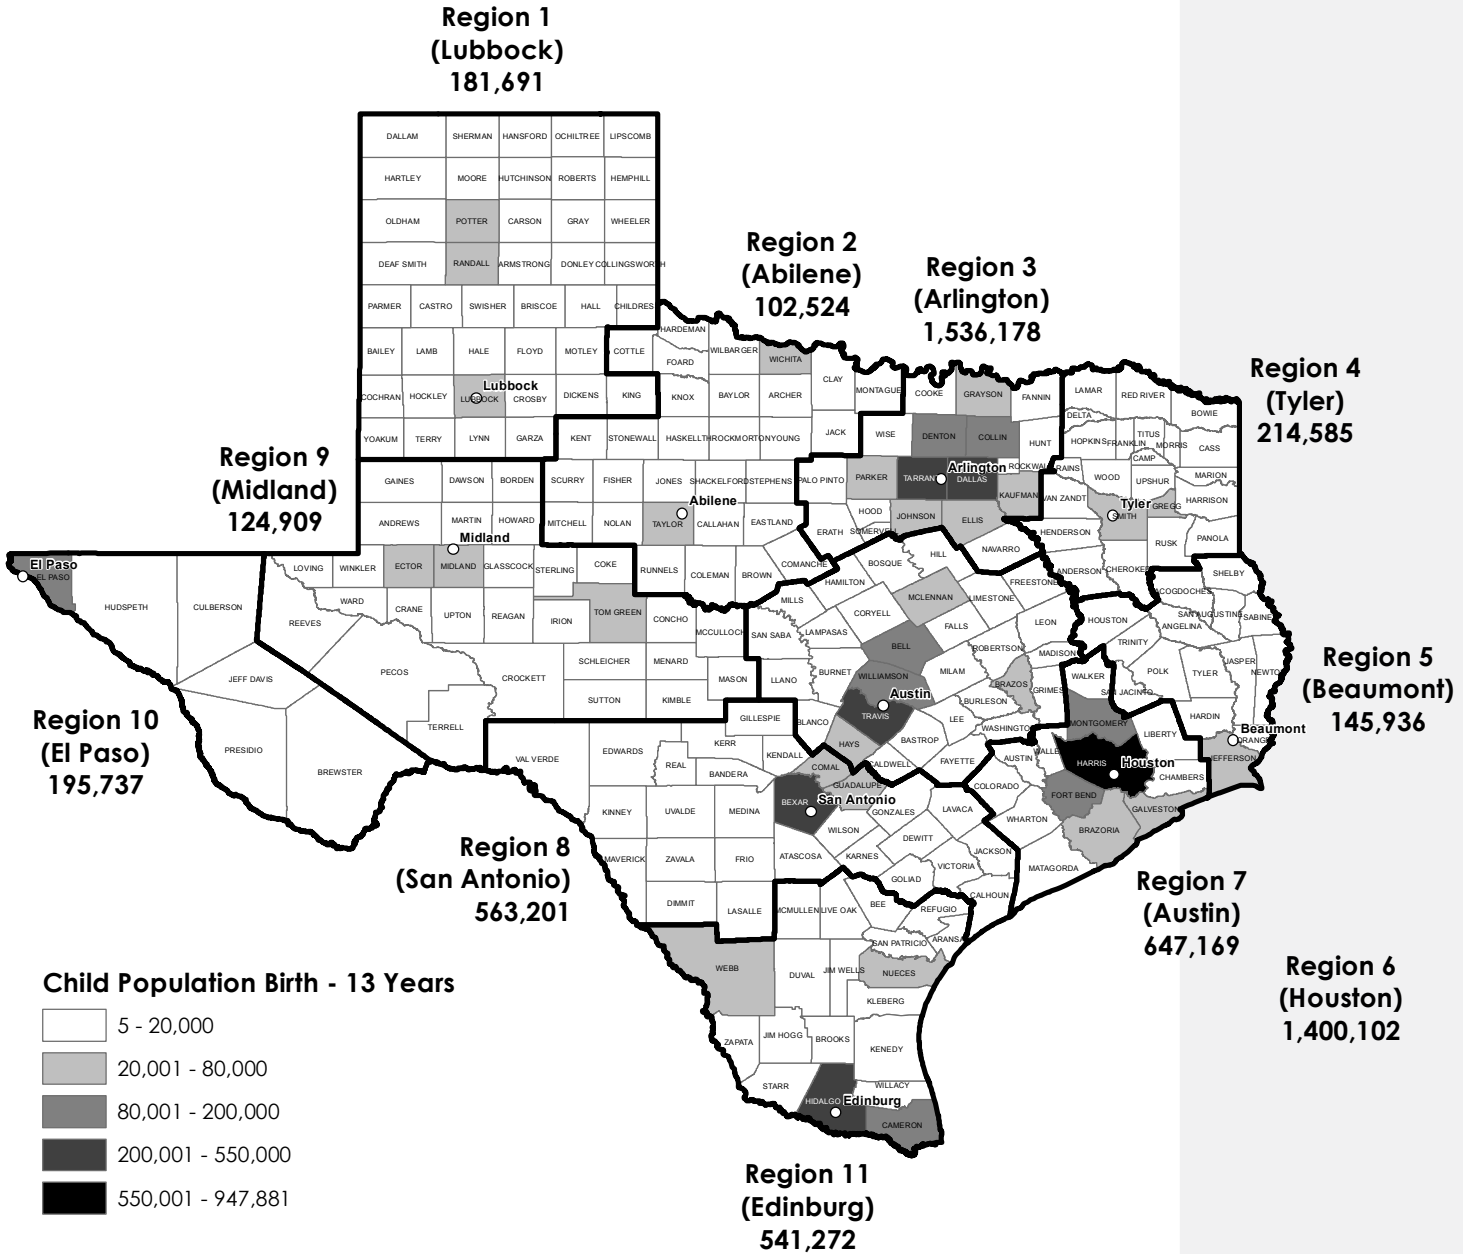

- Develop minimum standards to promote the health, safety, and well-being of children in out-of-home care.
- Inspect child-care operations to ensure they maintain compliance with minimum standards.
- Investigate allegations of abuse/neglect, investigate violations of standards or the law and ensure appropriate enforcement actions are taken.
- Conduct criminal background checks and DFPS Central Registry checks on all adult staff or caregivers, other adults and youth ages 14 to 18 who will be in regular or frequent contact with children in child-care operations.
- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with Licensing standards.
- Educate the general public about choosing regulated child-care and inform them of the child-care options in Texas through media campaigns and by maintaining an online database of child-care providers, including information regarding each operation's compliance history.
- Enforce regulatory requirements for all child-care providers, including illegally operating child-care providers.

Other Programmatic Information: Challenges

- Consistently enforcing adherence to minimum standards across the state.
- Developing cooperative, professional, and effective relationships with child-care operations resulting in increased compliance and stronger protection for children.
- Providing technical assistance to all child care operations, especially focusing on those struggling to maintain compliance with standards.
- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

¹ Operations that are open any time during the fiscal year. Operations may have multiple investigations.

² The deficiencies are related to the investigation allegations.

³ The number of illegal operation investigations is calculated using the operation's application date that is after the date of the intake.

⁴ Beginning FY 2013, Subtotal and Total Number of Operations During Year counts unique operations only. Some operations are counted more than once due to Facility Type changes during the Fiscal Year.

Note: The number of Investigations will not match the totals for the Abuse/Neglect Investigations and the totals for the Non-Abuse/Neglect Investigations because the count of the numbers is collected from different stages. Exemption requests are submitted to Licensing to determine if their operation is subject to regulation.

Legal Responsibility for Child-Care Licensing

Day Care and Residential Care: Statutory References
Social Security Act
Human Resources Code, Chapters 40, 42, and 43
Texas Family Code, Title 5
Texas Government Code
Texas Health and Safety Code, Chapter 249
Texas Administrative Code, Title 40

Major Provisions:

- Develop minimum standards to promote the health, safety, and well-being of children in out-of-home care.
- Inspect child-care operations to ensure they maintain compliance with minimum standards.
- Investigate allegations of abuse/neglect, investigate violations of standards or the law and ensure appropriate enforcement actions are taken.
- Conduct criminal background checks and DFPS Central Registry checks on all adult staff or caregivers, other adults and youth ages 14 to 18 who will be in regular or frequent contact with children in child-care operations.
- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with licensing standards.
- Educate the general public about choosing regulated child-care and inform them of the child-care options in Texas through media campaigns and by maintaining an online database of child-care providers, including information regarding each operation's compliance history.
- Enforce regulatory requirements for all child-care providers, including illegally operating child-care providers.
- Conduct inspections of a random sample of agency foster homes.
- Conduct annual enforcement team conferences to thoroughly review operations.

Other Programmatic Information: Challenges

- Consistently enforcing adherence to minimum standards across the state.
- Developing cooperative, professional, and effective relationships with operations resulting in increased compliance and stronger protection for children.
- Providing technical assistance to all child care operations, especially focusing on those struggling to maintain compliance with standards.
- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

RCCL inspects agency foster homes for two reasons (1) to conduct an investigation; or (2) to determine whether the CPA managing the foster homes is compliant in its verification, monitoring and management of the foster home and the children in care. Foster home inspections for the latter purpose are periodically selected at random from across the state from the DFPS database for inspection.

* Beginning in FY12 the LBB Performance Measure definition of Inspections does not include Inspections completed as part of an Investigation. The inspection counts are based on the operation type at the time of the inspection.

¹ Operations that are open any time during the fiscal year. Operations may have multiple inspections.

² Beginning FY 2013, Total Number of Operations During Year counts unique operations only. Some operations are counted more than once due to Facility Type changes during the Fiscal Year.

Legal Responsibility for the Division of Prevention and Early Intervention

Federal: Title XX, Social Security Act
Federal: Title IV-B, Part 2, Social Security Act
State: Texas Family Code, 264.301 also Chapter 265 – created through SB1574 below
State: Senate Bill 1574, 76th Legislature
State: Human Resources Code, 40.0561

The Division of Prevention and Early Intervention

(PEI) was created to consolidate child abuse prevention and juvenile delinquency prevention and early intervention programs within the jurisdiction of a single state agency. Consolidation of these programs is intended to eliminate fragmentation and duplication of contracted prevention and early intervention services for at-risk children, youth, and families.

- Community Youth Development (CYD)** - The CYD program contracts with community-based organizations to develop juvenile delinquency prevention programs in ZIP codes with high juvenile crime rates. Approaches used by communities to prevent delinquency have included mentoring, youth employment programs, career preparation, youth leadership development and recreational activities. Communities prioritize and fund specific prevention services according to local needs. CYD services are available in 15 targeted Texas ZIP codes.
- Services to At-Risk Youth (STAR)** - The STAR program contracts with community agencies to offer family crisis intervention counseling, short-term emergency respite care, and individual and family counseling. Youth up to age 17 and their families are eligible if they experience conflict at home, truancy or delinquency, or a youth who runs away from home. STAR services are available in all 254 Texas counties. Each STAR contractor also provides universal child abuse prevention services, ranging from local media campaigns to informational brochures and parenting classes.
- Texas Families: Together and Safe (TFTS)** - The TFTS program funds evidence-based, community-based programs designed to alleviate stress and promote parental competencies and behaviors that increase the ability of families to become self-sufficient and successfully nurture their children. The goals of TFTS are to: improve and enhance access to family support services; increase the efficiency and effectiveness of community-based family support services; enable children to remain in their own homes by providing preventative services, and to increase collaboration among local programs, government agencies, and families.
- Community-Based Child Abuse Prevention (CBCAP)** - The CBCAP program seeks to increase community awareness of existing prevention services, strengthen community and parental involvement in child abuse prevention efforts, and encourage families to engage in services that are already available. CBCAP funds a variety of contracts with community-based organizations to provide child abuse and neglect prevention services. These include the Respite/Parent Education, Basic Parent Education, Fatherhood Effects, and the Home-Visiting, Education, and Leadership (HEAL) programs, as well as various special initiatives and public awareness campaigns
- Community Based Family Services (CBFS)** - The CBFS program serves families who were investigated by CPS but whose allegations were low-priority or unsubstantiated, through community and evidence-based services. Services include home visitation, case management, and additional social services to provide a safe and stable home environment.
- Statewide Youth Services Network (SYSN)** - The SYSN program contracts provide community and evidence-based juvenile delinquency prevention programs focused on youth ages 10 through 17, in each DFPS region.
- Helping through Intervention and Prevention (HIP)** - The HIP program provides an extensive family assessment, home visiting that includes parent education and basic needs support to targeted families. Eligible families are those who have previously had their parental rights terminated due to child abuse and neglect in year 2011 or later who currently have a newborn child, families who have previously had a child die with the cause identified as child abuse or neglect in year 2011 or later who have a newborn child, or current foster youth who are pregnant or who have given birth in the last four months.

- **Healthy Outcomes through Prevention and Early Support (HOPES)** - The HOPES program provides child abuse and neglect prevention services that target families with children between 0-5 years of age. Contracts have been awarded in eight counties and each include an evidence-based home-visiting component as well as other services that meet the needs of the target county. Each HOPES contract also has a focus on community collaboration that focus on early childhood and the prevention of child abuse and neglect.
- **Texas Youth and Runaway Hotlines** - The 24-hour toll-free Texas Runaway Hotline and the Texas Youth Hotline offer crisis intervention, telephone counseling, and referrals to troubled youth and families. Volunteers answer the phones and interact with callers facing a variety of problems including family conflict, delinquency, truancy, and abuse and neglect issues. The program increases public awareness through media efforts that may include television, radio, billboards and other printed materials.

Population Data Source: Texas State Data Center, University of Texas (San Antonio). Based on Census 2010 data.

* As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.

** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American

* Subcategory of Unconfirmed investigation

** Only includes children who received post-investigation services

*** Children removed from home as a result of a completed investigation without regards to any concurrent open family stages, a subset of total children entering substitute care.

This table addresses Texas Family code §261.004, subsections (b) (2) and (4) (B through F) respectively.

Note: Refer to "CPS Children in Care During the Fiscal Year 2014" for total removals.

* As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.

** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American

* Children in foster care is by living arrangement and will not equal children in paid foster care.

** Point Prevalence: Rate of annual number of children in DFPS legal responsibility in Fiscal Year 2014 per 1,000 children in the child population.”

*** Substitute care and foster care include children ages 0 to 20. Children age out of DFPS legal responsibility at age 18 but may remain in foster care. Youth ages 18 and over who are in foster care are counted in substitute care.

**** Relative Care means any type of relative placement including relatives who have been verified as foster parents and relative caregivers who are not verified foster parents.

Population Data Source: Texas State Data Center, University of Texas (San Antonio) - based on Census 2010 data.

The following footnote addresses Texas Family Code §261.004, Subsection (b) (14).

Total Removals includes 16 children removed solely to obtain mental health services for the child. Counties included are Anderson, Bexar, Brazos, Guadalupe, Harrison, Palo Pinto, San Patricio and Tarrant Counties with one child each and Harris, Hunt, McLennan and Williamson Counties with two children each.

Note: Includes removals from all stages of service.

* As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.

** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American.

* "Waiting for Adoption" means children who are legally free for adoption and not yet in an adoptive placement.

** As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.

*** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American

* CBCAP - Community-Based Child Abuse Prevention.

** TFTS - Texas Families: Together and Safe

***CBFS - Community-Based Family Services

Note: CBCAP, TFTS and CBFS are offered in a limited number of Texas Counties. Counties selected are the result of a statewide competitive procurement.

Definitions

Adult Protective Services Program

Abuse (In-Home) - The negligent or willful infliction of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical or emotional harm or pain by a caretaker, family member, or other individual with whom the alleged victim has an ongoing relationship.

Adult - a person 18 or older or an emancipated minor.

Allegation (In-Home) - An assertion that alleged victim is in a state of or at risk of harm due to abuse, neglect, or financial exploitation.

Allegation (Facility Investigations) - A report by an individual that a person receiving services in a state operated and/or contracted setting that serves children and adults with mental illness or intellectual disabilities has been or is in a state of abuse, neglect, or exploitation.

Alleged Perpetrator (In-Home) - A person who is reported to be responsible for the abuse, neglect or financial exploitation of an alleged victim.

Alleged Perpetrator (Facility Investigations) - Staff employed in a state operated and/or contracted setting that serves persons with mental illness or intellectual disabilities who is reported to have abused, neglected or exploited a person served in these settings.

Alleged Victim (In-Home) - A person age 65 or older or an adult with a disability who has been reported to adult protective services to be in a state of or at risk of abuse, neglect, or financial exploitation.

Alleged Victim (Facility Investigations) - A person served in a state operated and/or contracted setting who is alleged to have been abused, neglected, or exploited.

APS - Adult Protective Services, a division of DFPS.

APS In-Home - The term used to refer to investigations and service delivery related to abuse, neglect, and financial exploitation of alleged victims who generally live in non-institutional settings, such as private homes, small foster homes, and legally unlicensed room and board facilities. APS In-Home caseworkers investigate financial exploitation in licensed facilities when the alleged perpetrator is not affiliated with the institution and has an ongoing relationship with the alleged victim. In previous years, Adult Protective Services In-Home cases have been referred to as “community” cases. To avoid confusion with Facility investigations in community centers, the title “community” is no longer used when referring to the APS In-Home program area.

APS Facility Investigations Program - Investigations conducted by APS related to abuse, neglect, or exploitation of persons with mental illness or intellectual disabilities who are served in state operated and/or state contracted settings.

Capacity to Consent to Protective Services - Having the mental and physical ability to understand the services offered and to accept or reject those services, knowing the consequences of the decision.

Caretaker - A guardian, representative payee, or other person who by act, words, or course of conduct has acted so as to cause a reasonable person to conclude that he has accepted the responsibility for protection, food, shelter, or care for an alleged victim. This excludes paid caretakers as defined in 40 TAC §705.1001(8).

Client (In-Home) - An alleged victim who has been determined in a validated finding to be in need of protective services. The alleged victim does not have to meet financial eligibility requirements.

Confidentiality - Records relating to the department’s protective clients are not open to public inspection.

Confirmed (Facility Investigations) - There is a preponderance of credible evidence to support that abuse, neglect, or exploitation occurred.

Court-Authorized Entry (In-Home) - To carry out an investigation of reported abuse, neglect, or financial

exploitation, the court may authorize the department to enter the premises of an alleged victim. **Designated Perpetrator - (In-Home)** An alleged perpetrator who has been determined in a validated finding to have abused, neglected or financially exploited a designated victim.

Designated Perpetrator (Facility Investigations) - An alleged perpetrator who has been determined in a confirmed finding to have abused, neglected or exploited a person served in these settings.

Designated Victim (In-Home) - An alleged victim with a valid abuse, neglect, or financial exploitation finding.

Designated Victim (Facility Investigations) - An alleged victim with a confirmed abuse, neglect, or exploitation finding.

Developmental Disability - A severe, chronic disability of an individual that:

- results from an intellectual and/or physical impairment;
- begins before age 22;
- is likely to be life-long;
- results in major limitations in three or more areas of everyday functioning (self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency); and
- reflects the individual's need for special services that are individually planned and coordinated.

Disabled Person - A person with a mental, physical, or developmental disability that substantially impairs the person's ability to provide adequately for the person's care or protection and who is 18 years of age or older (or under 18 years of age and who has had the disabilities of minority removed).

Emancipated Minor - A person under 18 years of age who has the power and capacity of an adult. This includes a minor who has had the disabilities of minority removed by a court of law or a minor who, with or without parental consent, has been married. (Marriage includes common-law marriage).

Emotional or Verbal Abuse (In-Home) - When an alleged perpetrator is

- a caretaker, family member, or other individual who has an ongoing relationship with the alleged victim - any act or use of verbal or other communication to threaten violence that makes a reasonable person fearful of imminent physical injury.
- a paid caretaker - any act or communication that is used to curse, vilify, humiliate, degrade, or threaten and that results in emotional harm; or is of such a serious nature that a reasonable person would consider it emotionally harmful.

Emotional or Verbal Abuse (Facility Investigations) - Any act or use of verbal or other communication, including gestures to curse, vilify or degrade a person served in a state operated and/or contracted setting, or threaten a person served in a state operated and/or contracted setting with physical or emotional harm. The act or communication must result in observable distress or harm to the person served in a state operated and/or contracted setting, or be of such nature that a reasonable person would consider it harmful or causing distress.

Exploitation (Facility Investigations) - The illegal or improper act or process of using a person served in a state operated and/or contracted setting or the resources of a person served in a state operated and/or contracted setting for monetary or personal benefit, profit, or gain when the alleged perpetrator is an employee, agent, or contractor.

Facility - State Supported Living Centers (SSLC), State Hospitals, privately operated ICF-IID, and the Rio Grande State Center.

Facility Non-Institutional Settings - Home and Community-Based Waiver (HCS-W) services, Texas Home Living Waiver program and Community Centers. Community Centers may contract to provide a number of IDD services including privately operated Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF-IID), home and community-based services Waiver (HCS-W) and adult day programs.

False Reports - A person commits an offense if the person knowingly or intentionally reports information that the person knows is false or lacks factual foundation. Such an offense is a Class B misdemeanor.

Financial Exploitation (In-Home) - When an alleged perpetrator is a caretaker or paid caretaker, family member, or other individual who has an ongoing relationship with the alleged victim, financial exploitation is defined as the illegal or improper act or process of an alleged perpetrator using, or attempting to use, the resources of the alleged victim, including the alleged victim's Social Security number or other identifying information for monetary or personal benefit, profit, or gain; and without the informed consent of the alleged victim.

There is no informed consent when the consent is:

- not voluntary;
- induced by deception or coercion; or
- given by an alleged victim who the alleged perpetrator knows or should have known to be unable to make informed and rational decisions because of diminished capacity or mental disease or defect.

When the alleged perpetrator is a caretaker, family member, or other individual who has with an ongoing relationship with the alleged victim, financial exploitation does not include Theft in Texas Penal Code, Chapter 31 (theft offenses).

When the alleged perpetrator is a paid caretaker, financial exploitation includes, but is not limited to, Theft in Texas Penal Code, Chapter 31 (theft offenses).

Immunity - A person filing a report, participating in an investigation, testifying, or participating in any judicial proceeding arising from a petition, report, or investigation is immune from civil or criminal liability. A person, including an authorized department volunteer, medical personnel, or law enforcement officer, who participates in an investigation or the provision of services is also immune as long as the person is acting in good faith.

Incapacitated Person - An adult individual who, because of a physical or mental condition is substantially unable to provide food, clothing, or shelter for himself or herself, to care for the individual's own physical health, or to manage the individual's own financial affairs; a missing person; or a person who must have a guardian appointed to receive funds due the person from any governmental source. (A minor is also a legally incapacitated person.)

Incidence of Maltreatment - Ratio of the number of validated APS In-Home cases in a geographic area to the total population in that area of persons who are age 65 or older and persons who have disabilities.

Inconclusive (Facility Investigations) - There is not a preponderance of credible evidence to indicate that abuse, neglect, or exploitation did or did not occur due to lack of witnesses or other available evidence.

Information Management Protecting Adults and Children in Texas (IMPACT) - The browser-based software application by which Adult Protective Services (APS) and Child Protective Services (CPS) staff document cases.

Intake Priorities for In-Home Investigations - In establishing priorities, the department defines the time frames for beginning an investigation and for conducting a face-to-face interview with the alleged victim. Adult Protective Services' priorities are based on the degree of severity and immediacy of the alleged harm to the individual.

Priority I - APS reports that allege the victim is in a state of serious harm or is in danger of death from abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within 24 hours of the department's receipt of a Priority I report, which may include, but is not limited to, the following:

1. Serious injuries. Examples: spinal injury, fractured ribs puncturing lung, head injury, severe burns, broken hip, internal injuries.
2. Lack of life-sustaining medication.
3. Serious threats by caretaker to harm or kill alleged victim.
4. Lack of basic physical necessities severe enough to result in freezing, starvation, or dehydration.
5. Need for immediate medical attention to treat conditions that could result in irreversible physical harm, Examples: unconsciousness, acute pain, severe respiratory distress, gangrene, hemorrhaging, severe malnutrition, advanced bedsores.
6. Sexual abuse when there is danger of repeated abuse.

7. No caretaker is available; the alleged victim is unable to perform critical personal care activities, and his or her needs cannot be met by other community resources.
8. Living conditions that pose a serious health or safety hazard. Examples: fecal contamination, dead animals, major structural damage to residence

Priority II - APS reports that allege the victim is abused, neglected, or financially exploited and as a result is at risk of serious harm. The caseworker must attempt a face-to-face visit with the alleged victim within three calendar days of the department's receipt of a Priority II report. Priority II reports may include, but are not limited to, the following:

1. Critical need for mental health or medical treatment. Examples: overly aggressive behavior, pressure spots, small bedsores or other small but open wounds, malnutrition, sprains, or disease or illness that is acute but not life-threatening.
2. Falling or being pushed, hit, or scratched, which is alleged to have resulted in bruises, other injuries, or severe mental anguish.
3. Inadequate attention to physical needs. Examples: insufficient food or medicine, but not life-threatening.
4. Illegal or improper use of alleged victim's income or resources to the degree that the alleged victim is unable to meet basic needs or is threatened with substantial loss of income or resources.
5. Unreasonable confinement.
6. Sexual abuse of the alleged victim by the caretaker, but clearly no immediate danger of repeated abuse.
7. Threats of physical violence or harm to the alleged victim.
8. Imminent eviction from a nursing home because the alleged victim's representative failed to use the alleged victim's income to pay for care.
9. Threat of losing the caretaker's services when the alleged victim is dependent on the caretaker for basic needs.

Priority III - Consists of all other APS reports that allege the victim is in a state of abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within seven calendar days of the department's receipt of a Priority III report. Priority III reports may include, but are not limited to, the following:

1. Verbal or emotional abuse. Examples: harassment, cursing, degrading remarks, intimidation.
2. Marginal care or threatened withdrawal of care by caretaker when the alleged victim needs some assistance with his or her basic activities of daily living.
3. Falling or being pushed, hit, or scratched when such actions are not reported to result in bruises, other injuries, or severe mental anguish.
4. Need for mental health or medical treatment that is not urgent. Examples: mild depression, delusional thinking that is not dangerous to the alleged victim or others, poor nutrition, or disease or illness that is not acute.

Priority IV - APS reports that allege financial exploitation when there is no danger of imminent impoverishment or deprivation of basic needs. The caseworker must attempt a face-to-face visit with the alleged victim within 14 calendar days from the date the department receives a Priority IV report. Priority IV reports may include, but are not limited to, the following:

1. Lack of appropriate contribution to food and shelter expenses by household members.
2. Misuse of a nursing home resident's personal needs allowance by someone who is not affiliated with the nursing home. (If the alleged perpetrator is an employee of the nursing home, the report is referred to the Texas Department of Aging and Disability Services.)
3. Improper use of income or resources but the alleged victim's needs are still met.

Intake Priorities for Facility Investigations -

Priority I - Priority I reports have a serious risk that a delay in the investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by an act or omission that caused or may have caused serious physical or emotional harm. Priority I reports include, but are not limited to: death, sexual

abuse, serious physical abuse injury, serious verbal or emotional abuse, or incitement to harm self or others. The investigator must attempt a face-to-face contact with the alleged victim within 24 hours of receipt of the report by the department.

Priority II - Priority II reports have some risk that a delay in investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by act or omission that caused or may have caused non-serious physical injury, or emotional harm not included in Priority I. Priority II reports include, but are not limited to, the following: non-serious physical injury, non-serious verbal/emotional abuse, and/or exploitation. The investigator must attempt a face-to-face contact with the alleged victim within three calendar days of receipt of the report by the department.

Priority III - Priority III reports allege maltreatment that would otherwise be classified as Priority I or II but the alleged incident occurred more than 30 days prior to the date of the report and there is no known or perceived risk. The investigator must attempt a face-to-face contact with the alleged victim within seven calendar days of receipt of the report by the department. Investigations in SSLCs and the ICF-IID component of the Rio Grande State Center can only be PI or PII.

Institution - An establishment that furnishes, in one or more facilities, food and shelter to four or more persons who are unrelated to the proprietor of the establishment and provides minor treatment under the direction and supervision of a physician licensed by the Texas State Board of Medical Examiners, or other services that meet some need beyond the basic provision of food, shelter, and laundry.

Invalid (In-Home) - based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or financial exploitation did not occur.

Least Restrictive Alternative - An action or service that protects a client while allowing personal autonomy to the fullest degree possible.

Neglect (In-Home) - When an alleged perpetrator is:

- the alleged victim - the failure of one's self to provide the protection, food, shelter, or care necessary to avoid emotional harm or physical injury.
- the caretaker or paid caretaker -the failure to provide the protection, food, shelter, or care necessary to avoid emotional harm or physical injury; or a negligent act or omission that caused or may have caused emotional harm, physical injury, or death.

Neglect (Facility Investigations) - When the alleged perpetrator is an employee, agent, or contractor of a state operated and/or contracted facility serving persons with mental illness or intellectual disabilities, neglect is defined as a negligent act or omission by any individual responsible for providing services to a person served in a state operated and/or contracted setting, which caused or may have caused physical or emotional injury or death to a person served in a state operated and/or contracted setting or which placed a person served in a state operated and/or contracted setting at risk of physical or emotional injury or death. Neglect includes, but is not limited to, the failure to:

1. establish or carry out an appropriate individual program plan or treatment plan for a person served in a state operated and/or contracted setting, if such failure results in a specific incident or allegation involving a person served by a facility or program;
2. provide adequate nutrition, clothing, or health care to a specific person served in a state operated and/or contracted setting residential or inpatient program; or
3. provide a safe environment for a specific person served in a state operated and/or contracted setting, including the failure to maintain adequate numbers of appropriately trained staff if such failure results in a specific incident or allegation involving a person served by a facility or program.

Objection to Medical Treatment - Medical treatment may not be ordered for clients who object to treatment on religious grounds.

Physical Abuse (In-Home) - When an alleged perpetrator is:

- a caretaker, family member, or other individual who has an ongoing relationship with the alleged victim - any

knowing, reckless, or intentional act or failure to act, including unreasonable confinement, corporal punishment, inappropriate or excessive force, or intimidation, which caused physical injury, death, or emotional harm.

- a paid caretaker - any knowing, reckless, or intentional act or failure to act, including unreasonable confinement, corporal punishment, inappropriate or excessive force, or intimidation, which caused or may have caused physical injury, death, or emotional harm.

Physical Abuse (Facility Investigations) - When the alleged perpetrator is an employee, agent, or contractor of a state operated and/or contracted facility serving persons with mental illness or intellectual disabilities, physical abuse is defined as:

1. an act or failure to act performed knowingly, recklessly, or intentionally, including incitement to act, which caused or may have caused physical injury or death to a person served in a state operated and/or contracted setting;
2. an act of inappropriate or excessive force or corporal punishment, regardless of whether the act results in a physical injury to a person served in a state operated and/or contracted setting; or
3. the use of chemical or bodily restraints on a person served in a state operated and/or contracted setting not in compliance with federal and state laws and regulations.

Protective Services (In-Home) - The services furnished by the department or by a protective services agency to a designated victim or to a relative or caretaker of that person if the department determines the services are necessary to prevent that person from returning to a state of abuse, neglect, or exploitation. These services may include social casework, case management, and arranging for psychiatric and health evaluation, home care, day care, social services, health care, respite services, and other services consistent with chapter 48 of the Human Resources Code. Protective services are provided in In-Home cases and may be provided to recipients of HCS-W services.

Purchased Client Services (PCS) - Purchased client services provided in accordance with §48.002(5) of the Human Resources Code, includes, but is not limited to, emergency shelter, medical and psychiatric assessments, In-Home care, residential care, heavy housecleaning, minor home repairs, money management, transportation, emergency food, medication, and other supplies. Specific purchased client services are only provided if those specific services are not available through other state and local resources. A person who is age 65 or older or an adult with disabilities is eligible to receive purchased client services from Adult Protective Services in accordance with §48.002(5) and §48.202 of the Human Resources Code when a service plan has been developed by the department under these sections that indicates that purchased client services are needed to remedy abuse, neglect, or financial exploitation. All other available resources must be used where feasible before purchased client services are initiated.

Reporter - A person who makes a referral to Adult Protective Services staff about a situation of alleged abuse, neglect, or exploitation of a person who is age 65 or older or has a disability.

Sexual Abuse (In-Home) - Nonconsensual sexual activity, which may include, but is not limited to, any activity that would be a sexually-oriented offense per Texas Penal Code, Chapter 21 (indecent exposure), Chapter 22 (sexual assault), or Chapter 43 (public indecency) committed by:

- the alleged victim's caretaker;
- a paid caretaker;
- a family member; or
- another individual who has an ongoing relationship with the alleged victim.

There is no consent when:

- the alleged perpetrator knows or should know that the alleged victim is incapable of consenting because of impairment in judgment due to mental or emotional disease or defect;
- consent is induced by force or threat against any person;
- the alleged victim is unconscious or physically unable to resist;
- the alleged perpetrator has intentionally impaired the alleged victim by administering any substance without the person's knowledge; or

- consent is coerced due to fear of retribution or hardship, or by exploiting the emotional dependency of the alleged victim on the alleged perpetrator.

Sexual Abuse (Facility Investigations) - When the alleged perpetrator is an employee, agent, or contractor of a state operated and/or contracted facility serving persons with mental illness or intellectual disabilities, sexual abuse is defined as any sexual activity, including but not limited to:

1. kissing a person served in a state operated and/or contracted setting with sexual intent;
2. hugging a person served in a state operated and/or contracted setting with sexual intent;
3. stroking a person served in a state operated and/or contracted setting with sexual intent;
4. fondling a person served in a state operated and/or contracted setting with sexual intent;
5. engaging in with a person served in a state operated and/or contracted setting:
 - sexual conduct as defined in the Texas Penal Code, §43.01; or
 - any activity that is obscene as defined in the Texas Penal Code, §43.21;
6. requesting, soliciting, or compelling a person served in a state operated and/or contracted setting to engage in:
 - sexual conduct as defined in the Texas Penal Code, §43.01; or
 - any activity that is obscene as defined in the Texas Penal Code, §43.21;
7. in the presence of a person served in a state operated and/or contracted setting:
 - engaging in or displaying any activity that is obscene, as defined in the Texas Penal Code §43.21; or
 - requesting, soliciting, or compelling another person to engage in any activity that is obscene, as defined in the Texas Penal Code §43.21;
8. committing sexual exploitation as defined in §711.15 of this title (relating to “How is sexual exploitation defined?”) against a person served in a state operated and/or contracted setting;
9. committing sexual assault as defined in the Texas Penal Code §22.011, against a person served in a state operated and/or contracted setting;
10. committing aggravated sexual assault as defined in the Texas Penal Code, §22.021, against a person served in a state operated and/or contracted setting; and
11. causing, permitting, encouraging, engaging in, or allowing the photographing, filming, videotaping, or depicting of a person served in a state operated and/or contracted setting if the employee, agent, or contractor knew or should have known that the resulting photograph, film, videotape, or depiction of the person served in a state operated and/or contracted setting is obscene as defined in the Texas Penal Code, §43.21, or is pornographic.

Unable to Determine (In-Home) - a preponderance of the available evidence is insufficient to support a finding of Valid or Invalid.

Unconfirmed (Facility Investigations) - there is a preponderance of credible evidence to support that abuse, neglect, or exploitation did not occur.

Unfounded (Facility Investigations) - evidence gathered indicates that the allegation is spurious or patently without factual basis.

Valid (In-Home) - based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or financial exploitation occurred.

Child Protective Services Program

CPS Abuse and Neglect Dispositions-The principal governing legislation for CPS investigations is Chapter 261 of the Texas Family Code (TFC). The TFC definitions of abuse or neglect investigated by CPS are:

Physical Abuse - Physical injury that results in substantial harm to the child, or the genuine threat of substantial harm from physical injury to the child, including an injury that is at variance with the history or explanation given and excluding an accident or reasonable discipline by a parent, guardian, or managing or possessory conservator that does not expose the child to a substantial risk of harm; failure to make a reasonable effort to prevent an action by another person that results in physical injury that results in substantial harm to the child; the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in physical injury to a child; or causing, expressly permitting, or encouraging a child to use a controlled substance as defined by Chapter 481, Health and Safety Code.

Sexual Abuse - Sexual conduct harmful to a child's mental, emotional, or physical welfare, including conduct that constitutes the offense of indecency with a child under Section 21.11, Penal Code, sexual assault under Section 22.011, Penal Code, or aggravated sexual assault under Section 22.021, Penal Code; failure to make a reasonable effort to prevent sexual conduct harmful to a child; compelling or encouraging a child to engage in sexual conduct as defined by Section 43.01, Penal Code; causing, permitting, encouraging, engaging in, or allowing the photographing, filming, or depicting of the child if the person knew or should have known that the resulting photograph, film, or depiction of the child is obscene (as defined by the Penal Code) or pornographic; or causing, permitting, encouraging, engaging in, or allowing a sexual performance by a child as defined by 43.25, Penal Code.

Emotional Abuse - Mental or emotional injury to a child that results in an observable and material impairment in the child's growth, development, or psychological functioning; causing or permitting the child to be in a situation in which the child sustains a mental or emotional injury that results in an observable and material impairment in the child's growth, development, or psychological functioning; or the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in mental, or emotional injury to a child.

Neglectful Supervision - Placing the child in or failing to remove the child from a situation that a reasonable person would realize requires judgment or actions beyond the child's level of maturity, physical condition, or mental abilities and that results in bodily injury or a substantial risk of immediate harm to the child; or placing a child in or failing to remove the child from a situation in which the child would be exposed to a substantial risk of sexual conduct harmful to the child.

Medical Neglect - Failing to seek, obtain, or follow through with medical care for a child, with the failure resulting in or presenting a substantial risk of death, disfigurement, or bodily injury or with the failure resulting in an observable and material impairment to the growth, development, or functioning of the child.

Physical Neglect - Failure to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child, excluding failure caused primarily by financial inability unless relief services had been offered and refused.

Refusal to Assume Parental Responsibility - Failure by the person responsible for a child's care, custody, or welfare to permit the child to return to the child's home without arranging for the necessary care for the child after the child has been absent from the home for any reason, including having been in residential placement or having run away.

Abandonment - The leaving of a child in a situation where the child would be exposed to a substantial risk of physical or mental harm, without arranging for necessary care for the child, and a demonstration of an intent not to return by a parent, guardian, or managing or possessory conservator of the child.

Children in Foster Care - All children in DFPS' legal responsibility who are in a placement paid by DFPS or other public facility. These placements include foster homes, foster group homes, institutions, residential treatment facilities, and juvenile facilities. This is a subset of Children in Substitute Care.

Children in Substitute Care - Children in Substitute Care - Children under 18 years of age in DFPS' legal responsibility who are removed and placed outside their own home (home of origin). This includes foster homes, institutions, foster group homes, residential treatment facilities, hospitals, adoptive homes, juvenile facilities, kinship care placements, and independent living arrangements. Also included are the youth who age out of DFPS' legal responsibility and continue in foster care placements to complete vocational training by age 19 or to graduate from high school before they turn 22 years old.

Kinship care- The term used to describe those situations in which children, who are no longer able to live with their own parents, are cared for by relatives or other people known as "fictive kin" that have a significant relationship with the child or the child's family, such as a godparent or family friend.

Verified Kinship Caregiver (Foster Parent) - A verified kinship caregiver is licensed or verified as a foster parent to provide 24-hour residential care for a child, in accordance with Chapter 42 of the Human Resources Code and related regulations. Verification as a foster parent is offered by either DFPS through the CPS Foster and Adoptive Home Development program (FAD); or a private child-placing agency.

Children in the Legal Responsibility of the Texas Department of Family and Protective Services - All children for whom the courts have appointed the Texas Department of Family and Protective Services legal responsibility by temporary or permanent managing conservatorship or other court ordered legal basis. These children may be residing in an out-of-home placement or may have been returned to their own home (home of origin). When there is an immediate danger to the physical health or safety of a child, the Texas Family Code(TFC) provides three options for intervention by DFPS into a family: (1) emergency removal of the child from the home prior to obtaining a court order; (2) removal of the child after obtaining an ex parte order; or, (3) removal of the child after notice and hearing. Within 14 days from the date the child is taken into possession, a Full Adversary Hearing is held at which time the child is either returned home or if there is a continuing danger, temporary orders for managing conservatorship are issued. Within 12 months from the order appointing DFPS as the child's temporary managing conservator, the court must either return the child to the parent and dismiss the suit, appoint a parent, relative, or DFPS as managing conservator on a permanent basis, or grant a one-time extension of the lawsuit, not to exceed 180 days.

CPS Investigations of Child Abuse and Neglect - The agency is required by state law to conduct civil investigations of reports of suspected child abuse or neglect. The objectives of the investigation are to ensure child safety, determine whether abuse or neglect occurred, determine whether children are at risk for abuse or neglect in the future, provide child or family needed safety services and refer the family to services available in the community, if needed. At the conclusion of the investigation, staff must assign a disposition to each allegation to specify conclusion regarding the occurrence of abuse or neglect. The dispositions that staff must use are: Reason to Believe, Ruled Out, Unable to Complete, or Unable to Determine.

Intake Priorities - To establish time frames for investigations, CPS assigns each report of child abuse and neglect to one of two priority groups. The level of identified risk and child safety concerns determine the priority assigned. Initial assessment regarding the immediacy of risk and severity of harm to the child are based on information provided by the reporter and other available information about the alleged perpetrators, child vulnerability, prior history, specific nature of the harm, and whether the harm has occurred.

The two priority groups are as follows:

Priority I - Intake reports that concern children who appear to face an immediate risk of abuse or neglect that could result in death or serious harm. CPS must initiate the investigation within 24 hours of receiving a Priority I report.

Priority II - All reports of abuse or neglect that are not assigned as Priority I are assigned as Priority II. These are reports that contain allegations of abuse or neglect in which there does not appear to be an immediate threat of serious harm or death. CPS must initiate the investigation within 72 hours of receiving a Priority II report. The initial priority may be changed if information gathered during the intake stage indicates that the abuse or neglect is either more or less serious than originally reported.

Service Level - DFPS seeks to place each child in the department's conservatorship with a foster caregiver who is well qualified to meet the child's needs. To achieve this, the department participates in a statewide system for classifying the needs of children and the capabilities of foster caregivers in four Service Levels:

a) What is the description of the Basic Service Level?

The Basic Service Level consists of a supportive setting, preferably in a family, that is designed to maintain or improve the child's functioning, including:

- (1) routine guidance and supervision to ensure the child's safety and sense of security;
- (2) affection, reassurance, and involvement in activities appropriate to the child's age and development to promote the child's well-being;
- (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
- (4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals, on an as-needed basis, to help the child maintain functioning appropriate to the child's age and development.

b) What is the description of the Moderate Service Level?

- (a) The Moderate Service Level consists of a structured supportive setting, preferably in a family, in which most activities are designed to improve the child's functioning including:
 - (1) more than routine guidance and supervision to ensure the child's safety and sense of security;
 - (2) affection, reassurance, and involvement in structured activities appropriate to the child's age and development to promote the child's well-being;
 - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
 - (4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals to help the child attain or maintain functioning appropriate to the child's age and development.
- (b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require intermittent interventions from a skilled caregiver who has demonstrated competence.

c) What is the description of the Specialized Service Level?

- (a) The Specialized Service Level consists of a treatment setting, preferably in a family, in which caregivers have specialized training to provide therapeutic, habilitative, and medical support and interventions including -
 - (1) 24-hour supervision to ensure the child's safety and sense of security, which includes close monitoring and increased limit setting;
 - (2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;
 - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and
 - (4) therapeutic, habilitative, and medical intervention and guidance that is regularly scheduled and professionally designed and supervised to help the child attain functioning appropriate to the child's age and development.
- (b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require regular interventions from a caregiver who has demonstrated competence.

d) What is the description of the Intense Service Level?

- (a) The Intense Service Level consists of a high degree of structure, preferably in a family, to limit the child's access to environments as necessary to protect the child. The caregivers have specialized training to provide intense therapeutic and habilitative supports and interventions with limited outside access, including -

- (1) 24-hour supervision to ensure the child's safety and sense of security, which includes frequent one-to-one monitoring with the ability to provide immediate on-site response.
 - (2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;
 - (3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child, to maintain a sense of identity and culture;
 - (4) therapeutic, habilitative, and medical intervention and guidance that is frequently scheduled and professionally designed and supervised to help the child attain functioning more appropriate to the child's age and development; and
 - (5) consistent and frequent attention, direction, and assistance to help the child attain stabilization and connect appropriately with the child's environment.
- (b) In addition to the description in subsection (a) of this section, a child with developmental delays or intellectual disabilities needs professionally directed, designed and monitored interventions to enhance mobility, communication, sensory, motor, and cognitive development, and self-help skills.
- (c) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs requires frequent and consistent interventions. The child may be dependent on people or technology for accommodation and require interventions designed, monitored, or approved by an appropriately constituted interdisciplinary team.

Permanency Goal Definitions - Permanency goals for children must be one of the following:

- 1) **Family Preservation** - identifies a child's own home as the safe and permanent living situation toward which CPS services are directed, without removing the child from the home.
- 2) **Family Reunification** - identifies that the child was removed from his or her home and that with CPS assistance, the family appears able and willing to reduce the risk of abuse or neglect enough for the child to return home and live there safely for the foreseeable future.
- 3) **Alternative Family Placement with Long Term Commitment** - indicates that the child has been removed from the home, family reunification is not appropriate, and a family has been found or is being sought as follows:
 - (A) adoption and care by a relative;
 - (B) permanent conservatorship and care by a relative;
 - (C) adoption and care by an unrelated family;
 - (D) permanent conservatorship and care by an unrelated family;
 - (E) care by a foster family with DFPS having permanent conservatorship;
 - (F) care in some other family arrangement with DFPS having permanent conservatorship;
- 4) **Another Planned Living Arrangement with Support of a Family** - indicates that the youth has been removed from the home, family reunification or another higher ranking permanency goal is not appropriate, and CPS will provide services directed toward:
 - (A) preparation for independent living, for youth who are at least 16 years old and have no developmental disability; or
 - (B) preparation for adult living with community assistance in the most integrated setting, for youth who are at least 18 years old and who have a developmental disability.

Recidivism - Refers to the re-occurrence of child abuse or neglect involving confirmed victims where the second incidence occurs within six months of the first incidence.

Reports of Child Abuse and Neglect - The agency receives many reports of children who are in situations that are not optimal for their growth or development, but do not appear to involve child abuse or neglect as defined by law. Only the reports that appear to meet the statutory definition of abuse or neglect are required by state law to be investigated by the agency.

Risk Assessment of Child Abuse/Neglect - CPS workers investigate allegations of abuse and neglect and make assessments regarding risk. The terms “at risk” and “not at risk” are conclusions regarding whether there is a reasonable likelihood that the child will be abused or neglected in the foreseeable future. The decision to provide services is based on the assessment of risk, not on the disposition of the allegations. Risk assessment is a casework process in which the worker explores individual and family functioning associated with the recurrence of abuse or neglect, and individual and family strengths and resources associated with protective capacities. There are four possible risk findings:

- **No Significant Risk Factors** - No significant risk factors were identified in the family’s current situation or history.
- **Risk Factors Controlled** - Risk factors were identified; however, family strengths and available resources are sufficient to provide for the safety of the child without CPS assistance.
- **Risk Indicated** - Risk factors were identified, and there are not sufficient family strengths and available resources to manage the risk conditions without CPS assistance.
- **Risk Assessment Not Applicable**- This finding is documented if the investigation involved school personnel or an only child who died, or the investigation was administratively closed or given a disposition of “unable to complete”.

By using a risk-based system for provision of services, CPS is able to identify children in need of protection and direct its resources to those most in need. Child Care Licensing Program.

Child Care Licensing Program

Abuse - An intentional, knowing, or reckless act or omission by someone working under the auspices of an operation that causes or may cause emotional harm or physical injury to, or the death of, a child served by the operation. See the Texas Family Code, §261.401(a)(1) and DFPS Rules, 40 TAC, §§745.8553 745.8557.

Administrative Review - An informal review meant to give certain individuals or operations the opportunity to dispute a specific Licensing decision or action.

Adverse Actions - A type of remedial action that Licensing may impose to address a deficiency. This action may require closure of an operation or the addition of permanent restrictions or conditions to a permit. The four types of adverse actions are - denial, adverse amendment, suspension, and revocation.

Application Process - The application process for licensed and registered operations involves a pre-application interview, inquiry meeting, or orientation; the submission of the application materials; public notice and hearing requirements for residential child-care operations; reviewing the application for compliance with minimum standards, rules and statutes; accepting the application as completed or returning it if incomplete; and the decision to issue or deny. Listed homes are not required to attend a pre-application interview or orientation.

Background Checks - Searches of different databases that are conducted on an individual. There are three types of background checks: criminal history checks conducted by the Department of Public Safety for crimes committed in the State of Texas, criminal history checks conducted by the FBI for crimes committed anywhere in the U.S., and central registry checks conducted by DFPS. The central registry is a database of people who have been found by Child Protective Services, Adult Protective Services, or Licensing to have abused or neglected a child or vulnerable adult. Background checks are conducted on child care providers, foster and adoptive parents (and their household members), and child-placing staff. Background checks are also conducted on employees at licensed operations as well as at registered and listed family homes. Rules are in place to dictate which types of background checks are required of each person. For more information about these requirements, see 40 Texas Administrative Code §§.745.615.

Before or After-school Program - A type of licensed center that provides care before or after or before and after the customary school day and during school holidays, for at least two hours a day, three days a week, to children who attend pre-kindergarten through grade six.

Branch Office - Office space used by a child-placing agency (CPA) separate from the main office or Texas headquarters for the CPA. A branch office is at a location other than the location for which the CPA is licensed/certified. A branch office operates under the license issued to the CPA and performs many of the same functions as the main office of the CPA.

Capacity - The maximum number of children that a permit holder may care for at one time.

Care Types - The type of care offered by a licensed center or general residential operation based on the months, days, and hours of operation, the ages of the children in care, or the services provided. Care types for Licensed Centers include Child Care Program, Before or After School Program, and School Age Program. Care types for General Residential Operations include Child Care Services Only, Emergency Care Services Only, Multiple Services, or Residential Treatment Center. This information reflects the law that was in effect through August 31, 2011.

Caregiver - A person whose duties include the supervision, guidance, and protection of a child or children.

Central Registry - A subset of data within the IMPACT system of people who have been found by CPS, APS, or CCL to have abused or neglected a child or vulnerable adult.

Child-Care Administrator - A person who supervises and exercises direct control over a general residential child-care operation, and who is responsible for the operation's program and personnel, regardless of whether he or she has an ownership interest in the operation or shares duties with anyone.

Child-Care Facility - An establishment subject to regulation by Licensing that provides assessment, care, training, education, custody, treatment, or supervision for a child who is not related by blood, marriage, or adoption to the owner or operator of the facility, for all or part of the 24-hour day, whether or not the establishment operates for

profit or charges for its services. A child-care facility includes the people, administration, governing body, activities on or off the premises, operations, buildings, grounds, equipment, furnishings, and materials.

Child Care Licensing (CCL) - The division within DFPS that regulates child day care operations, residential child-care operations, other child-care activities, and the licensing of child-care administrators and child-placing agency administrators.

Child Care Licensing Law - Chapter 42 of the Human Resources Code.

Child-Placing Agency (CPA) - A person, including an organization, other than the parents of a child who plans for the placement of or places a child in a child-care operation, foster home or adoptive home. A CPA is a licensed residential child-care operation that verifies and regulates its own foster homes and approves adoptive homes subject to DFPS minimum standard rules.

Child-Placing Agency Administrator - A person who supervises and exercises direct control over a child-placing agency and who is responsible for the operation's program and personnel, regardless of whether he or she has an ownership interest in the operation or shares duties with anyone.

CLASS - Child Care Licensing Automation Support System. A case-management computer application used by DFPS licensing staff and is the system of record for many licensing activities.

Complete Application - A packet of materials submitted by an applicant that contains all of the documentation required to apply for a permit.

Corrective Action - A type of remedial action that Licensing may impose to help an operation improve compliance without requiring it to close. The two types of corrective actions include evaluation and probation. Corrective actions are not imposed on listed family homes.

CPA Adoptive Home - A person or persons approved by a CPA to adopt a child or children.

CPA Foster Family Home - A home verified by a child-placing agency to provide care for six or fewer children up to the age of 18 years. The Child-Placing Agency issues verifications, inspects, and may investigate its homes to ensure compliance with minimum standards. Also known as an agency foster family home.

CPA Foster Group Home - A home verified by a child-placing agency to provide care for seven to 12 children up to the age of 18 years. The child-placing agency issues verifications, inspects, and may investigate its homes to ensure compliance with minimum standards. Also known as an agency foster group home.

Deficiency - Any failure to comply with a minimum standard rule, law, specific terms associated with a permit, or condition of a remedial action. Also referred to as a violation.

Director - An adult designated to have daily, on-site responsibility for a licensed day care facility, including maintaining compliance with the minimum standards and licensing laws.

e-Application - An electronic version of the application for a permit to operate a child-care operation.

Enforcement Team Conferences - A conference held to thoroughly review the investigations and inspections of a child-placing agency and all of its agency homes to monitor and enforce compliance by the child-placing agency with rules and standards. Enforcement Team Conferences also began for residential treatment centers starting in fiscal year 2011.

Evaluation - A type of corrective action in which a corrective action plan is imposed that may include conditions beyond the minimum standard rules and the basic permit requirements. During the evaluation period, inspections are conducted more frequently to assist the operation in meeting conditions, improving compliance, and assessing risk to children in care.

Exempt from Regulation - Certain facilities or programs can operate legally without receiving a permit from Licensing. A facility or program exempt from regulation is not required to comply with Licensing's statutes and rules.

Follow-Up Inspection - Inspections that include evaluating individual standards, conditions, or restrictions, rather

than evaluating an entire subchapter of minimum standards

Foster Family Home (Independent) - A licensed operation that provides residential child-care for six or fewer children up to the age of 18 years. An independent foster family home is not affiliated with a CPA but is monitored and regulated directly by the DFPS Licensing Division. See CPA foster family home for a home verified (monitored and regulated) by a child-placing agency (CPA).

Foster Group Home (Independent) - A licensed operation that provides residential care for seven to 12 children up to the age of 18 years. An independent foster group home is not affiliated with a CPA but is monitored and regulated directly by the DFPS Licensing Division. See CPA foster group home for a home verified (monitored and regulated) by a child-placing agency (CPA).

General Residential Operation - A residential child-care operation that provides child care for 13 or more children under age 18 and may provide various treatment services or programmatic services. Residential Treatment Centers, a subset of general residential operations, provide care exclusively for children requiring treatment services for emotional disorders.

Illegal Operation - An operation that provides child care that is subject to regulation, but does not have a permit.

IMPACT - Information Management Protecting Adults and Children in Texas, a case-management computer application used by DFPS staff. IMPACT is the statewide automated child welfare information system (SACWIS) for Texas.

Inspection - The physical presence of licensing staff at an operation to determine an operation's compliance with the child-care licensing law and DFPS rules. Inspection Types: Monitoring, Investigation, Follow-up, Other, and Sampling. See specific definitions in this section.

Investigation - An action conducted by licensing staff when a report is received alleging a violation of the minimum standards/law or abuse/neglect. An investigation is conducted to determine the validity of the allegations and to ensure the protection of children in care.

Investigation Inspection - Inspections that include the investigation of reports alleging abuse, neglect, violation of the law, violations of administrative rule, minimum standard rules, or a combination of these

Issuance - The Licensing division issues a permit to an operation after it determines that an operation or home has met minimum standards and is approved to operate as a child-care operation.

Licensed Child-Care Center - An operation providing care for seven or more children under age 14 for less than 24 hours per day at a location other than the permit holder's home. A licensed center may also be referred to as a day-care center and includes the care types Child Care Program, Before or After-School Program, School-Age Program, and Temporary Shelter Program.

Licensed Child-Care Home - A child day-care operation that is licensed. The primary caregiver provides care in the caregiver's own residence for children from birth through age 13. The total number of children in care varies with the ages of the children, but the total number of children in care at any given time, including the children related to the caregiver, must not exceed 12.

Listed Family Home - Listed Family Homes provide child care on a regular basis (at least 4 hours per day, 3 or more days a week, for 3 or more consecutive weeks) for one to three unrelated children. The total number of children in care at any given time, including the children related to the caregiver, must not exceed 12. Care is provided in the caregiver's home. Providers are required to go through an application process that includes a criminal background check and issuance of a certificate. Listed family home providers must be at least 18 years old. However, there are no orientation classes or training requirements for listed family homes. Until 9/1/2011, listed family homes currently were not routinely inspected; however, reports alleging more than 3 children are in care or reports alleging abuse or neglect of children in care were investigated by CCL.

Maternity Home - A licensed operation that provides care for four or more minor and/or adult women and their children during pregnancy and/or during the six-week postpartum period. Senate Bill 1178 (82nd Legislature) made changes to the statutes to delete references to and definitions of maternity homes as a facility licensed and regulated

by the Department of Family and Protective Services. This was effective 9/1/2012.

Minimum Standard Rules - The rules from Title 40 of the Texas Administrative Code which serve as the minimum requirements that a permit holder must meet to maintain their permit and which are enforced by DFPS to protect the health, safety, and well-being of children. These include all rules in 40 TAC Chapters 727, 743, 744, 746, 747, 748, 749, and 750.

Monetary Actions - A type of remedial action. These actions are fines or penalties that Licensing may impose as provided by the Human Resources Code, §42.075 and §42.078. There are two types of monetary actions - administrative penalties and civil penalties.

Monitoring Frequency - The interval between routine inspections at a child-care operation. The Licensing division determines how frequently to inspect an operation based on risk assessment factors focused on the health, safety, and well-being of children in care.

Monitoring Inspection - Inspections that include evaluation of at least one entire subchapter of the applicable minimum standards and may include evaluation of additional individual laws, administrative rules, or minimum standard rules, or any conditions or restrictions.

Neglect - Neglect is an act or omission that constitutes a breach of a duty by a person working under the auspices of an operation that causes or may cause substantial emotional harm or substantial physical injury to a child. See the Texas Family Code §261.401, DFPS Rules, 40 TAC, §§745.8553, 745.8555, and 745.8559.

Operation - A person or entity offering a program that may be subject to regulation by Child Care Licensing. An operation includes the building and grounds where the program is offered, any person involved in providing the program, and any equipment used in providing the program. The term “operation” is used to refer to any entity providing child care and is usually accompanied by a qualifier to describe the type of care being referenced (for example, “illegal operation” or “daycare operation”).

Other Inspection - Inspections conducted for purposes other than determining compliance with pre-identified minimum standards.

Permit - A license, certificate, registration, listing or any other written authorization granted by Licensing to operate a child-care facility, child-placing agency, general residential operation, listed family home, registered home or maternity home. This also includes a Licensed Administrator’s permit.

Probation - A type of corrective action in which Licensing imposes a corrective action plan that is more restrictive and intense than an evaluation corrective action plan. It may include conditions beyond the requirements of the minimum standards and the basic permit requirements. During the probationary period, inspections are conducted more frequently to assist the operation in meeting conditions, improving compliance, and assessing risk to children in care.

Provider - A person or entity associated with an operation. This term generally implies a degree of responsibility for the operation, and refers to applicants, operations that are subject to regulation, or permit holders.

Registered Child-Care Home - Registered Child Care Homes provide care in the caregiver’s home for up to 6 children under age 14, and may also take in six additional school-aged children before and/or after the customary school day. The number of children allowed in a home is determined by the ages of the children. No more than 12 children can be in care at any time, including children of the caregiver. The application process requires that a provider complete an orientation class and receive clearances on background checks. A registration certificate is issued after CCL staff completes an on-site inspection to ensure the provider is meeting minimum standards. Registered homes are inspected by CCL at least once every 2 years or if a report is received related to child abuse/neglect or standards violations.

Remedial Actions - An action Licensing may impose if an operation is deficient in a minimum standard, rule, law, a specific term associated with the operation’s permit, or a condition of evaluation, probation, or suspension. There are four types of remedial actions: corrective, adverse, judicial, and monetary.

Report - An expression of dissatisfaction or concern about an operation, made known to DFPS staff, that alleges a possible violation of minimum standards, rules, law, or abuse/neglect, and that involves potential risk to a child or children in care.

Reporter - The person who reports to DFPS an expression of dissatisfaction or concern that alleges a possible violation of minimum standards, rules, law, or abuse/neglect, and that involves potential risk to a child or children in care.

Residential Child-Care - (24-Hour Residential Child-Care) The care, custody, supervision, assessment, training, education, or treatment of an unrelated child or children up to the age of 18 years for 24 hours a day, that occurs in a place other than the child's own home. See DFPS Rules, 40 TAC, §745.35.

Residential Treatment Center (RTC) - A general residential operation that exclusively provides care and treatment services for emotional disorders for 13 or more children up to the age of 18 years.

Sampling Inspection - Licensing inspects a percentage of agency foster homes annually to determine compliance with applicable law, rules, and minimum standards, and to ensure that the child-placing agency is appropriately managing the foster home. The homes inspected are selected through a random sampling process, and the inspections are called "sampling" inspections.

School-Age Program - A licensed center that provides supervision along with recreation or skills instruction or training, and may provide transportation before or after the customary school day, for at least two hours a day, three days a week, to attending pre-kindergarten through grade six. A school-age program may also operate during school holidays, the summer period, or any other time when school is not in session.

Self-Report - An account from an operation of a serious incident that occurred at the operation. All regulated operations are required to make reports to Licensing about certain types of incidents that could pose a risk to children in care.

Small Employer Based Child-Care - A child-care facility that is operated by a small employer to provide care to not more than 12 children of the employer's employees and is located on the employer's premises. A "small employer" means a corporation, partnership, sole proprietorship, or other legal entity that employs fewer than 100 full-time employees.

SOAH - The State Office of Administrative Hearings is the state agency that conducts administrative hearings to satisfy a child-care provider's rights to due process regarding either a substantiated finding of abuse/neglect or a remedial action.

Suspension - A temporary closure of an operation that may be voluntary or involuntary. Voluntary suspensions are usually at the request of an operation, and licensing staff must inspect the operation prior to reopening to ensure compliance with standards. Involuntary, or emergency, suspension is imposed by Licensing for a maximum of 30 days based on serious and immediate risk of harm to children.

Team Inspections - Inspections that are conducted by at least two licensing staff. At least one of the unannounced annual inspections of a 24-hour residential child-care facility must be conducted by a team of at least two CCL monitoring staff. Other operation types may also have team inspections. Whenever possible, members of the inspection team are from different CCL units, to facilitate objectivity, and consistency in regulation.

Technical Assistance - Training, information, and consultation that licensing staff offer to a permit holder, applicant, and operation employees to help them comply with the minimum standard rules and applicable law.

Temporary Shelter Care Providing Child Care - A child-care program at a temporary shelter, such as a family violence or homeless shelter, providing care for seven or more children under age 14 while the resident parent is away from the shelter. The child care program operates for at least four hours a day three days a week. Temporary Shelter Care Providing Child Care Programs are issued a Certificate of Compliance.
