## **Enhancements Release Notes**

### ***External Users View***

- During Supervisor Disagree, the system now displays if “Liquidated Damages” are assigned and whether Supporting Documents are available.
- Real-time/dynamic information messages now display alongside key EPSDT dates showing comparisons to “Placement Begin Date” (indicator of possible date window non-compliances).

### ***External User and DFPS Internal User Views View***

- There are pagination improvements now (30 items per page) to help users to stay on the list during the review of record details.
- There is now an indicator to display if pre-loaded EPSDT (Early and Periodic Screening, Diagnosis, and Treatment) exam date was changed manually.
