DFPS STATEMENT OF WORK
FOR
REGION 3B SINGLE SOURCE CONTINUUM CONTRACTOR
ARTICLE I: DEFINITIONS

As used in this Agreement, the following terms and conditions have the meanings assigned below:

**Adoptive Placement**: Begins when a child is placed with an adoptive family and includes post-placement supervision and assistance in completing the adoption consummation process. Ends when the adoption is consummated and the case is closed.

**Alternative caregiver**: A person who is not the foster parent of the child and who provides temporary care for the child for more than 12 hours but less than 60 days.

**Authorized Service Level (ASL)**: A Basic, Moderate, Specialized, or Intense service level determined by the third party Contractor or, a Basic service level determined by the DFPS caseworker and supervisor in the legacy system.

**Awaiting Adoption**: A child who is legally free for adoption; the child's Permanency Goal is Adoption; and the child is not in an Adoptive Placement or own home placement.

**Billing Service Level (BSL)**: Determined by the third party Contractor or DFPS; establishes the reimbursement rate to a child care facility in the legacy system.

**Blended Foster Care Rate**: Foster care rate paid to the SSCC for each day of service provided to a child or youth in paid foster care, equal to the weighted average rate paid across all placement types.

**Casey Life Skills Assessment**: An assessment of a youth's independent living skills designed to be completed by both the youth and the caregiver. The youth and caregiver results are combined into a report which provides an indication of the skill level and readiness of the youth to live independently and creates the opportunity for the caregiver and youth to talk about the youth's strengths and challenges.

**Child and Adolescent Needs and Strengths Assessment (CANS)**: A comprehensive and developmentally appropriate child welfare assessment required by *Texas Family Code §266.012*. It is a multi-purpose tool that links the assessment and service planning process with the goal of improving permanency, safety, and improved quality of life.

**Catchment area**: A geographic service area for providing child protective services that is identified as part of community-based care.

**Caregiver**: A person whose duties include the supervision, guidance, and protection of children and youth.

**Case Information**: Case information is all abuse and neglect records, including records relating to reports, investigations, legal actions, and the provision of services to adults, children and families.

**Case Management**: In accordance with *Texas Family Code §264.151*, the provision of case management services to a child for whom the department has been appointed Temporary Managing Conservator or Permanent Managing Conservator or to the child's family, a young adult in extended foster care, a relative or kinship caregiver, or a child who has been placed in the catchment area through Interstate Compact on the Placement of Children, and includes, but is not limited to:

1. Caseworker visits with the child, family and caregivers;
2. Convening and conducting permanency planning meetings;
3. Development and revision of child and family plans of service, including a permanency plan and goals for a child or young adult in care;
4. Coordination and monitoring of services required by the child & the child's family;
5. Assumption of court-related duties regarding the child; and
6. Any other function or service that the department determines necessary to allow a SSCC to assume responsibility for case management.

Caseworker: A DFPS or SSCC employee who provides casework services to children and youth in Substitute Care under the conservatorship of the State.

Caseworker Turnover: Regular full- and part-time SSCC caseworkers who voluntarily and involuntarily separate from the SSCC agency during the fiscal year.

Catchment area: A geographic area (also known as catchment area) for providing child protective services that is identified as part of community-based care. The designated area in which the SSCC will provide all services described in this Contract. The SSCC will be responsible for ensuring services described in this Contract for all eligible children and their families who are from Erath, Palo Pinto, Parker, Hood, Johnson, Somervell and Tarrant counties, as well as others determined eligible by DFPS.

Child(ren)/Youth: An eligible person(s) who is referred by DFPS to the SSCC for services under this Contract from birth through the end of the month in which the individual turns 22 years of age.

Children/Youth in DFPS Legal Responsibility: All children for whom a court has appointed DFPS legal responsibility through temporary or permanent managing conservatorship or other court ordered legal basis. DFPS legal responsibility terminates upon court order or when a youth turns 18, whichever comes first.

Child-Care Services: Services that meet a child or youth's basic need for shelter, nutrition, clothing, nurture, socialization and interpersonal skills, care for personal health and hygiene, supervision, education, and service planning.

Child Placing Agency: A person, including an organization, other than the natural parents or guardian of a child who plans for the placement of or places a child in a child-care facility, agency foster home, agency group home, or adoptive home.

Community Based Care (CBC): As required by the Texas Family Code §264.153, a community-based model where DFPS purchases (through a staged implementation) substitute care, case management and family reunification services from a Single Source Continuum Contractor (SSCC) to meet the individual and unique needs of children, youth and families in Texas. Substitute care includes both foster care and relative / kinship placements. The SSCC is responsible for ensuring individual children achieve safe and timely permanency.

Confidential Information: Personally Identifiable Information (PII), Protected Health Information (PHI), Case Information, Criminal History Record Information (CHRI), or Sensitive Personal Information.

Consortium: A group of providers who propose to jointly develop and implement a Single Source Continuum Contract proposal with different providers responsible for different parts of the proposal and resulting network. DFPS will only Contract with one of the providers of a Consortium who will be directly responsible to DFPS for all services and performance outcomes under the SSCC Contract. DFPS will also Contract with a separate business entity formed by Consortiums that all members have an ownership interest in.
**Contract:** A promise or a set of promises, for breach of which the law gives a remedy, or the performance of which the law in some way recognizes as a duty. It is an agreement between two or more parties creating obligations that are enforceable or otherwise recognizable at law. The term also encompasses the written document that describes the terms of the agreement. For state contracting purposes, it generally describes the terms of a purchase of goods or services from a vendor or service provider.

**Contractor:** A person, including an organization, who is awarded a Contract pursuant to RFP #530-13-0070FCR.

**Criminal History Record Information (CHRI):** CHRI is arrest-based data and any derivative information from that record, such as descriptive data, FBI number, conviction status, sentencing data, incarceration, and probation and parole information.

**Deliverable:** A unit or increment of work required by the Contract, including such items as services, reports, or documents.

**Designated Victim:** A child determined as such by an investigation resulting in a disposition of Reason to Believe (RTB).

**Disproportionality:** The over representation of a particular race or cultural group in a program or system.

**Disparity:** The inequitable or different treatment or services provided to one group as compared to another group. It is how one is treated or the types, quality, and quantity of services made available.

**eCANS:** The eCANS portal is an online system that will be able to house CANS assessment results, deliver a suite of reports containing aggregate data, and provide system functionality that ties Texas Health and Human Services (HHSC) and DFPS efforts together.

**Education and Training Voucher (ETV) Program:** A federally-funded (Chafee) and state-administered program. Under this program, youth and young adults ages 16 to 23 years old may be eligible for up to $5,000.00 financial assistance per year to help them reach their post-secondary educational goals.

**Education Portfolio:** The updated and maintained separate education binder that contains important school documents and is designed to follow school-age children and youth to each placement. This allows for the review of the most current educational records and documentation by school officials, residential child-care Contractors, foster parents, family caregivers, children and youth.

**Emergency Behavior Intervention (EBI):** An intervention used in an emergency situation, including personal restraint, mechanical restraint, emergency medication, or seclusion.

**Exceptional Foster Care Rate:** Based on a pro forma approach which involves using historical state costs of delivering similar services, where appropriate data are available, and estimating the basic types and costs of products and services necessary to deliver services meeting federal and state requirements.

**Experiential Life Skills Activities:** Activities which engage children and youth in learning new skills, attitudes, and ways of thinking through hands-on learning opportunities. Experiential Life Skills Activities is tailored to the child or youth's skills and abilities and may include training in practical activities that
include grocery shopping, meal preparation and cooking, using public transportation, performing basic household tasks, balancing a checkbook, and managing personal finances.

**Extended Foster Care:** A program for young adults ages 18 to 22 years old that are eligible, and have signed an agreement to participate in this program. A young adult who turns 18 years of age while in the conservatorship of DFPS who is continuing to receive Extended Foster Care services is eligible for services through the end of the month in which the young adult reaches the age limit referenced in below in 1-6. There must be sufficient documentation provided on a periodic basis as required by the terms of the young adult's Extended Foster Care Agreement to demonstrate that the Youth or young adult is:

1. Regularly attending high school or enrolled in a program leading toward a high school diploma or GED up to the youth or young adult's 22nd birthday;
2. Regularly attending an institution of higher education or a post-secondary vocational or technical program up to the youth or young adult's 21st birthday. These can remain in care to complete vocational-technical training classes regardless of whether or not the Youth or young adult has received a high school diploma or GED certificate.
3. Actively participating in a program or activity that promotes, or removes barriers to employment up to the youth or young adult's 21st birthday;
4. Employed for at least 80 hours per month up to the youth or young adult's 21st birthday;
5. Incapable of doing any of the above due to a documented medical condition up to the youth or young adult's 21st birthday; or
6. Accepted for admission to a college, or vocational program that does not begin immediately. In this case, the youth or young adult's eligibility is extended three and a half months after the end of the month in which the youth or young adult receives his/her high school diploma or Graduate Equivalency Diploma (GED) certificate.

**Face-to-Face Contact:** An in-person, (at least) monthly meeting or visit that is well-planned and focused on issues pertinent to case planning and service delivery to ensure the safety, permanency, and well-being of the child/youth and do not require video conferencing or similar technology. Frequency of face-to-face visits are based on the needs of child(ren) or circumstances of case situation. Quality of visits with child(ren), include alone time with (each) child for at least part of every visit, with a majority of visits being at the child's placement/residence.

**Family:** Parents or other relatives (including fictive kin) of children in DFPS conservatorship who are referred by DFPS to the SSCC for services.

**Fictive Kin:** An individual who has a longstanding and significant relationship with a child in DFPS conservatorship, or with the child's family and provides, or is anticipated to provide, care to the child.

**Financial Literacy Education Program:** Education, training and experiential support that includes:
1. Obtaining and interpreting a credit score;
2. Protecting, repairing, and improving a credit score;
3. Avoiding predatory lending practices;
4. Saving money and accomplishing financial goals through prudent financial management practices;
5. Using basic banking and accounting skills, including balancing a checkbook;
6. Using debit and credit cards responsibly;
7. Understanding a paycheck and items withheld from a paycheck; and
8. Protecting financial, credit, and identifying information in personal and professional relationships.
Form 2054: DFPS Form which initiates invoicing process and contains, at a minimum the following information:

1. Name of the Contractor and Contract number;
2. Service Code;
3. Names of client or Family members who are to receive services;
4. Types services requested;
5. Number of units for each service requested; and
6. Time limit for the service.

Foster Care: A placement paid by DFPS or other public facility. Placements include foster homes, foster group homes, and General Residential Operations including basic child care facilities, those offering multiple services, residential treatment centers, shelters, treatment family foster care, and Supervised Independent Living (SIL). This is a subset of children in Substitute Care.

Foster Care Case Rate: For purposes of the Contract, this references the average length of stay for children and youth in paid foster care in the designated catchment area.

Foster Family Home: An independent licensed operation or a home under the regulation of a child-placing agency that is the primary residence of the foster parents and provides residential child care for six or fewer children up to the age of 22 years.

Full Continuum of Care: An array of least restrictive, most-family like placement services that meet the residential and treatment service needs of all children and youth in the care of a Contractor.

General Residential Operation: A child-care facility that provides care for more than 12 children for 24 hours a day, including facilities known as children's homes, residential treatment centers, and emergency shelters.

IMPACT: Information Management Protecting Adults and Children in Texas, a computer application used by DFPS staff for case management and serves as the State Automated Child Welfare Information System (SACWIS)

Initial Coordination Meeting (ICM): Convened by DFPS and held within 7 days of referral to the SSCC for placement and/or services to a child or youth (Stages I-III) and/or family (Stages II-III). Purpose of the ICM is to review child or youth/families history and identify service needs to be included in the child or youth and/or family plan(s) of service.

Intermittent Alternate Care: A planned alternative 24-hour care provided for a child or youth by a licensed Child-Placing Agency or Independent Foster Home as part of the agency or home's regulated child care and that lasts more than 72 consecutive hours.

Kinship Care: Relatives or other people known as “fictive kin” who have a significant relationship with the child or the child’s family, such as a godparent or family friend, and provide residential care for a child.

Kinship Payment: A part of the Relative or Other Designated Caregiver Program, a monthly payment per child of up to half of the daily basic foster care reimbursement rate paid directly to eligible kinship caregivers at or below 300% of the federal poverty level. The kinship payment is based on legislative appropriation. Other eligibility criteria and rules apply. See Texas Family Code §264.755.
**Kinship Placement:** Placement of a child for whom the Department has been appointed Temporary Managing Conservator, Joint Temporary Managing Conservator or Permanent Managing Conservator with a kinship caregiver, including relatives or fictive kin. A kinship caregiver may also be verified as a foster parent to provide residential care in accordance with child care licensing and through a licensed Child Placing Agency regulations.

**Least Restrictive Placement:** Most family-like setting (e.g. parent or legal family of origin, non-custodial parent, kinship care, foster family home, adoptive home or cottage-style general residential operation (GRO)) based on the child’s or youth’s individual needs.

**Legacy System:** Foster care system where DFPS delivers placement, case management and purchased client services to children, youth and family members and utilizes the service level system as the method in which to pay for residential services for children and youth in DFPS conservatorship or who voluntarily agree to remain in care.

**Level(s) of Need:** Array of services (including both licensed child care and treatment services) required by an individual Child who resides in Substitute Care, and are designed to support the achievement of safety, permanency and well-being.

**Legal Conservator:** Also known as the managing conservator, is an entity responsible (either temporarily or permanently) for a child or youth as the result of a district court order pursuant to the *Texas Family Code §153.001*.

**Material Subcontractor:** Any subcontractor who performs all or a portion of program component services (direct services) procured by DFPS in this solicitation. Subcontractors who perform indirect services which incidentally support program component services are not material subcontractors.

**Minimum Standards:** HHSC standards to protect the health, safety, and well-being of children and youth. HHSC provides publications that contain the Minimum Standards and guidelines for compliance for each type of operation.

**National Youth in Transition Database:** The data collection system developed by the *Administration for Children and Families (ACF)* to track the independent living services provided to children and youth and to develop outcomes that measure the States’ performance in preparing children and youth for their transition from foster care to independent living. More information is available at: [http://www.dfps.state.tx.us/txyouth/NYTD/default.asp](http://www.dfps.state.tx.us/txyouth/NYTD/default.asp)

**No eject/no reject:** Contract requirement that a Contractor may not refuse to accept a properly referred client for services under this Contract nor may a Contractor cease to serve, or request DFPS remove an eligible child, youth, or family from its referred client list.

**Outcome:** A measure that reflects or reveals change or impact.

**Performance-Based Contract:** A Contract that ties payment, financial incentives and remedies to performance.

**Performance Management Evaluation Tool (PMET):** data self-reported by the SSCC and used to determine the performance of the Contractor.

**Permanency Care Assistance (PCA):** The Permanency Care Assistance program gives financial support to eligible kinship caregivers who want to provide a permanent home to eligible children who can’t be reunited with their parents.
Permanency Goal: The Department's permanency goals are subcategories of the four goals identified by the Texas Family Code §263.3026. The categories are as follows:

1. Family Reunification;
2. Adoption by a relative or suitable individual (Relative Adoption or Unrelated Adoption);
3. Permanent Managing Conservatorship to a relative or suitable individual (Relative Conservatorship or Unrelated Conservatorship);
4. Another planned permanent living arrangement (Foster Family - DFPS Conservatorship, Other Family DFPS Conservatorship, Independent Living or Community Care).

Permanency Planning: The identification of services for a child or youth (and usually to the child or youth’s family), the specification of the steps to be taken and the time frames for taking those steps so as to achieve the following goals:

1. A safe and permanent living situation for the child or youth;
2. A committed Family for the child or youth;
3. An enduring and nurturing family relationship that can meet the child or youth's needs;
4. A sense of security for the child or youth; and
5. A legal status for the child or youth that protects the rights of the child or youth.

For more information please see: Texas Family Code §264.152 and 40 TAC §700.1201

Permanent Managing Conservatorship (PMC): When a court orders DFPS PMC of a child, it can be either with a child's parental rights terminated or parental rights intact. The rights and duties of DFPS are generally the same as with TMC.

Personally Identifiable Information (PII): Any information that can be used alone or in conjunction with any other personal information to identify a specific individual. PII includes any information that can be used to search for or identify individuals, or can be used to access their records. Examples include name, SSN, DOB, Social Security benefit data, and state or government issued driver's license number.

Placement Change: Any change in placement location except for temporary breaks in service as further defined in the Contract.

Possessory Conservator: A court-ordered appointment that specifies the right to possess and have access to a child or youth in accordance with the Texas Family Code and restrictions of the court order.

Preparation for Adult Living (PAL): The Preparation for Adult Living (PAL) program prepares youth for adult life when they leave foster care. The program provides services, benefits, resources, and supports to help youth become healthy, productive adults. The program makes efforts to connect youth to community resources they will need in their transition to a successful adulthood.

Services and benefits may include:

1. Casey Life Skills Assessment to assess strengths and needs in life skills;
2. Life Skills training in core areas including financial management;
3. Job readiness and life decisions/responsibility;
4. Educational/vocational services;
5. Coordination of the Transitional Living Allowance (TLA) up to $1000 (distributed in increments up to $500 per month for children and youth who participate in PAL Life Skills training, to help children and youth with initial start-up costs in adult living);
6. Coordination of After Care Room and Board (ACRB) assistance, based on need, up to $500 per month for rent, utility deposits, food, etc. (not to exceed $3000 of accumulated payments per child or youth);
7. Case management to help children and youth with self-sufficiency planning and resource coordination;
8. Teen conferences;
9. Leadership development activities; and
10. Additional supportive services, based on need and availability of funds, such as mentoring services and driver’s education.

Pre-Placement Visit: Occurs before placement and allows the child or youth to visit with potential caregivers in an effort to determine if the child or youth feels that the placement is a good fit and allows time to process the change.

Protected Health Information (PHI): individually identifiable health information that is transmitted or maintained in any form or medium. Individually identifiable health information is data, including demographics, that relates to:
   1. The individual’s past, present, or future physical or mental health or condition;
   2. The provision of health care to the individual, or the past, present, or future payment for the provision of health care to the individual; and
   3. Information that identifies the individual or for which there is a reasonable basis to believe it can be used to identify the individual.

As a general rule, health information linked with any one of the following direct or indirect identifiers of the individual, relatives, employers, or household members is considered protected health information:
   1. Name
   2. Street address, city, county, precinct, zip code, and equivalent geocodes
   3. All elements of dates (except year) for dates directly related to an individual and all ages over 89
   4. Telephone number
   5. Fax number
   6. Electronic mail address
   7. Social Security number
   8. Medical record numbers
   9. Health plan ID numbers;
   10. Account numbers
   11. Certificate and license numbers
   12. Vehicle identifiers and serial numbers, including license plate numbers
   13. Device identifiers and serial numbers
   14. Web addresses (URLs)
   15. Internet IP addresses
   16. Biometric identifiers, including finger and voice prints
   17. Full face photographic images and any comparable images
   18. Any other unique identifying number, characteristic, or code

Purchased Client Services: Services designed to remedy abuse, neglect and exploitation of DFPS clients. For purposes of this Contract, these services are purchased by the SSCC (through an allocation of funds) and offered to children and youth in the Department’s conservatorship or in Extended Foster Care and their families to support the achievement safety, permanency and well-being.

Readiness: The activities the SSCC must perform in order to demonstrate that it is sufficiently prepared to receive its first referral from DFPS for the applicable stage of implementation.
Reason To Believe: A finding that abuse or neglect occurred based on a preponderance of the evidence. This means when all evidence is weighed, it is more likely than not that abuse or neglect occurred.

Referral: Process by which DFPS notifies the SSCC of need to initiate placement and/or others services to eligible children, youth and/or families.

Regular Job: Paid or unpaid work, excluding chores, that occurs weekly.

Residential Child Care: The care, custody, supervision, assessment, training, education, or treatment of a child or youth for 24 hours a day that occurs in a place other than the child or youth's own home.

Return to Care: A program designed for youth and young adults 18 to 22 years old that are eligible and sign an agreement to participate in this program. Eligible participants must have been in DFPS conservatorship at the time they turned 18 years old (or were on run away status at the time they turned 18 years old and their conservatorship case had not been dismissed), and want to return to foster care, and:

1. Attend high-school or a program leading toward a high school diploma and have not reached their 22nd birthday;
2. Are enrolled at or within 30 days of placement in a course of instruction to prepare for the GED and have not reached their 21st birthday;
3. Attend and, within two years, complete a certified vocational or technical program and have not reached their 21st birthday; or
4. Return on a break from college or a technical or vocational program for at least one month, but no more than 4 months and have not reached their 21st birthday. Texas Family Code §264.101 and 40 TAC 700.316

The return to care program does not include youth and young adults over 18 years old who are overnight visitors or living in the homes of foster parents, and the foster parents are not receiving a foster care payment for the care of these youth and young adults. Texas Family Code §264.101; 40 TAC §745.601 and 40 TAC §745.615

Reunification: Identification of a child's own home as the safe and permanent living situation towards which services are directed. Reunification means that (1) DFPS has removed the child from the home and (2) DFPS has determined that the child’s parent(s) are willing and, after completing services, able to provide the child with a safe living environment. Reunification occurs when the child has returned to the home.

Sensitive Personal Information: Sensitive personal information means an individual's first name or first initial and last name in combination with any one or more of the following items, if the name and the items are not encrypted:

1. Social Security number
2. Driver's license number or government-issued identification number
3. Account number or credit or debit card number in combination with any required security code, access code, or password that would permit access to an individual's financial account

Sensitive Personal Information also includes data revealed directly or indirectly relating to:

1. Natural persons concerning their racial or ethnic origin;
2. Political opinion;
3. Trade union membership;
4. Religious or philosophical beliefs;
5. Physical and mental health including state of health, illness, handicaps, pathological defects or medical treatments;
6. Sexual orientation or activity;
7. Criminal records, including convictions, decisions of penalties and fines, or other information collected in judicial or administrative proceeding to ascertain an offense or regarding an alleged or suspected commission of an offense;
8. Biometric or genetic data;
9. Social welfare needs or benefits or other social welfare assistance received.

Sensitive information does not include publicly available information that is lawfully made available to the public from the federal, state, or local government.

**Serious Incident:** Any non-routine occurrence that has an impact on the care, supervision, or treatment of a child or youth. This includes, but is not limited to, suicide attempts, injuries requiring medical treatment including psychiatric hospitalizations, runaways, commission of a crime, and allegations of abuse or neglect or abusive treatment.

**Service Plan:** The Contractor's developed plan that addresses the services that will be provided to a child or youth to meet the child, youth and/or family member's specific needs while served by the Contractor.

**Siblings:** Children, youth, and young adults who have one or more parents in common either biologically, through adoption, or through the marriage of their parents. For purposes of the performance measure, this is counted as any child in the same CPS case with another child.

**Sibling Group:** Any CPS case with two or more children in substitute (foster and relative/kinship) care.

**Single Source Continuum Contract/Contractor (SSCC):** Entity with whom DFPS enters into a Contract for the provision of the full continuum of substitute care, case management, and reunification services in a catchment area, as required in this Contract.

**Standard Terms and Conditions:** The terms and conditions applicable to any Contract resulting from this RFP 530-13-0070FCR that govern the response and any resulting Contract.

**STAR Health:** Statewide managed care program that provides comprehensive health care to children and youth in foster care and relative care, including medical, behavioral health, dental and vision care.

**Start-Up Period:** A 6-month period prior to Stage I and Stage II implementation during which the Contractor will perform necessary Readiness activities and build its system of service prior to the first Client referral from DFPS.

**Subrecipient:** An entity that expends awards received from a pass-through entity to carry out a project program. As defined by 45 CFR 75, a subrecipient relationship exists when funding from a pass-through entity is provided to perform a portion of the scope of work or objectives of the pass-through entity's award agreement with the federal awarding agency. Throughout this Contract, the SSCC is referred to as a provider, Contractor, grantee, and subrecipient. Regardless of the term used, beginning in Stage II, DFPS classifies SSCC agreements as subrecipient relationships.

**Substitute Care:** All children who are living in a DFPS out of home placement (kinship or paid foster care). It does not include children living in a return and monitor placement. Unless noted otherwise, it does include youth over 18 who are in Extended Foster Care but are not in DFPS custody.
Supervised Independent Living (SIL): A type of voluntary Extended Foster Care placement where young adults can live on their own, while still getting caseworker and support services to help them become independent and self-sufficient. The SIL program allows young adults to live independently under a supervised living arrangement provided by a contracted provider. A young adult in SIL is not supervised 24-hours a day by an adult and has increased responsibilities. Through SIL, a youth adult has increased responsibilities, such as:

- Managing their own finances,
- Buying groceries or personal items, and
- Working with a landlord.

SIL also helps transition young adults to independent living by teaching them to:

- Achieve identified education and employment goals,
- Access community resources,
- Engage in needed life skills training, and
- Establish important relationships.

Temporary Managing Conservatorship (TMC): When a court grants DFPS TMC of a child, DFPS can exercise specific rights including but not limited to the right to have physical possession of the child along with specific responsibilities, including but not limited to the duty of care, control and protection of a child, the right to designate the primary residence of the child and the right to make decisions concerning the child's health-care and education.

Texas Adoption Resource Exchange (TARE): TARE website is a recruitment tool for prospective adoption homes for DFPS. The purpose of TARE is to expedite permanency for available waiting children by increasing the number of prospective adoptive home resources.

Transitional Living Services: The Transitional Living Services program provides transition planning, services, and benefits to both older youth in foster care and those who have aged out. Transitional Living Services are available to youth age 14 to 23. The Transitional Living Services program includes:

- Preparation for Adult Living (PAL)
- Health care coverage for youth and young adults that age out of Foster Care (FFCC)
- STAR Health Program
- Transition center information
- Education and Training Voucher (ETV) program
- College tuition and fee waivers for youth who were in DFPS conservatorship, adopted youth, and youth in the Permanency Care Assistance Program
- Extended Foster Care program
- Supervised Independent Living program
- Trial Independence and Young Adults Returning to Care
- Preparation for long-term care and support in adulthood for youth with disabilities

See the Transitional Living Services Resource Guide for more information.

Trauma Informed Care: An approach to understanding the biological, developmental, relational and social effects of trauma and violence on children, youth and families which integrates the understanding of the impact of trauma into the provision of services and supports through a child-centered, strength-based perspective to care.

Treatment Services: A specialized type of child-care services designed to treat and/or support children or youth with Emotional Disorders, Intellectual and Developmental Disabilities, Pervasive Developmental Disorder, and Primary Medical Needs as described in Texas Family Code §264.411 and 40 TAC §700.2341.
**Turnover:** The activities that the SSCC is required to perform prior to or upon termination of the Contract, in situations where the SSCC will transition data and documentation to DFPS or a subsequent Contractor.

**Verified Kinship Care:** A kinship caregiver who has become verified as a foster parent to provide residential care in accordance with child care licensing regulations.

**Voluntary Extended Foster Care Agreement Form 2540:** The Department's form which documents the young adult's agreement to voluntarily remain in foster care and outlines the categories of activity which qualify to remain in foster care.

**Voluntary Return to Foster Care Agreement (Form 2560):** The Department's form which documents the young adult's agreement to voluntarily return to foster care and outlines the categories of activity which qualify to return to foster care.
ARTICLE II: SCOPE OF WORK

Section 2.01  Introduction Community Based Care Model.
In February 2018, the United States Congress passed the Family First Prevention Services Act (FFPSA). This law restructures child welfare funding, particularly Title IV-E and Title IV-B of the Social Security Act that pays for services for children in foster care and other services for families. DFPS is taking a deliberate approach to analyzing the effects of this law and is focused on ensuring continuity in the areas of child safety, quality of care, and services for children in their own homes whenever possible. Depending on the direction of state leadership and the Texas legislature, implementation of FFPSA may directly impact the services outlined in this Contract.

DFPS reserves the right to alter or make any changes to the Contract, including payment, administration, program, and direct services, in whatever manner necessary that may be subsequently required under the law in order to achieve the goals and objectives of Community Based Care and the best interests of children.

Section 2.02  Project Scope/Need for Service.
DFPS has identified the need to provide community based care services in a catchment area that includes services to all children and youth in its legal conservatorship and their families as well as young adults in extended foster care that supports safety, permanency, and well-being. DFPS views a service delivery model that fully engages communities in serving children, youth, and families and that is provided through a performance-based Single Source Continuum Contract (SSCC), as an approach that can most effectively meet this need in a manner that achieves better outcomes for children and youth in its legal conservatorship. As set forth in the Contract and associated state and federal requirements, the SSCC provider will ensure the full continuum of substitute care (foster and kinship care), purchased client services and case management services for children and youth in DFPS legal conservatorship, including reunification services from the designated geographic catchment area and who are referred to the SSCC by DFPS, those placed in the catchment area through Interstate Compact on the Placement of Children (ICPC) and through inter-regional agreements. As also set forth in the Contract and state and federal requirements, the SSCC will also ensure the delivery of purchased client services, with necessary service coordination, to the families and/or any other individual or entity that is significant to the achievement of safety, permanency, and well-being of children in conservatorship. The SSCC must use a service delivery model that at a minimum:

1. Ensures the effective and efficient delivery of a full array of services to improve outcomes for children and their families;
2. Develops and maintains residential capacity to meet the placement needs of the children served under the continuum of care;
3. Serves children in the least restrictive, most appropriate setting and minimizes moves in care;
4. Ensures continuity of care provided to children and their families;
5. Ensures the provision of timely and appropriate services to children and their families;
6. Ensures services that engage communities in meeting the diverse and individual needs of referred children, youth and families in each particular community within the catchment area;
7. Promotes reunification of children with the biological parents of the children;
8. Promotes placement of children with kinship caregivers; and
9. Meets the statutory duties of DFPS in connection with the delivery of substitute care (foster and kinship care) services in the catchment area.

Section 2.03  Stage Implementation.
Implementation of the SSCC will occur in three stages in the designated catchment area. Progression from Stage I to Stage II will depend upon the SSCC’s demonstrated Readiness. Stage II Start-Up Period
will commence upon the receipt of all necessary Legislative approvals and occur for 6 months thereafter. Progression from Stage II to Stage III will depend upon demonstrated Readiness, but will occur no earlier than 18 months from the date DFPS makes the first referral for case management services to the SCC as a part of implementation Stage II. All three stages are included as a part of this procurement. The provisions of the Contract applicable to a particular Stage will not apply until the SCC has progressed to such applicable Stage.

Section 2.04 Stage I Placement Services and Services to Children/Youth.
Stage I begins the day the first referral for paid foster care and/or purchased client services for a child/youth is made to the SCC following the Start-Up Period. For all children entering paid foster care and referred by DFPS, the SCC must provide the full continuum of paid foster care in a manner that eliminates (to the degree possible and based on the child's individual needs) the necessity for change of placement as service needs evolve to ensure stability and reduce the number of moves a child or youth must make while in care and that provides necessary, individualized services within the child's own community and placement. Additionally, DFPS will refer children from the catchment area placed in paid foster care to the SCC in the event that they require a change of placement. As more particularly described in Article III of this Contract, DFPS will reimburse the SCC using a single blended foster care rate for each child served through this Contract (excluding youth who are residing in a Supervised Independent Living (SIL) program and children/youth who the Department has approved for the Exceptional Foster Care Rate for each day of service.) The SCC must provide Preparation for Adult Living (PAL) Life Skills training, Purchased Adoption Services, and coordination of Foster Care Day Care during Stage I for children and youth who are served by the SCC and meet appropriate criteria for these services.

Section 2.05 Stage II Case Management.
Stage II begins the day the first referral for case management services occurs following the Start-Up Period; provided, however, as mentioned at Section 2.03 of this Contract, the parties must subsequently mutually agree in writing to certain terms regarding implementation and funding of Stage II as a condition precedent for the SCC’s progression under this Contract beyond Stage I, including the Start Up Period for Stage II. Stage II will begin as described in Section 2.03 of this SOW.

In addition to the requirements outlined in Stage I, the SCC must also provide case management services to all referred children and youth legally from the catchment area and their families. As more particularly described in Article III of this Contract. The SCC will receive funding to provide (1) case management services for children and youth, relative and kinship caregivers, and families; and (2) family reunification support services provided after a child receiving services from the Contractor is returned to the child's family. The SCC will also receive purchased client services funding to provide services for families and other individuals that support the achievement of safety, permanency, and well-being for children in DFPS conservatorship. The SCC must use a portion of the purchased client services funding to provide additional services to children, youth and young adults, including Post-Adoption, PAL Aftercare, and Education and Training Voucher (ETV).

Section 2.06 Stage III All Services.
The SCC will be responsible for providing the services outlined in Stages I and II. In addition, DFPS will begin to hold the SCC financially accountable through the use of incentives and remedies as described in Article III of this Contract for the timely achievement of permanency for served children. This section does not waive the Department's right to seek any and all available remedies, including financial remedies, for breach of Contract in Stages I - III including failure to meet established performance targets negotiated with the SCC.
Section 2.07 Designated Geographic Catchment area.
Contractor must demonstrate a clear understanding of service demand, available resources, and service gaps within the catchment area and develop specific strategies for meeting the particular and unique needs of the stakeholders and communities within the catchment area. The designated geographic catchment area for this Contract consists of the following seven counties: Erath, Hood, Johnson, Palo Pinto, Parker, Somervell and Tarrant. Also, see a map of the DFPS Administrative Regional Boundaries.

Section 2.08 SSCC Model Assumptions.

(A) The SSCC may deliver all services outlined in Stages I-III as a single entity or through the formation of a network or consortium of providers, which may include itself. DFPS will only Contract with the SSCC. The SSCC must establish and maintain any network or consortium of services in the identified catchment area through subcontracts, community resources and/or service agreements.

(B) The SSCC cannot subcontract out any child welfare legal case management duties described in this Contract. All legal case management requirements must be performed by casework employees of the SSCC.

(C) All SSCC and DFPS decisions will be made based on the best interests of the individual child.

(D) IMPACT, CLASS, and TARE

1. DFPS will develop and implement a Data Access and Standards Governance Council to develop protocols for the electronic transfer of data from single source continuum Contractors to the department to allow the Contractors to perform case management functions.

2. SSCC is required to participate in the DFPS Data Access and Standards Governance Council.

3. The SSCC will have access to IMPACT, the Statewide Automated Child Welfare Information System (SACWIS). All access and data entry requirements related to IMPACT will be granted to the SSCC and may not be delegated by the SSCC to a subcontractor.

4. The SSCC’s access and documentation requirements in IMPACT will be different in each stage of implementation and will be based on the roles, responsibilities and requirements outlined in this Contract.

5. DFPS will make a pre-defined and scheduled data export available for use in the approved SSCC system. No interface/import of information from an SSCC information management system into IMPACT is available at this time.

6. The SSCC will have limited access to CLASS, the State's licensing database system, and the Texas Adoption Resource Exchange (TARE). DFPS will only grant access to CLASS and/or TARE to the direct employees authorized by the SSCC. The SSCC will only request authorization for each and/or TARE access for those of its employees who have demonstrated a business justification to review or retrieve such information.

7. The SSCC will enter and update the IMPACT system based on the documentation requirements in each stage of implementation. DFPS will provide the SSCC with one training session regarding use of IMPACT, after which the SSCC will maintain responsibility for training its staff on using IMPACT. DFPS will provide the SSCC with documentation of any changes to IMPACT, so that the SSCC can appropriately train its staff. If DFPS makes fundamental, major changes to IMPACT, DFPS will provide the SSCC with one training session regarding the changes, after which the SSCC will maintain responsibility for training its staff.

8. The SSCC must demonstrate that its IT system can accommodate data imports into IMPACT (Stage II) and exports from IMPACT.
9. In Stage II, IMPACT will have limited ability to accept uploaded data from another system specific to family service invoicing process. As such, full interoperability between IMPACT and private systems will not be available. Therefore, the SSCC will have to directly and manually enter data into the IMPACT system.

10. DFPS provides support to external users who report problems and issues related to IMPACT and other DFPS casework applications. Staff monitor tickets created through the Help Desk and various application associated mailboxes. Tickets are prioritized and assigned for review and resolution based on specified criteria. It is estimated that within three days, Tier 2 staff respond with a resolution, status of ticket resolution or a request for further information. Several steps and possible assistance from other DFPS areas may be required to process a ticket, which could impact timeframes for ticket resolution.

11. As part of IMPACT training, SSCC staff will undergo the same training protocol as CPS on handling criminal history. DFPS is in the process of rolling out a required agency-wide training on Criminal Justice Information Security (CJIS). The SSCC must take this training as well. The SSCC must adopt policies and procedures to minimize risk of data breaches in the final Operations Manual. DFPS will work with SSCC to determine a training schedule that meets their staffing schedule.

(E) DFPS is ultimately responsible for the proper operation of the foster care system. DFPS and the Court (when applicable) is the final authority on all planning, placement and service decisions. The SSCC will have latitude to make placements and determine services as specified in the child and family service plans, relevant to the stage of implementation (see Chart 7 and Chart 8).

Section 2.09 Eligible Population.

In Stages I - III, the SSCC must ensure the full continuum of paid foster care and services for the children, youth, and young adults referred by DFPS. In Stages II - III, the SSCC must ensure the full continuum of substitute care (paid foster care and kinship care), case management, family reunification and purchased client services for the children, youth, young adults, family members and caregivers referred by DFPS.

Section 2.10 Client Characteristics.

The SSCC must be prepared to serve individuals with characteristics including, but not limited to, the following:

(A) Children in DFPS' legal conservatorship and in kinship care, paid foster care or have been reunified with parents whose county of conservatorship is within the designated catchment area and their families (including individuals that require services that have been determined essential to the achievement of safety, permanency and well-being for the individual child and for whom resources have been allocated, this includes parents and relatives that reside outside of the catchment area). Some families may continue to require the SSCC services (funded through purchase client services) once the child has exited substitute care (see above).

(B) Children from the catchment who have been removed from their homes but for whom an ex parte hearing has not yet been held.

(C) Children for whom DFPS has joint managing or possessory conservatorship with family or any other individual or entity and require substitute care and/or other services that support the achievement of safety, permanency, and well-being.

(D) Children of youth who are in DFPS conservatorship or in extended foster care and the youth (parent) and child are placed together in substitute care.

(E) Young Adults who are eligible for substitute care through an Extended and/or Return to Care Foster Care Agreement.
(F) Young adults who are eligible for substitute care and require Supervised Independent Living (SIL) services; this population includes all young adults who are in need of this service within the designated catchment area.

(G) Youth and young adults who are eligible for the Education and Training Voucher (ETV) Program; this population includes all young adults who are in need of this service within the designated catchment area.

(H) Children and youth who are no longer in DFPS conservatorship and require Post-Adoption services.

(I) Parents, relatives and other significant adults that DFPS, the court and/or the youth in care have determined have a long standing or significant relationship with the child or youth and who are important to the resolution of the case.

(J) Children and youth who are legally from another part of the state, but are placed in the catchment area and in need of courtesy supervision.

(K) Person(s) to whom a court has ordered DFPS to provide services that support safety, permanency, and/or well-being of the Child referred within the context of an open conservatorship case, including parents who reside outside the catchment area.

(L) Interstate Compact on the Placement of Children (ICPC), including but not limited to: courtesy supervision of out-of-state children placed in the catchment area; completion of home screenings, home studies, adoption studies, kinship home assessments, etc; coordination and communication with Texas Interstate Compact Office; and required documentation.

(M) **Child, Youth and Young Adult characteristics may include, but are not limited to:**

1. Active exhibition of psychotic behavior
   - ADD/ADHD
   - Autism
   - Anxiety Disorder
   - Assaualtive behaviors or homicidal
   - Behavioral problems
   - Chronic Health Conditions
   - Criminal Background
   - Danger to Self or others
   - Depression
   - Developmental Disorders
   - Diabetes
   - DSM-IV Axis I & II Diagnosis
   - Eating Disorder
   - Emotional Disorders
   - Enuresis/Encopresis
   - Fire Setting
   - Gender Identity Issues/ Sexual Orientation
   - Impulse Control Disorder
   - Low to Moderate Risk of harming self or others
   - Maladaptive Behaviors
   - Medically Fragile
   - Intellectual Developmental Disability
   - Oppositional Defiant
   - Pervasive Developmental Disorder
   - Pregnant
   - Primary Medical Needs
   - PTSD/Complex PTSD
   - Runaway Behavior
• Self-Abuse
• Sexual Aggression or Behavior Problems
• Child Sexual Aggression
• Substance Abuse/Use
• Substance Abuse or dependence with the need for medical detoxification
• History of Attempted Suicide
• Suicidal Gestures
• Suicidal Ideation
• Other Special Needs, (e.g. dietary, language, etc.)
• Additionally, children may:
  1. Be victims of commercial sexual exploitation.
  2. Have experienced physical, sexual and/or emotional abuse, neglect and/or other severe trauma.
  3. Have a history of multiple placement disruptions.
  4. Have limited English-language proficiency.
  5. Have been or currently are involved in the criminal justice system and are currently on probation and/or parole.
  6. Have been or are currently involved in gang activity/affiliation.

(N) Family characteristics may include, but are not limited to:
1. Chronic unresolved conflicts between parental figures
2. Frequent unresolved conflicts between parental figures and Children
3. History of Attempted Suicide
4. Suicidal Gestures
5. Suicidal Ideation
6. Chronic economic distress
7. Frequent changes in residence
8. History of substance abuse or current dependence
9. Untreated and/or diagnosed mental illness
10. Be victims of commercial sexual exploitation
11. Poor parenting skills
12. Criminal Background
13. Involuntary participant
14. Limited English-language proficiency
15. Domestic violence/family violence
16. Limited cognitive functioning

Section 2.11 Staffing Qualifications.

Notice: Texas Penal Code §32.52 prohibits the use of fraudulent or substandard degrees. Contractor must include a process to verify the education and degree requirements of all employees in its human resources policy. Education and degree information represent material facts upon which DFPS relies when entering into a Contract. DFPS reserves the right to exercise all available remedies if Contractor submits fraudulent or substandard education information, including termination of any Contract and other appropriate civil and criminal legal action.

(A) The SSCC must ensure compliance with minimum staffing requirements in applicable Minimum Standards for Child Placing Agencies serving children requiring both child care and treatment services.

(B) The SSCC must ensure that residential child care and other providers responsible for providing services are appropriately licensed in the State of Texas to perform the type of service being provided.
EXHIBIT A: DFPS Statement of Work

(C) The SSCC must ensure sufficient staff capacity to deliver (1) case management services to children, youth, kinship caregivers and families in the catchment area where the Contractor will be operating; and (2) family reunification support services to a child who is receiving services from the Contractor is returned to the child’s family.

(D) The SSCC must ensure that direct delivery staff have the necessary knowledge, skills and experience to deliver required case management and family reunification support services to children, youth, kinship caregivers and families.

(E) The SSCC is required to give employment preference to an employee of DFPS whose position is being impacted by the implementation of community based care and who is considered to be an employee in good standing.

Section 2.12 Workforce Training.

(A) All verified caregivers providing services to SSCC Clients must have completed Trauma Informed Care (TIC) training appropriate to their role. Caregivers must have TIC training that prepares the verified caregiver to understand the impact of trauma exposure on a child or youth and provides strategies to effectively care for the child or youth in a manner that promotes healing from the trauma. This training must be completed prior to any verified caregiver being alone with the child. In addition, the SSCC must ensure all verified caregivers complete an annual refresher of TIC training. This training must be at least two-hours in duration.

1. All SSCC non-clinical providers serving SSCC Clients must have completed TIC training appropriate to their role. Non-clinical providers must have TIC training that prepares them to understand the impact of trauma exposure on a child or youth and provides strategies to effectively care for the child or youth in a manner that promotes healing from the trauma. This training must be completed prior to any non-clinical provider being alone with the child. In addition, the SSCC must ensure all verified caregivers complete an annual refresher of TIC training. This training must be at least two-hours in duration.

2. Clinical providers must have received training in trauma treatment appropriate to their clinical licensure or certification. If providing Targeted Case Management and/or Rehab Services, clinical providers must be credentialed to deliver the services.

3. Regardless of the training model employed by the SSCC, the SSCC can use the approved DFPS TIC online training to meet the training requirements of this Section; however, DFPS encourages the SSCC to use its own curriculum/model to build upon the training their non-direct delivery staff and caregivers have already received. The National Child Traumatic Stress Network (NCTSN) has developed training materials for all stakeholders who serve foster children and their parents/caregivers.

4. Trauma Informed Care Training. All direct delivery staff and caregivers providing services through the SSCC must have completed Trauma-Informed Care training.

(B) Anyone recommended by the SSCC as a medical consenter must receive and complete Medical Consent training offered by DFPS prior to DFPS designation as a Medical Consenter. The on-line training may be accessed by visiting: DFPS Medical Consent Training

(C) All SSCC employees providing services to fulfill the terms of this Contract must complete Human Trafficking training. The SSCC can use the approved DFPS Human Trafficking training to meet the training requirements of this Section; however, DFPS encourages the SSCC to use its own curriculum/model to build upon any training their staff have already received.

Section 2.13

Major Deliverable #1 - Achievement of Service Objectives/Quality Indicators.
The SSCC must perform the development, operation, oversight, and provision of the full continuum of substitute care, case management and purchased client services in a manner that provides services in the least restrictive, most family-like setting appropriate for the child or youth, which reduces the number of moves a child or youth must make while in care, and engages communities to assist children and youth in achieving safety, permanency, and well-being, specifically, the service objectives inherent in the following quality indicators:

(A) Children are safe in their placements.
(B) Children are placed in their home communities.
(C) Children are appropriately served in the least restrictive environment that supports minimal moves for the child.
(D) Connections to family and others important to the child are maintained.
(E) Children are placed with siblings.
(F) Services respect the child's culture.
(G) To be fully prepared for successful adulthood, children and youth are provided opportunities, experiences, and activities similar to those experienced by their non-foster care peers.
(H) Children and youth are provided opportunities to participate in decisions that impact their lives.
(I) Reunification of children with the biological parents of the children.
(J) Promotion of the placement of children with relative or kinship caregivers.

Section 2.14

Major Deliverable #2:
Development and Management of a Continuum of Care and Service Delivery Model

The SSCC must develop and manage a continuum of care and service delivery model designed to facilitate achievement of the service objectives and quality indicators using the staged implementation model. The SSCC must implement a community-based model that fully engages stakeholders in achieving desired outcomes and, at a minimum, ensures, (1) the effective and efficient delivery of a full array of services provided in the least restrictive, most appropriate placement setting that minimizes moves in care to improve outcomes for children, youth and their families; (2) continuity of care provided to children, youth and their families; and (3) the provision of timely and appropriate services to children, youth and their families in their home communities. The SSCC model must address the diverse and individual needs of the particular local communities within the catchment area.

(A) Start-Up Period

The SSCC will have a 6 month start-up period prior to the start of Stages I and II:

1. **Stage I:** During the start-up period, the SSCC must actively engage communities in building the infrastructure and competencies necessary to provide the full continuum of paid foster care and purchased client services required in Stage I implementation and demonstrate Readiness to implement the approved plans. The SSCC must employ and maintain sufficient staff during start-up to implement the selected service model and conduct necessary community engagement activities and ensure Readiness.

2. **Stage II:** Stage II Start-Up Period will commence upon the receipt of all necessary Legislative approvals and occur for 6 months thereafter. During the start-up period, the SSCC must actively engage communities in building the infrastructure and competencies necessary to provide the full continuum of substitute care, case management and purchased client services required in Stage II implementation and demonstrate Readiness to implement the approved plans. The SSCC must employ and maintain sufficient staff during start-up to implement the selected service model and conduct necessary
community engagement activities and ensure Readiness. Articles IV and V contain information regarding Readiness and transition requirements.

(B) **Administrative Management**

The SSCC’s administrative management of the continuum of care and service delivery system must, at a minimum, include the following:

1. An integrated continuum of service providers to ensure the effective management and coordination for availability of an array of quality services necessary to meet the diverse and unique needs of children and youth in least restrictive settings and effectively reduce the number of moves for children and youth in substitute care and families of those children who require services to support safety, permanency, and well-being.

2. The necessary organizational structure, staff, capacity, policies, and procedures to manage, oversee, coordinate and deliver:
   a. A continuum of services to arrange, conduct, and coordinate the child/youth’s placement within the continuum of care.
   b. Case management services for all children, youth and families who are referred to the SSCC by DFPS.
   c. A timely array of services, support and oversight to kinship caregivers and families.
   d. Family reunification support services and oversight to be provided after a child receiving services from the Contractor is returned to the child’s family.
   e. Quality Assurance and Utilization Management (QA and UM) practices which continuously monitor operations and services in order to ensure quality services, progress towards service plan goals, and compliance with all Contract terms, performance expectations, outcomes, and outputs.
   f. The capacity to develop and maintain qualified staff that have the skills, education, experience, and training for the services they provide.
   g. A system for tracking and reporting Serious Incidents as well as other safety, permanency, and well-being outcomes and mechanisms.
   h. A system that alerts the SSCC of situations or issues that require immediate response, including issues which are likely to pose a threat to child safety.
   i. Catchment specific disaster recovery and business continuity practices which ensure rapid, effective response and re-establishment of system operations and service delivery in the event of unplanned system outages or catastrophic occurrences. This must include response to situations in all areas of the state or nation where the SSCC has children, youth or young adults placed.
   j. Create a single process for the training and use of alternative caregivers for all child-placing agencies in the catchment area to facilitate reciprocity of licenses for alternative caregivers between agencies, including respite and overnight care providers.
   k. A financial system that ensures timely payment, appropriate utilization, and ongoing management of financial resources so that needed services are provided within the allocated funds.
   l. Capacity to collect, manage, and report data on client services, network service providers, subcontractors, hospitalizations, foster homes, outcomes, and outputs.

(C) **SSCC Management Plan**

At least 30 days prior to entering Stage II, the SSCC is required to submit an updated version of the SSCC Management Plan for DFPS approval. The SSCC Management Plan must clearly identify all tasks and activities associated with each deliverable, dates of completion, and key staff responsible for, at a minimum, the following key elements:

1. The schedule, processes, procedure and timeline for the implementation of Stage II in the catchment area, including a timeline for implementing: case management services for
children, families, and relative and kinship caregivers receiving services in the catchment area; and family reunification support services to be provided after a child receiving services from the Contractor is returned to the child's family.

2. Ongoing development of services network/continuum, including plan for assessing need, recruiting, communicating with and training network providers.

3. Quality management plan that documents the necessary information required to effectively manage service quality from project planning to delivery. The plan must define a service's quality policies, procedures, criteria, areas of application, roles, responsibilities and authorities.

4. Workforce development and training, which must include a plan for ensuring that all caseworkers, supervisors, caregivers and other direct care staff providing services through the SCC complete training to support attainment of safety, permanency and well-being for the children in their care. Trauma-informed training (as previously specified) and training on Disproportionality and Cultural Competency are required. Knowing Who You Are training delivered by DFPS is encouraged. Knowing Who You Are training consists of 6-8 hours e-learning which is completed before 12 hours of classroom training. The plan may propose phasing in this training.

5. Catchment area specific risk and management plans.

6. A Disaster recovery and business continuity plan that is specific to the designated catchment area, as well as plans for ensuring the safety and well-being of all children, youth and young adults that are placed in other parts of Texas and other parts of the country should a disaster occur.

7. Policy and procedures to support all aspects of service delivery, finance and administration of the SCC model.

8. A plan for how the SCC will address situations in which a child referred to the SCC is placed in the same home as a child in the DFPS Legacy system or vice versa.

(D) SCC Community Engagement Plan (CEP).

1. The SCC must develop and implement a Community Engagement Plan for each stage of implementation that demonstrates that the SCC understands the role of the distinct communities and population hubs within the designated catchment area in meeting the unique and diverse needs of children, youth, and families.

The SCC must submit a Final Community Engagement Plan that has been developed with community stakeholders within sixty (60) days of Stage II amendment to this Contract. Plans must include strategies, activities, and timelines for engaging the community during the start-up period and on an ongoing basis. Plans must include strategies for developing and supporting a local advisory committee that reflects the community and include a timeline and resources necessary to successfully implement the plan.

2. The SCC Community Engagement Plan must include targeted strategies (in the Preliminary and Ongoing Community Engagement Plans) for engaging each of the following entities in the identified population hub and/or distinct community within the designated catchment area:
   a. Children and youth in foster care, as well as alumni
   b. Families of children in foster care, including non-custodial parents
   c. Relative or kinship caregivers
   d. Alumni families who have received DFPS services in the past
   e. Members of the judiciary
   f. Attorneys representing parents, children and DFPS
   g. Court-appointed special advocates
EXHIBIT A: DFPS Statement of Work

h. Child advocacy centers
i. Child Welfare Boards, if applicable
j. Foster Parents
k. Residential Child Care Providers (including but not limited to other child placing agencies and general residential operations that provide: emergency care services, child-care services, treatment services, transitional living services and residential treatment services)
l. Purchased Client Service Providers
m. Local Community Service Providers
n. Universities
o. Faith-based organizations
p. Other county and/or community stakeholders

(E) Operations Manual
During the Stage II Start-Up period, the SSCC and DFPS senior regional management staff will collaborate to develop joint operational processes for implementation of the SSCC’s model and to establish catchment-specific joint protocols, including but not limited to, methods and frequency of communication, jurisdictional expectations, and clarification of DFPS and the SSCC roles and responsibilities. The SSCC must ensure that staff participating in the joint protocol sessions have a thorough understanding of community based care, the SSCC model and Contract, and the communities served. The operations manual must be completed at least sixty (60) days prior to the SSCC accepting its first referral from DFPS in Stage II.

1. The SSCC will work in collaboration with DFPS and stakeholders within the designated catchment area to develop and maintain exemplary relationships that support achievement of improved permanency outcomes for children, youth, and families.
2. DFPS will work in collaboration with the SSCC to identify, develop, and expand needed services and resources within the designated catchment area in order to achieve the common goal of providing quality services to children and families.

(F) SSCC Provider Manual
The SSCC must use the proposal submitted in response to Procurement #530-13-0070FCR and joint DFPS-SSCC protocols as the basis for developing a Region 3b SSCC Provider Manual. The SSCC Provider Manual will serve as the guiding document for the SSCC and its network. The SSCC will provide copies of the SSCC Provider Manual to DFPS and each of its subcontractors who will provide services to DFPS referred clients. The SSCC will regularly update the SSCC Provider Manual as necessary. Each update must be provided to DFPS and the Department will retain the right to disapprove of any changes.

Section 2.15
Continuum of Substitute Care and Purchased Client Services (Stages I-III).

The SSCC must build and maintain the infrastructure necessary to support the full continuum of substitute care, case management and purchased client services for all children and youth originating from the designated geographic catchment area, those placed in the catchment area through Interstate Compact on the Placement of Children (ICPC) and through inter-regional agreements and their families who are referred to the SSCC by DFPS. The infrastructure must be sufficient to ensure services are safely provided in the child’s or youth’s home community, in the least restrictive, most family-like setting appropriate for the child or youth, and must reduce the number of moves children and youth make while in care while working towards positive permanency for the child.

(A) Joint SSCC and Legacy Placements (Stage I). Since it will take time to transition from the DFPS Legacy System to the SSCC System, situations might arise in which a child referred to
the SSCC might be placed in the same home as a child in the DFPS legacy system or vice versa. In such situations, the SSCC will work with DFPS in order to appropriately manage such placements and ensure the best outcome for all children.

(B) Coordinated Purchased Client Service Delivery (Stages II-III). The SSCC must maintain the capacity to coordinate and deliver a timely array of services to families and/or individuals that DFPS determines eligible and refers to the SSCC according to agreed upon service plans and within purchased client services funding. Families of children who enter substitute care and who are referred by DFPS to the SSCC are eligible for services. Families may continue to remain eligible for the SSCC service coordination and delivery after their child has returned home so long as DFPS is still the legal conservator. The SSCC must also demonstrate its compliance with performance measures and outcomes.

(C) Case Management Services (Stages II-III). In addition to Stage I responsibilities, the SSCC must build and maintain the infrastructure and staff capacity necessary to deliver direct case management services for all children who are referred to the SSCC by DFPS, including but not limited to:

1. Conducting at a minimum, monthly face-to-face visits with the child, family and caregivers;
2. Convening and conducting service planning and permanency planning meetings;
3. Development and revision of child and family service and visitation plans, including permanency plans and goals for a child or young adult in care;
4. Ensuring parent-child visitation;
5. Coordination and monitoring of services required by the child and the child’s family;
6. Assumption of court-related duties regarding the child, including but not limited to:
   a. Providing any required notifications or consultations;
   b. Preparing court reports;
   c. Attending judicial and permanency hearings, trials, and mediations;
   d. Complying with applicable court orders; and
   e. Ensuring the child is progressing toward the goal of permanency within state and federally mandated guidelines;
7. Conducting family finding and engagement activities, including conducting background checks and searches for relatives, non-custodial parents and other persons significant to the child’s safety, permanency and well-being;
8. Coordination and monitoring of reunification support services to a child or youth and family after the child is returned to the child’s family;
9. Coordination and provision of all Transitional Living Benefits including, but not limited to, the Education Training Voucher to eligible youth and young adults;
10. Providing post-adoption services to children and youth in the catchment area who have been legally adopted, regardless of where the adoption was consummated;
11. The SSCC must build and maintain sufficient staff capacity to deliver direct case management services to kinship caregivers and families, including but not limited to:
   a. Completion of required kinship home assessments and/or home studies;
   b. Regular contact with the caregiver;
   c. Coordination and delivery of a timely array of services to caregivers;
   d. Identification of local resources to meet the child’s and caregiver’s needs;
   e. Provision of training, individually or in groups, to help the kinship caregiver meet the child’s needs;
   f. Provision of resources or referrals to resources to ensure placement stability; for example, providing or referring the family to financial assistance, child care, counseling, remedial educational programs, and academic enrichment programs;
   g. Assessment of kinship families, continually, to determine their strengths and needs;
   h. Service and permanency planning for the child;
i. Necessary tracking and reporting of kinship placements to be used to verify and pay kinship providers (when applicable).

j. Provision of support for the kinship caregiver family in reaching the child’s goals; and

k. Development and implementation of a risk evaluation and approval process to be used in determining appropriateness of kinship placements.

12. The SSCC will engage the Texas Interstate Compact Office (TICO) as the point of contact for ICPC. The TICO will provide the same services to the SSCC as they provide to CPS staff. At a minimum, the SSCC will:

   a. Review all ICPC referrals from his or her catchment area for accuracy and completeness.

   b. Ensure all ICPC referrals are processed expeditiously to meet federal guidelines related to the Safe and Timely Act (Safe and Timely Interstate Placement of Foster Children Act of 2006, P.L. 109-239).

   c. Provide technical assistance to SSCC caseworkers regarding general ICPC inquiries.

   d. Follow all CPS ICPC policies and procedures as outlined in CPS Handbook Policy 9000, including but not limited to:

      i. Reviewing and submitting ICPC packets to the TICO,

      ii. Completing ICPC request for placement packets,

      iii. Completing home screening within 60 calendar days per federal law 42 U.S.C. §671(a)(26),

      iv. Completing kinship assessments, and

      v. Monitoring and documenting home visits.

   f. If the SSCC has placed a child/youth out of state and the placement ends, then the SSCC will be responsible for accompanying the child back to Texas and financially responsible for transportation costs. The SSCC will continue to maintain case management and placement responsibilities for the child and will need to secure new placement.

   g. The SSCC will provide courtesy supervision to any child from out of state who is placed in the catchment area through ICPC, this includes completion and submission of all necessary documentation.

13. Any other function or service that the department determines necessary to allow a Single Source Continuum Contractor to assume responsibility for case management.

Section 2.16 Foster Care Placement Capacity.

DFPS will only refer all children in substitute care (foster and relative/kinship care) from the 3b catchment area (Erath, Palo Pinto, Parker, Hood, Johnson, Somervell and Tarrant counties) to the SSCC. The Department understands that the SSCC must have the ability to manage available paid foster care capacity in Region 3b in order to ensure that children, who require a paid foster care placement, are placed within, or closer to, their home communities. For that reason, DFPS will not utilize any paid foster care capacity maintained by any provider under a Legacy Contract in the Region 3b Catchment area unless Department placement staff can provide sufficient justification that: (1) placement within the catchment area is in the best interests of the child and (2) placement staff has exhausted all other placement alternatives (including why these placements were denied or not appropriate). Placement staff must provide this justification through their chain of command, up to the CPS Regional Director for Region 3, who will work with Contractor in making a determination of whether or not to approve the placement.
Section 2.17

Major Deliverable #3:
Compliance with General Requirements of the SSCC

(A) Accountability. The SSCC is ultimately responsible for all Contract requirements, including outcomes, regardless of whether the Contract requirement is performed directly by the SSCC or indirectly by the SSCC through an agent, employee, volunteer, or subcontractor.

1. The Contractor is responsible for implementing and maintaining a quality assurance process to ensure the product satisfies the requirements of the Contract.
2. The Contractor is responsible for responding to feedback from the department relative to services provided under Contract and incorporating that feedback to ensure continuous improvement as indicated in performance measures.
3. The Contractor is responsible for monitoring and evaluating services, policies, and processes and applying actions necessary for improvement if the results require change.
4. Contractor must manage referrals to ensure timeframes and quality expectations are met.
5. The Contractor must cooperate with the department in monitoring and evaluating services provided under this Contract. Contractor must make Client records and service delivery documentation available upon request by CPS or Contracts staff.
6. Contractor must establish a system to monitor the performance of its direct service network providers to ensure the highest quality services and compliance with this Contract.

(B) Legal/Regulatory. The SSCC will:

1. Comply with all court orders and jurisdictional requirements;
2. Comply with all court orders regarding the provision of substitute care, case management services, purchased client services and/or reunification services for children, youth, and families served through the SSCC, relevant to the stage being implemented;
3. Follow all State (and Federal laws to include compliance with the terms and regulations of all Performance Improvement Plans as a result of a Federal or State Audit as well as Child Care Minimum Standards for 24-Hour Residential Care Operations and Child-Placing Agencies, and DFPS Records Management Policy:
   a. Americans with Disabilities Act (ADA)
   b. Child Abuse Prevention and Treatment Act (CAPTA)
   c. Child and Family Service Review (CFSR)
   d. Child Welfare Services, Title IV-B, Subpart 1 of the Social Security Act
   e. HHSC Child Care Minimum Standards
   f. DFPS Records Management Policy
   g. Family Educational Rights and Privacy Act (FERPA)
   h. Health Insurance Portability and Accountability Act
   i. Indian Child Welfare Act (ICWA)
   j. Individuals with Disabilities Education Act (IDEA)
   k. McKinney-Vento Homeless Assistance Act
   l. Multiethnic Placement Act (MEPA)
   m. National Youth in Transition Database (NYTD)
n. Promoting Safe and Stable Families, Title IV-B, Subpart 2 of the Social Security Act
o. Temporary Assistance for Needy Families (TANF)
p. Texas Family Code
q. Title IV-E of the Social Security Act
r. Title 40, Part 19 of the Texas Administrative Code

(C) The SSCC in providing substitute care services and services for kinship caregivers in a catchment area (Stages II-III) must, either directly or through subcontractors, perform the statutory duties as the department's agent in connection with the delivery of substitute care services and services for kinship caregivers in that catchment area.

(D) The legal representation provided to the Department during DFPS conservatorship case proceedings will be provided to the SSCC (Stages II-III).

(E) An employee, agent, or representative of a SSCC is considered to be a representative of the department for purposes of the privilege under Rules of Evidence 503 as that privilege applies to communications with a prosecuting attorney or other attorney representing the department, or the attorney's agents, in a proceeding under this subtitle. Rules of Evidence can be found at: http://texasevidence.com/article-v-privileges/rule-503-lawyer-client-privileges/

(F) The SSCC must report known serious incidents (as defined in the glossary), licensing investigations, licensure board reports and investigations, suspected fraud or fraud investigations and violations that occur within the SSCC's service model to DFPS in accordance with HHSC Licensing Minimum Standards and Contract requirements. For these circumstances in particular, and at all times in general, the SSCC must have operational procedures and mechanisms in place to ensure they are knowledgeable of and respond immediately to conditions or situations that may pose a threat to child safety. DFPS will regard any failure to disclose and report as a breach of the SSCC's Contract. Residential Child Care Licensing's role with all licensed providers, including the SSCC subcontractors will remain unchanged.

Section 2.18 Cultural Competency.

(A) The SSCC must provide services to people of various cultures, races, ethnic backgrounds, and religions in a manner that recognizes, values, affirms, and respects the worth of the individuals, and protects and preserves their dignity.

(B) The SSCC will:
1. Exhibit a clear understanding of the cultural beliefs of children and families in the distinct communities and population hubs within the designated catchment area.
2. Provide ongoing education in the form of orientation, training, workshops, and other educational opportunities to help staff, caregivers, and subcontractors understand the impact race, culture, and ethnic identity have on them and others and how they impact services to children and families.
3. Ensure that caregivers and subcontractors understand the impact of disproportionality and disparities in the child welfare system. Disproportionality is the over representation of a particular race or cultural group in a program or system and is an issue DFPS remains committed to addressing.
4. Coordinate and deliver services in a manner that is relevant to the culture of children and families served in the distinct communities and population hubs within the designated catchment area.
5. The SSCC will make reasonable efforts (as determined by the department) to ensure services provided to children and families are offered in the individual's primary language.
(C) Develop and implement a plan to ensure the composition of the SSCC workforce reflects the race, ethnicity, and culture of the client population.

(D) Efforts to Address Disparities in Catchment area. The SSCC must ensure that the services offered and outcomes achieved by the SSCC are equal in proportion to the populations served.

Section 2.19 Major Deliverable #4 - Placement Services and Services to Children/Youth

The SSCC must coordinate and manage services to the child, youth or young adult in a manner that, at a minimum, conforms to and complies with the service and Contract requirements stated, defined, and described in this Contract.

(A) Notification Request for Services

1. DFPS will:
   a. Refer children, youth and young adults to the SSCC for services.
   b. Refer non-verified relatives/fictive kin or other caregivers, located within or outside the catchment area and who are interested in becoming a verified kinship foster or adoptive home, to the SSCC for verification and licensing services.
   c. As a part of Stage I, provide final approval or reason(s) for denial of all placement decisions within 24 hours of request for approval. Approval may be assumed if notice of placement denial is not received by the SSCC within 24 hours of request. For emergency placements only, DFPS will evaluate the SSCC’s recommended placement option within 1 hour of receipt of notification from the SSCC by telephone or electronic notification. For emergency placements, the SSCC may assume approval from DFPS if the Department does not provide notice of placement denial within 1 hour of the request.
   d. As a part of Stage I, notify the SSCC of all court orders regarding placement.
   e. As part of Stage I, provide written notification to the court of all placement and medical consent activities, consistent with current statutory requirements.
   f. Determine eligibility and make appropriate referrals for SSCC services.
   g. Provide notice to the SSCC within 2 business days, when DFPS becomes aware that a child is no longer eligible for the SSCC services.

2. SSCC must:
   a. Maintain the capacity to accept referrals from DFPS for child/youth placement 24 hours per day, 365 days per year.
   b. Accept all referrals (No Reject) made by DFPS and continue to meet the individual needs of children and youth referred (No Eject).
   c. Create a single process for the training and use of alternative caregivers for all child-placing agencies within their placement network in the catchment area to facilitate reciprocity of licenses for alternative caregivers between agencies, including respite and overnight care providers.
   d. Adapt to and abide by requirements of local courts (if different from process listed in Contract) regarding placement processes and/or notification requirements.
   e. Offer Supervised Independent Living (SIL) services. The SSCC will be allowed maximum flexibility to choose subcontractors and develop Contracts for supervised independent living services that will meet the needs of the young adult to be served.
   f. Utilize the same parameters as DFPS when making recommendations to the Department on who a Child’s medical consenter should be. These parameters are outlined in Chart 1. See Texas Family Code Subchapter G (153.371-153.377) and Chapter 266.004(c) for more information.
g. Ensure that all Foster Parents and employees who serve as Medical Consenters for a Child who is prescribed psychotropic medications facilitate an office visit with the prescribing physician, physician assistant, or advanced practice nurse in the STAR Health Network at least once every 90 days to allow the practitioner to:
   i. Appropriately monitor the side effects of the drug; and
   ii. Determine whether the drug is helping the Child achieve the treatment goals and whether continued use of the drug is appropriate.

h. Advise youth/young adults ages 16 to 23 of their right to request to become their own Medical Consenter.

i. For all children receiving psychotropic medication, the SSCC must assess the extent to which the Child:
   i. Has been provided appropriate psychosocial therapies, behavior strategies, and other non-pharmacological interventions; and
   ii. Has been seen by the prescribing physician, physician assistant, or advanced practice nurse in the STAR Health Network.

| Placement with Relative or Kinship Caregiver | Primary live-in caregiver(s) for the child |  |

*During Stage II, the SSCC will replace the DFPS caseworker/supervisor role as relevant medical consenter designee.*

(B) **Applicable Requirements.**
The SSCC must consider all applicable state and federal requirements and best practices when making recommendations of potential placements to DFPS. All decisions should be made based on the individual child’s best interest. Areas for consideration include but are not limited to, the following:

1. The child’s safety;
2. Preference for family;
3. Least Restrictive, most family-like setting;
4. Placement with siblings;
5. Child's individual circumstances;
6. Children are placed in their home communities and in close proximity (no more than 50 miles) to their home of removal;
7. Maintaining the child in the school of origin and minimizing educational disruption;
8. Biological family's individual circumstances;
9. Substitute caregiver’s individual circumstances; and
10. Services respect and support the child’s culture.
11. Continual review of the appropriateness of the child's placement and efforts to preserve the current placement.
12. All applicable state and federal requirements when documenting the child’s placement and document in IMPACT the following (see Chart 2 for time frames):
   13. Date of placement
   14. Date of discussion with child regarding initial and all subsequent changes in placement
   15. Child's response to discussion regarding placement
   16. Whether placement was emergency or planned
   17. Whether pre-placement visit(s) occurred and if so, date(s) of pre-placement visit(s)
   18. Name, address, and telephone number for current placement, including agency or facility name if service is delivered through a subcontract with the SSCC
   19. Explanation as to why identified placement is most appropriate, including:
       a. If the placement is not with a kinship caregiver, foster family home or cottage-style general residential operation (GRO) document why a more restrictive setting is needed;
       b. If placement change resulted in a change of schools, explanation as to the need for school change;
       c. If placement is more than 50 miles from child's home of origin, explanation for why the child is not in close proximity;
       d. If the child is not placed with all siblings, reasons for separation.
20. Immediately notify DFPS when the SSCC becomes aware that a child or youth may no longer be eligible for SSCC services.

(C) Placement Referral Types for Paid Foster Care Services (Stage I) include:
   1. DFPS Emergency Placement - Process utilized when DFPS makes a referral to the SSCC for children/youth who are in immediate need of paid foster care services and are not currently served by the SSCC.
   2. DFPS Non-Emergency Placement (New Referral to the SSCC) - Process utilized when DFPS makes a referral to the SSCC for children/youth who are transitioning from a placement in the Legacy System to the SSCC's continuum of care.
   3. DFPS Non-Emergency Placement (Change of Placement Request) - Process utilized when DFPS has identified a need for a change in placement for children/youth already served by the SSCC.
   4. SSCC Emergency/Non-Emergency Placement- Process utilized when the SSCC has identified a need for a change in placement for children/youth already served by the SSCC.
   5. Placement Referral Types for Paid Foster Care Services and Required Notifications, Roles, Responsibilities and Documentation Requirements (see Chart 2).

*During Stage II, DFPS will continue to make referrals for emergency placements and the SSCC will assume all substitute care placement (kinship, non-DFPS paid and paid foster care), reunification and service planning, coordination and delivery duties as a part of case management responsibilities.

### DFPS Non-Emergency Placement

**New Referral to the SSCC**

1. Notify the SSCC of the need for placement through electronic notification and schedule placement staffing with the SSCC.
2. Provide SSCC access to placement and other relevant case information with referral and as it becomes available over the course of the case, including, but not limited to, information and documentation required by DFPS Residential Child Care Licensing Minimum Standards for Non-Emergency Placements.
3. Evaluate the SSCC recommended placement option and medical consenter within 24 hours of receipt of notification from the SSCC electronically. Approval is to be assumed if denial of placement is not provided to the SSCC within designated timeframe.
4. Notify CASA and attorney ad-litem that change in placement has occurred.

1. Identify potential placement option(s) for child and schedule pre-placement visit(s) for child with potential caregivers.
2. Ensure the child is involved and the child/youth's input is considered in decision as appropriate to the child's age and level of understanding.
3. Must contact provider from which the child will be moved to gather relevant information.
4. Identifies and notifies DFPS electronically of appropriate placement option, including potential medical consenter as soon as possible and no later than 3 days prior to placement needing to occur.
5. Provide required placement documentation via IMPACT to designated DFPS staff within 12 hours of placement occurring.
6. Place a child within required timeframes.

### Placement Change Request

1. Notify the SSCC of request to change
1. Request joint staffing with DFPS if needed.
1. Must document potential placement

by DFPS Residential Child Care Licensing Minimum Standards for Emergency Placements.

Documentation must clearly support why the desired change in placement is necessary and in the best interest of the child. |
Section 2.20 Child/Youth Assessment/Service Planning (Stages I-III)

(A) DFPS will:
1. Provide access to all available, relevant information on the child, youth and family to be used in the assessment process at time of referral and as it becomes available over the course of the case, including, but not limited to, information and documentation required by HHSC Residential Child Care Licensing Minimum Standards for Emergency and Non-Emergency Placements.
2. Within seven (7) days of referral, schedule the Initial Coordination Meeting (ICM) with the SSCC to review child case history and discuss the SSCC’s recommendations for services to be provided to the child and family.
3. Provide final approval for services agreed upon and documented in the Child Plans of Service and subsequent revisions (Stage I).
4. Establish the permanency and concurrent goals for children and youth and their families in collaboration with the SSCC and in accordance with judicial requirements (Stage I).
5. Notify the SSCC of all court ordered services for all children and families served through the SSCC.

(B) SCC must:
1. Ensure that all assessments: (1) are conducted from a trauma-informed, child- and-family centered, strength-based perspective; (2) consider the unique culture, experiences, and beliefs of the child and their family; (3) incorporate all evaluation and assessments completed through STAR Health or other providers; and (4) conform to Minimum Standards.
2. Implement the CANS assessment tool for children and youth ages 3 years and older.
3. Ensure timely delivery and continuity in the provision of services to meet the assessed needs for children and youth in substitute care and their families.
4. Develop and implement a process by which children, youth, and families may elevate concerns about the provision and/or quality of services provided.
5. Ensure that all services identified in the Child (Stages I-III) and Family (Stages II-III) plans of services are provided and documented in a timely manner and support the child’s permanency goal.
6. Coordinate conferences and case planning staffings, including but not limited to, Initial Coordination Meetings (ICM), Family Group Conferences, Permanency Conferences, Circles of Support Conferences, staffings with STAR Health and meetings required by the court.

(C) Service Planning Model Assumptions.
1. During Stage I, DFPS and the SSCC will work collaboratively to develop plans of service for children.
2. Services will be identified and designed to support the child’s permanency goal, including concurrent permanency goals, and will sufficiently address the reasons for DFPS intervention.
3. The SSCC must ensure children, youth, families, and caregivers have an opportunity to participate in the identification of needed services and in the development of service plans.
4. The SSCC must utilize and maximize services offered through other state agencies and community, for which DFPS children, youth, and/or families are a priority population.
5. Services to the child (with the exception of placement) that are ordered by the court and fall outside the purchased client services funding streams will be reviewed by DFPS and the SSCC on a case-by-case basis to determine financial responsibility.

<tr>
<td>5. Confirm eligibility for all transitional living services and financial supports to the SCC.</td>
</tr>
</tbody>
</table>
6. Schedule and facilitate Circle of Support (COS) Meetings to develop the youth’s Transition Plan.

7. Determine the youth’s (ages 18-23) eligibility for Extended Care and/or Return to Care.

8. Ensure that the youth signs the Voluntary Extended Foster Care Agreement (Form 2540) in a timely manner.

9. Ensure Life Skills training completed by youth is documented in IMPACT.

10. Provide necessary oversight measures and review processes to maintain compliance with federal and state requirements

11. Assist DFPS in obtaining the Voluntary Extended Foster Care Agreement (Form 2540), 7 days before child’s 18th birthday.

12. Participate in youth’s Circle of Support Meetings.

13. Arrange and ensure participation of all referred youth in Preparation for Adult Living Life Skills Training.

5. Document and report by the 15th of the month following the month of service all Preparation for Adult Living Life Skills training completed by each youth to DFPS. More frequent reporting will be required during the some months to be in compliance with NYTD.

conservatorship who are age 15 (FY 18) or 14 (FY 19). If a youth was not eligible to receive the assessment at age 14 or 15, an assessment must be provided to all youth in DFPS conservatorship at age 16 or older. Youth will only be assessed one time.

5. Ensure an interpretation of the completed scored assessment is shared and discussed with the youth and the caregiver.

6. Through the youth’s service plan, ensure an annual update of the independent living skills the youth learned the preceding year is conducted to ensure the youth is being prepared for their successful transition to adulthood. The annual review should include a review of the original assessment responses and documentation of the youth’s progress and continued need in the youth’s plan of services.

7. Assist DFPS in obtaining NYTD surveys from identified youth at ages 17, 19, and 21.

8. Provide identified services to help the Youth achieve independence.

9. Assist the youth in applying for and securing services to help with their successful transition to adult living.

10. Work with youth and other significant individuals to identify and foster lifelong connections to caring adults that help with their successful transition to adult living.
14. Develop and deliver Life Skills Training utilizing the curriculum topics found in Appendix 10212: Preparation for Adult Living Skills Training Curriculum Outline at: **CPS Handbook policy 10200**

15. Include experiential and community-based learning as a part of Transitional Living Services: **DFPS Transitional Living Services Resource Guide**

16. The SSCC will assist the child/youth in maintaining necessary documentation for Voluntary Extended Foster Care/Return to Care eligibility.

*During Stage II, DFPS will continue to provide oversight and monitoring functions and the SSCC will assume responsibility for all duties related to transitional living services, including, but not limited to, coordination and provision of the Education Training Voucher and PAL Aftercare services to eligible youth and young adults as a part of case management responsibilities.*

</table>
EXHIBIT A: DFPS Statement of Work

6. Edit the adoptive records and information to protect the identity of the biological parents and any other person whose identity is confidential.

7. Provide the prospective adoptive parents with access to research regarding underlying health issues and other conditions of trauma that could impact child development and permanency.

*During Stage II, DFPS will continue to provide oversight and monitoring functions and the SSCC will assume responsibility for all duties related to adoption services, including, but not limited to the provision of post-adoption services as a part of case management responsibilities.

Section 2.25 Court Responsibilities (Stages I-III).

State and federal requirements mandate that children in DFPS’ legal conservatorship have periodic court reviews. The court reviews include, but are not limited to, adversary/show cause hearings, status hearings, permanency hearings, special hearings, trial settings, post-trial permanency hearings, and special settings. At those court review hearings, the court will review the child’s permanency goal, the child’s placement, child and family services, the child’s medical care, and progress towards permanency. The role of the SSCC and DFPS is outlined by stage of Community Based Care (CBC) implementation. Regardless of the stage of CBC implementation:

- DFPS will provide the SSCC access to all available court orders, reports, and information at the time of referral.

- SSCC must:
  - Maintain and provide all available court orders, reports and information to DFPS upon request by DFPS, its authorized agents, or as otherwise expressly provided for in this agreement.
  - Ensure that children and youth attend all court hearings unless excused by the presiding judge prior to the court hearing. Attendance may occur through video conference and/or teleconference when appropriate and if approved by the court.
  - Notify DFPS immediately of any service of legal process including but not limited to summons, subpoena, or discovery notices related to performance under Contract.
  - Ensure attendance of staff with personal knowledgeable of case at all court hearings unless excused by the presiding judge.
  - Comply with all court orders and jurisdictional requirements.
  - If the SSCC fails to comply with any court order or other governmental requirement and a court imposes a monetary penalty upon DFPS, then the Department will impose such damages against the SSCC in the amount attributable to the SSCC’s noncompliance.
(A) **Stage I.** Court services (including Drug and other specialty courts) are required of both DFPS and the SSCC whenever DFPS has legal conservatorship of a child or youth who has been referred to the SSCC. *(See Chart 7)*

**SSCC must:**
1. Ensure that the SSCC’s agents, employees, volunteers, and subcontractors appear and testify in judicial proceedings, depositions and administrative hearings relating to the child at the request of the Department or court.
2. Notify or assist the Department in locating past agents, employees, volunteers or subcontractors when DFPS needs past agents, employees, volunteers, or subcontractors to appear and testify in accordance with services offered under the purview of this Contract.

(B) **Stages II-III.** Court services are required of the SSCC whenever DFPS has legal conservatorship of a child or youth, or at the request of the department. *(See Chart 8)*

**SSCC must:**
1. Ensure that the SSCC’s agents, employees, case managers, direct delivery service providers, volunteers, subcontractors, or any other necessary party appear and testify in judicial proceedings, depositions, and administrative hearings relating to the child or child’s family, as directed by counsel.
2. Provide notice of all court hearings, prepare court reports as required and present evidence in child protection cases in compliance with *Texas Family Code 263.0021*. The following persons are entitled to at least 10 days’ notice:
   i. Foster parent,
   ii. Pre-adoptive parent,
   iii. Relative caregiver,
   iv. Director of a Group Home or General Residential Operation,
   v. Biological parents,
   vi. Attorney ad Litem,
   vii. Guardian ad Litem, and
   viii. The child, if the child is 10 or older.

*Notice is required for: a child’s placement change, the failure to locate a placement for at least one night, a significant change in medical condition, an initial prescription of a psychotropic medication or a change in dosage, a major change in school performance or serious disciplinary event at school or any event determined to be significant under DFPS rule.*

3. **Court Ordered Mediation.** In instances involving court ordered mediation, the SSCC must attend and comply with applicable *CPS policy 5571.1* regarding what can and cannot be agreed to during mediation.

| 11. | Assist in timely completion of discovery requests. |
| 12. | Work with attorney to ensure citation, notice, and diligent searches are completed in a timely manner. |
| 13. | Work with attorney to ensure that all pre-trial and trial activities are performed as needed. |
| 14. | Review: |
| 3. Comply with DFPS records management guidelines, policies, and procedures in responding to requests for production of documents. |
| | a. Notes and recommendations of service providers and others working with the child/ren and family in order to accurately complete court reports;  
| | b. Service Plans;  
| | c. Home Studies filed w/Court;  
| | d. SSCC’s recommendations for consistency with DFPS and/or SSCC policy and procedures;  
| | e. SSCC’s preparation for Final Hearings.  
| | 15. Address any pending issues of concern and determine whether revision, amendment, or other action is appropriate for prepared Court Reports and, when necessary, arrange for a new court report to be submitted to the court in a timely manner.  
| | 16. Will have immediate access to the CBC Administrator to address issues as necessary.  
| | 17. Support attorney during trial by obtaining documents or information from DFPS, SSCC, sub-contractors, medical personnel, etc. as needed.  
| | 18. Must be knowledgeable about the legal requirements for hearings.  
| | 19. Testify at the Court’s request as an agent of the Department, representing the state’s case and interests in the proceeding.  
| | 20. Coordinate with juvenile probation for crossover youth appearance in court and attendance at hearings.  

Also see: [CPS Benchbook](#) for additional guidance.

**Section 2.28**  
Major Deliverable #5 – Legal Case Management (Stages II-III).
In Stage II, the SSCC will assume responsibilities for all Stage I activities, as well as provide legal case management services to a child, or to the child’s family, a young adult in extended foster care, a relative or kinship caregiver, those placed in the catchment area through Interstate Compact on the Placement of Children (ICPC) and through inter-regional agreements. Responsibility for providing legal case management services as outlined in this section must be provided by SSCC staff directly and cannot be subcontracted out to a different provider, government agency or entity.

(A) **The SSCC must provide case management services that at a minimum include:**

1. Caseworker visits with the child;
2. Family and caregiver visits;
3. Parent-child visitation as court ordered or in the best interest of child(ren) in the case;
4. Convening and conducting permanency planning meetings;
5. The development and revision of child and family plans of service, including a permanency plan and goals for a child or young adult in care;
6. The coordination and monitoring of services required by the child and the child's family;
7. The assumption of court-related duties regarding the child as described in Section 2.25 and Section 2.27, Chart 8.
8. Ensuring the child is progressing toward the goal of permanency within state and federally mandated guidelines;
9. The reunification of children with the biological parents of the children;
10. The promotion of safe placement of children with relative or kinship caregivers and the services to relative and kinship caregivers;
11. The reunification of children with the biological parents of the children when possible and support services after a child is returned for the period of time ordered by the court; and
12. Any other function or service that the department determines necessary to allow a single source continuum Contractor to assume responsibility for case management.

(B) **Referral and Case Management Services to Children and Families (Stages II and III)**

1. **DFPS will:** Provide referral to the SSCC for coordinated purchased client services and case management services.

2. **SSCC must:**
   a. Maintain the capacity to accept referrals from DFPS for services to families of children referred to the SSCC 24 hours per day, 365 days per year.
   b. Accept all referrals (No Reject) made by DFPS and continue to meet the individual needs of the family and other individuals referred (No Eject). This includes families and other individuals who reside outside of the catchment area.
   c. Ensure that the family receives appropriate testing and assessment(s) as indicated by their case history, which can include, but is not limited to, a mental health or domestic violence assessment, psychological testing and evaluation and a substance abuse screening and assessment.
   d. The SSCC must maximize purchased client services funding by utilizing community based services for which DFPS families are eligible.

(C) **DFPS will pay the SSCC for eligible purchased client services provided to family members within the appropriated allocation using an automated process in IMPACT (see Chart 15).** This allocation excludes services for children, youth and young adults as part of Stage II implementation, including Education Training Voucher, PAL Aftercare, and Post-Adoption services.

**SSCC Must:**

a. Ensure timely delivery and continuity in the provision of services to meet the assessed needs for substitute care in accordance with the requirements established by DFPS.
b. Develop and implement a process by which children, youth, and families may elevate concerns about the provision and/or quality of services provided.
c. Ensure that all services identified in the Child (Stages I-III) and Family (Stages II-III) plans of services are provided and documented in a timely manner and support the child's permanency goal.
d. Comply with any court order issued by a court in the case of a child for whom the SSCC has assumed case management responsibilities or an order imposing a requirement by the department that relates to functions assumed by the SSCC regarding services for children, youth, and families.
e. Provide case management services for children, families, and kinship caregivers receiving services in the catchment area.
f. Provide reunification support services to parents after a child receiving services from the SSCC is returned to the child's family.

Section 2.29
Referral for Case Management Services to the Family (Stages II-III):
Roles, Responsibilities and Documentation Requirements (See Chart 9)

(A) Families Residing Outside Catchment area(s) (Stages II-III)
1. The SSCC will serve families referred by DFPS, including families who may reside outside of the catchment area, when the child is referred to the SSCC by DFPS.
2. The SSCC must have documented policies and processes that ensure timely delivery of services for families residing outside of the contracted catchment area(s).

<td>Provide necessary oversight measures and review processes to maintain compliance with federal and state requirements</td>
<td>1. Maintain face-to-face contact with each of the child’s parents at least monthly, to address case planning and service needs. More frequent contact may be needed and exceptions may apply, depending on the issues in the case. 2. If a parent is incarcerated, the SSCC must maintain monthly contact with the parent and continue working with the parent towards identified goals in the family plan of services. 3. Maintain monthly face-to-face contact with the children who remain at home after a sibling has been placed in substitute care and the case is in temporary legal status. 4. Provide courtesy supervision for parents and children residing in catchment area when legal case is in another area 5. Arrange sibling visitation when siblings are separated.</td>
<td>SCC must document each contact in IMPACT with details about his or her observations and discussions with the child, caregiver and family.</td>
</tr>
</tbody>
</table>
6. During the monthly or more frequent visits, the SSCC must discuss with the child and parents the progress in addressing the Family Service Plan since the last visit.

7. The SSCC must visit the child, at a minimum, on a monthly basis. The visits must focus on issues relevant to case planning and service delivery to ensure safety, permanency and well-being of the children.

8. The majority of the visits must occur in the child's residence. Specifically, there is at least one visit each month at the residence in a majority of the months over the year.

### Section 2.32

**Child and Family Service Planning (Stages II-III): Roles, Responsibilities and Documentation Requirements (See Chart 12)**

(A) **DFPS will:**
1. Notify the SSCC of the need for services.
2. Monitor and assess services to ensure compliance with federal and state requirements.
3. May review, approve, or disapprove the SSCC recommendation with respect to the child's permanency goal.

(B) **SSCC must:**
1. Convene and conduct service planning and permanency planning meetings;
2. Develop and revise child and family plans of service, including a permanency plan and goals for a child or young adult in care;
3. Coordinate and monitor services required by the child and the child's family;
4. Assume all court-related duties regarding the child as described in Section 2.25 and Section 2.27, Chart 8.

Section 2.34

Family Reunification Services (Stages II-III):
Roles, Responsibilities and Documentation Requirements (See Chart 14)

(A) DFPS will provide necessary oversight measures and review processes to maintain compliance with federal and state requirements.

(B) SSCC will:
   1. Reunify the children with the parent(s) of the children when safe and appropriate.
   2. Provide family reunification support services after a child receiving services is returned to the child’s family for a period ordered by the court and/or prior to the dismissal date.

6. Update the family plan of service and ensure that the family’s service plan includes plans and a deadline for terminating CPS conservatorship and evaluate the plan every 90 days.

7. Ensure day care services, as needed, to support the success of the reunification plan for the child(ren) and family.

### Section 2.35

**SSCC Fiscal Requirements (Stages I, II, III)**

(A) **The SSCC must:**

1. Develop and maintain comprehensive, accurate written financial operating procedures, subject to review and approval by DFPS.
2. The SSCC must have independent financial audits conducted annually and provide the results to DFPS within thirty (30) days from the receipt of findings provided by the independent auditor. Audits must be conducted by a Certified Public Accountant (CPA) licensed by the state regulatory body of the state in which the audit was performed. An audit conducted pursuant to Single Audit Requirements meets the conditions of this subsection.
3. Provide all financial information requested by DFPS in an appropriate format within 3 business days of the request.
4. Maintain sufficient cash management policies and procedures to produce cash flow reports that meet the requirements of DFPS.
5. Coordinate and pay for services, required in individual service plans for children and families referred to the SSCC by DFPS.
6. Ensure that financial and utilization management systems are in place to guarantee accountability for dollars spent and the capacity to manage financial risk.
7. Assume responsibility for any monitoring/audit exception or other payment irregularity regarding services provided under the Contract.
8. Demonstrate the ability to manage funding to provide services within available resources.
9. The SSCC must use an accrual accounting system that reflects the application of generally accepted accounting principles (GAAP) approved by the American Institute of Certified Public Accountants (AICPA).

(B) **Submit a detailed Accounting Policy Manual to DFPS within 60 days after Contract or amendment execution that includes the following:**

1. A detailed description of an accounting system capable of supporting the operation and management of a provider network, payroll, and subcontractor payments.
2. Fiscal policies and procedures that address payment, invoices, delinquencies, reconciliation, audits, and other standard accounting procedures.
3. A detailed description of an information system that supports the management and oversight of services and an information system that collects, integrates, and reports financial and outcome data.
4. The SSCC must update the Accounting Policy Manual at least 60 days before transition to Stages II and III. After Stage III, the SSCC will update the SSCC Accounting Policy Manual at least 30 days before each new state fiscal year unless such a date falls within 120 days of Stage III implementation, in which case the SSCC will update the SSCC Accounting Policy Manual 30 days before the next state fiscal year. DFPS must approve of each update to the SSCC Accounting Policy Manual.

Section 2.36 Required Reports.

The SSCC must ensure compliance with report requirements outlined in the SSCC Contract and HHSC Residential Child-Care Minimum Standards. The SSCC must accurately complete cost reports, time studies, Contract Monitoring surveys, Performance Measurement reports, court reports and any other reports required and requested by the Department within time frames specified by DFPS. The SSCC must submit annual cost reports as required by Texas Family Code §264.202. Additionally, the SSCC must submit the following:

(A) The number of SSCC and subcontractor (if applicable to the SSCC model) staff that receive Trauma Informed Care training annually,
(B) A quarterly staffing report by month and fiscal year (including but not limited to, the number of vacancies by position type, the turnover rate by position type, and the new hires by position type),
(C) A quarterly report of complaints, and the status of complaints/resolutions,
(D) A quarterly report containing information broken out by month and fiscal year of children of a total unduplicated count of children admitted into psychiatric hospitals with admission and discharge dates (date acute care ended).
(E) A quarterly report containing information broken out by month and fiscal year indicating exceptional care utilization including; start date, end date, number of days and date of DFPS approval.
(F) A quarterly accrual financial reports/statement for the Contracted entity and Parent Organization that include; balance sheet, statement of income and expense.
(G) Annual Certified Audit that meets the requirements of 45 CFR 75 Subpart F for each above entity.
(H) Applicable Federal Income Tax Return (Form 990 or 1120)
(I) A monthly level of care report to be used for reconciliation (“Reconciliation Data”) containing aggregate totals of:
   1. Days of care by level of care based on actual experience,
   2. Count of kids in care by level of care, and
   3. Total amounts paid to SSCC network service providers by level of care.

Section 2.37 Performance Measures and Associated Remedies.

DFPS will monitor the performance of the Contract. All services and deliverables under the Contract shall be provided at an acceptable quality level and in a manner consistent with acceptable industry standard, custom, and practice. Contractor performance evaluation is based on assessment of the performance measures outlined in this section, compliance with the terms and conditions of the Contract, and compliance with HHSC Minimum Standards, as indicated by DFPS records and Contract Monitoring performed by Department staff. Stage II performance measures will include measures that address other areas such as case management and kinship care and reflect Federal Child and Family Services Review (CFSR) Performance Requirements. Additional performance measures may be included and used to make decisions to renew or terminate the Contract. See Exhibit E for more information.
(A) **Goal of the Contract.** The goal of this Contract is to ensure the provision of the full continuum of services for all referred children and their families and/or any other individual or entity directly involved in supporting the achievement of safety, permanency, and well-being of the child by developing a community-based service delivery model that fully engages communities within the catchment area and ensures effective and efficient service delivery, continuity of care, and improved outcomes for children and their families.

(B) **Basis of Performance Measures.** Performance measures reflect the Quality Indicators adopted by the Public Private Partnership, the outcomes identified in the Community Based Care logic model, and the Administration for Children and Families Child and Family Service Review outcomes. The Contractor will achieve measures for the initial Contract period. Measures for renewals are subject to change on an annual basis. If, at any time during the term of the Contract, changes to a measure are necessary due to changes in federal or state laws, rules, regulations, or code, the performance of the SSCC will be measured under the new requirements. DFPS may compute new baselines, and revise the indicators, targets, data sources, or methodologies for the measures during the Contract period.

(C) **Data Sources.** DFPS will use data collected through the Information Management Protecting Adults and Children in Texas (IMPACT) data system to develop the indicators and calculate the methodologies. DFPS may also work with externally contracted entities to design and produce performance measures using data available through the IMPACT data system.

The SSCC will be required to collect, report and verify certain performance measure data not in IMPACT in the DFPS Performance Management Evaluation Tool (PMET), which is an internet-based data collection and reporting system. The SSCC will be required to register an account in the PMET system within 30 days after the first service is provided, according to the instructions found at: [DFPS Performance Management Evaluation Tool](#). Select Help, then PMET User Guide. Documentation must be collected at the child level and maintained in a manner which allows for testing the validity of results reported for each performance period.

Results for this Contract must be reported quarterly, according to the following schedule:

<table>
<thead>
<tr>
<th>Performance Period</th>
<th>Period Covered</th>
<th>PMET Entry Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quarter 1</td>
<td>Sept, Oct, Nov</td>
<td>December 1-30</td>
</tr>
<tr>
<td>Quarter 2</td>
<td>Dec, Jan, Feb</td>
<td>March 1-30</td>
</tr>
<tr>
<td>Quarter 3</td>
<td>Mar, Apr, May</td>
<td>June 1-30</td>
</tr>
<tr>
<td>Quarter 4</td>
<td>Jun, Jul, Aug</td>
<td>September 1-30</td>
</tr>
</tbody>
</table>

(D) **Performance Period.** Contractor performance for all outcomes is assessed annually and tracked quarterly to support the Continuous Quality Improvement (CQI) process, using the following quarters, wholly or partially, depending on the Contract start and end dates: September 1 through November 30, December 1 through February 28/29, March 1 through May 31, and June 1 through August 31 unless otherwise noted. Performance is reported for each fiscal year or partial fiscal year, depending on the Contract start and end dates.

(E) **Performance Tracking.** Performance measure data may be used by DFPS to make decisions about Contract status, to adjust the nature and intensity of DFPS' Contract monitoring and quality assurance activities, and to keep stakeholders informed about the success of the performance based contracting effort. DFPS will track performance throughout the Contract period. Any and all analyses can be used by DFPS to determine subsequent performance targets to be mutually agreed upon by DFPS and the SSCC, CBC model changes or the need for Contract changes. The performance measures are outlined in Exhibit E. It is understood that the individual needs of a child are paramount; not all indicators are appropriate for every child.
(F) **Baselines.** The performance of the Contractor will be compared to the historical performance of the legacy system in the defined catchment area to determine if their strategies are effective in meeting or exceeding historical baselines. Initial baseline performance will reflect an established performance period of the legacy system in the defined catchment area prior to implementation of the relevant stage. The safety measure is the exception with a standard target of 100%. For measures without historical data, initial baseline performance will be gathered during the initial stages.

In addition to the performance measures outlined in this section, in Stages I and II, DFPS will monitor the number of days in paid foster care for children and youth served by the SSCC against an established baseline. The baseline will be a weighted average of care days (stratified by age at admissions) calculated from an established performance period prior to Stage I. DFPS will assess the need to recalculate baselines annually.
ARTICLE III: UTILIZATION AND COMPENSATION

Section 3.01 Introduction.

Utilization and payment methodologies are outlined in Exhibit C for each Stage (including start-up) and type of service. See Exhibit C for more information.

Section 3.02 Foster Care Rates.

The Department of Family and Protective Services develops the reimbursement methodology for determining payment rates for DFPS contracted 24-hour Residential Child Care. Foster care rates include funding for both provider administrative and direct service costs associated with the provision of foster care and do not include the allocation for purchased client services to children, youth, and families. Daily foster care rates are based on appropriated funds and the number of children projected to enter paid foster care.

(A) Community Based Care Foster Care. Community Based Care foster care reimbursement has three components for each Catchment area:
1. A blended foster care rate;
2. An exceptional foster care rate that may be applied to a limited number of children requiring extraordinary care; and,
3. Beginning in Stage III, financial incentives and remedies will apply based on length of stay in substitute care.

(B) Blended Foster Care Rates for the Catchment area. The methodology to set the blended foster care rate utilizes statewide projections by Level of Care/Placement/Strata. The blended foster care rate is meant to be cost neutral, meaning that the rate was the projection made at the time the rate was set for how much SSCC children would have cost the State if they had remained in the legacy system. An adjustment is made during the rate setting process to address the exclusion of legacy DFPS Homes for the SSCC. Estimates for legacy DFPS placements are calculated using CPA rates when determining the blended foster care rate for the SSCC.

1. Strata. There are 4 Strata categories. Each Strata is based on age at time of initial entry into State Conservatorship and the length of time from the initial entry date into conservatorship and the month of service being reported. Each Strata is based on the following:
   a. Strata A: Age at time of entry < 1;
   b. Strata B: Age at time of entry 1-13; time in care < 2 years;
   c. Strata C: Age at time of entry 1-13; time in care >= 2 years;
   d. Strata D: Age at time of entry 14-17.

For more information on the proposed blended foster care rate for this catchment area, please visit the following: Proposed Payment Rates for the 24-Hour Residential Child Care Program.

All final adopted blended foster care rates for this catchment area will be posted on the Internet which can be accessed at 24 Hour Residential Child Care & Supervised Independent Living Program (24 RCC/SIL).
2. **Minimum Pass-Through Requirement.** The SSCC must remit a minimum dollar amount of the daily foster care rate to foster parents to pay for child maintenance costs of children and youth placed pursuant to this Contract. The minimum dollar amount will be determined by HHSC based on the most recent United States Department of Agriculture (USDA) Expenditures on Children by Families, Estimated Annual Expenditures on a Child by Husband-Wife Families, Urban South, with before tax income falling into middle USDA income bracket, inflated to the rate period, excluding expenditures on health care, child care and education. If HHSC implements a change in the applicable foster care rate(s), DFPS may change the minimum pass-through dollar amount(s). The SSCC must document the payment schedule for services provided through the SSCC demonstrating the provision of required pass through for foster families. The required minimum pass through dollar amount to a foster parent in all of the catchment areas is $27.07 per day. If the appropriated foster care rates change as a result of the Texas Legislative Session, the amount of the required minimum pass through required may be adjusted by DFPS.

3. **Social Security Payments.** Blended foster care rate payments will be reduced by DFPS by the amount of Social Security payments and other income received from the state and federal government that are transferred to the SSCC by DFPS for specific children and youth.

4. **Financial Risk.** DFPS will pay the established blended foster care rate for each calendar day of placement in paid foster care provided under the SSCC’s Contract, mitigating risk associated with increased entries into paid foster care. Through the use of a single blended foster care rate, the SSCC will have flexibility to offer individualized services to children and youth and will continue to be reimbursed at the same rate as children and youth move down or up the continuum of care and require less intense or more intense services and/or a reduction or increase in the frequency of services.

5. During Stage I, the SSCC must notify the DFPS CPS caseworker and the caseworker’s chain of command within 24 hours of the consent for placement by a minor in the SSCC’s Transitional Living Program in accordance with the Texas Family Code §32.203.

(C) **Exceptional Foster Care Rate.** There will be a certain number of children and youth in the designated catchment area with exceptional needs that cannot be met appropriately through the use of the blended foster care rate. The exceptional care rate is currently calculated based on the state’s utilization of child specific Contracts. A rate will be established for each fiscal year. The SSCC cannot charge DFPS for both the blended rate and the exceptional care rate for the same child on the same day or use the exceptional care rate for SIL Youth under any circumstances.

1. DFPS will authorize use of exceptional days of care using a validation process in instances when (1) there is a Court Order that dictates a child specific placement or payment that exceeds the contemplated rate structure of the blended rate, (2) the child has extraordinary service needs that far exceed the traditional residential child care settings (example: major eating disorders, severe medical/psychiatric needs); or (3) the SSCC has performed an exhaustive search and placement cannot be located without the use of a child-specific Contract whose rate exceeds the contemplated rate structure of the blended rate. In order to use exceptional days of care in these instances, the SSCC must submit sufficient documentation detailing the circumstances surrounding the request and justification for utilization of exceptional care days to the CPS Director of Placement (or designee). The CPS Director of Placement (or designee) must approve the utilization request prior to the SSCC using exceptional care days.

2. Contractor must enter exceptional care days into IMPACT by the 21st day of the month following the month in which the SSCC requested exceptional care for a child or youth.
Contractor must notify DFPS within 5 business days of any IMPACT data correction issue that will require DFPS to submit a ticket to the DFPS IT Department.

3. **Equal Share of Loss for Exceptional Foster Care.** On a monthly basis, the SSCC must provide DFPS with the number of children, days of care, and amounts the provider paid for children placed using the exceptional foster care rate. On an annual basis, DFPS will calculate the difference and either pay 50 percent of the loss or collect 50 percent of the overpayment from the SSCC.

   (D) **Reconciliation.** For FY19, DFPS and the SSCC will enter into a reconciliation process to compensate the SSCC’s payments to providers based on the SSCC’s service utilization and its correlation to what DFPS would have paid under the Legacy System. In order to perform this Reconciliation process, the SSCC must use an independent, third-party provider approved by DFPS in order to establish the correlation between the DFPS Legacy System and the SSCC’s levels of care. The SSCC will provide a monthly report to DFPS of days of care based on SSCC service level system. DFPS will take the SSCC’s aggregate service level days of care and translated it into the costs which DFPS would have incurred in the legacy system and compare that amount to the total amount paid through the blended rate. If the SSCC service level amount exceeds or is less than the blended rate payments, then DFPS will award or reduce the SSCC’s exceptional care day’s equivalent to that difference.

   1. Additional exceptional care days can only be utilized for children and youth placed in Title IV-E allowable facilities with an SSCC assigned service level therapeutic or above.

   2. In performing the reconciliation, the below table shows how DFPS will translate the following SSCC service levels into the corresponding DFPS Legacy service levels noted below:

<table>

</tbody>
</table>

(E) **Foster Care Case Rate.** In Stage III, DFPS will begin to evaluate the time it takes for a child or youth, in paid foster care settings, to return home, exit to a relative/kinship caregiver or exit to an adoptive placement. Financial incentives and remedies will be assessed based on the SSCC’s ability to safely exit children and youth from paid foster care settings in a timely manner. DFPS will reconcile total costs based on the total amount that would be expended based on the average number of paid foster care days (blended foster care case rate) for each child and youth served by the SSCC (excluding SIL, Extended Foster Care, and children/youth who have been approved for the Exceptional Foster Care Rate).

   1. For each SSCC, DFPS will calculate a baseline weighted average number of paid foster care days per child. The historical average paid foster care days for each of 4 strata is multiplied by the actual number of children in each strata to calculate the anticipated total
paid foster care days for each population tracked. This sum is divided by the total number of children in the population across all strata to produce the average paid foster care days.

2. The strata are based on the age of the child upon entry:
   a. Strata A: Age at time of entry < 1;
   b. Strata B: Age at time of entry 1-13; time in care < 2 years;
   c. Strata C: Age at time of entry 1-13; time in care >= 2 years;
   d. Strata D: Age at time of entry 14-17

3. The baseline will be derived from the average days in paid foster care from an established performance period of the legacy system in the defined catchment area prior to Stage II implementation.

4. If children and youth served by the SSCC move to permanency (return home, relative/kinship or adoption placement) in less time and at a higher rate, on average, than predicted by the SSCC baseline, then the SSCC will receive an incentive payment equal to the general revenue amount that DFPS would have spent had children and youth served by the SSCC remained in paid foster care for the length of time predicted by the baseline. The SSCC will be required to expend all funds obtained through the incentive process in a manner that improves the quality of care delivered on behalf of DFPS children, youth and families in the catchment area.

5. If the actual number of days in paid foster care for children and youth served by the SSCC is higher than the established baseline for the catchment area, the SSCC will be assessed a financial penalty and pay DFPS an amount equal to the general revenue amount that DFPS spent for the foster care days in excess for failure to achieve the established outcome target. Compliance with expectations for paid care days and calculation of financial incentives and remedies will be determined on an annual basis after the performance period.

Section 3.03 Community Based Care Network Support (Stages I-III).

DFPS will pay the SSCC monthly for costs incurred for procedural system enhancements and efficiencies at the rate of $1,900 per child FTE. The amount is determined by multiplying the annual forecasted child FTEs per fiscal year by $1,900 per child FTE. The SSCC will be paid 12 equal monthly installments by the 10th day of each month following the month of provided services. At the conclusion of each state fiscal year after completion data is available, DFPS will perform a true-up based on actual child FTEs for the catchment area. If the actual child FTEs are above the forecasted number for the year, DFPS will pay for the additional child FTEs. If the actual child FTEs are below the forecasted number for the year, SSCC will remit the overage per child FTEs to DFPS.

Section 3.04 Resource Transfer.

As DFPS and the SSCC move through the Stages of Implementation, some of the functions traditionally performed by DFPS will shift to the SSCC. In Stage I, these functions include Contract management, child placement, conservatorship and adoption services. Transfer of resources will be commensurate with the transfer of functions from DFPS to the SSCC according to the stage of implementation and children served under the SSCC continuum of care. The resource transfers for each stage will be paid to the SSCC at the end of each month for the previous month via invoicing prepared by DFPS staff. DFPS will retain the resources associated with the functions necessary to operate the catchment area system and will provide funding to support each resource transfer listed above according to the Stage of implementation. The following methodologies will apply for each resource transfer:

   (A) Resource Transfer (Stage I)

   1. Placement staff will be determined by using the percent of children in care for SSCC catchment area multiplied by the number of state staff performing the functions multiplied
by statewide percent of children in paid foster care. The percent will be based on the most complete fiscal year reporting period.

2. Conservatorship staff will be determined by using the percent of children in care for SSCC catchment area multiplied by the number of state staff performing the functions in Stage I multiplied by statewide percent of children in paid foster care. The percent will be based on the most complete fiscal year reporting period.

3. Contract Management staff will be determined using the percent of children in care for SSCC catchment area multiplied by the number of state staff performing the functions for residential Contract management staff. For regional Contract management staff, the statewide percent of children in paid foster care is applied to the methodology above. The percent will be based on the most complete fiscal year reporting period.

(B) Resource Transfer (Stage II-III)

1. Contract Management staff will be determined using the percent of children in care for SSCC catchment area multiplied by the number of state staff performing the functions. The percent will be based on the most complete fiscal year reporting period. In Stage II, the SSCC is transferred the proportion of all regional Contract management staff.

2. Resource transfers for placement and conservatorship staff discontinue in Stage II and III.

Section 3.05 Case Management Funding (Stages II-III).

In addition to the functions described in Stage I, the SSCC will shift to performing conservatorship, family services, kinship home development and maintenance, legal case management, and reunification services in Stage II. Contractor proposed funding needed to perform conservatorship, family services, reunification, kinship home development, support and maintenance, and case management services as described in this Contract. Prior to the start-up period, before Stage II implementation, DFPS determined the funding that will be provided to the SSCC to perform case management services as described in this Contract. DFPS agrees to pay the case management allocation in 12 equal monthly installments by the 10th day of each month following the month of provided services. The case management days are forecasted for each fiscal year by catchment area and are subject to legislative appropriation.

Section 3.06 Quality and Utilization Management Contract Funds.

As DFPS and the SSCC move through the stages of Implementation, some of the quality and utilization management functions performed by DFPS (via a third-party contract) will transfer to the SSCC. As a result, DFPS will provide funding commensurate with the transfer of functions from DFPS to the SSCC. The Quality and Utilization Management funding will be paid to the SSCC at the end of each month for the previous month via invoicing prepared by DFPS staff. The Quality and Utilization Management will be determined using the percent of children in care for SSCC catchment area multiplied by the statewide quality and utilization contract amount.

(A) The SSCC must use an independent, third party provider to perform service level utilization management. The independent, third party utilization management provider will perform this function for all children and youth with a service level of moderate and above.

(B) The SSCC must be able to independently demonstrate the validity of the FY19 Utilization Management Process to DFPS as an accurate reflection of the level of care provided to children and youth referred under the Contract.

(C) DFPS will review the SSCC Utilization Management results at regular intervals to ensure that the SSCC is complying with its submitted approved policy and process.
Section 3.07 Supervised Independent Living (SIL) Rates (Stages I - III).

The SSCC must offer Supervised Independent Living placements as a part of the continuum of paid foster care services.

1. DFPS will reimburse the SSCC a separate SIL rate for young adults residing in a SIL placement.
2. Young adults residing in a SIL placement are not included in the blended foster care rate or in the methodology used to determine incentives around length of stay in paid foster care in Stage III.

The Supervised Independent Living (SIL) Payment Rates may be accessed at: Supervised Independent Living (SIL) Payment Rates.

Section 3.08 Extended Foster Care (excluding SIL placements) (Stages I - III).

DFPS will reimburse the SSCC the blended foster care rate for young adults who remain in paid foster care through the Voluntary Extended Foster Care Agreement (VEFCA) excluding SIL placements.

Section 3.09 Day Care (Stages I - III).

The SSCC will coordinate day care services (foster care and kinship care) for children and families who meet the appropriate DFPS eligibility criteria and subject to agency appropriation. The SSCC may only use the eligible Texas Workforce Commission day care providers for day care services. The SSCC will coordinate with DFPS so that DFPS may initiate day care process and payment for eligible day care services to the Texas Workforce Commission on behalf of the SSCC. Day Care will be paid directly to TWC by DFPS on behalf of the SSCC. Rates are established by TWC.

Section 3.10 Chafee Funds.

An annual federal award of Chafee funds are provided to DFPS. The SSCC will be provided the appropriate allocated share according to stage of implementation. As the statewide DFPS budget is adjusted, the SSCC allocation will be adjusted (increase or decrease). These funds are provided through the use of federal John H. Chafee Foster Care Independence Program (CFCIP) federal funds, referred to as Chafee funds. To learn more about these funds, please visit: John H. Chafee Foster Care Independence Program (CFCIP) Federal Funds

(A) Preparation for Adult Living (PAL) - Life Skills Training (Stages I - III)

PAL life skills training is used for the purpose of preparing youth in substitute care to live independently when he or she becomes an adult.

1. DFPS will allocate an estimated amount to the SSCC each fiscal year to be used in the delivery of PAL Life Skills services.
2. PAL Life Skills funding will be determined using the percent of children in care for SSCC catchment area multiplied by the statewide PAL Life Skills budget.
3. The percent will be based on the most complete fiscal year reporting period. DFPS will pay for PAL Life Skills monthly via IMPACT invoicing based on actual youth served at the end of each fiscal year not to exceed annual allocation.
4. No matching funds are currently required of the SSCC.

(B) PAL After Care and Education and Training Voucher (Stage II-III).

1. DFPS will allocate an estimated amount to the SSCC each fiscal year for PAL After Care. PAL After Care is case management provided to young adults, who were previously in
DFPS Consistory, for financial assistance and services to help them achieve successful outcomes.

2. PAL After Care funding will be determined using the percent of children in care for SSCC catchment area multiplied by the statewide PAL After Care budget. Currently, there is a federal match requirement of 20 percent for PAL After Care to be provided by the SSDC.

3. DFPS will pay for PAL After Care monthly via IMPACT invoicing based on actual youth served at the end of each month not to exceed allocation.

4. **Education and Training Voucher (ETV)**. ETV funds are sent directly to the youth or organization for which the funds are designated. Designated SSDC staff must inform and assist the student in applying to the ETV program. The SSDC must assist the youth in the completion of the required forms and youth verification process for the ETV program with DFPS.

For more information on PAL after care and ETV use the following links:

https://www.dfps.state.tx.us/child_protection/Youth_and_Young_Adults/Preparation_For_Adult_Living/

https://www.dfps.state.tx.us/handbooks/cps/files/CPS_pg_x10300.asp

**Section 3.11**

**Adoption (Stages I - III).**

(A) **Purchased Adoption Services (Stages I-III).** As part of demonstrating Readiness for Stage I, the SSDC submitted a comprehensive proposal setting forth a fee schedule and comprehensive plan to provide purchased adoption services. In Stage II, DFPS will reimburse the SSDC the same rates DFPS pays per purchased adoption service via a monthly invoice in IMPACT. There is no allocation or CAP amount.

(B) **Post Adoption Services (Stages II – III).** DFPS will provide an estimated allocation for providing post adoption services based on historical expenditure data for the catchment area. DFPS will pay for Post Adoption services monthly via IMPACT invoicing not to exceed allocation.

**Section 3.12**

**Coordination and Delivery of Family Services (Stages II-III).**

The SSDC must identify its own unmet service needs and either deliver the services directly, identify available community resources, or purchase the needed services. Processes and parameters established in this subsection are only applicable to those services offered by the SSDC through the use of the DFPS purchased client services (PCS) allocation of funds and do not apply to any services offered by the SSDC through the use of community resources or additional funding methods. DFPS will determine the projected amount of purchased client services funds available to the SSDC on an annual basis starting with Stage II. The allocation amount will be determined and agreed upon in writing by DFPS and the SSDC before Stage II implementation may occur. Annual allocation amounts will be provided to the SSDC, 60 days before the end of each fiscal year thereafter.

(A) **DFPS will, within available appropriation:**

1. Provide an allocation to the SSDC for purchased client services in the catchment area based on an equitable distribution of services, workload activity, eligible clients, historical distribution, and case data with the goal of maintaining continuity of services and equal access to agency resources for all citizens of Texas.

2. Pay the SSDC to provide services to families of eligible children and youth in the SSDC continuum of care via IMPACT invoicing monthly.

3. Establish service codes to be used for billing purposes.

(B) **The SSDC must:**
1. Identify the types of purchased client services needed to meet the specific needs of clients in the catchment area.
2. Provide sufficient information on the modality or service description, eligible population, and payment methodology prior to implementing a service.
3. Access the purchased client services funding by submitting an invoice after the service is provided.
4. Ensure the service coordination and delivery of services in accordance with the agreed upon service plan and within negotiated allocation of purchased client services funding to the families of children, youth and young adults who enter substitute care and referred by DFPS to the SSCC.
5. Adhere to legislative mandates and reporting requirements associated with the funding steams.

(C) Fee Schedule for Purchased Client Service Funding (Stages II - III)
DFPS service payment and billing processes are dependent on the link between an established fee and identified service. DFPS must provide notices to the SSCC within two (2) business days of any change in an individual or family’s eligibility. DFPS will pay the SSCC for purchased client services provided up until the time DFPS notifies the SSCC of any changes, even if an individual or family’s eligibility ended prior to notification. The SSCC will provide DFPS payment methodologies and applicable fee schedules for services offered through the use of the purchased client services funding allocations. Fees charged to DFPS will be reasonable and comparable to those for similar services within the catchment area. Invoices will be processed by DFPS in amounts not to exceed the rates on the fee schedule.

To ensure federal financial participation, the SSCC must ensure that services offered as a part of the purchased client services allocation meet the criteria outlined in the following:
1. Child Welfare Services, Title IV-B, Subpart 1 of the Social Security Act
2. Promoting Safe and Stable Families, Title IV-B, Subpart 2 of the Social Security Act
3. Temporary Assistance for Needy Families (TANF)
4. Title IV-E

Section 3.13

(A) Foster Care Rates (Stage I)
1. DFPS will:
   a. Approve placement information in the IMPACT electronic system.
   b. Generate invoices at the beginning of each month for prior month of service and will process payment to the SSCC for foster care services through the IMPACT system. Invoices will be reconciled with the SSCC prior to payment being made to assure accuracy.
   c. Submit monthly Itemized Provider Statement to the SSCC, after reconciling with the SSCC to assure accuracy.

2. The SSCC will:
   a. Contact appropriate DFPS staff to inquire about errors in payment and/or the Itemized Provider Statement.

3. In Stage II, the SSCC will enter, review and approve all child placements with the SSCC into IMPACT. The payment process will remain the same.

(B) Purchased Client Services
The SSCC will select and bill for services delivered in accordance with child/youth (Stage I) and family (Stage II) service plans. Chart 15 outlines the anticipated invoice process and documentation requirements for payment of services for children and youth rendered through the use of purchased client services funding. Chart 16 outlines the anticipated invoice process and documentation requirements for payment of services for families rendered through the use of purchased client services funding. Procedures may be modified or further specified in the catchment specific operations manual.

| 1. Creates a Family Service Referral in IMPACT, which includes all family members identified as needing to receive services.  
2. Submits Family Service Referral to the SSCC.  
3. **IMPACT System will:**  
   a. Automatically create a Service Authorization (2054) for each family member identified on the Family Service Referral, with each 2054 including every SSCC service code for a period of one year from the date of creation.  
   b. Transmits the information to SSCC via batch processes. | 1. Updates the Family Service Referral when additional family members will be provided services; and removes family members when services are no longer needed.  
2. Obtains explanation of benefits from clients when claiming for deductibles or services denied by the insurance carrier.  
3. Maintains documentation of fees charged and paid by the client when utilizing a sliding scale.  
4. Ensures claims submitted by subcontractors are accurate and complete.  
5. Transmits required invoice to IMPACT (in a format provided by DFPS) for services provided to family members by the 25th of the month following the month of service.  
6. **IMPACT System will:**  
   a. Run a pre-validation batch to verify delivered service details and to create invoice  
   b. Rejected lines are sent back to SSCC  
   c. Other lines are included in the invoice  
   d. Invoice is sent to HHSAS for payment. | 1. Maintains records on each family member receiving services (by IMPACT PID), including:  
   a. Documentation to support any claim as a result of services or co-payment and deductibles not covered by the client’s insurance.  
   b. Documentation to indicate clients who have been imposed a sliding scale fee and the associated service and fee charged to the Contract and the client’s share.  
   c. Medicaid denials  
   d. Signed Form 4116X, State of Texas Purchase Voucher (only submitted when situations warrant the need for a manual payment process).  
   e. Other supporting documentation which may be requested by DFPS. |
ARTICLE IV. START-UP REQUIREMENTS

Section 4.01 Introduction.

This section presents the scope of work for the Start-up Period of the Contract, which includes those activities that must take place between the Contract or amendment execution and the operational start date of Stage II.

The Start-up Period will include a Readiness Review by DFPS of the SSCC, which must be completed successfully prior to the SSCC’s operational start date for Stage II. DFPS may, at its discretion, terminate the Contract, postpone the operational start date for Stage II, or assess other Contractual remedies if the SSCC fails to timely correct all Start-up Period deficiencies within a reasonable cure period, as determined by DFPS.

If for any reason, a SSCC does not fully meet the Readiness Review prior to the Stage II start date, and DFPS has not approved a delay in the operational start date or approved a delay in the SSCC’s compliance with the applicable Readiness Review requirement, then DFPS will impose remedies including actual or liquidated damages.

Section 4.02 Start-up Period Scope for SSCC.

SSCC must meet the Readiness Review requirements set forth in Article V. of the Contract no later than sixty (60) days prior to the SSCC accepting its first referral from DFPS in Stage II. SSCC agrees to provide all materials required to complete the Readiness Review by the dates established by DFPS.

Section 4.03 Start-up Period Schedule and Tasks.

In Stage II, the Start-up Period begins the effective date of the SSCC contract amendment with the Department. Stage II Start-up Period must be completed no later than the date indicated for Stage II implementation in Section 2.03 of this Contract.

The SSCC has overall responsibility for the timely and successful completion of each of the Start-up Period tasks. The SSCC is responsible for clearly specifying and requesting information needed from DFPS in a manner that does not delay the schedule or work to be performed.

Section 4.04 Contract Start-Up and Planning.

(A) One Time Start-up Funds Stages II. DFPS will provide the SSCC with an upfront, one-time payment for Stage II for the purposes of building a provider network to manage DFPS referrals in the catchment area. Start-up funding is set forth in Exhibit C yet is based on Legislative appropriation. Start-up funding will be paid in full within the first 30 days once the Start-up period has begun as described in Section 2.03 of this contract. Prior to the payment the SSCC must provide a Budget detail report to DFPS outlining how the SSCC will expend the one-time start-up funds. The SSCC may not use start-up funds to purchase equipment. Start-up funds may be used to lease equipment. Additionally, the SSCC must submit a final expenditure report to DFPS of these funds as requested by DFPS. Any unexpended funds must be returned to DFPS as requested. In the event of termination of the contract for any reason by either party, the SSCC shall have no obligation to refund to DFPS any allowable expended funds.

(B) DFPS and the SSCC will work together during the Contract start-up period to:
1. Define project management and reporting standards;
2. Establish communication protocols between DFPS and the SSCC;
3. Establish a schedule for key activities and milestones; and

(C) The SSCC will be responsible for developing a written work plan, referred to as the Stage II SSCC Management Plan, which will be used to monitor Readiness progress throughout the Start-up Period. The SSCC’s Plan must include a detailed description of the process it will use to ensure safe, timely and successful placement of all children and youth legally from the catchment area, including successful transition of children and youth being served in the legacy system.

1. The SSCC’s Plan must identify a designated SSCC staff member responsible for the facilitation and oversight of this process.

Section 4.05 Administration and Key SSCC Personnel.

No later than the Effective Date of the Contract, the SSCC must designate and identify Key SSCC Personnel that meet the requirements of this Contract and specify office location for each. The SSCC will supply DFPS with résumés of each Key SSCC Personnel as well as organizational information that has changed relative to the SSCC’s Proposal, such as updated job descriptions, office locations and updated organizational charts, if applicable. If the SSCC is using a Material Subcontractor, the SSCC must also provide the organizational chart for the Material Subcontractor.

Section 4.06 Post Start-Up.

The SSCC will work with DFPS, community stakeholders, and Network Members and other Providers, to promptly identify and resolve problems identified after the operational start date and to communicate to DFPS, Providers, and Members, as applicable, the steps the SSCC is taking to resolve the problems. If an SSCC makes assurances to DFPS of its Readiness to meet Contract requirements, including MIS and operational requirements, but fails to satisfy requirements set forth in this Section, or as otherwise required pursuant to the Contract, DFPS may, at its discretion do any of the following in accordance with the severity of the non-compliance and the potential impact on Members and Providers:

(A) Suspend referrals to the SSCC
(B) Impose contractual remedies, including liquidated damages; or
(C) Pursue other equitable, injunctive, or regulatory relief.
 ARTICLE V. OPERATIONS READINESS

Section 5.01 Introduction.

The SSCC must clearly define and document the policies and procedures that will be followed to support day-to-day business activities, including coordination with subcontractors and/or other network providers. The SSCC will be responsible for developing and documenting its approach to quality assurance. DFPS or its designee will conduct a Readiness Review prior to the operational start date for Stage II.

(A) During Readiness Review Stage II, the SSCC must, at a minimum:
   1. Develop new, or revise existing, operations procedures and associated documentation to support the SSCC’s proposed approach to conducting operations activities in compliance with the contracted Scope of Work.
   2. Submit to DFPS, a listing of all contracted and credentialed Providers, in a DFPS-approved format including a description of additional contracting and credentialing activities scheduled to be completed before the operational start date.
   3. Prepare and implement a staff training curriculum and a provider training curriculum, and provide documentation demonstrating compliance with training requirements (e.g., enrollment or attendance rosters dated and signed by each attendee or other written evidence of training.)
   4. Submit a comprehensive proposal setting forth its fee schedule and comprehensive plan to provide purchased client services.
   5. Develop and submit to DFPS the SSCC’s proposed complaint and appeals processes.
   6. Demonstrate the ability to satisfactorily administer the requirements of delivering substitute care services, services for relative and kinship caregivers, case management and family reunification services including the Contractor’s ability to provide:
      a. Evidence-based, promising practice, or evidence-informed supports for children and families; and
      b. Sufficient available capacity for inpatient and outpatient services and supports for children at all service levels who have previously been placed in the catchment area.

(B) As part of the Readiness review process, the single source continuum Contractor must prepare a plan detailing the methods by which the Contractor will avoid or eliminate conflicts of interest. The department may not transfer services to the Contractor until the department has determined the plan is adequate.

(C) If after conducting the review process, the department determines that a single source continuum Contractor is able to adequately deliver substitute care services, services for relative and kinship caregivers, case management and family reunification services in advance of the projected dates stated in the timeline included in the Contract with the Contractor, the department may adjust the timeline to allow for an earlier transition of service delivery to the Contractor.

(D) During the Readiness Review, DFPS may request from the SSCC certain operating procedures and updates to documentation to support the provision of services. DFPS will assess the SSCC’s understanding of its responsibilities and the SSCC’s capability to assume the functions required under the Contract, based in part on the SSCC’s assurances of operational Readiness, information contained in its Proposal and subsequent Provider’s Manual, and in documentation submitted by the SSCC.

(E) The SSCC is required to promptly provide a Corrective Action Plan or Risk Mitigation Plan as requested by DFPS in response to Operational Readiness Review deficiencies identified by the SSCC or by DFPS or its agent. The SSCC must promptly alert DFPS of deficiencies, and must correct a deficiency or provide a Corrective Action Plan or Risk Mitigation Plan no later than 10 calendar days after DFPS’s notification of deficiencies. If the Contractor documents to DFPS's
satisfaction that the deficiency has been corrected within 10 calendar days of such deficiency notification by DFPS, no Corrective Action Plan is required.

Section 5.02 Assurance of System and Operational Readiness.

In addition to successfully providing the Deliverables described in Section 4.03 (“Start-up Period Schedule and Tasks”), the SSCC must assure DFPS that all processes, MIS systems, and staffed functions are ready and able to successfully assume responsibilities for operations prior to the Operational Start Date. In particular, the SSCC must assure that Key SSCC Personnel, and network Provider staff are hired and trained, MIS systems and interfaces are in place and functioning properly, communications procedures are in place, Provider Manuals have been distributed, and that Provider training sessions have occurred according to the schedule approved by DFPS.
ARTICLE VI. TURNOVER REQUIREMENTS

Section 6.01 Introduction.

This section presents the Turnover requirements. “Turnover” is defined as the activities that the SSCC is required to perform prior to or upon termination of the Contract, in situations where the SSCC will transition data and documentation to DFPS or a subsequent Contractor.

Section 6.02 Turnover Plan.

Twelve months after the start of the Contract, the SSCC provided a Turnover Plan covering the turnover of the records and information maintained to either DFPS or a subsequent Contractor. The Turnover Plan is a comprehensive document detailing the proposed schedule, activities, and resource requirements associated with the turnover tasks. DFPS has approved the submitted Turnover Plan. Six months prior to the end of the Contract Period, including any extensions, the SSCC must update its Turnover Plan. An updated Turnover Plan has been submitted by the SSCC and approved by DFPS.

Section 6.03 Transfer of Data and Information.

The SSCC must transfer to DFPS or a subsequent Contractor all data, documentation, and information necessary to transition operations. "Documentation" means all operations, technical and user manuals used in conjunction with Services, and Deliverables that DFPS determines are necessary. The SSCC must provide the documentation in the formats in which the documentation exists at the expiration or termination of the Contract. In addition, the SSCC will provide to DFPS the following:

(A) Data, information, and services necessary and sufficient to enable DFPS to map all SSCC Program data from the SSCC’s system(s) to the replacement system(s) of DFPS or a successor Contractor, including a comprehensive data dictionary as defined by DFPS.

(B) All necessary data, information, and services will be provided in the format defined by DFPS.

(C) The SSCC must provide all of the data, information, and services mentioned in this section using its best efforts to ensure the efficient administration of the Contract. The data and information must be supplied in media and format specified by DFPS and according to the schedule approved by DFPS in the Turnover Plan. The data, information, and services provided as detailed in this section must be provided at no additional cost to DFPS.

(D) All relevant data and information must be received and verified by DFPS or the subsequent Contractor. If DFPS determines that data or information are not accurate and complete, then DFPS reserves the right to hire an independent Contractor to assist DFPS in obtaining and transferring all the required data and information and to ensure that all data and information comply with applicable state and federal law. The reasonable cost of providing these services will be the responsibility of the SSCC.

Section 6.04 Turnover Services and Staff.

If DFPS terminates the Contract prior to the expiration of the Contract Period, then DFPS may require the SSCC to update the Turnover Plan sooner. In these cases, DFPS’s notice of termination will include the date the Turnover Plan is due. The Turnover Plan must be a comprehensive document detailing the proposed schedule, activities, and resource requirements associated with the Turnover tasks. The Turnover Plan describes the SSCC’s policies and procedures that guarantees:

(A) The least disruption in the delivery of Services children, youth and families who are being served by the SSCC during the transition to a subsequent vendor.
(B) Cooperation with DFPS and the subsequent Contractor in notifying stakeholders, including the community, members of judiciary, providers and others of the transition, as requested and in the form required or approved by DFPS.

(C) Cooperation with DFPS and the subsequent Contractor in transferring staff to the subsequent Contractor, or DFPS as requested and as approved by DFPS.

(D) Cooperation with DFPS and the subsequent Contractor in transferring information to the subsequent Contractor, as requested and in the form required or approved by DFPS.

(E) DFPS must approve the Turnover Plan, which must include at a minimum:
   1. The SSCC’s approach and schedule for the transfer of data and information, as described in this Section.
   2. The quality assurance process that the SSCC will use to monitor Turnover activities.
   3. The SSCC’s approach to training DFPS or a subsequent Contractor's staff in the operation of its business processes.
   4. DFPS is not limited or restricted in the ability to require additional information from the SSCC or modify the Turnover Plan as necessary, including requiring the SSCC to submit an updated Turnover Plan at any point during the term of the Contract based on performance or financial issues identified as a result of Contract monitoring.

Section 6.05 Post-Turnover Services.

Thirty (30) days following Turnover of operations, the SSCC must provide DFPS with a Turnover Results Report documenting the completion and results of each step of the Turnover Plan. DFPS will not consider Turnover completed until DFPS approves the Turnover Plan. If the SSCC does not provide the required data or information necessary for DFPS or the subsequent Contractor to assume the operational activities successfully, the SSCC agrees to reimburse DFPS for all reasonable costs and expenses, including: transportation, lodging, and subsistence to carry out inspection, audit, review, analysis, reproduction, and transfer functions at the location(s) of such records; and attorneys’ fees and costs. This section does not limit DFPS’s ability to impose remedies or damages as set forth in the Contract.
