# DFPS 2012 Data Book

The Data Book is a descriptive statistical resource of the services provided to the people of the State of Texas by the Texas Department of Family and Protective Services (DFPS) for fiscal year 2012 (September 1, 2011 through August 31, 2012).

Information in this book covers the most frequently asked statistical questions about DFPS programs. Our hope is that it will be beneficial in answering these questions and serve as a continuous resource.

The Data Book provides information in several types of charts using different time intervals and it provides county, regional, and statewide totals. Due to rounding of calculations, some percentages may not add to 100%.

When comparing data from one time period to another, please keep in mind that DFPS has undergone major changes over time. There have been re-alignments, major policy changes, and automation of case management and reporting that have all influenced the data. In some cases this can make direct comparisons across the years misleading.

## Other Programmatic Information:

**Factors Contributing to Abuse, Neglect, and Exploitation:**

- Rapidly growing population of older adults
- Growing number of younger adults with disabilities
- Alcohol and drug dependency
- Poverty
- Lack of affordable housing and high costs of utility bills
- Inadequate access to health care and costly medications
- Toxic family relationships
- Dependence of family or others on the income of older adults and adults with disabilities
- Violence as a coping mechanism in society
- Physical and mental stress of caregiving in traditionally non-violent, caring households
- Denial of benefits, such as SSI and Medicaid, to some immigrants

**Challenges:**

- Affordable and safe housing
- Waiting lists and other limitations in the availability of in-home care and home health care
- Shortage of resources to serve persons denied long-term care and other benefits
- Gaps in surrogate decision-making processes for incapacitated persons in hospitals, nursing homes, and community-based settings
- Inadequate community services for persons with a mental illness, including those discharged from state hospitals
- Lack of statewide access to preventative or early intervention services such as long-term case management for older adults and adults with disabilities who are at risk, but not yet experiencing abuse, neglect, or exploitation
- Hiring and maintaining skilled frontline caseworkers and supervisors
- Specialized geriatric social work training is not keeping pace with the ever-increasing number of older Americans

** As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

### Major Provisions

- Definitions of abuse and neglect of children
- Mandatory reporting of suspected abuse or neglect of children
- Prepare and disseminate statistics by county relating to CPS in an annual report made available to the legislature and general public
- Responsibility for receiving reports of suspected abuse or neglect of children
- Responsibility for thorough investigation of a report of child abuse or neglect allegedly committed by a person responsible for a child's care, custody or welfare
- Responsibility to assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child
- Take action to protect abused and neglected children from further harm
- Establish review teams to evaluate department casework and decision-making related to investigations of child abuse or neglect
- Employ Child Safety Specialists to conduct staff reviews and evaluations of cases determined to involve high risk, monitor cases with multiple referrals, and approve decisions and assessments related to investigations that involve a high risk to the health or safety of a child

- Work with children and their families, providing services to prevent further abuse, help alleviate the effects of the abuse suffered, prevent removal of the child from the home, and provide reunification services when appropriate for the return of the child to the home
- When necessary, secure appropriate court orders and take possession of a child if there is an immediate danger to the physical health or safety of the child or the child has been a victim of neglect or sexual abuse and that continuation in the home would be contrary to the child's welfare
- Make reasonable efforts to secure the return of the child
- Develop a service plan in conference with the child's parents to determine return of the child to the child's parents, termination of parental rights and placement of the child for adoption, or because of the child's special needs or exceptional circumstances continue the child's care out of the child's home
- Provide substitute care for children until the problems have been sufficiently resolved

- Requirements for frequency and location of contact with children in substitute care
- Requirements for conducting criminal background and central registry checks of foster and adoptive parents

The federal Fostering Connections to Success and Increasing Adoptions Act of 2008, requires DFPS to:

- Provide written notification to maternal and paternal grandparents and other adult relatives regarding a child's removal and placement in state custody and support options.
- Ensure youth aging out of state care have a Transition Plan developed within 90 days of turning 18 or the date leaving CPS extended foster care.
- Seek to have education stability for children in DFPS custody.
- Have a health oversight and coordination plan.
- Keep siblings in custody placed together. If this is not possible, the state must provide for frequent visitation or other ongoing interaction between the siblings, unless the state shows frequent visits or other interaction would be contrary to the safety or well-being of any of the siblings.
- Make eligibility changes for the Title IV-E adoption assistance program to promote adoption of children with special needs.
- Provide information about Adoption Tax Credits during training for adoptive parents.

The federal Fostering Connections to Success and Increasing Adoptions Act allows and the Texas Legislature supported:

- Establishing a relative guardianship subsidy program. For Texas, this is a subsidy program called the Permanency Care Assistance program for relatives taking permanent managing conservatorship of a child. This program is intended to provide an additional option for children and youth who might otherwise remain in kinship foster care. It is not intended to be a long term foster care program.
- Allowing youth aging out of care to stay in extended foster care for a variety of reasons until they turn 21.
- Extending adoption assistance benefits and Permanency Care Assistance benefits until the youth turns 21 if the adoption assistance agreement or Permanency Care Assistance agreement was signed after the youth turns 16.
- Authorizing federally recognized tribes to apply for IV-E funding directly.

A PN is assessed when a situation appears to involve abuse or neglect, and a key piece of information from a specific identified person is needed in order to determine if an assignable allegation exists*

This provides legal authority for DFPS to ensure a child's safety and meet a child's basic needs for shelter, food, and education.*

** *Temporary Managing Conservatorship - TMC is awarded to DFPS as a result of a court hearing and written order and continues until a judge issues another order changing the legal status. It authorizes DFPS to act in the child's best interest and has exclusive rights including the following and others: designating the primary residence of a child, make decisions concerning the child's education, consent to marriage or enlistment in the armed forces.*

*** *Permanent Managing Conservatorship - PMC is awarded to DFPS as a result of a court hearing and written order. PMC authorizes DFPS to act in the child's best interest and have the rights of a Managing Conservator on a permanent basis.*

**** *Possessory Conservatorship - The court appoints a parent as Possessory Conservator who is not appointed as a sole or joint managing conservator, unless this appointment is not in the best interest of the child. Possessory Conservators are provided with visitation orders, unless access would endanger the child physically or emotionally.*

**Family Group Decision Making (FGDM)** is a part of the CPS process to be family-centered. The goal is to enhance safety, permanency, and well-being for children by providing direct services and support services to their caregivers, whether biological or through affinity. FGDM describes a variety of practices to work with and engage families in problem solving, including Family Team Meetings (FTM), Family Group Conferences (FGC), and Circles of Support (COS):

- **Family Team Meeting (FTM)** is designed as a rapid response to child safety and placement concerns and is used to achieve positive outcomes for children in the earliest stages of interaction between CPS and families.
- **Family Group Conference (FGC)** is a process where families join with relatives, friends, and others in the community to develop a plan to ensure children are cared for and protected from future harm. This broader constellation of "family" convenes with information providers/community supports and CPS caseworkers in a unique partnership that empowers the "family group" with a high degree of decision-making authority and responsibility.
- **Circles of Support (COS)** is a youth-focused, youth-driven meeting with the primary purpose of developing a plan for older youth to transition from foster care to adulthood. It may be used for other purposes as well. It includes broader participation of the youth's support network.

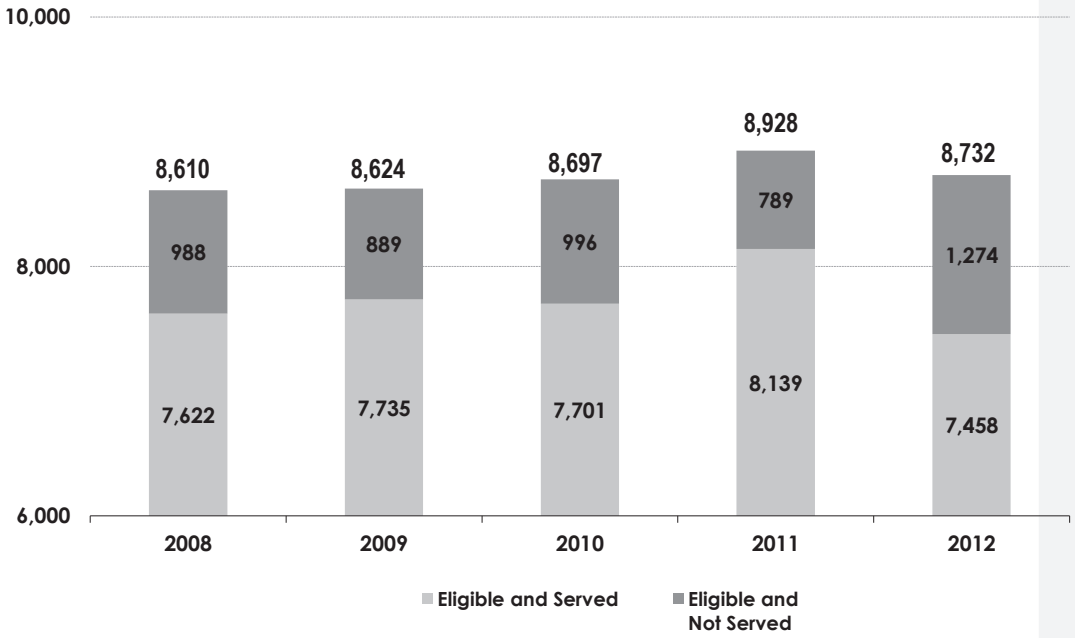
** As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

## Preparation for Adult Living (PAL) Services
## Youth Ages 16 through 20

The Transitional Services Program includes Preparation for Adult Living (PAL) program services to help youth aging out of foster care prepare for adult life, and assist with the initial transition to adult living. PAL services ensure that DFPS foster youth and those aging out of care receive the tools, resources, supports, and personal and community connections they need to become self-sufficient adult. Supportive services and benefits are provided to eligible youth ages 16 to 21, and in some cases up to age 23 for certain educational/vocational needs, to assist when they leave foster care.



*Note: 948 youth who were not served in FY 2012 received services prior to FY 2012.*

- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with Licensing standards.
- Educate the general public about choosing regulated child-care and inform them of the child-care options in Texas through media campaigns and by maintaining an online database of child-care providers, including information regarding each operation's compliance history.
- Enforce regulatory requirements for all child-care providers, including illegally operating child-care providers.

### Other Programmatic Information: Challenges

- Consistently enforcing adherence to minimum standards across the state.
- Developing cooperative, professional, and effective relationships with child-care operations resulting in increased compliance and stronger protection for children.
- Providing technical assistance to all child care operations, especially focusing on those struggling to maintain compliance with standards.
- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

- Take corrective and adverse actions when necessary.
- Offer consultation to potential applicants and permit holders about meeting and maintaining compliance with Licensing standards.

- Providing thorough, efficient and timely background check results to over a quarter of a million people each year seeking to work in child care, provide foster care or adopt a child.
- Maximizing technology resources to improve the efficiency and effectiveness of regulatory practices and allow licensing staff to become an increasingly mobile workforce.
- Creating standards that protect the health and safety of children in care without impacting the affordability and availability of that care.

### Legal Responsibility for the Division of Prevention and Early intervention

**Federal: Title XX, Social Security Act**
**Federal: Title IV-B, Part 2, Social Security Act**
**State: Texas Family Code, 264.301 also Chapter 265 – created through SB1574 below**
**State: Senate Bill 1574, 76th Legislature**
**State: Human Resources Code, 40.0561**

**The Division of Prevention and Early Intervention (PEI)** was created to consolidate prevention and early intervention programs within the jurisdiction of a single state agency. Consolidation of these programs is intended to eliminate fragmentation and duplication of contracted prevention and early intervention services for at-risk children, youth, and families.

- **Community Youth Development (CYD)-**The CYD program contracts with community-based organizations to develop juvenile delinquency prevention programs in ZIP codes with high juvenile crime rates. Approaches used by communities to prevent delinquency have included mentoring, youth employment programs, career preparation, youth leadership development and recreational activities. Communities prioritize and fund specific prevention services according to local needs. CYD services are available in 15 targeted Texas ZIP codes.
- **Services to At-Risk Youth (STAR)-**The STAR program contracts with community agencies to offer family crisis intervention counseling, short-term emergency respite care, and individual and family counseling. Youth up to age 17 and their families are eligible if they experience conflict at home, truancy or delinquency, or a youth who runs away from home. STAR services are available in all 254 Texas counties. Each STAR contractor also provides universal child abuse prevention services, ranging from local media campaigns to informational brochures and parenting classes.
- **Texas Families: Together and Safe-**TFTS funds evidence-based, community-based programs designed to alleviate stress and promote parental competencies and behaviors that increase the ability of families to become self-sufficient and successfully nurture their children. The goals of TFTS are to: improve and enhance access to family support services; increase the efficiency and effectiveness of community-based family support services; enable children to remain in their own homes by providing preventative services, and to increase collaboration among local programs, government agencies, and families.
- **Community-Based Child Abuse Prevention-** The CBCAP program seeks to increase community awareness of existing prevention services, strengthen community and parental involvement in child abuse prevention efforts, and encourage families to engage in services that are already available. CBCAP funds a variety of contracts with community based organizations to provide child abuse and neglect prevention services. These include the Relief Nursery, Family Support and Rural Family Support programs, as well as various special initiatives and public awareness campaigns.
- **Family Strengthening -** A variety of Family Strengthening services, available across the state, have been evaluated and proven to effectively increase family protective factors. These services are designed to increase the resiliency of families and prevent child abuse and neglect. Programs must also foster strong community collaboration to provide a continuum of family services. This program was eliminated as a result of budget cuts during the 82nd legislative session.
- **Youth Resiliency -** Youth Resiliency Programs provide services proven to increase protective factors for youth. A variety of services are available across the state designed to increase youth resiliency and prevent juvenile delinquency. These programs must foster strong community collaboration to provide a continuum of services for participating youth. This program was eliminated as a result of budget cuts during the 82nd legislative session.
- **Community Based Family Services -** This program serves families who were investigated by CPS but whose allegations were unsubstantiated, through community and evidence-based services. Services include home visitation, case management,

and additional social services to provide a safe and stable home environment.

- **Tertiary Child Abuse Prevention -** Community-based, volunteer-driven prevention, intervention, and aftercare services are provided for children who are or have been, or who are at risk of being, abused and/or neglected. The goals of the program include reducing child maltreatment and the number of families re-entering the Child Protective Services system. Additional goals are to improve the quality and availability of aftercare services for abused children and enhance a statewide network of tertiary child abuse prevention programs.
- **Statewide Youth Services Network-** The Statewide Youth Services Network contracts provide community and evidence-based juvenile delinquency prevention programs focused on youth ages 10 through 17, in each DFPS region.
- **Texas Youth and Runaway Hotlines-**The toll-free Texas Runaway Hotline and the Texas Youth Hotline offer crisis intervention, telephone counseling, and referrals to troubled youth and families. Volunteers answer the phones and interact with callers facing a variety of problems including family conflict, delinquency, truancy, and abuse and neglect issues. The program increases public awareness through media efforts that may include television, radio, billboards and other printed materials.

*Population Data Source: Texas State Data Center, University of Texas (San Antonio). Based on Census 2010 data.*

** As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

*** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American*

*Note: Includes removals from all stages of service.*

* *As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

*** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American*

* *As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

*** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American*

** "Waiting for Adoption" means children who are legally free for adoption and not yet in an adoptive placement.*

*** As recommended by the Health and Human Services Commission (HHSC) to ensure consistency across all HHSC agencies, in 2012, the Department of Family and Protective Services (DFPS) adopted the HHSC methodology on how to categorize race and ethnicity. As a result, data broken down by race/ethnicity in 2012 and after is not directly comparable to race/ethnicity data in 2011 and before.*

**** Other includes anyone not categorized as African American, Anglo, Hispanic or Native American*

Community Centers may contract to provide a number of services including privately operated Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF-IID), home and community-based services (HCS) and adult day programs.

**False Reports -** A person commits an offense if the person knowingly or intentionally reports information that the person knows is false or lacks factual foundation. Such an offense is a Class B misdemeanor.

**Immunity -** A person filing a report, participating in an investigation, testifying, or participating in any judicial proceeding arising from a petition, report, or investigation is immune from civil or criminal liability. A person, including an authorized department volunteer, medical personnel, or law enforcement officer, who participates in an investigation or the provision of services is also immune as long as the person is acting in good faith.

**Incapacitated Person -** An adult individual who, because of a physical or mental condition is substantially unable to provide food, clothing, or shelter for himself or herself, to care for the individual's own physical health, or to manage the individual's own financial affairs; a missing person; or a person who must have a guardian appointed to receive funds due the person from any governmental source. (A minor is also a legally incapacitated person.)

**Incidence of Maltreatment -** Ratio of the number of validated APS in-home cases in a geographic area to the total population in that area of persons who are elderly and persons who have disabilities.

**Inconclusive (Facility Investigations) -** There is not a preponderance of credible evidence to indicate that abuse, neglect, or exploitation did or did not occur due to lack of witnesses or other available evidence.

**Information Management Protecting Adults and Children in Texas (IMPACT) -** The browser-based software application by which Adult Protective Services (APS) and Child Protective Services (CPS) staff document cases.

**Intake Priorities (In-Home) -** In establishing priorities, the department defines the time frames for beginning an investigation and for conducting a face-to-face interview with the alleged victim. Adult Protective Services' priorities are based on the degree of severity and immediacy of the alleged harm to the individual.

**Priority I -** APS reports that allege the victim is in a state of serious harm or is in danger of death from abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within 24 hours of the department's receipt of a Priority I report, which may include, but is not limited to, the following:

1. Serious injuries. Examples: spinal injury, fractured ribs puncturing lung, head injury, severe burns, broken hip, internal injuries.
2. Lack of life-sustaining medication.
3. Serious threats by caretaker to harm or kill alleged victim.
4. Lack of basic physical necessities severe enough to result in freezing, starvation, or dehydration.
5. Need for immediate medical attention to treat conditions that could result in irreversible physical harm, e.g.,

unconsciousness, acute pain, severe respiratory distress, gangrene, hemorrhaging, severe malnutrition.

6. Suicide threats or attempts unless there is clearly no immediate danger to the alleged victim.
7. Sexual abuse when there is danger of repeated abuse.
8. No caretaker is available; the alleged victim is unable to perform critical personal care activities, and his needs cannot be met by community care services.

**Priority II -** APS reports that allege the victim is abused, neglected, or exploited and as a result is at risk of serious harm. The caseworker must attempt a face-to-face visit with the alleged victim within three calendar days of the department's receipt of a Priority II report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 4. Priority II reports may include, but are not limited to, the following:

1. Critical need for mental health or medical treatment. Examples: suicidal but no immediate danger, overly aggressive behavior, open bedsores or other open wounds, malnutrition, sprains, fractures, or disease or illness of an acute nature.
2. Falling or being pushed, hit, or scratched, which is reported to have resulted in bruises, other injuries, or severe mental anguish.
3. Inadequate attention to physical needs. Examples: insufficient food or medicine.
4. Illegal or improper use of alleged victim's income or resources to the degree that alleged victim is unable to meet basic subsistence needs or is threatened with substantial loss of income or resources.
5. Unreasonable confinement.
6. Sexual abuse of the alleged victim by the caretaker, but clearly no immediate danger of repeated abuse.
7. Caretaker has threatened physical violence that would cause harm to the alleged victim.
8. Living conditions that pose a serious health or safety hazard. Examples: fecal contamination, dead animals, major structural damage to shelter.
9. Imminent eviction from a nursing home because the alleged victim's representative has failed to use the alleged victim's income to pay for his care.
10. Threatened loss of caretaker when the alleged victim is dependent for basic needs.

**Priority III -** Consists of all other APS reports that allege the victim is in a state of abuse or neglect. The caseworker must attempt a face-to-face visit with the alleged victim within seven calendar days of the department's receipt of a Priority III report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 8. Priority III reports may include, but are not limited to, the following:

1. Verbal or emotional abuse. Examples: harassment, cursing, degrading remarks, intimidation.
2. Marginal care or threatened withdrawal of care by caretaker when the alleged victim needs some assistance with his basic activities of daily living.
3. Falling or being pushed, hit, or scratched when such actions are not reported to result in bruises, other injuries, or severe mental anguish.
4. Need for mental health or medical treatment that is not urgent. Examples: mild depression, delusional thinking that is not dangerous to the alleged victim or others, poor nutrition, or disease or illness that is not acute.

**Priority IV -** APS reports that allege exploitation when there is no danger of imminent impoverishment or deprivation of basic needs. The caseworker must attempt a face-to-face visit with the alleged victim within 14 calendar days from the date the department receives a Priority IV report. For example, if the intake was received on September 1, the caseworker must attempt a face-to-face visit on or before September 15. Priority IV reports may include, but are not limited to, the following:

1. Lack of appropriate contribution to food and shelter expenses by household members.

2. Misuse of a nursing home resident's personal needs allowance by someone who is not affiliated with the nursing home. (If the alleged perpetrator is an employee of the nursing home, the report is referred to the Texas Department of Aging and Disability Services.)
3. Improper use of income or resources but the alleged victim's needs are still met.
4. Exploitation that is not ongoing and is not likely to recur.

**Intake Priorities for Facility Investigations Program -**

**Priority I -** Priority I reports have a serious risk that a delay in the investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by an act or omission that caused or may have caused serious physical or emotional harm. Priority I reports include, but are not limited to: death, sexual abuse, serious physical abuse injury, serious verbal or emotional abuse, or incitement to harm self or others. The investigator must attempt a face-to-face contact with the alleged victim within 24 hours of receipt of the report by the department.

**Priority II -** Priority II reports have some risk that a delay in investigation will impede the collection of evidence, or allege that the victim has been subjected to maltreatment by act or omission that caused or may have caused non-serious physical injury, or emotional harm not included in Priority I. Priority II reports include, but are not limited to, the following: non-serious physical injury, non-serious verbal/emotional abuse, and/or exploitation. The investigator must attempt a face-to-face contact with the alleged victim within three calendar days of receipt of the report by the department.

**Priority III -** Priority III reports allege maltreatment that would otherwise be classified as Priority I or II but the alleged incident occurred more than 30 days prior to the date of the report and there is no known or perceived risk. The investigator must attempt a face-to-face contact with the alleged victim within seven calendar days of receipt of the report by the department. Investigations in SSLCs and the ICF-IID component of the Rio Grande State Center can only be PI or PII.

**Institution -** An establishment that furnishes, in one or more facilities, food and shelter to four or more persons who are unrelated to the proprietor of the establishment and provides minor treatment under the direction and supervision of a physician licensed by the Texas State Board of Medical Examiners, or other services that meet some need beyond the basic provision of food, shelter, and laundry.

**Invalid (In-Home)-** based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or exploitation did not occur.

**Least Restrictive Alternative -** An action or service that protects a client while allowing personal autonomy to the fullest degree possible.

**Neglect (In-Home) -** The failure to provide for one's self the goods or services, including medical services, which are necessary to avoid physical or emotional harm or pain or the failure of a caretaker to provide the goods or services.

**Neglect (Facility Investigations Program) -** When the alleged perpetrator is an employee, agent, or contractor of a state operated and/or contracted facility serving persons with mental health, intellectual, or developmental disabilities , neglect is defined as a negligent act or omission by any individual responsible for providing services to a person served in a state operated and/or contracted setting, which caused or may have caused physical or emotional injury or death to a person served in a state operated and/or contracted setting or which placed a person served in a state operated and/or contracted setting at risk of physical or emotional injury or death. Neglect includes, but is not limited to, the failure to:

1. establish or carry out an appropriate individual program plan or treatment plan for a person served in a state operated and/or contracted setting, if such failure results in a specific incident or allegation involving a person served by a facility or program;
2. provide adequate nutrition, clothing, or health care to a specific person served in a state operated and/or

contracted setting residential or inpatient program; or

3. provide a safe environment for a specific person served in a state operated and/or contracted setting, including the failure to maintain adequate numbers of appropriately trained staff if such failure results in a specific incident or allegation involving a person served by a facility or program.

**Objection to Medical Treatment -** Medical treatment may not be ordered for clients who object to treatment on religious grounds.

**Physical Abuse (Facility Investigations Program) -** When the alleged perpetrator is an employee, agent, or contractor of a state operated and/or contracted facility serving persons with mental health, intellectual, or developmental disabilities, physical abuse is defined as:

1. an act or failure to act performed knowingly, recklessly, or intentionally, including incitement to act, which caused or may have caused physical injury or death to a person served in a state operated and/or contracted setting;
2. an act of inappropriate or excessive force or corporal punishment, regardless of whether the act results in a physical injury to a person served in a state operated and/or contracted setting; or
3. the use of chemical or bodily restraints on a person served in a state operated and/or contracted setting not in compliance with federal and state laws and regulations.

**Protective Services (In-Home) -** The services furnished by the department or by a protective services agency to a person who is elderly or who has a disability and has been determined to be in a state of abuse, exploitation, or neglect. These services may include social casework, case management, and arranging for psychiatric and health evaluation, home care, day care, social services, health care, and other services consistent with chapter 48 of the Human Resource Code. Protective services are provided in In-Home cases and to recipients of HCSW services.

**Reporter -** A person who makes a referral to Adult Protective Services staff about a situation of alleged abuse, neglect, or exploitation of a person who is elderly or has a disability.

**Sexual Abuse (In-Home) -** Any involuntary or non-consensual sexual conduct including conduct that would constitute an offense under Section 21.08, Penal Code, or Chapter 22, Penal Code.

**Sexual Abuse (Facility Investigations Program) -** any sexual activity, by an employee, agent, or contractor of a a state operated and/or contracted facility serving persons with mental health, intellectual, or developmental disabilities, including but not limited to:

1. kissing a person served in a state operated and/or contracted setting with sexual intent;
2. hugging a person served in a state operated and/or contracted setting with sexual intent;
3. stroking a person served in a state operated and/or contracted setting with sexual intent;
4. fondling a person served in a state operated and/or contracted setting with sexual intent;
5. engaging in with a person served served in a state operated and/or contracted setting:
   - sexual conduct as defined in the Texas Penal Code, §43.01; or
   - any activity that is obscene as defined in the Texas Penal Code, §43.21;
6. requesting, soliciting, or compelling a person served in a state operated and/or contracted setting with to engage in:
   - sexual conduct as defined in the Texas Penal Code, §43.01; or
   - any activity that is obscene as defined in the Texas Penal Code, §43.21;
7. in the presence of a person served in a state operated and/or contracted setting:
   - engaging in or displaying any activity that is obscene, as defined in the Texas Penal Code §43.21; or

- requesting, soliciting, or compelling another person to engage in any activity that is obscene, as defined in the Texas Penal Code §43.21;

8. committing sexual exploitation as defined in §711.15 of this title (relating to "How is sexual exploitation defined?") against a person served in a state operated and/or contracted setting;
9. committing sexual assault as defined in the Texas Penal Code §22.011, against a person served in a state operated and/or contracted setting;
10. committing aggravated sexual assault as defined in the Texas Penal Code, §22.021, against a person served in a state operated and/or contracted setting; and
11. causing, permitting, encouraging, engaging in, or allowing the photographing, filming, videotaping, or depicting of a person served in a state operated and/or contracted setting if the employee, agent, or contractor knew or should have known that the resulting photograph, film, videotape, or depiction of the person served in a state operated and/or contracted setting is obscene as defined in the Texas Penal Code, §43.21, or is pornographic.

**Unable to Determine (In-Home) -** a preponderance of the available evidence is insufficient to support a finding of Valid or Invalid.

**Unconfirmed (Facility Investigations Program) -** there is a preponderance of credible evidence to support that abuse, neglect, or exploitation did not occur.

**Unfounded (Facility Investigations Program)-** evidence gathered indicates that the allegation is spurious or patently without factual basis.

**Valid (In-Home) -** based on the standard of preponderance of the evidence, it is more likely than not that the abuse, neglect or exploitation occurred.

## Child Protective Services Program

**CPS Abuse and Neglect Definitions**-The principal governing legislation for CPS investigations is Chapter 261 of the Texas Family Code (TFC). The TFC definitions of abuse or neglect investigated by CPS are:

**Physical Abuse -** Physical injury that results in substantial harm to the child, or the genuine threat of substantial harm from physical injury to the child, including an injury that is at variance with the history or explanation given and excluding an accident or reasonable discipline by a parent, guardian, or managing or possessory conservator that does not expose the child to a substantial risk of harm; failure to make a reasonable effort to prevent an action by another person that results in physical injury that results in substantial harm to the child; the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in physical injury to a child; or causing, expressly permitting, or encouraging a child to use a controlled substance as defined by Chapter 481, Health and Safety Code.

**Sexual Abuse -** Sexual conduct harmful to a child's mental, emotional, or physical welfare, including conduct that constitutes the offense of indecency with a child under Section 21.11, Penal Code, sexual assault under Section 22.011, Penal Code, or aggravated sexual assault under Section 22.021, Penal Code; failure to make a reasonable effort to prevent sexual conduct harmful to a child; compelling or encouraging a child to engage in sexual conduct as defined by Section 43.01, Penal Code; causing, permitting, encouraging, engaging in, or allowing the photographing, filming, or depicting of the child if the person knew or should have known that the resulting photograph, film, or depiction of the child is obscene (as defined by the Penal Code) or pornographic; or causing, permitting, encouraging, engaging in, or allowing a sexual performance by a child as defined by 43.25, Penal Code.

**Emotional Abuse -** Mental or emotional injury to a child that results in an observable and material impairment in the child's growth, development, or psychological functioning; causing or permitting the child to be in a situation in which the child sustains a mental or emotional injury that results in an observable and material impairment in the child's growth, development, or psychological functioning; or the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in mental, or emotional injury to a child.

**Neglectful Supervision -** Placing the child in or failing to remove the child from a situation that a reasonable person would realize requires judgment or actions beyond the child's level of maturity, physical condition, or mental abilities and that results in bodily injury or a substantial risk of immediate harm to the child; or placing a child in or failing to remove the child from a situation in which the child would be exposed to a substantial risk of sexual conduct harmful to the child.

**Medical Neglect -** Failing to seek, obtain, or follow through with medical care for a child, with the failure resulting in or presenting a substantial risk of death, disfigurement, or bodily injury or with the failure resulting in an observable and material impairment to the growth, development, or functioning of the child.

**Physical Neglect -** Failure to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child, excluding failure caused primarily by financial inability unless relief services had been offered and refused.

**Refusal to Assume Parental Responsibility -** Failure by the person responsible for a child's care, custody, or welfare to permit the child to return to the child's home without arranging for the necessary care for the child after the child has been absent from the home for any reason, including having been in residential placement or having run away.

**Abandonment -** The leaving of a child in a situation where the child would be exposed to a substantial risk of physical or mental harm, without arranging for necessary care for the child, and a demonstration of an intent not to return by a parent, guardian, or managing or possessory conservator of the child.

**Children in Foster Care -** All children in DFPS' legal responsibility who are in a placement paid by DFPS or other public facility. These placements include foster homes, foster group homes, institutions, residential treatment facilities, and juvenile facilities. This is a subset of Children in Substitute Care.

**Children in Substitute Care -** Children in Substitute Care - Children under 18 years of age in DFPS' legal responsibility who are removed and placed outside their own home (home of origin). This includes foster homes, institutions, foster group homes, residential treatment facilities, hospitals, adoptive homes, juvenile facilities, kinship care placements, and independent living arrangements. Also included are the youth who age out of DFPS' legal responsibility and continue in foster care placements to complete vocational training by age 19 or to graduate from high school before they turn 22 years old.

**Kinship care-** The term used to describe those situations in which children, who are no longer able to live with their own parents, are cared for by relatives or other people known as "fictive kin" that have a significant relationship with the child or the child's family, such as a God Parent or family friend.

**Verified Kinship Caregiver (Foster Parent)** - A verified kinship caregiver is licensed or verified as a foster parent to provide 24-hour residential care for a child, in accordance with Chapter 42 of the Human Resources Code and related regulations. Verification as a foster parent is offered by either DFPS through the CPS Foster and Adoptive Home Development program (FAD); or a private child-placing agency.

**Children in the Legal Responsibility of the Texas Department of Family and Protective Services -** All children for whom the courts have appointed the Texas Department of Family and Protective Services legal responsibility by temporary or permanent managing conservatorship or other court ordered legal basis. These children may be residing in an out-of-home placement or may have been returned to their own home (home of origin). When there is an immediate danger to the physical health or safety of a child, the Texas Family Code(TFC) provides three options for intervention by DFPS into a family: (1) emergency removal of the child from the home prior to obtaining a court order; (2) removal of the child after obtaining an ex parte order; or, (3) removal of the child after notice and hearing. Within 14 days from the date the child is taken into possession, a Full Adversary Hearing is held at which time the child is either returned home or if there is a continuing danger, temporary orders for managing conservatorship are issued. Within 12 months from the order appointing DFPS as the child's temporary managing conservator, the court must either return the child to the parent and dismiss the suit, appoint a parent, relative, or DFPS as managing conservator on a permanent basis, or grant a-one-time extension of the lawsuit, not to exceed 180 days.

**CPS Investigations of Child Abuse and Neglect -** The agency is required by state law to conduct civil investigations of reports of suspected child abuse or neglect. The objectives of the investigation are to ensure child safety, determine whether abuse or neglect occurred, determine whether children are at risk for abuse or neglect in the future, provide child or family needed safety services and refer the family to services available in the community, if needed. At the conclusion of the investigation, staff must assign a disposition to each allegation to specify conclusion regarding the occurrence of abuse or neglect. The dispositions that staff must use are: Reason to Believe, Ruled Out, Unable to Complete, or Unable to Determine.

**Intake Priorities -** To establish time frames for investigations, CPS assigns each report of child abuse and neglect to one of two priority groups. The level of identified risk and child safety concerns determine the priority assigned. Initial assessment regarding the immediacy of risk and severity of harm to the child are based on information provided by the reporter and other available information about the alleged perpetrators, child vulnerability, prior history, specific nature of the harm, and whether the harm has occurred.

The two priority groups are as follows:

> **Priority I -** Intake reports that concern children who appear to face an immediate risk of abuse or neglect that could result in death or serious harm. CPS must initiate the investigation within 24 hours of receiving a Priority I report.
>
> **Priority II -** All reports of abuse or neglect that are not assigned as Priority I are assigned as Priority II. These are reports that contain allegations of abuse or neglect in which there does not appear to be an immediate threat of serious harm or death. CPS must initiate the investigation within 72 hours of receiving a Priority II report. The initial priority may be changed if information gathered during the intake stage indicates that the abuse or neglect is either more or less serious than originally reported.

**Service Level -** DFPS seeks to place each child in the department's conservatorship with a foster caregiver who is well qualified to meet the child's needs. To achieve this, the department participates in a statewide system for classifying the needs of children and the capabilities of foster caregivers in four Service Levels:

**a) What is the description of the Basic Service Level?**

The Basic Service Level consists of a supportive setting, preferably in a family, that is designed to maintain or improve the child's functioning, including:

(1) routine guidance and supervision to ensure the child's safety and sense of security;

(2) affection, reassurance, and involvement in activities appropriate to the child's age and development to promote the child's well-being;

(3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and

(4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals, on an as-needed basis, to help the child maintain functioning appropriate to the child's age and development.

**b) What is the description of the Moderate Service Level?**

(a) The Moderate Service Level consists of a structured supportive setting, preferably in a family, in which most activities are designed to improve the child's functioning including:

(1) more than routine guidance and supervision to ensure the child's safety and sense of security;

(2) affection, reassurance, and involvement in structured activities appropriate to the child's age and development to promote the child's well-being;

(3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and

(4) access to therapeutic, habilitative, and medical intervention and guidance from professionals or paraprofessionals to help the child attain or maintain functioning appropriate to the child's age and development.

(b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require intermittent interventions from a skilled caregiver who has demonstrated competence.

**c) What is the description of the Specialized Service Level?**

(a) The Specialized Service Level consists of a treatment setting, preferably in a family, in which caregivers have specialized training to provide therapeutic, habilitative, and medical support and interventions including -

(1) 24-hour supervision to ensure the child's safety and sense of security, which includes close monitoring and increased limit setting;

(2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;

(3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child to maintain a sense of identity and culture; and

(4) therapeutic, habilitative, and medical intervention and guidance that is regularly scheduled and professionally designed and supervised to help the child attain functioning appropriate to the child's age and development.

(b) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs may require regular interventions from a caregiver who has demonstrated competence.

**d) What is the description of the Intense Service Level?**

(a) The Intense Service Level consists of a high degree of structure, preferably in a family, to limit the child's access to environments as necessary to protect the child. The caregivers have specialized training to provide intense therapeutic and habilitative supports and interventions with limited outside access, including -

(1) 24-hour supervision to ensure the child's safety and sense of security, which includes frequent one-to-

one monitoring with the ability to provide immediate on-site response.

(2) affection, reassurance, and involvement in therapeutic activities appropriate to the child's age and development to promote the child's well-being;

(3) contact, in a manner that is deemed in the best interest of the child, with family members and other persons significant to the child, to maintain a sense of identity and culture;

(4) therapeutic, habilitative, and medical intervention and guidance that is frequently scheduled and professionally designed and supervised to help the child attain functioning more appropriate to the child's age and development; and

(5) consistent and frequent attention, direction, and assistance to help the child attain stabilization and connect appropriately with the child's environment.

(b) In addition to the description in subsection (a) of this section, a child with developmental delays or intellectual disabilities needs professionally directed, designed and monitored interventions to enhance mobility, communication, sensory, motor, and cognitive development, and self-help skills.

(c) In addition to the description in subsection (a) of this section, a child with primary medical or habilitative needs requires frequent and consistent interventions. The child may be dependent on people or technology for accommodation and require interventions designed, monitored, or approved by an appropriately constituted interdisciplinary team.

**Permanency Goal Definitions -** Permanency goals for children must be one of the following:

1) **Family Preservation -** identifies a child's own home as the safe and permanent living situation toward which CPS services are directed, without removing the child from the home.

2) **Family Reunification -** identifies that the child was removed from his or her home and that with CPS assistance, the family appears able and willing to reduce the risk of abuse or neglect enough for the child to return home and live there safely for the foreseeable future.

3) **Alternative Family Placement with Long Term Commitment -** indicates that the child has been removed from the home, family reunification is not appropriate, and a family has been found or is being sought as follows:

(A) adoption and care by a relative;

(B) permanent conservatorship and care by a relative;

(C) adoption and care by an unrelated family;

(D) permanent conservatorship and care by an unrelated family;

(E) care by a foster family with DFPS having permanent conservatorship;

(F) care in some other family arrangement with DFPS having permanent conservatorship;

4) **Another Planned Living Arrangement with Support of a Family -** indicates that the youth has been removed from the home, family reunification or another higher ranking permanency goal is not appropriate, and CPS will provide services directed toward:

(A) preparation for independent living, for youth who are at least 16 years old and have no developmental disability; or

(B) preparation for adult living with community assistance in the most integrated setting, for youth who are at least 18 years old and who have a developmental disability.

**Recidivism -** Refers to the re-occurrence of child abuse or neglect involving confirmed victims where the second incidence occurs within six months of the first incidence.

**Reports of Child Abuse and Neglect -** The agency receives many reports of children who are in situations that are not optimal for their growth or development, but do not appear to involve child abuse or neglect as defined by law. Only the reports that appear to meet the statutory definition of abuse or neglect are required by state law to be

investigated by the agency.

**Risk Assessment of Child Abuse/Neglect -** CPS workers investigate allegations of abuse and neglect and make assessments regarding risk. The terms "at risk" and "not at risk" are conclusions regarding whether there is a reasonable likelihood that the child will be abused or neglected in the foreseeable future. The decision to provide services is based on the assessment of risk, not on the disposition of the allegations. Risk assessment is a casework process in which the worker explores individual and family functioning associated with the recurrence of abuse or neglect, and individual and family strengths and resources associated with protective capacities. There are four possible risk findings:

- No Significant Risk Factors - No significant risk factors were identified in the family's current situation or history.
- Risk Factors Controlled - Risk factors were identified; however, family strengths and available resources are sufficient to provide for the safety of the child without CPS assistance.
- Risk Indicated - Risk factors were identified, and there are not sufficient family strengths and available resources to manage the risk conditions without CPS assistance.
- Risk Assessment Not Applicable- This finding is documented if the investigation involved school personnel or an only child who died, or the investigation was administratively closed or given a disposition of "unable to complete".

By using a risk-based system for provision of services, CPS is able to identify children in need of protection and direct its resources to those most in need.

## Child Care Licensing Program

**Daycare**

- **Licensed Child-Care Centers**
- **Licensed Child-Care Homes**
- **Registered Child-Care Homes**
- **Listed Family Homes**

**24-Hour Residential Care**

- **Foster Family Homes**
- **Foster Group Homes**
- **General Residential**
- **Child-Placing Agencies**
- **Maternity homes**

**Definitions:**

**Abuse** - An intentional, knowing, or reckless act or omission by someone working under the auspices of an operation that causes or may cause emotional harm or physical injury to, or the death of, a child served by the operation. See the Texas Family Code, §261.401(a)(1) and DFPS Rules, 40 TAC, §§745.8553 745.8557.

**Administrative Review -** An informal review meant to give certain individuals or operations the opportunity to dispute a specific Licensing decision or action.

**Adverse Actions -** A type of remedial action that Licensing may impose to address a deficiency. This action may require closure of an operation or the addition of permanent restrictions or conditions to a permit. The four types of adverse actions are - denial, adverse amendment, suspension, and revocation.

**Application Process -** The application process for licensed and registered operations involves a pre-application interview, inquiry meeting, or orientation; the submission of the application materials; public notice and hearing requirements for residential child-care operations; reviewing the application for compliance with minimum standards, rules and statutes; accepting the application as completed or returning it if incomplete; and the decision to issue or deny. Listed homes are not required to attend a pre-application interview or orientation.

**Background Checks -** Searches of different databases that are conducted on an individual. There are three types of background checks: criminal history checks conducted by the Department of Public Safety for crimes committed in the State of Texas, criminal history checks conducted by the FBI for crimes committed anywhere in the U.S., and central registry checks conducted by DFPS. The central registry is a database of people who have been found by Child Protective Services, Adult Protective Services, or Licensing to have abused or neglected a child or vulnerable adult. Background checks are conducted on child care providers, foster and adoptive parents (and their household members), and child-placing staff. Background checks are also conducted on employees at licensed operations as well as at registered and listed family homes. Rules are in place to dictate which types of background checks are required of each person. For more information about these requirements, see 40 Texas Administrative Code §§.745.615.

**Before or After-school Program -** A type of licensed center that provides care before or after or before and after the customary school day and during school holidays, for at least two hours a day, three days a week, to children who attend pre-kindergarten through grade six.

**Branch Office -** Office space used by a child-placing agency (CPA) separate from the main office or Texas headquarters for the CPA. A branch office is at a location other than the location for which the CPA is licensed/certified. A branch office operates under the license issued to the CPA and performs many of the same functions as the main office of the CPA.

**Capacity -** The maximum number of children that a permit holder may care for at one time.

**Team Inspections -** Inspections that are conducted by at least two licensing staff. At least one of the unannounced annual inspections of a 24-hour residential child-care facility must be conducted by a team of at least two CCL monitoring staff. Other operation types may also have team inspections. Whenever possible, members of the inspection team are from different CCL units, to facilitate objectivity, and consistency in regulation.
