

Foster or Adoptive Homes: Criminal History Requirements

In accordance with §745.651 (What types of criminal convictions may affect a person's ability to be present at an operation?), this chart notes criminal convictions that may affect a person's ability to be present in Foster and Adoptive Homes, including when the foster or adoptive parents are unrelated to the child and when the foster or adoptive parents are either related to or have a longstanding relationship with the child.

In this chart the words below have the following meaning:

- "Absolute Bar" means a person convicted of a particular crime is permanently prohibited from being present at the operation while children are in care; and the person does NOT qualify for a risk evaluation.
- "N/A" has two meanings in this chart. "N/A" under the "FELONY" or "MISDEMEANOR" column means there is no such relevant felony or misdemeanor crime. "N/A" under the "If this person is eligible for a risk evaluation . . ." question column means the question is not applicable, because a person with this conviction is not eligible for a risk evaluation.
- "No Action Required" means there is such a crime, but no action is required.
- "Risk Evaluation" means a person convicted of a particular crime is eligible for a risk evaluation based solely on that particular conviction. However, a person's overall eligibility for a risk evaluation is based on the entirety of the person's criminal and DFPS Central Registry history.
- "Risk Evaluation if conviction was in the last 10 years" means a risk evaluation is only needed for 10 years from the date of the conviction. After the 10 years have passed, the particular crime no longer requires an action by DFPS, unless the person is on parole for a felony offense.
- "5- (or 20-) Year Bar; Risk Evaluation Thereafter" means a person convicted of a particular crime is prohibited for 5 (or 20) years from being present at the operation while children are in care. After the years have passed, then the person is forever subject to a risk evaluation.
- "5-Year Bar; Risk Evaluation b/w 5 & 10 Years" means a person convicted of a particular crime is prohibited for 5 years from being present at the operation while children are in care. After the 5 years have passed, then the person is subject to a risk evaluation for an additional 5 years. After the total 10 years have passed, the particular crime no longer requires an action by DFPS, unless the person is on parole for a felony offense.

In reviewing this chart, you must understand the following:

- This chart applies to all criminal history checks conducted under Title 40 Texas Administrative Code, Chapter 745, Licensing, Subchapter F, Background Checks.
- Time limits are based on the date of conviction.
- Although the crimes listed in this chart reflect only offenses in Texas statutes, the same criminal history requirements apply to similar criminal offenses under the laws of another state or federal law.
- For purposes of this chart and a person's ability to be present at an operation, a Criminal Attempt conviction will be treated as falling under the same section of the Penal Code as the offense that was attempted. For example, a conviction for Attempt to Commit Murder would be treated in the same manner as Murder and would result in an absolute bar. Likewise, a conviction for Criminal Conspiracy or Criminal Solicitation will be treated as falling under the same section of the Penal Code as the offense that was the subject of the conspiracy or the solicitation.
- In accordance with §745.651(c), a person currently on parole for any felony offense not otherwise barrable must have an approved risk evaluation prior to being present at an operation.

Varies – Any offense not specifically listed that DFPS determines is a financial crime	Varies	Risk Evaluation if conviction was in the last 10 years	No Action Needed	Risk Evaluation if conviction was in the last 10 years	No Action Needed	Yes^^
Varies	Varies	Risk Evaluation if conviction was in the last 10 years	No Action Needed	Risk Evaluation if conviction was in the last 10 years	No Action Needed	No

* Indicates an offense that has been renamed with the Regular Session of the 84th Legislature (2015). Both current and previous offense names have been provided on the chart.

** Two separate offenses were given the section number 21.16 as a result of the Regular Session of the 84th Legislature (2015).

† Indicates that the bar is based on federal requirements set forth in *42 USC 671(a)(20)(A)*

^ While these offenses are not normally prosecuted as misdemeanors, action is described should the offense be reduced to a misdemeanor per *TPC 12.44(b)*.

^^ A foster or adoptive home cannot be verified or approved until all background checks on household members have been cleared, which includes the approval of any required risk evaluations. When this column says "yes" a person may be present at the foster or adoptive home while children are in care pending the outcome of the risk evaluation, it is only referring to already verified or approved foster or adoptive homes. In addition, even though persons may be present at a foster or adoptive home pending the outcome of the risk evaluation, DFPS may also place conditions or restrictions on a person in order for the person to be present at the foster or adoptive home. For example, an adult relative that is convicted of Driving While Intoxicated and living at a foster home may be permitted to continue to live at the foster home but will not be permitted to transport foster children.
