COMMUNITY-BASED CARE

This operations manual gives CPI, CPS and Our Community Our Kids (OCOK) staff a more in-depth look at the protocols for case actions in conservatorship cases that include placement and case management services provided thru Community-Based Care in Region 3b.

Background

Community-Based Care is a new way of providing foster care and case management services. It’s a community-based approach to meeting the individual and unique needs of children, youth, and families. Within a geographic catchment area, a single contractor (officially a Single Source Continuum Contractor or SSCC) is responsible for finding foster homes or other living arrangements for children in state care and providing them a full continuum of services. DFPS began expanding the community’s role to meet the challenges of serving children in foster care under Foster Care Redesign. Under Foster Care Redesign, a SSCC was responsible for:

- Developing foster care capacity.
- Building a network of providers.
- Engaging the community to help.
- Foster care placement services.
- Coordinating and delivering services to children in foster care and their families.

In 2017, the Texas Legislature directed DFPS to expand this model to include both foster care and relative or "kinship" placements and give the SSCC sole responsibility for case management - rather than sharing that responsibility with DFPS.

As Community-Based Care takes shape statewide, CPS’ focus will shift to ensuring quality oversight of foster care and services for children and families. The SSCC will be responsible for case management and services that move children from foster care or kinship care into a permanent home.

Community-Based Care Quality Indicators:

1. Children and youth are safe from abuse and neglect.
2. Children and youth are placed in their home communities.
3. Children and youth are appropriately served in the least restrictive environment.
4. Children and youth have stability in their placements.
5. Connections to family and others important to the child are maintained.
6. Children and youth are placed with their siblings.
7. Services respect the child's culture.
8. Children and youth are provided opportunities, experiences, and activities similar to those available to their peers who are not in foster care.
9. Youth are fully prepared for successful adulthood.
10. Youth have opportunities to participate in decisions that affect their lives.
11. Children and youth are reunified with their biological parents when possible.
12. Children and youth are placed with relative or kinship caregivers if reunification is not possible.

Community-Based Care is intended to allow a SSCC and the community more flexibility to innovate to meet the unique needs of the children, youth, and families in each designated service area. This increased flexibility comes with greater responsibility and accountability for overall safety, permanency, and well-being outcomes.
Single Source Continuum Contract: Our Community Our Kids (OCOK)

On December 16, 2013, DFPS awarded the first metropolitan Foster Care Redesign Single Source Continuum Contract (SSCC) to ACH Child and Family Services of Fort Worth. ACH Child and Family Services is a Texas-based nonprofit with extensive community involvement in the Fort Worth area since 1915 and is accredited by the Council on Accreditation. ACH will serve Region 3b (Erath, Hood, Johnson, Tarrant, Palo Pinto, Somervell and Parker counties).

Our Community Our Kids (OCOK), a division of ACH Child and Family Services, will operate a model through the SSCC contract that includes:

- Work to increase the capacity of existing providers and identify more community-based supports and services.
- Conduct a comprehensive assessment of community needs and an analysis to find gaps between the need for services and their availability.
- Do comprehensive safety and risk assessments to evaluate family strengths and needs.
- Provide service coordination based on the ten principles of Wraparound. For children and youth with complex behavioral health needs, ACH will use what is known as evidence-informed models.
- Use a trauma-informed and trauma-based care service approach. (Learn about trauma-informed care).
- Use a comprehensive continuous quality improvement (CQI) process to assess, inform, and guide how services are provided, and the system improved.
- Have a centralized training department that provides evidence-based training to all providers and stakeholders in ACH’s System of Care, based on CQI data and stakeholder feedback.
OPERATING POLICIES AND RULES

The protocols detailed in this operations manual are for children from Region 3b (legal county is within Region 3b) placed with and/or receiving services through Our Community Our Kids (OCOK) as the Single Source Continuum Contractor.

CPS Policy, Resource Guides and other supportive material linked in this operating manual may reference CPS staff specifically. Texas statute provides authority for the Single Source Continuum Contractors (“SSCC”) in the State of Texas, either directly or through subcontractors, to assume the statutory duties of CPS staff. See Legal Basis for CPS and Single Source Continuum Contractor Relationship.

CPS Handbook policies and DFPS and HHSC Texas Administrative Code rules, including HHSC Child Care Licensing Minimum Standards, apply to an SSCC unless specifically waived. See Foster Care Redesign Texas Administrative Code (TAC) Rules Waiver for a listing of (TAC) rules that are waived. In the case of conflict between the CPS handbook policy requirements and this Operations Manual, the Manual will govern the operations in Region 3b.

If you have any questions about any information in this manual, please contact your supervisor or Caressa Cherry, Region 3b Community-Based Care Administrator at 817-307-0512 carressa.cherry@dfps.state.tx.us.

For more information about Community-Based Care, visit the DFPS website: DFPS: Community-Based Care.
LEGAL BASIS FOR CPS AND SINGLE SOURCE CONTINUUM CONTRACTOR RELATIONSHIP

For information regarding the legal basis for Child Protective Services including the governing State and Federal Laws see CPS Policy 1200 Legal Bases for Child Protective Services.

Legal Basis for Single Source Continuum Contractor to Act on Behalf Of CPS

Texas statute provides authority for the Single Source Continuum Contractors (“SSCC”) in the State of Texas either directly or through subcontractors, to assume the statutory duties of the Texas Department of Family and Protective Services (“DFPS”) in connection with the delivery of foster care services, relative and kinship caregiver services, and case management services in the SSCC’s defined catchment area.

In accordance with Texas Family Code §264.151, the provision of case management services to a child for whom the department has been appointed Temporary Managing Conservator or Permanent Managing Conservator or to the child’s family, a young adult in extended foster care, a relative or kinship caregiver, or a child who has been placed in the catchment area through Interstate Compact on the Placement of Children, and includes, but is not limited to:

1. Caseworker visits with the child, family and caregivers;
2. Convening and conducting permanency planning meetings;
3. Development and revision of child and family plans of service, including a permanency plan and goals for a child or young adult in care;
4. Coordination and monitoring of services required by the child & the child's family;
5. Assumption of court-related duties regarding the child; and

Any other function or service that the department determines necessary to allow a Single Source Continuum Contractor to assume responsibility for case management.

History

In 2017, the 85th Texas Legislature through Senate Bill 11 established the Community-Based Care (“CBC”) Model for delivery of the state’s child welfare services. Under the CBC Model, DFPS is required to purchase case management and substitute care services from the SSCC for children, youth and young adults who are in the department’s conservatorship or who are receiving services through the extended foster care program. Implementation of the CBC model transitions the Texas child welfare system from a statewide, "one size fits all" approach, to a community-based model designed to meet the individual and unique needs of children, youth and families in Texas at the local level.

As of December 2019, DFPS is implementing CBC in 5 catchment areas of the state: catchment areas 1 (Lubbock/Amarillo), 2 (Abilene/Wichita Falls), 3b (Fort Worth), 8a (San Antonio/Bexar county), and 8b (Region 8 counties surrounding Bexar county). The latest version of the statewide Implementation Plan can be found here.

Authority

Under Texas statute, the Legislature required DFPS to contract with community-based nonprofit and local governmental entities to provide child welfare services. These statutes
provide authority for the community-based entities, known as the SSCC, to either directly or through subcontractors, assume the statutory duties of the department in connection with the delivery of foster care services and services for relative and kinship caregivers in the SSCCs defined catchment area. Delivery of foster care services and services to relative and kinship caregivers can include but is not limited to:

- A SSCC staff member's direct contact with a child or youth in DFPS Conservatorship who they are serving under the SSCC continuum of care;
- A SSCC staff member's ability to visit privately with a child or youth in DFPS Conservatorship at schools, foster or kinship homes or any other meeting site;
- Entities providing confidential information to a SSCC staff member upon request about a child or youth in DFPS Conservatorship who is served under the SSCC continuum of care.

Under Texas statute, an SSCC in a contract with DFPS will, at a minimum:
1. Assume the statutory duties of DFPS in connection with the delivery of foster care services and services for relative and kinship caregivers in a defined catchment area.
2. Provide or protect records as outlined in the Open Records Act found in Texas Government Code Chapter 552.
3. Be afforded protection of communication that may occur between the SSCC’s employee, agent or representative when considered a client’s representative of DFPS for purposes of attorney-client privilege.

Under Texas statute, DFPS will, at a minimum:
1. Contract with community-based nonprofit and local governmental entities that have the ability to provide child welfare services.
2. Develop and maintain a plan for implementing Community-Based Care.
3. Develop a formal review process to assess the ability of a single source continuum contractor to satisfy the responsibilities and administrative requirements of delivery foster care services and services for relative and kinship caregivers.
4. Expand community-based care.
5. Review contractor’s performance.
6. Provide legal representation in an action under the Texas Family Code.

Texas statute found in the Texas Family Code provides additional details regarding the requirements of the SSCC and DFPS.

In summary, the SSCCs, under contract with DFPS, assume the statutory duties of DFPS in connection with the delivery of child welfare conservatorship, kinship and reunification services in a defined catchment area. This does not include Intake, Investigation and Family Based Safety Services. Vendors and other organizations should treat the SSCCs as an agent of DFPS as it relates to the child welfare services being delivered by the SSCCs.
**Placement and Family Services Referrals**

Region 3b INV/FBSS staff will work directly with Our Community Our Kids (OCOK) upon determining that a child is entering DFPS conservatorship. This section outlines protocols for referrals for new paid placements, kinship placements and other non-paid placement settings.

INV/FBSS staff must follow CPS Handbook policy related to the assessment, consideration, and selection of the least restrictive placement for every child’s initial placement in substitute care. For more information, see CPS Handbook policies:
- 4114 Required Factors to Consider When Evaluating a Child’s Possible Placement
- 4114.4 Preference for the Least Restrictive Setting

OCOK is responsible for assessing the service level needs of children (policy 4410 Service Level Determinations and Reauthorizations) in conservatorship and providing a continuum of care and services to each child. CPS Handbook policies and other items related to requesting a service level for a child are, therefore, waived. See Foster Care Redesign Texas Administrative Code (TAC) Rules Waiver for more information.

**General Requirements for all SCCC Placements:**

Regardless of the type of placement, INV/FBSS Workers must staff the child’s case with their Supervisor and Program Director and obtain approval prior to requesting substitute care placement and case management services from Our Community Our Kids (OCOK).
- In situations where the INV/FBSS Worker has identified that a child may require substitute care placement, the Program Director (PD) may direct the INV/FBSS worker to provide OCOK advance notification of a child’s need for possible placement.
- The INV/FBSS worker will notify OCOK by email or phone within 1 hour if it is determined that placement is not needed.

After INV/FBSS determines, with Supervisor and Program Director approval, that the child requires placement the Worker must determine if the child needs placement in a paid placement, kinship placement or other non-paid placement setting.

**Child Sexual Aggression Designation Related to Removals and Placement**

*If the designation is determined at the time of removal*

- As soon as the INV/FBSS Removal Worker is made aware of possible sexual aggression, they will alert their chain of command. The INV/FBSS Removal Program Director will email OCOK Senior Director of Permanency, Joy Waldrop, to set up a child sexual aggression staffing. OCOK Senior Director of Permanency, Joy Waldrop, will schedule the staffing within 48 hours of notification. The INV/FBSS Removal Worker, Supervisor, and Program Director; OCOK Permanency Specialist, Supervisor, and Permanency Director will be invited to attend. The INV/FBSS Removal Worker, Supervisor, and OCOK Senior Director of Permanency are required participants. The INV/FBSS Removal Worker will be prepared to share all known information required for the staffing.
- If the child or youth has not been placed, the INV/FBSS Removal Worker updates the Abbreviated version of the application for placement (form 2087ex) before submission to the SSCC for placement.
- If the child or youth has already been placed, and the placement is not aware of the child or youth’s behavior, the INV/FBSS Removal Worker IMMEDIATELY notifies the Permanency
Specialist and the placement about the child or youth’s behavior and documents the notification in IMPACT.

**If the designation is determined after the child or youth is in conservatorship**

- And the child or youth is pending a new placement, OCOK staff launches a new application for placement. The new application for placement will autofill with the information from the sexual aggression page in IMPACT.
- And the child or youth is currently in placement, the OCOK Permanency Specialist updates Child Plan of Service (CPOS) for the child or youth who was determined to have sexually aggressive behaviors and the child or youth who was the victim of child sexual aggression to include services and supports.

Within 24 hours of the child or youth being identified as being sexually aggressive, the OCOK Senior Director of Permanency will send an email to the OCOK Permanency Director asking that they confirm that the Permanency Specialist has updated the application for placement, updated the Child Plan of Service, and notified the placement and Provider Child Case Manager.

The OCOK Permanency Director will have 24 hours to respond to the Senior Director of Permanency confirming the above activities required of the Permanency Specialist have been completed.

**Child Sexual Aggression, Sexual Victimization, Sexual Behavior Notification:**

**Initial Placements:**

See New Placement and Case Management Referrals for information about how notification is accomplished for new removals.

**Subsequent Placements:**

- OCOK will update all information under the person detail page tabs prior to the placement change including the Child Victimization and Trafficking information.
- OCOK will update the Placement Summary form (2279) and the Child Sexual History Attachment A form in IMPACT.
- OCOK, or their designee, will be responsible for discussing information in the Placement Summary form (2279) and the Child Sexual History Attachment A with the caregiver at the time of placement.
- Obtain the signature of the receiving caregiver on the Placement Summary form (2279) and the Child Sexual History Attachment A form.
- Upload signed and scanned copies of the forms into ONE CASE in IMPACT.

For additional information regarding Child Sexual Aggression please refer to CPS Policy 6241.11 Working with Children Who Are Sexually Aggressive, Have Sexual Behavior Problems, or Are Victims of Sexual Aggression and the Child Sexual Aggression Resource Guide.

**New Placement and Case Management Referrals:**

After INV/FBSS determines, with Supervisor and Program Director approval, that the child requires placement the worker must determine if the child needs placement in a kinship placement, paid placement or other non-paid placement.

**Paid Placement Referral**
The paid placement process is used when INV/FBSS makes a referral to OCOK for a child or youth who is in immediate need for paid foster care placement and case management services and is not currently served by OCOK. This process, therefore, will be used for all emergency and non-emergency removals.

**Notification & Referral**

INV/FBSS Worker will contact OCOK Intake Department via phone 1-844-777-OCOK (6265) and email intake@oc-ok.org and will:

- Provide INV/FBSS Worker contact information.
- Provide INV/FBSS Worker back-up contact information (i.e. Supervisor).
- Identify OCOK Specialist to be assigned as secondary in IMPACT.
- Provide OCOK Initial Referral Information (can be verbal).
- Open the FSU and SUB stages in IMPACT.
- Create child referral and family services referral in IMPACT.
- Complete the question under the sexual victimization tab in IMPACT and enter any episodes if marked yes.
- If sexual aggressive behavior is identified, follow the child sexual aggression designation process above.
- If applicable, complete the trafficking information in IMPACT prior to printing the Placement Summary form 2279 and the Child Sexual History Attachment A form.
- Complete and provide the child’s placement information:
  - Application for Placement of Children in Residential Care in IMPACT or Alternative Application for Placement of Children in Residential Care) and Placement Summary Form 2279 in IMPACT and Child Sexual History Attachment A
- Based on the child's needs, notify relevant regional CPS Subject Matter Experts (e.g. Nurse, Developmental Disability Specialist, Well-Being Specialist, Education Specialist, etc.). For additional guidance, see Placing Children Who Have Intellectual and Developmental Disabilities or Primary Medical Needs.

*Based on the child's needs, the INV/FBSS Worker will notify the Developmental Disability Specialist prior to the child's removal.

*Verbal SSCC placement referral must be followed up by documented SSCC referral in IMPACT within 1 hour and email notification to OCOK once the SSCC referral is complete in IMPACT.

*Form 2087ex must be reviewed by the INV/FBSS Supervisor and then emailed to OCOK (intake@oc-ok.org) within 1 hour of referral; email subject title, “DFPS Emergency Placement-Child Placement Information.”

*OCOK will not begin to search for placement without a thorough, descriptive and approved Alternate Application For Placement (2087 ex) specific to the child's needs.

*If a referral is made by the night response INV unit and then transferred to the day INV unit to complete the investigation, the day INV worker assigned will notify OCOK of the INV Worker and INV Supervisor responsible for the case.

**Placement of Child/Youth**

**OCOK Placement Option**
No later than 7 hours after receiving notice of the need for emergency placement, OCOK will provide the INV/FBSS Worker with:

- Notification of a recommended placement and medical consenter by phone, followed by an email to the INV/FBSS Worker and Supervisor, or electronically (IMPACT).
- Information about the recommended placement will include:
  - Placement Name, Address, Phone and Resource ID, if known
  - Network Provider Name
  - Medical Consenter name and PID, if known
  - Information regarding other children or youth placed in the home, including if any have a child sexual aggression designation or a victim of child sexual aggression designation

*If OCOK has not established a placement for a child within 7 hours of initial notification, OCOK Intake Specialist will notify CPS worker of status and planned strategy for finding a placement. INV/FBSS worker will notify the INV/FBSS Supervisor that no placement has been found. The INV/FBSS Supervisor will notify the CBC Administrator.

**INV/FBSS Placement Approval**

- INV/FBSS Worker will evaluate and approve OCOK’s recommended placement option and medical consenter within 1 hour of receipt of notification from OCOK by telephone (844-777-OCOK (6265) or email.
- Approval of the placement will be assumed if denial is not received within 1 hour.
- If there are concerns about the placement recommendation:
  - INV/FBSS Worker must obtain Supervisor, Program Director and Program Administrator approval to deny placement recommendation.
  - Denial justification must be included and provided to OCOK by responding to referral email.
  - The INV/FBSS Program Director will contact OCOK Director of Intake with the decision.
  - In the rare instances that placement is rejected, OCOK will have an additional 4 hours to search for new options.
  - The CBC Administrator must also be notified.

**Placement of the Child**

- INV/FBSS Worker will physically transport the child or youth to the placement.
- INV/FBSS Worker will complete the placement documents below and will review the information with the caregiver, obtain the caregiver’s signature on the documents and provide copies of the documents to the caregiver:
  - [CBC Placement Authorization (form 2085FC)]
  - [CBC Designation of Medical Consenter (form 2085B)]
  - [CBC Designation of Education Decision-Maker (form 2085E)]
  - [Placement Summary (form 2279)] from IMPACT
  - Child Sexual History Attachment A form from IMPACT
- INV/FBSS Worker will upload the Placement Summary form 2279 and the Child Sexual History Attachment A in ONE CASE.

If placement is identified outside the 4 hours of documented emergency referral and OCOK receipt of a thorough, descriptive and approved Alternate Application For Placement (2087ex) specific to the child’s needs:
• INV/FBSS Worker will transport the child or youth to an alternative location coordinated between OCOK and INV/FBSS Worker.
• For a child or youth’s initial placement (brand new removal), when a placement has not been identified, INV/FBSS Worker will remain medical consenter until a placement is identified.
• INV/FBSS Worker will provide contact information for the person that should be contacted by OCOK if assistance is needed after the 4 hours.
• INV/FBSS Worker will provide verbal approval of the placement and medical consenter when placement is secured by OCOK.

Placing children who have IDD or primary medical needs requires careful consideration in order to make the best placement matches to serve the special needs of these children. The Primary Medical Needs Resource Guide describes the needs of children who have Primary Medical Needs (PMN). The Foster and Licensed Facility Placements Process Resource Guide describes the needs of children who have IDD needs.

**Emergency Placement Process**
INV/FBSS Workers should follow the process outlined in paid placement process when requesting a paid foster care placement from Our Community Our Kids (OCOK) for a child with Intellectual or Developmental Disabilities (IDD), Primary Medical Needs (PMN) or Complex Medical Needs.

In addition to the paid placement process, the INV/FBSS worker will:

Placing Children in Certain Institutions

Our Community Our Kids (OCOK) will work with CPS Placement team in State Office when considering and requesting placement of a child or youth in one of the following settings:
- HHSC-Licensed Institutions for children with intellectual or developmental disabilities.
- State Supported Living Centers.
- Home and Community-Based Services (HCS) Residential Placements.
- Nursing Facilities or
- Intermediate Care Facilities for Individuals with Intellectual Disabilities/Related Conditions (ICF/IID-RC).

Placing a child or youth in one of the listed types of institutions should only take place when no other less restrictive placement is available that can meet the child or youth's needs.

Placement in one of the listed types of institutions requires careful consideration, assessment, and justification. OCOK Intake Specialist will coordinate with the regional Developmental Disability Specialist to carefully assess the child or youth's specific needs and exhaust all least restrictive placement options before recommending a child or youth's placement in a certain institution.

Depending on the type of institutional placement requested for the child or youth, OCOK will need to follow current CPS processes outlined in The Foster and Licensed Facility Placements Process Resource Guide. Also see CPS Policy 4118 Additional Actions for Placing Children with Intellectual or Developmental Disabilities.
**Foster Care Assistance**

Foster Care Assistance consists of daily care (such as food, clothes and shelter) and medical coverage provided through Title IV-E or medical assistance only (MAO) foster care. DFPS Rules, 40 TAC §700.315

**Applying for Foster Care Assistance**

INV/FBSS Worker is responsible for completing the initial Foster Care Assistance Application in IMPACT and submitting it to the foster care eligibility specialist. This includes sending the required documentation.

**Determining Eligibility**

The DFPS Foster Care Eligibility Specialist has the following roles in determining eligibility:

- Obtain birth verification.
- Verifies the child’s Social Security number.
- Searches other systems to obtain the child and family income and resource information.
- Processes the Foster Care Assistance Application and records in IMPACT.
- Maintains the eligibility file.
- Please see [CPS Policy 1512 Determining Eligibility](#) for additional information.

**Annual Review of Eligibility**

DFPS must review the child’s eligibility for IV-E or Medicaid at least once every 12 months while the child is in foster care.

The OCOK Permanency Specialist will receive an IMPACT *Task To-Do* when a foster care review is due for the child.

To complete the review, the OCOK Permanency Specialist must:

- complete the Foster Care Review in IMPACT and submit it to the assigned foster care eligibility specialist.
- send the eligibility specialist copies of all child-specific court orders since the previous review or initial determination.
- send the eligibility specialist documentation of the child’s citizenship or alien status, if new documentation has been obtained since the previous foster care review or initial eligibility determination.

If the annual eligibility review is not completed in response to the IMPACT “To Do” the regional eligibility specialist will pull a report from data warehouse and send a notice to the primary worker supervisor listing the children that still have an annual that the annual review is due. If there continues to be no response, the regional eligibility specialist will then send the report of pending reviews to the Permanency Director.

See CPS policy [1514 Annual Review of Eligibility](#).

**Obtaining Certified Birth Certificates and Screen-Printing Birth Records**

The OCOK Permanency Specialist always attempts to obtain a birth certificate from the child’s parents, relatives, or guardian instead of requesting a copy of the birth certificate through the BVS system. If the Permanency Specialist obtains a copy of the birth certificate, he or she submits it to the eligibility specialist to serve as documentation of a child’s birth and citizenship or alien status when submitting the documentation for the Foster Care Assistance Application.
Please refer to CPS Policy 1520 Obtaining Certified Birth Certificates and Screen Printing Birth Records to learn more regarding which type of birth verification is required for specific case management circumstances and the documentation required to support the request. Additionally for those circumstances that do not meet the specific case management circumstances for a certified birth certificate, the Foster Care Eligibility Specialist can assist by providing a screen print of birth records from the Bureau of Vital Statistics.

The Foster Care Eligibility Specialist is the subject matter expert that can assist in getting birth certificates. The mailboxes for those requests for children from 3b are:

- Adoption birth certificates mailbox: R03WESTFOSCARELI@DFPS.STATE.TX.US
- Out of State birth certificates mailbox: REG03OOSBIRTHCERTTAR@dfps.state.tx.us
- All other birth certificates mailbox: R03WESTFOSCARELI@DFPS.STATE.TX.US

Beginning in June 2019, the request for birth certificates for youth who turn age 15 are handled at CPS State Office. The certified copy (or original) birth certificate, photocopy of the birth certificate, and a cover memo with instructions will be mailed to the OCOK Permanency worker. The worker or local Permanency Specialist will deliver the birth certificate to the youth in person and have them sign Form 2527 Personal Documents Checklist - 15 or Form 2528 – Personal Documents Checklist - 18. In addition, the worker will check the new indicator box on the Child’s Plan of Service in IMPACT.

Any birth certificate requests that do not meet CPS Policy 1520 Obtaining Certified Birth Certificates and Screen Printing Birth Records guidance prior to he child turning 15 will require OCOK completing the request for the certificate and providing any funds needed.

The OCOK Point of Contact for birth certificate related issues is: Jeannette Jarvis, Care Management Director Assistant, birthcertificates@oc-ok.org.

WORKING WITH CHILDREN WHO ARE SEXUALLY AGGRESSIVE, HAVE SEXUAL BEHAVIOR PROBLEMS, OR ARE VICTIMS OF SEXUAL AGGRESSION

CPS offers services and support to ensure the safety and well-being of children who meet one or more of the following criteria:

- The child exhibits sexually aggressive behavior.
- A DFPS staff member, another professional, a parent or caregiver, or another person with knowledge of the situation has identified the child as having sexual behavior problems.
- The child is a victim of sexual aggression.

Sexually aggressive behavior is behavior in which a child takes advantage of another person in a sexual way, through seduction, coercion, or force.

OCOK will continue to follow the policy and practice identified in CPS Policy 6241.11 Working With Children Who Are Sexually Aggressive, Have Sexual Behavior Problems, or Are Victims of Sexual Aggression.

Staff members of OCOK providing case management services follow procedures in the Child Sexual Aggression Resource Guide when working with the following:

- Children who have sexually aggressive behavior.
- Children who have sexual behavior problems.
- Victims of sexual aggression.

The resource guide also contains more information about practices, requirements, and definitions of terms.

Developmental Disabilities Specialist (DDS)

The Developmental Disability Specialists (DDS) are regional subject matter experts and liaisons when an infant, child or youth is suspected or diagnosed with an intellectual and/or developmental disability.

When to contact the DDS?

Whenever there is an infant, child, or youth that comes into care, at any stage, who is diagnosed with IDD or you suspect an IDD is present.

If you are unsure if an infant, child, or youth has IDD and you would like a consultation.

Why contact the DDS?
There is a number of reasons why CPS/SSCC staff or other staff might want to contact their Developmental Disability Specialist. Not only are they experts in the field of IDD, but they also maintain regional and statewide resource networks and contacts specific to infants, children, and youth with IDD.

DDS can:
- Provide training and support to staff about working with infants, children and youth with IDD.
- Serve as liaisons between DFPS and Health and Human Services for community-based services through the youth's Local Intellectual and Developmental Disability Authority (LIDDA). This includes:
  - Making referrals to the Medicaid waiver interest list for long-term services and supports.
  - Making referrals to HHSC Office of Guardianship, if appropriate.
  - Making referrals for Home and Community Services (HCS) for youth and facilitating referrals for Determination of Intellectual Disabilities (DIDs).
  - Referring to and participating in Community Resource Coordination Groups (CRCG's).
- Address the unique challenges of young adults transitioning out of care into the community and help address resources needed for future support.
- Serve as consultants to DFPS/OCOK staff regarding cases and participate in transition planning meetings, case reviews, circles of support, and permanency conferences.
- Assist in locating and facilitating the placement process for youth needing specialized placements. These specialized placements can include:
  - Intermediate Care Facilities (ICF-IDD)
  - State Supported Living Centers (SSLC)
  - Nursing Facilities
  - Home and Community Based Services (HCS)
  - General Residential Operations (GRO)
    - Mission Road Developmental Center
- For additional information see DFPS Safety Net page for Intellectual and Developmental Disabilities

**Education Specialists**

CPS Regional Education Specialists serve as advocates, liaisons, and expert educational resources between local school districts and CPS staff in providing the best educational outcomes for children in DFPS conservatorship.

CPS Regional Education Specialists can also be a resource as needed to assist OCOK with access to, or communication with, Region 3b catchment area school districts and campuses.

For additional information see:
- Education for Children Resource Guide
- CPS Policy 15000 Education for Children
- Safety Net Education page

**Faith Based Specialists**

The faith community has a long history of helping those in need. DFPS wants to partner with all faith communities in Texas to help children in foster care, their parents and kinship families.

The Texas Faith-Based Model is a joint effort between DFPS and faith-based communities of all denominations and religious affiliations. The goals are to:
• Change the way DFPS collaborates with the faith community to promote positive outcomes for children and families.
• Enhance the well-being of children by shortening their stay in the foster care system.
• Decrease the time for children to achieve permanency.
• Improve community relations.

As part of the Texas Faith-Based Model, DFPS provides information to local congregations about the needs of children and families in their area. The local congregation then decides what type of ministry to develop. DFPS assists with information, attending meetings, and answering questions about the children and families needing help.

For more information see Texas Faith-Based Model.

**Fatherhood Initiative**

The goal of the Texas Fatherhood Initiative is to build greater capacity within CPS to serve fathers by shedding light on effective models of service that engage fathers - even if those fathers do not currently live in the homes of their children or are not actively involved in their children's lives.

For more information see Fathers Matter: The Responsible Fathering Initiative

The DFPS Fatherhood Specialist compiles a report of the children’s cases that do not list a father and will provide that report to OCOK.

**Immigration Specialist**

Immigration Specialists serve as subject matter experts. The Immigration Specialists identify and track children with immigration needs who are in DFPS care.

See DFPS Safety Net: Immigration Specialist for more information.

**Nurse Consultant**

Nurse Consultants consult with and educate CPS/SSCC staff about health care issues related to children on their caseloads. They are licensed registered nurses but do not function in a clinical direct patient care role for the agency. Their primary duties include: providing one on one consultation to caseworkers, reviewing medical records and interpreting medical information, and facilitating referrals to the Forensic Assessment Center Network (FACN).

**Advocacy for Children's Healthcare Needs**

The CPS Nurse Consultant may advocate for CPS/SSCC staff and children receiving CPS services by discussing the medical needs of children with medical and special needs in all open cases and making recommendations. The CPS Nurse Consultant accomplishes this by:

• Participating in staffings.
• Engaging in discussions with the children's direct medical providers.
• Attending meetings, such as Family Team Meetings (FTM), Family Group Conferences (FGC), regional removal staffings, case staffings involving children with medical needs, hospital staffings, child death reviews, etc.

**How to Request Assistance from Your CPS Nurse Consultant**

The OCOK Permanency Specialist may request assistance from the CPS Nurse Consultant in person, or by phone, email, or using a referral form. Regional staff should consult with the CPS
Nurse Consultant covering their region regarding the best way to make a referral. The current list of CPS nurse consultants may be found at: http://intranet/CPS/Regional/nurse.asp

For additional information see Medical Services Resource Guide.

Psychiatric Hospital Workers

Psychiatric Hospital Workers serve as advocates, liaisons, and expert coordinators between local psychiatric care centers and CPS/SSCC staff in providing the best acute psychiatric treatment outcomes for children in DFPS conservatorship.

These staff are solely dedicated to ensuring continuity of care and services for a youth experiencing an acute psychiatric hospital stay, with the aim of reducing the length of the hospital stays and positively impacting the permanency and well-being outcomes for every child. To achieve this mission, Psychiatric Hospital caseworkers visit and work with every child and youth through every single stay at an acute psychiatric hospital.

The process for requesting and working with the Psychiatric Hospital Liaison is outlined in the Psychiatric Hospital Contact Protocol. See Psychiatric Hospital Contact Protocol and Psychiatric Hospital Workers Safety Net page for additional information.

Statewide Parent Collaboration Group and Local Parent Support Group

Statewide Parent Collaboration Group (PCG)

The statewide Parent Collaboration Group (PCG) is a partnership between the Texas Department of Family and Protective Services (DFPS) and parents who have been recipients of CPS services. The PCG is a venue for gathering and incorporating parental feedback to enhance CPS policy and practice. OCOK will identify a representative to participate in this group to represent their catchment. OCOK will also aid in recruiting parents to be a part of this group as needed.

The PCG provides:
- Information to staff regarding what parents experience as recipients of CPS services.
- Recommendations for improvement.

Local Parent Support Group

The local Parent Support Groups (PSGs) are informational support groups for parents receiving family-based safety services (FBSS) or conservatorship (CVS) services. These groups are led by a parent who has successfully navigated the CPS system an, a CPS staff person and OCOK Liaison.

Local PSG meetings are held at least once a month in communities around the state, and provide:
- Information about the CPS system
- Hope and support
- Encouragement, including the personal story of the parent leading the group
- A short question and answer session
- Information about various community services

Referrals to Parent Support Groups
It is the OCOK Permanency Specialist’s responsibility to ensure that parents being served by CPS/OCOK are aware of the local PSGs in their area. Regional fliers and information are available from regional CPS liaisons.

For additional information please refer to CPS Policy 1143 Statewide Parent Collaboration Group and Local Parent Support Group and Parent Collaboration Group Safety Net page.

**SSI Coordinators**

SSI Coordinators are responsible for applying for SSI Benefits for children in foster care who may have a disability. SSI Coordinators also serve as a point of contact with the Social Security Administration regarding children in DFPS conservatorship who are on SSI or RSDI.

See SSI Coordinators Safety Net Page

**State Office Divisions Collaboration**

Divisions within CPS State Office will add representatives from OCOK to existing workgroups and communications. Example, OCOK Senior Permanency Director will be invited to participate in Conservatorship Program Administrator calls and meetings. OCOK will also be added to communication d-lists as needed to ensure they are receiving information related to service families and children.

Additionally, program specialists and subject matter experts from CPS divisions in State Office will be available to provide support and technical assistance to OCOK just as they provide support and technical assistance to regional conservatorship programs.

**Substance Use Specialist**

Substance abuse specialists support CPS and CPI practice in working with children and families, with substance use disorders throughout each stage of service. They are subject matter experts who assist staff in providing technical assistance relating to protocol, policy, and practice regarding substance use, abuse and treatment.

See Substance Use Specialist Safety Net Page.

**Volunteer and Community Engagement**

The Office of Volunteer and Community Engagement (OVCE) is a unit within DFPS under External Relations whose purpose is to ensure that the community is involved and contributes to DFPS work through donations, volunteer work, or partnerships.

Through Community engagement, DFPS staff build positive, ongoing, permanent relationships with stakeholders and community partners that support the DFPS mission and goals and, ultimately, improve outcomes for our children and families.

For contacts, see Volunteer and Community Engagement Coordinators.

**Access to Resource Rooms**

Resource Rooms (RRs) are stocked with donated items OCOK Permanency Specialists can access to meet the needs of children and families served by DFPS. Independent volunteer groups generously coordinate the many aspects of the rooms. OCOK will have access to these rooms during regular DFPS business hours. DFPS staff who assist with managing access to the rooms will assist OCOK with access as needed.
Access to Conference/Visitation Rooms

OCOK will have access to DFPS conference or visitation rooms during DFPS business hours. Since these rooms are shared with CPS and CPI programs, rooms must be reserved through the local office coordinator.

**DAYCARE SERVICES**

**Foster Child Daycare**

For eligibility requirements please see CPS policy [8235.41 Determining Eligibility for Foster Day Care](#).

When foster daycare services are needed for a child, who is legally from Region 3b and placed within Our Community Our Kids' (OCOK) provider network, the OCOK Daycare Coordinator will:

- Refer the foster parent to the local Child Care Services (CCS) office in order to be pre-qualified for foster daycare services as needed.
- Provide the [Foster/Relative & Other Designated Caregiver Daycare Verification (form 1809)](#) to each foster parent household each time application for initial daycare services are requested.

**Note:** Foster parent e-signatures are acceptable (completed/signed/scanned copy of the 1809 or on-line completion of the 1809 with foster parent approval in return email).
- Complete a daycare request in IMPACT for each child needing daycare.
- Send an email to the DISTRICT3DC@dfps.state.tx.us mailbox:
  - Subject line: Region, County, Caregiver's Name, Child's Name, Case ID, daycare request date, #1 of ___ (number of children related to this referral), and
  - Attach the following:
    - Pre-qualification letter from CCS,
    - Completed Daycare Request in IMPACT,
    - Completed [Foster/Relative & Other Designated Caregiver Daycare Verification (form 1809)](#) unless an exception is met as described below:

**Exception:**

For the initial daycare authorization, the requirement for the foster parent to complete the form may be waived if it is determined the verification would prevent an emergency placement in the child’s best interest. Such an emergency placement would be one where the placement cannot be sustained or is unlikely to be sustained if the person requesting daycare were required to verify the unavailability of community resources. The waiver of the requirement must be approved by the OCOK Director of Permanency and should only be utilized where the foster parent has exercised reasonable diligence but has been unable to verify community resource unavailability. If such a waiver is approved, the foster parent will be required to verify the unavailability of community resources at the time of the first daycare renewal.

After receiving the daycare request email and the daycare request in IMPACT the CPS daycare coordinator will:
- Create the service authorization in IMPACT and send to CCMS.
- Within 10 business days of receipt of the approved daycare request in IMPACT, the Regional Daycare Coordinator will process the daycare request. See [8235.4 Foster Child Daycare](#).

**Please note:** Daycare services will not be authorized for payment until:
- Regional Daycare Coordinator approves the service authorization (form 2054) and
- it is received by the contracted child care services agency and entered it into their system and
- the child care services agency notifies the chosen daycare.

**Kinship Child Daycare**

OCOK may request Kinship Child Daycare for a child in DFPS conservatorship who is placed with kinship caregivers if:

Community-Based Care Region 3b Operations Manual

Page 32 of 95

April 2020
• DFPS has an approved kinship home assessment on file for caregivers who are not verified or licensed foster care providers.
• The caregivers have signed Form 0695 Kinship Caregiver Agreement.
• The caregivers are employed outside the home and work at least 40 hours per week.
• Like foster parents, kinship families may be referred to the local Child Care Services (CCS) office in order to be pre-qualified for foster daycare services as needed

Please see CPS Policy 8235.5 Kinship Child Daycare for additional eligibility criteria.

If eligibility requirements for Kinship Child Day Care are not met, the child may be eligible to receive General Protective Day Care.

To be eligible for Kinship-General Protective Day Care the caregiver must:
• be related to the child or have a longstanding and significant relationship with the child or family in the case of an infant;
• not be a licensed or verified foster home or foster group home;
• be residents of Texas; and
• be employed outside the home and work at least 40 hours per week

The use of General Protective Day Care for a child in a Kinship placement must be approved by the OCOK Senior Director of Permanency.

To request kinship daycare OCOK will provide to the CPS regional daycare coordinator:

• Foster/Relative & Other Designated Caregiver Daycare Verification (form 1809) to each kinship caregiver household each time application for daycare services are requested. Note this form is required for both initial requests and renewals. Note: Kinship caregiver e-signatures are acceptable (completed/signed/scanned copy of the 1809 or on-line completion of the 1809 with kinship caregiver approval in return email).
• OCOK will need to verify caregiver employment. Acceptable verification includes:
  o copies of the caregivers last 3 paystubs.
  o statement from the employer attesting to being employed full-time for 40 hours a week.
  o in the case of self-employment, a completed Form 1806 Caregiver Statement of Self-Employment Income.

Send an email to the DISTRICT3DC@dfps.state.tx.us mailbox.

• Subject line: Region, Caregiver's Name, Child's Name, Case ID, CPS/SSCC Unit #
  o If only 1 child’s name is entered in the subject line, but there are multiple children that requests were completed for, all of their names must be provided in the body of the email.
  o The body of the email must have the OCOK permanency supervisor’s approval in the body of the email. If we do not have supervisor approval in the body of the email, we cannot process the IMPACT daycare requests.
    ▪ A statement regarding the verification that has been provided for the employment verification and the number of hours each caregiver works (note employment verification must also be provided for renewals).
  o Attach the following:
    ▪ Completed Foster/Relative & Other Designated Caregiver Daycare Verification(form 1809) unless an exception is met as described below:
• OCOK will complete the Daycare Request in IMPACT.

Exception:
For the initial daycare authorization, the requirement for the caregiver to complete the form may be waived if it is determined the verification would prevent an emergency placement in the child’s best interest. Such an emergency placement would be one where the placement cannot be sustained or is unlikely to be sustained if the person requesting daycare were required to verify the unavailability of community resources. The waiver of the requirement must be approved by the OCOK Program Director (PD) and should only be utilized where the foster parent has exercised reasonable diligence but has been unable to verify community resources unavailability. If such a waiver is approved, the foster parent will be required to verify the unavailability of community resources at the time of the first daycare renewal.

After receiving the daycare request email and the daycare request in IMPACT the daycare coordinator will:

• Create the service authorization in IMPACT and send to CCMS.
• Within 10 business days of receipt of the approved daycare request in IMPACT, the Regional Daycare Coordinator will process the daycare request. See

• Please note: Daycare services will not be authorized for payment until
  o Regional Daycare Coordinator approves the service authorization (form 2054) and
  o it is received by the contracted child care services agency and entered it into their system and
  o the child care services agency notifies the chosen daycare.

Waiving the Eligibility Criteria for Good Cause

The associate commissioner for Child Protective Services (CPS) has the authority to waive the eligibility provisions for good cause. The OCOK Senior Director of Permanency or designee may request a waiver for good cause on a case-by-case basis. Waiver requests should be submitted to DISTRICT3DC@dfps.state.tx.us mailbox who will then route to the 3W CPS Regional Director and CPS State Office for approval.

In any Kinship placement, child safety is the paramount concern. When caregivers do not meet eligibility requirements, staff should seek a waiver if there are any concerns for child safety in the kinship placement.

General Protective Daycare

OCOK may request General Protective Daycare for a child in DFPS conservatorship who has been reunited with their parent(s). Send an email to the DISTRICT3DC@dfps.state.tx.us mailbox.

• Subject line: Region, Caregiver’s Name, Child’s Name, Case ID, CPS/SSCC Unit #
  o If only 1 child’s name is entered in the subject line, but there are multiple children that requests were completed for, all of their names must be provided in the body of the email.
  o The body of the email must have the OCOK permanency supervisor’s approval in the body of the email. If the supervisor approval is not in the body of the email, the Regional Daycare Coordinator cannot process the IMPACT daycare request.
  • OCOK will complete the Daycare Request in IMPACT.

After receiving the daycare request email and the daycare request in IMPACT the daycare coordinator will:

• Create the service authorization in IMPACT and send to CCMS.
• Within 10 business days of receipt of the approved daycare request in IMPACT, the Regional Daycare Coordinator will process the daycare request. See
• **Please note:** Daycare services will not be authorized for payment until
  - Regional Daycare Coordinator approves the service authorization (form 2054) and
  - it is received by the contracted child care services agency and entered it into their system and
  - the child care services agency notifies the chosen daycare.

Any required approvals for extensions for daycare services should be directed to Marie Clark, OCOK Director of Care Management.
**CASE DOCUMENTATION**

**Documentation and Communication**

When a child is placed in substitute care, OCOK staff must document in IMPACT the:

- Contacts, assessments, and services provided to the child and the child’s family.
- Key decisions made, and actions taken during care that affect the child and the child’s family.

OCOK will be recording contacts in IMPACT in the contact detail page and must be entered no later than 7 days from the contact date.

**Maintaining Current Photograph of a Child**

Upon assignment, the OCOK Permanency Specialist must review the case record. If there has been no clearly visible photograph of the child’s face taken within the last 60 days and uploaded into IMPACT, the OCOK Permanency Specialist must ensure one is taken and uploaded into IMPACT by the 60th day following the child’s removal. Thereafter, the OCOK Permanency Specialist must ensure there is at least one updated photograph for every child in DFPS legal custody taken every six months and uploaded into IMPACT.

Photographs may be taken by the OCOK Permanency Specialist or other individual, but must fit the criteria outlined below:

- The date the photo was taken must be known and should be from within the past six months.
- The photo must be an individual photo of the child in whose stage it is being uploaded.
- The child’s face must be clearly visible and not at a distance.

When the case is closed, the OCOK Permanency Specialist must give the print and digital pictures to the family caring for the child, or to the child if he or she is a teenager.

See CPS Policy 6133.73 Maintaining Current Photo of Child

**Primary Case Assignment, External Case File and External Documentation**

**Primary Case Assignment**

Between the Child and Family Referral and the 14th day, the OCOK Permanency Specialist and the Removal Worker must cooperate in completing and filing all required legal forms and documents, attending court hearings, and ensuring that all required visits take place. At the 14th day after removal, regardless if the adversarial hearing has taken place, the Removal Worker will make the OCOK Permanency Specialist primary on the FSU and SUB stages. If the adversary hearing is delayed, a staffing may be requested at 14 days to discuss outstanding removal checklist tasks and responsibilities. The Removal Worker can request that the OCOK Permanency Specialist make them secondary on the FSU and SUB stages if needed.

**External Case File Transfer**

The Removal Worker will provide the external CPS file to the OCOK Permanency Specialist no later than the 14th day after removal.
External Case Documentation

Substitute care documentation requirements state the following forms must be included in the paper case record. This list is not all-inclusive. Region 3b may have additional requirements for documentation that must be included in the case file. The Removal Worker and OCOK Permanency Specialist will ensure that any of below that has been obtained, are in the case record, either in IMPACT or the paper file, with copies of certain documents filed in the child’s Education Portfolio.

- Birth/citizenship records
- Health records, including a copy of a recent medical exam
- School records
- A copy of the signed foster care assistance application
- Copies of signed court orders, affidavits, and other court documents
- The court’s determination that CPS made reasonable efforts to prevent removal, reunify the family or seek other permanency goals for a child
- CPS notice to caretaker of court hearings, PPMs/administrative review. Caretakers include relatives, foster parents, and pre-consummated adoptive parents
- Placement and medical authorizations including medical consenter forms
- Designation of education decision-maker
- Temporary Visitation Schedule
- Correspondence
- Other possible documents, such as photographs, authorizations, and letters

Removal Worker will provide the Educational portfolio to the caregiver at the time of placement, with any documents available at that time. The removal worker will continue to provide any additional documents to either the Placement or Permanency Specialist as they are received.

See CPS Handbook policy:
6134 External Documentation
ENSURING SAFETY

When a Mother in an Open CVS Case is Pregnant

See CPS Policy 6370 When a Mother in an Open CVS Case is Pregnant

The OCOK Permanency Specialist will coordinate a staffing during the 7th month of the pregnancy to discuss any safety concerns. Participants will include:

- OCOK Permanency Specialist
- OCOK Permanency Supervisor
- OCOK Permanency Director
- INV Removal Supervisor (supervisor during the removal of the other children that are in CVS)
- INV Removal Director

The OCOK Permanency Specialist will document the following information prior to the staffing for discussion:

- Case Name:
- Date of Staffing:
- Participants:
- Due Date or Date of Birth:
- Age(s) of Other Children:
- Father and his role with unborn child/concerns/positives:
- Is the mother a current drug user?
- Does the mother have a history of drug use?
- Risk and Safety issues responsible for the open FBSS/CVS case:
- Progress made in current FBSS/CVS case
- Home Environment:
- Risk and Safety issues identified due to pregnancy or birth:
- PD directives:

Additional decisions or directives will be discussed and added during the staffing. Notes from this staffing will be documented in a contact narrative, so they are available to the INV night response unit should an intake come in after hours.

Once the child is born and an intake generated (if needed), the intake will be routed to the INV unit that staffed the New Baby Protocol to complete the investigation. INV staff will keep the Permanency staff updated regarding the progress of the investigation.

When Children Not in DFPS Conservatorship Are in Immediate Danger

OCOK staff can take immediate action to remove a child from a dangerous situation when the child is in DFPS Conservatorship due to the authority provided in the TFC authorizing Community-Based Care. See Legal Basis for Single Source Continuum Contractor to Act on Behalf of CPS.

There will be situations when OCOK is working with a family where some of the children in the family are not in DFPS conservatorship. Should the OCOK Specialist feel the child(ren) are in immediate danger, the following actions can be taken depending on the severity of situation:

- Staff with OCOK Supervisor for direction.
- If at risk of immediate physical harm call 911.
Community-Based Care Region 3b Operations Manual  Page 39 of 95
April 2020

- Stay on site and call the local CPS office for assistance from the on duty INV worker.
- If it is after hours, refer to the On-Call calendar for INV or inform Statewide Intake (SWI) that immediate response is needed.
- Submit an intake to SWI for all new safety concerns.

**Parental Child Safety Placements in CVS Cases**

A Parental Child Safety Placement (PCSP) is a temporary out-of-home placement a parent can make when CPS determines that the child is not safe remaining in his or her own home.

For PCSPs where there are no children in the family for which DFPS obtains conservatorship, a referral to OCOK is not needed.

In the event there is a new investigation related to an open CVS case, a joint staffing will be held between OCOK and INV prior to contact being made with the child or family. In emergency situations where that is not be feasible, the staffing should occur as soon as possible after contact is made with the child and/or family. If a PCSP is considered during an investigation related to an open CVS case, both the Investigations program director and the OCOK program director must approve the PCSP before it is implemented. In case of emergency, the INV program director will approve the PCSP and it will be staffed the next business day with OCOK permanency staff, including the OCOK program director.

Although DFPS does not have conservatorship of the child in the PCSP, that child is a member of the family unit. As such, the child must be seen face-to-face each month, and must be included in the parent’s family plan of service, just like a child who remains in the home with the parent. For PCSP’s where at least one child in the family enters conservatorship and OCOK will be providing services to the family, they will also provide services to the child(ren) in the PCSP and the caregiver (as needed) as a part of the family referral.

CPS policy outlined in continues to be applicable including Policy 3214 Required Contacts.

For additional information see:
- PCSP Resource Guide.

**When a Child or Youth is Missing from DFPS Conservatorship**

If a child in DFPS’s managing conservatorship runs away, is discovered to be missing, or is suspected to have been abducted from a substitute care placement, and the child’s whereabouts are unknown, the OCOK Permanency Specialist must notify the:

- OCOK Permanency Supervisor.
- Appropriate law enforcement officials in the jurisdiction where the child went missing.
- National Center for Missing and Exploited Children (NCMEC) at the web portal for child welfare reports or the 24-hour call center: 1-800-THE LOST (1-800-843-5678).
- Special Investigator Program Director and OCOK Administrative Assistant to the Senior Director of Permanency, after the OCOK Permanency Specialist files a missing person or runaway report with NCMEC and with the law enforcement agency (LE) with jurisdiction for the location from which the child went missing.

The OCOK Permanency Specialist must provide these notifications immediately and no later than 24 hours after learning the child is missing.
If a child in DFPS’s managing conservatorship returns to substitute care after being reported to law enforcement as a runaway or missing person, the child’s Permanency Specialist must provide notice as described in 6151.3 Notification Requirements and Schedule.

The Administrative Assistant to the Senior Director of Permanency serves as the OCOK point of contact for missing children. The point of contact:

- Oversees and coordinates missing children issues for the region.
- Helps to ensure assignment of the Special Investigator.
- Maintains an excel tracking spreadsheet listing children and youth from the catchment who are missing.
- Liaisons with DFPS State Office staff on tracking, data reconciliation, policies and protocols, and other needs.

OCOK point of contact: Omalade Oshodi, Omalade.Oshodi@oc-ok.org

DFPS Points of Contact: CPS Field Program Specialist, Analytics and Evaluation Division Research Specialist.

Human Trafficking Response Protocol

All staff are required to comply with human trafficking protocols outlined in the DFPS Human Trafficking Response Protocol (HT Protocol). Currently applicable to Bexar, Dallas, Harris, Tarrant and Travis Counties only, protocols are being added for other counties in the state to include Erath, Hood, and Somervell. The protocol addresses:

- Victim identification through the use of the Commercial Sexual Exploitation-Identification Tool (CSE-IT), a validated screening tool to aid in accurately detecting sexual exploitation.
- Service planning for youth at risk and identified victims of sex trafficking.
- How DFPS collaborates with other anti-trafficking partners in identification and recovery of victims and subsequent service provision.

The HT Protocol outlines the expected response in three critical areas:

- Human Trafficking Investigations - when the alleged perpetrator is traditionally responsible for a child’s care, custody, or welfare such as family member, or an adult living in the home of an alleged child victim.
- At Risk Youth - all children in DFPS conservatorship who are 12 years or older in age, with five or more placements.
- High Risk Youth - children 10 years and older, in DFPS conservatorship who are missing, or on runaway status.

See HT Response Protocol DFPS Safety Net Page

Commercial Sexual Exploitation-Identification Tool (CSE-IT)

West Coast Children’s Clinic developed the Commercial Sexual Exploitation – Identification Tool (CSE-IT – pronounced “see it”), a screening tool that aids in detecting risk of sexual exploitation.
The tool is designed to ensure early identification of sexual exploitation and protect youth from prolonged abuse and violence. It is not diagnostic but rather a tool which prompts additional information gathering and interventions if problems or concerns are identified.

OCOK Supervisors in Tarrant County will continue to use the CSE-IT tool and OCOK will support future expanded implementation.

See HT Response Protocol DFPS Safety Net Page

**Child Sex-Trafficking Care Coordination Teams (CCT)**

Care Coordination Teams (CCT) exist across the state to provide youth victims of sex trafficking with a continuum of care including planning and delivering services in the short and long term. The CCT is made up of professionals in the community who provide services for trafficking victims or who investigate and prosecute trafficking cases.

In an area where the Care Coordination Team exists, it is the default structure for referring youth identified as human trafficking victims.

See Care Coordination Teams DFPS Safety Net Page
RESPONSIBILITY FOR CONTACT AND SERVICES ACROSS REGIONAL LINES

When a child or youth resides outside of the region that has legal jurisdiction, CPS/OCOK can request to maintain contact, provide services, and monitor the child’s or youth’s safety:

- Courtesy supervision
- Local Permanency Supervision
- Kinship services including home assessments and addendums
- Kinship Adoption Studies
- Adoption Preparation Services
- Adoption Supervision services

**Courtesy Supervision**

When a CPS/OCOK unit provides courtesy supervision, the unit providing the supervision must:

- maintain the required contacts with the parent and child; and
- follow the procedures in 6411 Contact With the Child and its subitems.

CPS units outside the 3b area may make request for supervision assistance from OCOK and likewise, OCOK may make request for supervision assistance from CPS units outside the 3b area.

See CPS Handbook policies:

- 6314.1 Coordination Between Primary Caseworker and Courtesy Supervision Caseworker
- 6314.11 Courtesy Caseworker Responsibilities
- 6314.12 Primary Caseworker Responsibilities
- 6320 Conducting Visits with the Family

CPS/OCOK can request courtesy supervision when a child or youth in conservatorship is placed outside of the region that has legal jurisdiction and is residing with a parent. See 6314 Services to Children and Parents Across Regional Lines.

**Local Permanency Supervision**

Local Permanency Specialists are secondary caseworkers for children and youth placed outside the region that has legal jurisdiction but are not placed with a parent. The Local Permanency Specialist acts as an extension of the primary caseworker and aids the primary caseworker in ensuring that the child or youth’s needs for safety and well-being are being met. The Local Permanency Specialist also works to ensure that the child or youth achieves permanency.

See CPS Handbook policy:

- 6414 Local Permanency Supervision

**Kinship Home Assessment Requests**

Before CPS can place a child with a kinship caregiver, or recommend to the court that the child be placed, the child’s caseworker or a contracted provider must assess the caregiver’s suitability by completing:

- A written assessment of a kinship caregiver’s home, using Form 6588 Kinship Caregiver Home Assessment Template.
- A risk assessment, using Form 2049 Risk Assessment.
Either OCOK staff or a contractor may complete the written home assessment and risk assessment.

If an OCOK contractor is used to complete the assessment, OCOK will request the service from the contractor and provide the Universal Referral Information. The requesting region will submit a Service Authorization (2054) to OCOK for the services rendered using the legacy home assessment service code (not SSCC home assessment service code).

Please see 6623 Completing a Risk Assessment, and a Written Home Assessment of the Kinship Caregiver for additional information regarding Kinship Home Assessments.

**Requesting Services Across Regional Lines from OCOK**

Request for Kinship, Conservatorship and Adoption Services (aka Universal Referral Form) Form 2077 is used to request Kinship, Conservatorship and Adoption services. The OCOK mailbox identified to request such services is SSCC3B_CVS_KIN_LPS_ADO@oc-ok.org. OCOK will assign the case within 2 business days and notify the caseworker from the sending region of the caseworker assigned.

Please see the Request for Kinship, Conservatorship and Adoption Services (aka Universal Referral Form) instructions for additional information.

**OCOK Requesting Services from another SSCC Catchment or DFPS Region**

OCOK will also use the Request for Kinship, Conservatorship and Adoption Services (aka Universal Referral Form) Form 2077 to request services from other catchments or DFPS Regions. Please follow the instructions at Form 2077 Instructions for additional information regarding completing and submitting the form to the region services are requested from.

**Payment for Purchased Client Services**

Primary and secondary case management staff must work closely together to ensure the coordination and payment of purchased client services to family members and caregivers across regional lines.

If OCOK requests purchased client services for a parent or caregiver who resides in another DFPS Region, the OCOK Permanency Specialist will manage the payment for services through OCOK’s billing system.

If another DFPS Region requests purchased client services for a parent or caregiver who resides in Region 3b, the primary CPS case worker will issue payment for services by issuing a Service Authorization (form 2054) with the legacy provider’s service code.

Payments for requests for Kinship Home Assessments by other regions will use the SSCC home assessment service code on the 2054.
LEGAL SERVICES

OCOK will assume responsibility of court-related duties regarding the child, including but not limited to:
- Providing required notifications or consultations.
- Preparing court reports.
- Attending judicial and permanency hearings, trials, and mediations.
- Complying with applicable court orders.
- Ensuring the child is progressing toward the goal of permanency within state and federally mandated guidelines.

Please refer to CPS Policy 5000 regarding Legal Services.

Legal Liaison Support

The CPS Legal Liaison team supports permanency for children and will continue to provide support in collaboration with OCOK. Examples of supportive activities include:
- Assigning new conservatorship cases to Permanency units and attorneys for representation.
- Facilitating communication between OCOK Permanency staff and County Assistant District Attorney.
- Coordinating staffings for legal preparation.
- Preparing and filing legal documents.
- Assisting with discovery requests

OCOK will include the Legal Liaisons in communication related to:
- Permanency staffings.
- Legal staffings.
- Decisions regarding young adults entering trial independence, entering extended foster care, or returning to foster care.

Paying for Legal Services

Resources to cover legal expenses varies by individual county in the 3b area. Examples of legal services which may incur a fee from the service provider include, but are not limited to:
- Mediation
- Out of State service
- Private Process service
• DNA testing
• Court Reporter
• Court transcripts
• Witness travel
• Expert witness testimony
• Citation by Publication postings

For any legal services that are required by the court and not covered through Purchased Client Services funding, STAR Health, or county funds, OCOK will decide, in coordination with the Community-Based Care Administrator (CBCA) and Contract Administration Manager (CAM), on how the services will be paid.

If the decision is that DFPS will pay the provider, OCOK will submit the following items as soon as possible to the CAM:

- Detailed description of the specific legal service that includes the court information, cause number, and case ID.
- Copy of the invoice or bill from the person or entity providing the service.

The DFPS CAM will create a requisition for payment through CAPPS Financial.

**Court Orders for Healthcare Related Treatment and Services**

When a court orders a healthcare service, treatment or testing for a child in DFPS conservatorship, or enters an order that declines to follow the recommendation of a health care professional who has been consulted regarding a health care service, procedure, or treatment for a child in DFPS conservatorship, OCOK Permanency Specialist will take the following steps immediately:

1. Notify the OCOK Permanency Supervisor about the order. The OCOK Permanency Specialist and supervisor will notify the attorney representing DFPS/OCOK if there is a concern that the order needs to be appealed in any way.
2. Notify the regional [Well-Being Specialist](#) and provide a copy of the written order when it is received.

Completed court orders will be escalated by the Well-Being Specialist to STAR Health. They will be tracked with communication going back and forth between a STAR Health Liaison and the Well-Being Specialist. Note, verbal court orders will not be accepted by STAR Health and court orders must be signed to be considered complete.

**Exceptions: Court-Ordered Medical Services Not Covered by Medicaid or STAR Health**

If the judge orders a child to undergo a specific type of medical service, treatment, or testing that may not be covered by Medicaid, OCOK will take the following steps:

1. Immediately inform the attorney representing DFPS (within 3 days of the court's rendering of the order) that OCOK cannot guarantee a doctor will agree to order the specific service, treatment, or test. This allows the attorney to take immediate action in court to inform the judge or pursue legal remedies, such as asking the judge to reconsider the order.
2. If and when the court order is issued, inform the child's Medical Consenter (if it is someone other than the OCOK Permanency Specialist) about the order, and direct him or her to:
a. Ask the doctor to order the service, treatment, or test at the child's next visit with a
   STAR Health general practitioner.

b. Make sure the doctor knows that DFPS/OCOK has been told that Medicaid does not
generally cover the service, treatment, or test.

c. Encourage the doctor to request prior authorization and confirm medically
   necessary coverage before ordering the service, treatment, or test.

**Doctor Refuses to Order Medical Services, Treatments, or Tests**

If the doctor refuses to order the service, treatment, or test, OCOK Permanency Specialist will
immediately get the doctor to provide written documentation of the doctor's refusal.

OCOK Permanency Specialist will provide the doctor’s documentation to the attorney representing
DFPS/OCOK. Ensure that the documents are filed with the court and provided to the parties in
the case.

OCOK Permanency Specialist will file the documentation in the case record.

**Doctor Orders Medical Services, Treatments, or Tests**

If the doctor orders the service, treatment, or test, OCOK Permanency Specialist will notify the
supervisor and inform the attorney. At the next court hearing where medical care is discussed,
OCOK Permanency Specialist will report back to the judge the results and any subsequent
medical care the doctor prescribes.

**When Medicaid Does Not Pay**

When Medicaid will not pay for the service, treatment, or test, OCOK will staff the situation with
the CBCA and CAM to determine how the provider will be paid. If the decision is that DFPS will
pay the provider, OCOK will submit the following items as soon as possible to the CAM:

- Signed copy of court order directing that the child be provided the specific medical service,
treatment, or test.
- Proof that Medicaid denied paying the claim (an email from the provider is sufficient).
- Copy of the invoice or bill from the laboratory or provider.

The DFPS CAM will create a requisition for payment through CAPPS Financial.

**When Medicaid Does Pay**

If Medicaid does pay for the service, treatment, or test for a child, no documentation needs to be
sent.

Follow this process for all new judicial orders in any region, at any kind of hearing, directing
specific medical care that may not be a part of STAR Health coverage.

**Notice Requirements for Elevating Certain Court Orders**

CPS regional management, legal representatives, and DFPS state office must receive timely
notification from OCOK about court orders that may create problems for the CPS program as a
whole or may require immediate legal action. See CPS Policy [5311 Notice Requirements for
Elevating Certain Court Orders](#). OCOK and DFPS Regional Attorney providing legal
representation are both responsible for ensuring that leadership from DFPS and OCOK are
informed of these type of orders.

The types of orders that require timely notification include, but are not limited to, the following:

- Court orders that directly contradict federal law or regulation, or state law or regulation,
  including orders to place a child in violation of Child Care Licensing’s rules on background
checks, or ordering DFPS to use or conserve SSA benefits in a certain way or to release the benefits to a specific adult.

- Court-ordered placements that fit the criteria explained in 5313 Notice Requirements for Court-Ordered Placements with Unapproved Facilities.
- Court orders that place a child in violation of the Interstate Compact on the Placement of Children (ICPC), dismiss DFPS from a lawsuit in violation of the ICPC, or otherwise violate the ICPC, as explained in 5314 Court Orders That Violate the Interstate Compact on the Placement of Children.
- Court orders that direct DFPS to use its appropriated funds in an unauthorized manner, such as an order to pay medical expenses for a child in detention; or an order to pay permanency care assistance, adoption assistance, or kinship reimbursement payments, to persons who do not meet the eligibility criteria.
- Court orders that contain findings that indicate DFPS failed in a case to take a type of action required by federal law or regulation, or state law or regulation, such as a finding that DFPS failed to make reasonable efforts to prevent the removal of the child or a finding that DFPS failed to make reasonable efforts to finalize a permanency plan.
- Court orders that may set a precedent for other CPS cases that could be problematic for DFPS to comply with or that conflict with DFPS policy, including but not limited to:
  - Court orders directing a specific service level for a child.
  - Standing orders specific to one jurisdiction.
- Court orders that direct an action that is in conflict with DFPS policy or DFPS’s recommendation in the case.
- Court orders that may result in a threat to child safety.
SERVICES TO OLDER YOUTH IN CARE

Birth Certificates for Youth
See Obtaining Certified Birth Certificates.

OCOK contact: Jeannette Jarvis, Director of Care Management Assistant, birthcertificates@oc-ok.org

Credit Checks for Youth
Every youth in the conservatorship of DFPS age 14 up to age 18, receives a copy of their consumer credit report annually. In addition to ensuring that a youth's credit is checked, and any discrepancies are found and disputed, the OCOK Permanency Specialist is also required to share the credit report with the youth, provide the youth with a copy, and explain the importance of maintaining good credit.

For additional information regarding the process see Credit Reports for Youth on the DFPS Safety Net.

Transitional Living Services
Our Community Our Kids (OCOK) will work to prepare older youth in DFPS conservatorship who are transitioning from substitute care to adulthood. OCOK, in general, will be responsible for all the provision of transitional living services for older youth.

For Additional information see:
CPS Policy Section 10000: Services to Older Youth in Care
Transitional Living Services Resource Guide
Extended Foster Care Resource Guide
Trail Independence and Return Resource Guide
Preparation for Long Term Care and Support Resource Guide

Transition Plan Development
Beginning when the youth turns age 14, the transition plan is enhanced over time until the youth leaves substitute care or ages out of care. The plan must address the issues that are important for the youth as he or she leaves care and enters the adult world.

See CPS Handbook policy: 6252 Permanency Planning Meetings for Youth 14 and Older

During the 90 days before the youth ages out of care, whether at 18 or a later age in extended foster care, OCOK must provide the youth with assistance and support in developing a transition plan that:

- Is personalized at the direction of the youth.
- Includes specific options on housing, health insurance, education, local opportunities for mentors and continuing support services, and work force supports and employment services.
- Includes information about the importance of designating another individual to make health care treatment decisions on behalf of the youth, if the youth becomes unable to participate in such decisions and the youth does not have, or does not want, a relative who would otherwise be authorized under state law to make such decisions.
- provides the youth with the option to execute a health care power of attorney, health care proxy, or other similar document recognized under state law.
- is as detailed as the youth may elect.
Requests for assistance in transition plan development for youth who are placed in 3b but not legally from the catchment should be coordinated with the youth’s OCOK Local Permanency Specialist if assigned. If an OCOK Local Permanency Specialist is not providing services to the youth, please follow the process for Requesting Services Across Regional Lines from OCOK. On the Form 2077 complete request for Local Permanency Services and indicate that the service requested is Transition Plan Development assistance.

Coordination Required When Young Adults Are In Extended Foster Care and Return to Foster Care

OCOK will identify young adults from Region 3b for either Extended Foster Care or Return to Foster Care programs.

Note: Youth who desire to return to foster care during their 6- or 12-month trial independence period are in Extended Foster Care. Youth who desire to return to foster care after their Trial Independence period are considered youth in Return to Foster Care.

Extended Foster Care

When a young adult from Region 3b is interested in staying in extended foster care, OCOK will:

- Follow their Case Management Policy when serving young adults in these programs.
- Assist the young adult with completing the Voluntary Extended Foster Care Agreement (Form 2540).
- Provide the completed Voluntary Extended Foster Care Agreement (Form 2540) to the CPS Foster Care Eligibility Specialist.

Supervised Independent Living

Supervised independent living (SIL) placement settings are living arrangements offered through the Extended Foster Care program that allow young adults to reside in a less restrictive, non-traditional foster care setting while continuing to receive casework and support services to become independent and self-sufficient.

To be eligible for SIL, young adults must be able to live independently in a setting with minimal to no supervision. Through conversations with the young adult and the initial assessment, the young adult will be placed in the setting which best meets his or her needs. In order to maintain placement in the SIL program, young adults must comply with the Voluntary Extended Foster Care Agreement (form 2540). Young adults can move through the settings offered based on behaviors, enhancement of skills, or overall progress made in the young adult’s current setting. The SIL case managers will maintain documentation of the young adult’s progress in case notes, as well as in the subsequent service planning meetings, which will be filed in the young adult’s case record.

OCOK will continue to follow established protocol regarding SIL placements for Youth Adults being service that are from a legal county within the 3b catchment area and those that are from another legal county that desire SIL placement in the 3b area.

Please refer to Supervised Independent Living (SIL) Flow Chart for additional guidance. Please note that OCOK is now responsible for actions previously identified as CVS or PAL responsibilities.
Return to Foster Care

A young adult who was in DFPS conservatorship when turning 18 and leaves foster care may return to Foster Care at any time prior to the month before the young adult’s 21st birthday, provided the young adult meets the requirements in 10420 Qualifying for Extended Foster Care, or at any time prior to the month before the young adult’s 22nd birthday if they are regularly attending high school or in a program leading to a high school diploma or General Education Diploma (GED). Return to Foster Care does not include young adults who are in Trial Independence (see 10510 Trial Independence).

Referrals for a young adult who wants to return for Extended Foster Care may include youth whose legal case was outside the 3b catchment area, but the young adult now lives in the 3b catchment area. Young adults residing in 3b who not from the 3b area that indicate to their PAL Coordinator a desire to Return to Care in 3b will be prescreened for their sincerity and eligibility for returning to care and then referred to the OCOK PAL Coordinator.

If placement is found:

- OCOK Permanency Specialist will:
  - Ensure the young adult with completes the Voluntary Extended Foster Care Agreement (form 2540).
  - Provide completed Voluntary Extended Foster Care Agreement (form 2540) to the CPS Foster Care Eligibility Specialist.

OCOK will create, maintain and share an accurate log for auditing purposes of young adults discharged with the regional CBC Administrator.

National Youth in Transition Database (NYTD)

NYTD Outcomes Survey

The NYTD survey is a federal survey that states administer to certain youth and young adults at age 17, 19 and 21. PAL staff must track survey completion, assist youth with taking the survey and enter survey responses in IMPACT according the federal survey reporting requirements.

CPS identifies and indicates the youth or young adults who should take the survey in the NYTD Information Page IMPACT. The NYTD Information Page in IMPACT alerts OCOK about youth from their catchment area who have been identified to take the survey, status of the survey, and due date of the survey during each survey period (A or B). OCOK will check the NYTD Information Page in IMPACT to determine which of their assigned youth needs to take the survey. OCOK will take the lead in notifying the identified youth or youth adult their survey is due, obtain survey responses and enter their survey responses in IMPACT. CPS State Office will monitor OCOK’s NYTD survey completion progress and will send out periodic information about the status of OCOK’s survey completion rate. When requested, OCOK will update CPS State Office on progress and plans to get surveys completed by period data entry due dates. OCOK will maintain current contact information in IMPACT for youth placed within their provider network.

NYTD Data and Information Errors

CPS identifies and indicates DATA and INFORMATION errors for youth and young adults in the NYTD Information Page in IMPACT. OCOK must check the NYTD Information Page in IMPACT for DATA and INFORMATION errors in IMPACT and make corrections and updates. DATA and INFORMATION errors correspond to surveys and services provided during the reporting period. When requested, OCOK will update CPS State Office on progress and plans to get DATA
and INFORMATION errors completed by period data entry due dates. Details on correcting data and information errors can be found in the NYTD Manual in SMILEY.

**NYTD Services**

OCOK will enter services provided to successfully transition youth to adulthood in the Preparation for Adult Living (PAL) stage in IMPACT. Services entered in IMPACT must be either paid for or provided by OCOK. When requested, OCOK will update CPS State Office on progress and plans to get services entered by period data entry due dates. Details on entering services in IMPACT can be found in the NYTD Manual in SMILEY and in the PAL Staff Manual.

See the Transitional Living Services Resource Guide, NYTD Manual in SMILEY and PAL Manual for information on completing the survey, correcting data and information errors and entering services.

**PAL Aftercare Services**

PAL Aftercare services and programs are available for young adults from 3b and the resources for these services will be shared between OCOK and DFPS. Please see Preparation for Adult Living CPS policy 10200 for additional information regarding these services and their eligibility requirements.

To access, OCOK PAL staff will complete a Service Authorization (2054) to the contractor providing the service and the contractor will bill DFPS directly.
PERMANENCY CARE ASSISTANCE

When a Region 3b child/youth's permanency plan calls for a change to permanent managing conservatorship by a relative or fictive kin (regardless of the relative/fictive kin's location) with intent to pursue permanency care assistance, OCOK staff must follow current CPS Handbook policy 6680 Permanency Care Assistance.

When a prospective kinship permanent managing conservator is nearing completion of the required six consecutive months as a verified foster parent, the child’s OCOK Permanency Specialist must begin working with the caregiver to apply for assistance.

OCOK Permanency Specialist will:
- At least 90 days prior to PMC transfer date, request needed documentation to complete level of care including:
  - Last 30 days documentation: therapy notes, incident reports, daily notes, school reports if any.
  - CANS Assessment.
  - For children/youth with emotional disturbance: Psychological or psychiatric evaluations, completed within 14 months.
  - For children/youth with primary medical needs: An evaluation by a physician (MD), physician's assistant, or nurse practitioner, describing medical conditions or disabilities.
- Request LOC review from YFT.
- Must send the completed PCA packet to the eligibility specialist no later than 30 days prior to the transfer of PMC to the caregiver, as there must be enough time for eligibility to be determined and a PCA signed with the family prior to transfer of PMC. The eligibility specialist will determine if the child is eligible and if so will forward the packet to the PCA/ADO negotiator.

Steps for Permanency Care Assistance Packets

Eligibility requirements for PCA:
- The caregiver must enter into a permanency care assistance agreement with DFPS on behalf of the child prior to becoming the child's kinship permanent conservator.
- The child is eligible to be the subject of a permanency care assistance agreement if all of the following eligibility criteria apply to that child:
  - The child's prospective permanent kinship conservator:
    - is related to the child by consanguinity or affinity or
    - has had a longstanding and significant relationship to the child prior to OCOK placing the child in the home of that person.
  - The child's prospective kinship permanent conservator must have been eligible for the receipt of foster care reimbursements on behalf of the child who is the subject of the permanency care assistance agreement for at least six consecutive months prior to the effective date of the permanency care assistance agreement.
  - The child has demonstrated a strong attachment to the prospective kinship permanent conservator and that person has a strong commitment to caring permanently for the child.
  - At the time the permanency care assistance agreement is signed, OCOK has determined that neither adoption nor reunification are appropriate permanency options.
When the child has been in the foster home for 6 months, OCOK Permanency Specialist prepare a complete PCA packet for each child using the Permanency Care Assistance Checklist/Guide-Form 2124.

The checklist requires the OCOK Permanency Supervisor’s original signature and date for each child.

Original signatures & dates are required on the family’s forms (PCA Request/Form 2115, PCA Worksheet/Form 2116, and Kinship Family Resources/Form 2118, found on Smiley Forms webpage/CPS/Permanency Care Assistance).

If sibling group, a complete set of forms is required for each child. Scans or faxes are not accepted.

OCOK Permanency Specialist will gather source documentation needed for each child’s packet (reference PCA Checklist/Guide).

For caregivers with a Private Agency:
- Request a VID by completing and sending the AP-152 – Texas Application for Payee Identification Number to DFPS Vendor ID Numbers - vendor@dfps.state.tx.us. In response the VID will be emailed back to the requesting Permanency Specialist.
- Request FAD stage by filling out form 2189 (found on Smiley/CPS/Foster and Adoptive Homes/Other) and sending the 2189, home study, and VID number to the OCOK Permanency Director or their designee. designated OCOK staff in order to access and enter the non-FPS FAD stage

OCOK Permanency Specialist will, in the Sub stage, PCA tab, complete a PCA application for each child on IMPACT and submit to assigned subsidy worker. Cases are assigned by caregiver’s last name.

OCOK Permanency Specialist will ensure the Authorized Level of Care (ALOC) listed on IMPACT is correct and accurate for child.

OCOK Permanency Specialist will scan complete packet(s) to both regional negotiators, Peggy Hill peggy.hill@dfps.state.tx.us and Barb Gaddis barbara.gaddis@dfps.state.tx.us.

OCOK Permanency Specialist will submit packet(s) at least 30 days prior to PMC being transferred. OCOK Permanency Specialist will hand deliver the packet(s) to the Westmoreland office. Packets are signed in at the front desk.

It is preferred to NOT have a court date scheduled to transfer PMC. This is to allow sufficient time for the negotiator to schedule a time to meet with the family.

The subsidy staff will review each packet for completeness. If complete the subsidy worker will email a Preliminary Determination letter to you, your supervisor and the regional negotiators.

The negotiator will meet with the family, negotiate subsidy benefits, and obtain caregivers signature on the permanency care assistance agreement. The regional negotiator will email you when signed PCA agreements are on file with the agency and that PMC can be transferred to caregiver.

Do NOT proceed with transferring PMC until PCA benefits have been negotiated.

**OCOK Permanency Specialist’s Tasks to Complete After Transferring PMC**

- After the final court hearing, scan the order signed by the judge to the negotiator.
- In the SUB stage, update legal status with “FPS Responsibility Terminated”.
- End placement in the SUB stage with reason “Child placed in PCA”.
- Email foster care eligibility to end billing/FC benefits.
- Assign the PCA stage as primary to the subsidy worker.

**Issues that cause a delay with transferring PMC:**

Adopted children who have been abused or neglected often need help coping with the effects of abuse and the loss of their birth family.

All families of children adopted through DFPS can obtain post-adoption services. This service is available to families along with Title IV-E and state-paid adoption subsidies from DFPS.

OCOK Regional Post Adoption Liaison: Lusheka Christmas White, Adoption Supervisor/PD

Foster Home Study Requests

Initial Assessment Process

- The OCOK ICPC Coordinator will determine if the child requires standard or treatment (therapeutic) foster care services based on information from the sending state.
  - If the child requires treatment (therapeutic) foster care services, OCOK will follow the If the child requires Treatment (Therapeutic) Foster Care Services process.
  - If the child requires Standard Foster Care Services, OCOK will continue with the initial assessment process below.
- The OCOK ICPC Coordinator will complete background checks on all household members to identify if there are any obvious bars to verification. *Background checks must include FBI, DPS, FPS history, and central registry checks along with out-of-state child welfare checks for all household members age 14 years and older.
- OCOK will refer the request (including background check results) to a network provider to complete the initial assessment process.
- If there is delay in receiving the results of the background checks, the OCOK ICPC Coordinator will send the network provider the information they have at the time so they can begin the assessment process in time to meet the required due date.
- OCOK will ensure the initial assessment is completed and returned to State Office ICPC within 45 calendar days from receipt of the ICPC request. OCOK may use the DFPS ICPC Initial Assessment form, or develop its own template.
- Based on the outcome of the initial assessment, the OCOK ICPC Coordinator will prepare an ICPC Decision Memo (approved or denied) and upload to IMPACT with the completed initial assessment. IMPACT automatically sends an alert to state office.
- State Office ICPC will send the decision memo and completed initial assessment to the sending state.
If the initial assessment is denied:
- If the initial assessment is denied, or a bar is identified as a result of a background check, the OCOK ICPC Coordinator will prepare a decision memo explaining the reasons for the denial and why the family is not appropriate.
- The OCOK ICPC Coordinator will upload the decision memo into IMPACT.
- State Office ICPC will forward the decision memo to the sending state.

Title IV-E University Training Program

Refer to: DFPS Policy 3000 Introduction to the Title IV-E Program, 4000 Title IV-E Training Contracts With Universities

CPS/SSCC Title IV-E University Training Program for New Hires

This section explains the:
- Process for applying to the Title IV-E University Training Program; and
- How the SSCC training academy managed by the SSCC training division support that effort.

Each year, DFPS awards federally funded training to eligible state universities for students preparing for employment with CPS or the SSCC. The number of awards is based on the number of Title IV-E-funded positions that DFPS and the SSCC anticipates each year.

The awards are made to eligible students who are enrolled in academic programs that lead toward:
- A Bachelor of Social Work (BSW)
- A Master of Social Work (MSW).

The CPS and SSCC training academies provide basic skills development training to these trainees to prepare them for CPS or SSCC employment.

Applying for Title IV-E Training with the SSCC

To request admission for a student, the university’s coordinator for the Title IV-E Child Welfare Program sends an email to:
- The CPS Regional Operations Support Administrator (ROSA)
- SSCC designee
- The DFPS Title IV-E contract manager

The email must contain the applicant’s:
- Name
- Date of birth
- Social Security number; and
- Type of degree (BSW or MSW)

For BSW students, the coordinator sends the email at least three months before the start of the student’s final semester.

For MSW candidates, the coordinator sends the email at least three months before the candidate’s first semester.

Each applicant submits the following to the university coordinators. The University will then provide the information to the ROSA and the SSCC designee. The ROSA will maintain all original documents for the Title IV-E stipend program.
- University acceptance letter
- Statement of interest or from STARK
- Three professional letters of recommendation from professors or employers
- Copy of students most recent unofficial transcript from University
To enable the applicant to take any required pre-employment test/assessments, the university’s coordinator directs the applicant to apply for a SSCC specialist position in the appropriate SSCC unit. Taking this step creates a profile in the SSCC’s human resources system that allows the applicant to access any required tests/assessments.

Once the applicant has applied for a SSCC specialist position, the SSCC designee forwards copies of the following to the Centralized Background Check Unit (CBCU), so that appropriate checks can be performed:

- A certified copy of the applicant’s driving record
- A volunteer application, Form 0250
- Authorization for a background check, Form 0250b

The CBCU forwards the results of the checks to:

- The ROSA and SSCC designee; and
- The contract manager.

If the results are questionable, the ROSA or SSCC designee reviews them and determines whether the applicant is employable.

If the checks are acceptable, the ROSA or designee sets up interviews which include the ROSA, Hiring Manager, Academy Manager, University Coordinator and SSCC personnel. If the interview is acceptable, the ROSA or SSCC designee notifies each University Liaison who will prepare a Stipend Student Information Form for each student. The university coordinator will then forward the information form to the contract manager who prepares an agreement for each student.

If the results of any of the above assessments are not satisfactory, the ROSA or SSCC designee:

- Prepares a disapproval memo; and
- Forwards it to the university coordinator who will notify the student

The ROSA or designee sets up an orientation meeting attended by all of the applicants to review and sign the agreement. These contracts are not executable until they are signed by the CPS Regional Director.

During the orientation meeting, the following topics are covered:

- The terms and conditions of the agreement, including any payback responsibilities.
- The commitment that students must make to accept any statewide employment with CPS or SSCC on completion of their training.

The ROSA or designee then forwards all signed agreements, along with a completed checklist for each contract, to the CPS Regional Director for final approval. Once the signed, the ROSA or
designee will send the original signed agreement to the State Office Contract Manager for final processing.

After each agreement is approved:
- The State Office Contract Manager will send a signed copy of the agreement to the stipend student.
- The ROSA or SSCC designee completes a Move, Add, or Change form (known as an eMAC) to obtain a log-in ID for access to DFPS systems.
- The interns are ready to attend training offered by the SSCC.
- The SSCC designee will designate a unit supervisor for the intern to be placed under for training through the duration of the placement, communicate the information/location to the University liaison and intern.
- The SSCC designee will send training orientation invites to the SSCC interns before the intern reports to the placement location.

Interns must maintain satisfactory performance while participating in the program. If an intern fails to complete training or is disqualified from the program, he or she must pay back the award, in accordance with the agreement.

Two months before university graduation, each student must submit an employment application to the SSCC for a Title IV-E eligible position.

Each intern must accept any Title IV-E eligible position offered statewide within 60 days of graduation.

The ROSA or SSCC designee notifies the Title IV-E contract manager that the intern has been placed in a Title IV-E position.

Calendar dates for submitting and processing stipend students must be followed as below:

**Inventory and Equipment Agreement**

Since Title IV-E interns do not receive Tablet PCs, they require a separate process through the SSCC to ensure accessibility to the required computer equipment. The SSCC designee will ensure the Title IV-E interns under the SSCC receive necessary computer equipment.

**Records Management**

DFPS Records Management Group will support OCOK with the same services it provides to DFPS.

For more information about services see [Records Management Group](#) Safety net page.

RMG adheres to the nine-level priority list established by Texas Administrative Code when fulfilling redaction records requests. The detailed priority list from highest to lowest priority raking is as follows:

1. Records provided in response to a subpoena or court order that has been properly served on DFPS.
2. Records provided in response to discovery in a lawsuit to which DFPS is a party.
3. Records provided to a prospective adoptive family before an adoption may be consummated.
4. Records provided to a party or the administrative law judge in an Employee Misconduct Registry administrative hearing.
5. Records provided to a party or the administrative law judge in a hearing conducted by the State Office of Administrative Hearings.
6. Records provided to a duly authorized person documenting the results of a school investigation as required by Texas Family Code §261.406
7. Records provided to a party in an administrative review of investigative findings that is conducted by DFPS.
8. Records provided to an adult who was previously in the conservatorship of DFPS, if the request is for a copy of the adult’s own case record as defined by Texas Family Code §264.0145
9. Records provided to all other requesters entitled to receive the requested records, which are fulfilled in the order they are received.

Select OCOK staff will have access to RMG Case Track system.
Names will be provided by 4-30-20

**OCOK Permanency Specialist On-Call Schedule**

OCOK will be expected to have a Permanency Specialist On-Call Schedule. OCOK will submit on call schedule to the CPS Liaison, Rebecca.Wittmis@dfps.state.tx.us and CBCA by the 15th of the month prior to the schedule date. The CPS liaison will upload the schedule to the Safety Net and include the CBCA in the notification. The CPS liaison will send a request to post the on-call schedule to the CBC intranet page.
**Reporting Threats or Incidents**

Physical attacks on employees are rare. However, because employees must often interview people who are angry, fearful, and occasionally hostile or aggressive, it is wise to take precautions and ensure that information about threats or incidents are reported and information is shared with both OCOK and DFPS. DFPS Worker Safety Support staff will disseminate and track threats or incidents and will ensure that information is shared with OCOK and DFPS.

Reportable threats or incidents include but are not limited to:

- Physical assault or threats in or out of the office.
- Threatening phone calls, emails, or web posts.
- Outbursts in the office requiring a law enforcement response.
- Theft or vandalism.
- Bomb threats.

To report a threat or incident, OCOK staff should go to the [DFPS Worker Safety Support page](#) and complete the form to report an incident or threat. This will send a notice to the Worker Safety Support team.

The DFPS Worker Safety Support team will document and track the incident as well as send notification to points of contact with DFPS and OCOK.

Additionally, OCOK staff are encouraged to document worker safety information in the IMPACT case record. This can be documented in the Case Summary page, under the Special Handling drop down section by checking the box next to Worker Safety and adding details regarding the safety concern in the comment box.

SSCC staff should also follow any internal procedures for incident reporting that may be outlined in the OCOK Operations manual.
Child and Family Services Review

The CPS division of **Federal and Program Improvement Review (FPIR)** provides continuous quality improvement services to all regions in Texas to support successful outcomes for children and families served by CPS. The division is made up of:

- Child and Family Services Review (CFSR) Team.
- Parental Child Safety Placement (PCSP) Review Team.
- Family-Based Safety Services (FBSS) Critical Case Review Team.

The Child and Family Services Review (CFSR) Team will be randomly selecting cases that are served by OCOK as part of their review.

CASE DISPUTE RESOLUTION

There may be times when INV/FBSS and Our Community Our Kids (and network providers) may not agree on a case decision or what should happen with a child and/or family. The following section outlines the protocol to resolve any type of case disputes between INV/FBSS and Our Community Our Kids (OCOK):

Case Dispute Resolution Process:

Step 1

- INV/FBSS workers and supervisors, OCOK and/or a provider (who are closest to the issue in dispute) will work together to resolve case specific issues informally. This will be done through an objective, solution-driven discussion or meeting.
- If a mutually agreeable solution is not achieved in 3 business days, the individual will notify the other individual that they plan to involve their chain of command. The disputed issue will be elevated to the Program Director and/or Program Administrator level in INV/FBSS and the Program Director and/or Senior Director level in OCOK for possible resolution. The disputed issues will be elevated in writing.

Step 2

- Disputes proceeding to Step 2 will be elevated to a knowledgeable, neutral CPS staff member (Community Based Care Administrator) who understands the philosophy and goals of community based care and is not a direct supervisor of the individual involved in the appeal.
- OCOK must ensure continuity of services, as defined by CPI/CPS, to the child or family affected while seeking to resolve case-specific disputes.

Escalation

- The escalating party will send an email with supporting documentation to the Community Based Care Administrator and OCOK Chief Operating Officer (COO) with the subject line of “Dispute Resolution.”

Resolution

- Once a dispute is escalated (appeal), the Community Based Care Administrator will provide a written decision to the appeal within 5 business days. The written decision will be emailed to the OCOK COO with the subject line of “Dispute Resolution Appeal Decision.”
- If the OCOK COO chooses, they will have 3 business days from receipt of the notification from the CBC Administrator to appeal the decision to the CPS Regional Director. The CPS Regional Director will have 5 business days to make a decision on the COO’s appeal.
- If the COO chooses not to appeal, they will notify the CBC Administrator. The CBC Administrator will distribute the decision to the appropriate staff and management.
- If the OCOK COO appeals the decision of the CBC Administrator to the CPS Regional Director, the CPS Regional Director will distribute their decision to the appropriate staff and management.

Supervised Independent Living

**Supervised Independent Living (SIL) Flow Chart**

Supervised Independent Living (SIL) is a type of voluntary Extended Foster Care placement where young adults can live on their own, while still getting caseworker and support services to help them become independent and self-sufficient. The SIL program allows young adults to live independently under a supervised living arrangement provided by a contracted provider. A young adult in SIL is not supervised 24-hours a day by an adult and has increased responsibilities.

**Young Adult Aging Out/Return to Care**
- Trial independence (TI) permits a young adult age 18 or older to voluntarily leave Extended Foster Care for up to 6 months (or up to 12 months with a court order) and live independently without losing foster care eligibility.
- CPS Handbook §10550

**Young Adult Returns During a Trial Independence Time Period**
- The Legal Region is where DFPS was granted conservatorship.
- CPS Handbook §10532

Courts retain jurisdiction while young adult remains in extended foster care. The caseworker must request a review hearing by the court every six months, as required by Texas Family Code §263.602.

**Legal County is within a:**
- LEGACY Region

DFPS CVS/PAL staff completes Forms 2605 and 2087ex on young adult and emails to State Office SIL Program Specialist for screening.

**Young Adult Chooses a SIL within:**

**Current or Other Legacy Region (Non-SSCC)**
- DFPS CVS/PAL staff sends forms 2605, 2087ex, and 2529 to SIL Coordinator of the young adult’s choice.
- DFPS CVS/PAL staff should follow standard protocol.
- Any subsequent placements will be reviewed by DFPS as outlined in CPS Handbook §10463.2

**SSCC Catchment Area**
- DFPS CVS/PAL worker sends forms 2605, 2087ex, and 2529 to SCC SIL Coordinator.
- If accepted into the SIL program, DFPS CVS/PAL staff will:
  - Complete a change of county in Sub-Stage under Case Management tab (using county of SCC SIL Placement) and
  - Complete Referral to SCC, LEGAL COUNTY WILL REMAIN THE SAME.

Placement will be entered under the SCC SIL RID in IMPACT. SCC will document SIL Name and Address in the Placement Discussion Comment Box of Actual Placement.

Prior to Approving Placement in IMPACT, DFPS CVS/PAL staff will go into Placement Information page and change address of Placement to correct address provided in the Comment Box.

Current DFPS worker will remain primary and all subsequent moves will be the responsibility of the DFPS worker in the Legacy Region. Regional policy will be followed on assigning a DFPS courtesy worker.
SSCC Process on Funeral/Burial Procedures and Invoicing

CPS Handbook §6491, 6492 and §8512 ($4,500 max per policy)

SSCC will arrange a funeral for any child or youth who dies while in CPS managing conservatorship or any young adult, age 18 or older, who dies in extended foster care. Funeral arrangements include burial or cremation as specified in CPS Policy Funeral and Burial Services for Children in DFPS Conservatorship. Children or youth placed with relatives or in the birth home at the time of death are eligible for financial assistance for funeral arrangements if CPS was the managing conservator.

To ensure proper arrangements are made, the caseworker must complete the following steps in the order outlined:

- Inquire About Children’s Funds
- Involve Biological Parents
- Involve Foster Parents and Other Significant Individuals
- Involve Community Partners
- Access CPS Funding

Involve Biological Parents

The SSCC caseworker should involve the child’s biological parents in the funeral arrangements to the maximum extent possible, even if parental rights have been terminated, if the caseworker determines doing so is appropriate. For example, parental involvement:

- may not be appropriate if rights have been terminated and the child was in a pre-consummated adoptive placement; or
- could be appropriate if a parent has remained in contact and the child was in a placement not intended to be permanent.

Regardless of legal status, a parent may wish to help with arrangements, express preferences, and contribute resources to cover the costs of a child’s funeral. The caseworker may not ask the biological parents to pay for all or some of the funeral expenses. However, parents may contribute directly to the funeral home if they so choose.

- The SSCC caseworker must document in the child’s case record the:
- date the caseworker spoke with the parents;
- content of the discussions;
- outcome; and
- date the parents responded.

Involve Foster Parents and Other Significant Individuals

The SSCC caseworker should also invite foster parents and other individuals significant to the child’s life to participate in planning the child’s funeral arrangements. The SSCC caseworker does not solicit contributions from foster parents and other significant individuals. However, if they voluntarily indicate that they wish to contribute to some of the funeral expenses, they may do so by paying the funeral home or other vendor directly.

Involve Community Partners

The external community is often a key partner in securing funeral arrangements for a child who died while in CPS conservatorship. When a community partner expresses a desire to assist with funeral arrangements, CPS coordinates with those partners. CPS is legally authorized to accept donations, gifts, or in-kind contributions to cover funeral expenses.

Access CPS Funding

If resources are not available to fully fund the cost of a funeral for a child who died while in conservatorship, the caseworker may authorize up to $4,500 per child for reasonable and
necessary burial or cremation expenses. The SSCC caseworker must contact the regional burial liaison, CBC Contract Administration Manager (CAM), to make the request for funds. If the SSCC caseworker determines funding in addition to the $4,500 is needed for the child’s funeral, the CPS region must seek approval for additional funding from the CPS Assistant Commissioner. Additional funds may be expended to cover the funeral costs as described in CPS policy Funeral and Burial Services for Children in DFPS Conservatorship.

*For the Funeral Home to receive payment, the following is needed:*

1. Prior to SSCC staff signing any agreement you must send to the DFPS CAM to review for allowable/unallowable items. Itemized contract/agreement from the Funeral Home. The contract must be signed by SSCC designated staff and the authorized funeral home staff.

**The allowable expenses for funeral services are limited to:**

- transportation of the body;
- embalming;
- a coffin;
- burial or cremation;
- grave plot;
- headstone or memorial marker *(required)*; and
- other reasonable and necessary burial expenses.

**Unallowable expenses**

Burial funds may **not** be used for:

- floral arrangements, cards, registry; or
- limousine transportation for the family or other individuals.

The SSCC caseworker uses as much of the DFPS burial funding as is needed to cover the allowable expenses after applying contributions provided by the parents and community partners. **Contributions from parents and community partners may be used for floral arrangements, police escort, limousine transportation, or catering depending on their preferences but must not be included in the funeral home contract/agreement.**

2. A complete Form 4116 Purchase Voucher. This form must be signed by funeral home representative and SSCC designated staff. *Funeral home can contact the CBC 3b CAM, Larry Isbell for help in filling out this form (817) 360-0725.*
